13 Valley Bands, 700 Musicians Plan Jubilee

HIGH SCHOOLS OF AREA MEET IN HARLINGEN

Grid Season End Is Feted Dec. 3

HARLINGEN—On the night of Tuesday, December 3, high schools of the Lower Rio Grande Valley plan to stage the greatest spectacle involving high school bands, which has ever been put on in the Valley. High Proctor, superintendent of Mission schools, announced Saturday.

On that evening, in the Harlingen high school stadium, 13 or more Valley bands, numbering more than 700 musicians, will stage a jubilee, to be linked with the closing ceremonies of the 1940 football season, and to serve as the first public presentation put on by members of recently formed Region 9 of the state school music organization.

To Stage Grand March
The 13 or more Valley bands will be massed for a grand march in colorful entry on the field at 7:45 p.m. Following the entry, each band will have the field for five or six minutes of entertainment, stunts and maneuvers, with baton and flag twirlers doing their stuff. As it finishes its stunt, each band will take its assigned place in concert chairs at north end of the field.

After all bands have performed separately, and have taken their seats, members of the Valley Coaches and Officials Association, and Valley football players will take places in center of the field, and using public address system will introduce the year's football stars. Awards will be presented Class AA and Class A team winners and coaches; then the Class AA and Class A All-Valley teams as selected by the coaches will be presented. Following this, awards will be presented to the individual players named the season's best blocker, best sportsman and most valuable team player.

Massed Concert Stated
Finale will be a massed band concert, with the more than 700 school musicians taking part in some seven selections designated and rehearsed for the occasion. Director William Kraudt of Weslaco will direct the massed concert.

Price for the opportunity to see a 700-piece band, the All-Valley teams, and to see all of the Valley's bands do their stunts and maneuvers, will be the regular football game admission price of 50 cents for adults and 25 cents for students.

'AXIS STALLS U. S. DEFENSE'

Dies Urges Action To Halt Sabotage

WASHINGTON—(P)—Asserting "four totalitarian powers" were cooperating to stall United States preparedness, Representative Dies (D-Tex.), announced Saturday a program of "exposure" to ward off sabotage of national defense industries.

Dies named Germany, Italy, Japan, and Russia as the "totalitarian Axis partners" and declared the "orthodox method" of fighting saboteurs—apprehending them after the commission of their crime—had failed in Europe.

He suggested his House committee on un-American activities be given funds and powers to deal with potential saboteurs in advance of their acts of destruction. "With all due respect to the department of justice and the federal bureau of investigation, and they are doing fine work, I think the whole method of approach must be radically changed," the Texan said. "I am going to recommend to Congress that the committee be

Motorcycle, Truck Crash Injures Two

BROWNSVILLE—A man named Alvarez, a motorcyclist, and his companion on the motorcycle, name unknown, were badly injured late Saturday night, when their motorcycle was in collision with a truck at corner of 13th and Jefferson here. Both cyclists were in Mercy Hospital, where X-rays were taken in effort to ascertain extent of their injuries. Both were unconscious at a late hour Saturday night. City police were investigating.

Laredo, Winter Garden Frost Damage Is High

Valley Losses Still Unknown; Check To Be Made By Officials Monday

WESLACO—A preliminary report by the Federal-State Market News Service on the Thursday and Friday night frosts in the Laredo and Winter Garden sections show severe damage to eggplants, peppers and tomatoes.

The service reported that the quality for salvage was light due to loss of matured fruit from previous rains and light protective foliage. Tomato plants there are damaged beyond recovery. The damage to hardy vegetables was negligible.

Frost also was general over much of the lower Valley but the market news service expected to have additional information Monday. Heavy damage was done, particularly in western end of the Valley, Thursday night.

Temperatures dropped to 39 at Brownsville Friday night with light frost, 40 at Harlingen with light frost, 37 at Mission with light frost, 33 at Falfurrias, 33 at Laredo, 31 at Carrizo Springs with heavy frost, 34 at Corpus Christi.

Temperatures were low in Florida but winds probably prevented serious loss. The mercury dropped to 29 at Bartow, 28 at Eustis, 34 at Fort Myers, Orlando 27, with Hastings and Belle Glade unreported to the frost warning service.

Shirley Tries To Beat Ether

Child Star Loses Her Tonsils

HOLLYWOOD—(P)—Shirley Temple had her tonsils removed Saturday.

The 11-year-old film star had promised her friends at Westlake School for Girls, which she attends, that she would remain conscious as long as possible so she could describe her sensation.

Attendee said she counted to 99 before the ether took effect.

War Comes Closer To U. S. Consumers As Wool And Rayon Become Scarce

NEW YORK—(P)—The war came closer to the average consumer—and his pocketbook—this week as the effects of defense spending began to spread from steel and the heavy industries to things like the wool and rayon cloth which will go into next fall's suits and dresses.

Trade surveys showed the woolen goods business had increased its orders on hand by about 60 per cent in the past five weeks, and few millers before next June, some even later.

Wholesalers were little worried that the huge demand for fabrics would show its effects in retail deliveries and prices for the time being, for clothing manufacturers have pretty well covered spring and summer requirements. But by next

autumn, if demand continues apace, things may be different. Meanwhile Rayon mills were rushing into capacity and appeared to be headed for the greatest output in their history this year. Producers were said to have on hand only about one week's normal consumption, instead of the normal 30 days supply.

Part of the answer appeared to be precautionary buying by makers of civilian clothing who wanted to be sure government orders would not come along to delay their normal operations.

Some, trade sources said, was attributable to the greater rate at which retail stores were selling clothes as industrial payrolls, especially in the areas where defense orders are pouring in, continued to swell.

Employment To Increase

With general expectation that employment will continue to increase for months to come plans were laid for a brisk business next fall and winter.

As consumer goods lines turned more active, heavy industry continued to grind along at a near-record pace.

DAHLEM IN MEXICO
MEXICO CITY—(P)—Newspapers said Saturday that Ernst Dahlen, general secretary of the outlawed German Communist party, had been granted a visa to come to Mexico.

LON BOYNTON, PARIS, NAMED PRESS CHIEF

State Convention In Valley Ended

BROWNSVILLE—Members of the Texas Editorial Association headed homeward Saturday after closing their 29th annual convention here with the election of Lon Boynton of Paris as association president.

Mr. Boynton, publisher of the Lamar County Echo, succeeded Lewis W. Bailey of the Dallas Journal.

Other officers elected with the Paris publisher were Harry P. Hornby, publisher of the Uvalde Leader-News, first vice president; Levi A. Dunlap, publisher of the Meridian Tribune, second vice president; Arthur Lefevre of Houston, assistant to the president; Ben F. Harigel, publisher of the La Grange Journal, recording secretary, and G. A. (Pop) Mabry of Houston, corresponding secretary.

Sign Removal Urged
A resolution approving and endorsing the state highway department's highway beautification campaign was adopted, stressing the need of removing unsightly signs from the state's roads. The full support of the association was pledged to the campaign.

Other Resolutions
Other resolutions were passed, thanking the Brownsville and Mission chambers of commerce; The Brownsville Herald and J. M. Stein, its publisher; The El Jardin Hotel; the railroads and the Missouri Pacific bus lines; the Rio Grande Bridge company; the Rio Grande Valley Gas Company; the Central Power and Light Company, and John Shary. The resolutions expressed appreciation for courtesies extended during the three-day meeting.

Weekly Press Discussed
The high spot of Saturday's session was the address of C. C. Hudson, publisher of the Iowa Park Herald, who discussed the weekly press.

In a hard-hitting address, Mr. Hudson advised the newsmen to make their publications a potent factor in leading right thinking in their respective communities. The weekly paper, he added, has a field untouched by either the

Strikers At Vultee Allege Company Too Hinders US Defense

DOWNY, Calif. (P)—Striking CIO unionists reverted Saturday to their original demands for a minimum wage of 75 cents an hour at the Vultee Aircraft factory and issued a statement contending that if they are hampering national defense, then the company likewise is hampering it.

A proposal to reinstate the 75 cents demand was adopted at a mass meeting of strikers near the plant Saturday morning. The company has been paying 50 cents minimum. In the course of negotiations, the union offered to accept 65 and will still negotiate on that basis if the company will offer it, union leaders said. Company officials withheld comment.

LONGVIEW—(P)—Alma Grimes, 20, of Longview was killed and four other young people hurt in an automobile collision here Saturday night.

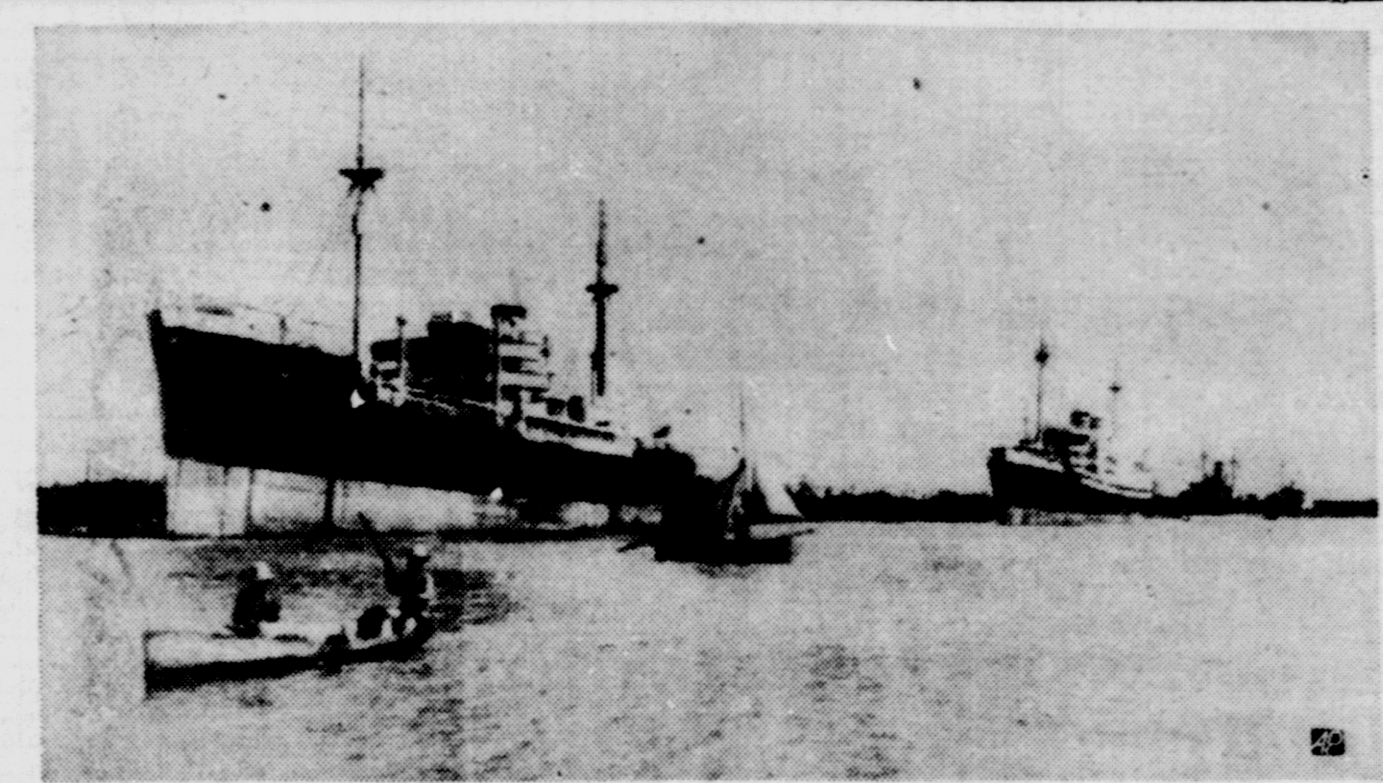

Still Counting Kansas Governor's Race Unsettled

TOPEKA, Kas.—(P)—Gov. Payne Ratner cut deep into William H. Burke's slim lead in Kansas' photo-finish governorship race Saturday with the count of out-state absentee ballots giving the executive a 373-vote majority in 18 counties.

Burke clung to a margin of 1,365 on the total state tally when the board of canvassers quit late Saturday. It will resume work Monday with 87 counties left.

Ratner garnered 677 and the Democratic nominee 304 of the 981 out-state votes counted Saturday. Ratner won a majority in each of the 18 counties except Chase where Burke held an edge of six votes.

Nazi Ships In Trouble Off Mexico

Lying in the harbor at Tampico, Mexico, are the four German freighters whose mysterious dash into the Gulf of Mexico ended in apparent disaster and failure. Left to right, the Phrygia, reported afloat; the Orinoco, which limped back with engine trouble, and the Thein and Idarwald which also turned back.

ARMS ORDERS ARE RUSHED

Report Shows Defense Work Satisfactory

WASHINGTON—(P)—The army already has placed orders for more than 71 per cent of the planes, tanks, barracks, supplies and other war material for which Congress has provided funds, an official compilation showed Saturday.

In round figures, war department contracts awarded since July 1 for purposes other than the army's ordinary maintenance expenses have passed a total of \$4,500,000,000.

Navy Total High
The navy's latest total is \$4,187,941,695. And for all defense purposes, more than 10 of the 16 billion votes by Congress to reinforce defenses have been obligated. For the army, virtually all of a contemplated total of nearly 6,000 new tanks are in process of manufacture, or plants and machinery are being created to build them.

Aircraft manufacturers have orders for all of a scheduled 18,641 army combat and training planes. The navy has contracted for some 7,000 aircraft.

Work is under way on 26 powder mills, shell loading plants, aircraft factories and other munitions facilities to cost over \$750,000,000.

Orders Scattered
Orders have been scattered among hundreds of manufacturers for the uniforms, blankets and the myriad of other items of equipment required for an army of two million men.

All but 10 per cent of the barracks and other housing for the expanding land forces are scheduled to be ready by the year's end.

Prospective delivery dates for most items are a closely-guarded military secret. However, it is expected to be next summer before production will reach anything like full speed.

Two Sedans Crash

LA FERIA—A heavy sedan driven by Neal Peters, Santa Maria, and also occupied by Lloyd Johnson, Santa Maria, was practically demolished about 7:30 p.m. Saturday, when it was in collision with a light sedan driven by L. N. Red of La Feria, on the Mercedes highway about two miles west of here. The Red car was only slightly damaged. None was hurt. Constable W. A. Hensley, who investigated, cited all parties to appear before Justice of the Peace C. C. Raymond in court here at 2 p.m. Monday.

Congress Meets Monday To Decide On Adjournment

May Vote To Stay In Session And Work On Important Issues Before Them

WASHINGTON—(P)—Congress, after a five weeks holiday for the national election campaign, will reassemble Monday to face the question of whether to take up half a dozen provocative issues or end its 11 months session.

Democratic Senate and House leaders are hopeful that the legislators will agree to quit. Opposing adjournment are the Republican minorities in both Senate and House and some Democrats who argue the uncertain state of international affairs make it advisable for Congress to stay on the job.

Nominally, Congress has been in session in recent weeks but, under a gentlemen's agreement has done nothing since October 11 except meet and recess for three-day periods.

M'ALLEN GAS SUIT HALTED

Valley Firm Seeks, Granted Nonsuit

EDINBURG—The Rio Grande Valley Gas Company asked and received Saturday, dismissal of its suit against the City of McAllen to restrain them from installing and operating a municipal gas system. The suit was to have come to trial Monday in 92nd District Court here.

The nonsuit was asked after the gas company had orally asked permission to amend its suit, stating that new developments occurring within less than a week before trial date had made it necessary to amend. The oral petition was denied, resulting in the petition for dismissal without prejudice being filed with District Clerk K. C. Boyesen Saturday. Judge Bryce Ferguson signed order Saturday granting the nonsuit.

In its petition, the gas company stated it had desired to amend its original suit to include other defendants, including the Ontario Oil Co., Ltd., and that nonsuit was asked in order to avoid having two suits with the same objective, with neither fruitful. The Ontario Oil Co., Ltd., recently was authorized by McAllen city ordinance to construct a pipeline through the city, purpose apparently being to service customers west of the McAllen city limits, with gas from the Card well.

During the past week, pipeline work has been constructed by someone in the city of McAllen, with none able, apparently, to say who is building it, nor whom it will serve. The line passes conveniently near schools and large potential gas customers located within the city limits.

Almazan's Men Stop Political Activity

MEXICO CITY—(P)—The newspaper Excelsior said official reports received by the Mexican senate disclosed that followers of General Juan Almazan, unsuccessful candidate for president, at a meeting held recently in San Antonio, Tex., decided to cease political activity.

Hunters Kill 4,000 Deer First Day

1,500 Turkey Also Slain; Bag Far Ahead Of Last Season's Kill

KERRVILLE—(P)—As twilight silenced gunfire inaugurating Texas' big game season, state game commission officials estimated Saturday's bag at 4,000 deer, 1,500 turkey and an uncounted number of javelina and black bear.

The take, starting a season lasting through December 31, numbered 1,000 more bucks and 300 more gobblers than last year's opening day, shattering all records.

Perfect hunting weather, the temperature dipping into the low 20's at dawn in this game-rich Central Texas area, saw an army of hunters, thought to number 15,000 in the hill country alone, take the field.

Hanging up what was believed a record, Stanley Prochnow of Fredericksburg hauled in a 34-point buck he shot on a lease east of the city. The huge antlers were the largest seen in these parts since John Wallace of Austin brought down a 22-point in 1937.

Twelve-year-old Perry Leo Cosper of the town of Harper near here proudly displayed the biggest buck bagged on the initial day in the hill country, a 15-pointer weighing 132 pounds dressed.

The biggest fine on opening day within memory of game wardens, \$272, was paid by L. J. Arnold of Minneapolis, Minn., who pleaded guilty, after arrest by Warden Arthur Hitzfelder, to not having a non-resident license and killing a doe.

Exhausting his season's limit early, J. B. Lynch of Megargel, near Wichita Falls, bagged two bucks near Mason. Mrs. Walter Zesch of Mason, however, brought in the first buck in that area, an eight-pointer.

U.S. OVERAGE DESTROYER IS CLAIMED USED

4 Ships Seek To Flee, Are Routed

TAMPICO, Mexico—(P)—Captain H. Fromke, of the German cargo ship Idarwald, said Saturday night that one of four warships which blocked his attempted escape to sea Friday night and caused the scuttling of another German ship, the Phrygia, "very likely" was one of the 50 destroyers "transferred by the United States to Great Britain."

One captain said he saw the lights of a battleship in the distance, directing the destroyers' pursuit of the Germans.

Sights Warship
Telling his story of the night which ended in a setback for the Germans, Captain Fromke said the Idarwald sighted "what appeared to be a war vessel" as "we left the Panuco River."

"Shortly afterward three other ships were sighted. Their reflectors were trained on the Idarwald and the ship was ordered to surrender by luminous signals.

"I zig-zagged back into port pursued by a warship. "It was a destroyer of the obsolete type, very likely one of the 50 destroyers transferred by the United States to Great Britain."

"Violates Mexico Law"
"The destroyer chased me up to within two miles of the coast, violating Mexican territorial waters." The captain of another Nazi ship Rhein, E. Ullrich, told a similar story.

Apparently the abandoned Phrygia was the first ship out of port in the attempted dash, followed in turn by the Idarwald, the Rhein and the Orinoco. The Orinoco was having engine trouble and lagging closer to port when the Idarwald and Rhein turned and scampered back.

Captain J. Schurt, of the Phrygia told authorities that he gave the order to scuttle ship because its capture seemed imminent.

The Phrygia and three other Nazi vessels, in refuge here since the beginning of the war, tried a des-

REYNA TRIAL GOES TO JURY

Hidalgo Wife-Murder Case Near End

EDINBURG—Closing argument in the trial of Manuel Reyna, Edinburg, charged with murder of his wife, Rita, on last September 1 in their home here, was heard Saturday night, and the jury received the case at 11:30 p.m. District Attorney T. H. Hartley asked for a substantial term in the penitentiary for the defendant. The jury retired for the night at 12:30 a. m. Sunday without returning a verdict.

Senator Rogers Kelley and County Judge-elect Cullen Looney for the defense, and Assistant District Attorney Jack Ross preceded Hartley in presenting argument before the jury. The case had consumed two weeks trial time, first week being taken up with the selection of a jury with testimony being offered throughout the second week.

Reyna took the stand in his own defense, after the state had introduced a statement in which they claimed Reyna had confessed to murder of his wife. Reyna repudiated the statement on the stand, claiming fear had induced him to sign it.

US Communists Cut Outside Relations

NEW YORK—(P)—A special national convention of the Communist party adopted unanimously Saturday a resolution to "cancel and dissolve organization affiliation to the Communist Internationale and all other bodies of any kind outside the boundaries of the United States."

The resolution said the purpose of the action was to "remove the Communist party from the terms of the so-called Voorhis Act" which becomes last next January.

Mercury Rise Seen As Cold Dispelled

By The Associated Press
Fair and warmer weather continued to spread over most of the nation Saturday night, virtually ending the autumn's first cold snap.

The forecast was for a continued rise in temperatures in most sections Sunday, including the south which has experienced one of its worst November cold spells in history. Temperatures in many cities there were lower than in Canada during the same period.

HIDALGO AAA MEETS START NOVEMBER 19

Producers To Study 1941 Programs

EDINBURG — Community meetings at which Hidalgo county producers will discuss the 1941 agricultural conservation program, the parity payment plan and the cotton marketing quota referendum, December 7, will get under way November 19 to continue for two weeks.

Plans for the session were laid at a meeting here Saturday of 47 community AAA chairmen, and Park T. Moore, secretary of the county agricultural association, explained the federal programs to the men.

The schedule of meetings follows:

- Nov. 19, Edinburg, high school, 8 p.m., Will F. Gilman, chairman.
- Nov. 20, Turner Tract, Stockholm, 1:30 p.m., Ben Malm, chairman.
- Nov. 25, Pharr-San Juan-Alamo, San Juan water office, 8 p.m., Cecil D. Ward, chairman.
- Nov. 26, Donna, school building, 8 p.m., James E. Brown, chairman.
- Nov. 27, Mission city hall, 8 p.m., Roy K. Straw, chairman.
- Nov. 29, Hargill, Methodist church, 8 p.m., Harvey Lott, chairman.
- Dec. 4, McAllen, chamber of commerce building, 8 p.m., Melvie E. Murray, chairman.
- Dec. 5, McCook, school house, 7:30 p.m., Henry Goldrich, chairman.

Atwood, Moore and C. J. Buehling and J. A. Cardenas, the latter two members of the county AAA board, will attend each of the meetings and participate in the discussions. A meeting at Weslaco will be announced later. Each producer in each of the communities will be notified of the date, place and hour of the meeting he is to attend.

Atwood said 7,194 separate farming units are now affected by the AAA programs in Hidalgo, and that a total of 215,000 acres of crop lands, not including citrus, are involved.

US DESTROYER CLAIMED USED

operate but futile run for the open sea last night from this port. The Phrygia ended up a maritime suicide—as other German vessels have done—and the other three sped back to the safety of the harbor.

Trip A Mystery

All day there was elaborate mystery as to just what had happened and nobody in authority was willing to say categorically that it was the action of British or Canadian warships which had balked the attempt of the four freighters to re-enter the German shipping service.

The Phrygia's captain, J. Schurt, had been understood originally to have said in a report to port authorities that four warships—he thought were British or Canadian—had opened fire upon the freighters some five miles off the Mexican coast.

Changes Story

But later, he declared the interpreter had misunderstood him and that what actually had happened was that the warships simply spelled out with flares a demand that the Phrygia give up.

"On leaving the port," he declared, "we saw the four ships. They fired signals demanding that we surrender. The Idarwald and Rhein raced for shore but due to the proximity of one warship to us and the bad condition of our vessel we opened her and set her aflame."

Crew Is Saved

At this tense moment, according to the captain's story, the fourth vessel—the Orinoco—was still in the vicinity of the harbor bar. She headed back immediately.

Crew Is Saved

The crew of the Phrygia—she carried about 40 men—came ashore in lifeboats without casualty.

Of the four ships it developed late in the day that only the Orinoco had carried a cargo—and she had great stores of pork, sugar, coffee, beans and the like. The others sailed with ballast, apparently assigned to the job of protecting the Orinoco.

Three of the vessels had given their destination as the Canary Islands; the fourth as Vigo, Spain. Even at the hour of their sailing, however, there had been speculation among shipping men that they perhaps were headed for a rendezvous with a German war vessel.

Blows Up, Sinks Slowly

The Phrygia blew up Saturday afternoon and slowly sank, five miles south of the Tampico jetties. She went to the same sort of grave yard as the 32,581-ton German liner Columbus, scuttled last December far off the United States Atlantic coast in a vain effort to breach the British blockade.

Doubt Remains About New Cotton Outlet

WASHINGTON—(P)—Texas cotton farmers should not hold too high hopes that a great outlet for their crop lies ahead in its use as a highway surfacing material.

CONGRATULATIONS

To Mr. and Mrs. John White of San Benito, on birth at 3:35 p.m. Saturday at Valley Baptist Hospital, of a daughter, weighing eight pounds, five ounces.

To Mr. and Mrs. Jack Lawrence, Harlingen, on birth of a son weighing eight pounds, five ounces, at 7:10 p.m. Saturday at the Valley Baptist Hospital.

BOARD CHECKS \$550 RAISED 9 VOLUNTEERS BY M'ALLEN

Six May Enter Army From Brownsville

BROWNSVILLE—Nine registered men were certified into class 1A by the Brownsville draft board Saturday, and will report for physical examinations Tuesday morning. If all pass physical examinations, the first six listed will leave Brownsville Sunday, November 24 for San Antonio, where they will be inducted into the army for one year of military training.

The nine class 1A men are:

1. Pedro Cortez, 1200 Hayes street, switchboard operator at the Cameron Hotel, order number 2281.
2. Manuel Alaya Vasquez, 13th at Arthur streets, order number 2066.
3. Alfredo Pompa, 1241 Harrison street, order number 417.
4. Frank Ochoa Blanchard, Box 545, order number 1023.
5. Jose Valdez, Jr., Box 962, order number 1167.
6. Barnabe Rables Elizardo, 1519 Buena Vida, order number 2050.
7. Santos Aleman Nunez, Box 613, order number 1200.
8. Alfonso Ramirez, General Delivery, Station B, order number 936.
9. Raul Torres Saenz, Box 28, order number 226.

Saturday a tenth volunteer appeared before the board and completed his questionnaire. He is Apollino Ramos Martinez, general delivery, order number 1188. He will be classified Monday and probably ordered to appear for physical examination Tuesday with the first nine.

Draft board officials Saturday said ten volunteers probably would fill the first two calls for service. Fifty additional questionnaires have been sent to registered men, most of which will have been returned to the board by Monday.

ITALIANS SET FIRE TO BASE

ian prisoners had been taken and four big guns seized.

The whole lofty 100-mile-long battlefield erupted violently. Every weapon in the Greek army—bayoneted rifles, machine guns, artillery, bombing planes—was thrown into the struggle in the hope that the war was approaching a decision.

"Enemy Dislodged"

The official radio, echoing military dispatches to the press, announced to the country: "The enemy has been dislodged from all positions. The organized defense can hardly withstand the Greek attacks for more than a few hours."

Greek sources asserted that the entire Italian army in Albania was in danger of being cut into three parts and thus encircled segment by segment.

The heaviest of the day's action was in the northern sector, where there was violent artillery duelling and air fighting.

The Italians were reported to have rushed reinforcements to that region—before they could establish satisfactory communication with supply bases, the Greeks said—but to have failed nevertheless to halt the slow encirclement of Koritza, Albania, by Greek forces completing the operation from the north-east.

Red Cross Drive Is Pushed In Hidalgo

McALLEN—McAllen's Red Cross membership drive climbed toward its \$800 quota Saturday when approximately \$550 was turned in to Co-chairmen Dick Harris and E. A. Polzin. The drive is expected to be wound up locally by Monday.

Pharr was the first city in Hidalgo county to go over the top with \$338.62 reported Friday night. The city's quota was \$300. The drive there was led by Rev. W. W. Stewart and George McCullough.

Other cities reported funds raised and their quotas include: Edinburg, \$600 quota, \$390 raised; Mrs. Fred Hagedorn and Mrs. Camilla Bader, co-chairmen; Mission, \$600, \$343 raised; Mrs. Vernon Hill, chairman. The reports were turned in to A. M. Tarbutton, county chairman, Friday evening.

The San Juan quota of \$150 was exceeded shortly after the drive opened there, with more than \$200 raised, according to the co-chairmen, Rev. Beatty Smith and A. E. Sharer.

In addition, there have been renewed demands for Senate action on House-approved amendments to the Wagner labor relations act.

War Credits Urged

A source of possible major controversy is a proposal by Senator King (D-Utah) to relax present restrictions and permit Great Britain to make war purchases in this country on credit.

Among other matters which may arise if the session is continued: Election of a president pro tempore in the Senate to succeed the late Key Pittman. With Vice President Garner home in Texas, some Democratic senators are anxious to have this key position filled at once.

The nomination of Representative Dempsey (D-NM) to be a member of the maritime commission.

No Refuge Here

Film Stars' Father Quits California

LOS ANGELES—(P)—In search of the refuge for himself and his Japanese wife which he says is denied them in the United States, William A. D. Havilland, father of screen actresses Olivia De Havilland and Joan Fontaine, was here Saturday en route to South America.

De Havilland, a patent attorney for 47 years in Tokyo, said he married his Oriental wife two years after he was divorced from the mother of his two daughters, both of whom were born in Tokyo.

His business ruined by the Japanese war, De Havilland said he has been reduced to an income of \$60 a month, insufficient to support himself in the United States.

AXIS BIDS FOR FAST VICTORY

Hope To Win Before Winter Is Over

BERLIN—(P)—Germany's concentrated air attacks on Britain recently—with threats of more to come—and the German-Italian high command consultations are signs, German observers say, of a new Axis bid for victory before a second war winter ends.

Expert sources describe the furious assault on Coventry, one of England's manufacturing centers, as part of an effort to bring Britain to her knees before increasing United States aid makes the task more difficult.

New German air raids Saturday on London, Hastings, Southampton and down the Thames estuary to the coast at Southend were reported by DNB, official German news agency. Docks and warehouses burned in the center of London, it said.

As the Coventry attack was described as "retaliation" for the British air raid on Munich the night Adolf Hitler was there, Nov. 8, so Saturday did Nazis threaten another devastating air blow to avenge a British bombardment of Hamburg Friday night.

The high command acknowledged damage to the great port, but declared it was "in no proportion with the number of attacking planes."

Neutral observers commented that Italy's far-from-blitzkrieg campaign in Greece, coupled with recent British claims of successes in the Mediterranean, may react against Axis prestige.

Mr. Richardson also commented briefly on the present truck-load limit of 7000 pounds, terming it unfair to Valley growers.

Country newspapers have been strong in their fight against this, he said, and prospects are good for a reversal of the law in the near future.

No Texans Violate Hatch Political Law

WASHINGTON—(P)—A Civil Service Commission official said that of about 50 complaints he had received charging various state workers throughout the nation with violations of the Hatch clean politics law, none so far as he remembered had come from Texas, which has 8,500 highway department workers.

He first proposed to release this publication Saturday, but later said it would be withheld until next week.

He said a second paper would be prepared on Italian consular representatives and "Russia and Japan will be eventually involved."

Dies expressed belief the recent explosion at the Hercules Powder Plant in Kenner, N. J., was "the start of a series of acts of sabotage."

US Navy Age Limit Is Cut To 17 Years

WASHINGTON—(P)—The navy lowered from 18 to 17 years Saturday the minimum age for enlistments.

Secretary Knox announced that youths between the ages of 17 and 18 would be accepted to serve until their 21st birthday. They must have consent of their parent or guardians.

TO PREACH

VESSEL SAILS WITH PRODUCE

Vahlsing Boat Makes For East Coast

BROWNSVILLE—The S.S. Hampton Roads, owned by F. H. Vahlsing, Inc., largest citrus and vegetable shippers in the world, sailed at 2:30 p.m. Saturday from Port of Brownsville with the first full shipment of perishable foodstuffs ever shipped from a Valley port.

W. W. Moore, general manager of the Polar Steamship Corp. and representative of F. H. Vahlsing, left Brownsville by Eastern Airlines "Silverstreak" for New York City to meet the vessel upon her arrival there with the cargo.

Moore flew ahead of the ship on her way to Florida, Houston and New Orleans with a cargo of Maine potatoes before coming here to arrange for loading of 30,000 boxes of citrus and 5000 boxes of truck vegetables.

The vessel will make regular monthly trips to Brownsville to load full cargoes of citrus and vegetables. Mr. Moore said. On her way back each trip, she will bring potatoes or other foodstuffs to points in Florida and Texas.

Philen Steamship Co. are local agents for the company. Most of the citrus cargo loaded here was furnished by the Alamo Citrus Association.

given more power with respect to those who refuse to testify or to appear so that all these saboteurs may be exposed."

Dies added that he also would ask Congress for "at least \$1,000,000" so that the committee could proceed with the examination of 300,000 persons who he said were connected with subversive activities.

If the funds were granted, he said, these people would be brought before the committee "one by one" so the public might learn about all their connections.

Dies announced committee employees had prepared a 500 page printed "white paper," which he said contained "irrefutable evidence connecting consular representatives of the German government with fifth column activities."

He first proposed to release this publication Saturday, but later said it would be withheld until next week.

He said a second paper would be prepared on Italian consular representatives and "Russia and Japan will be eventually involved."

Dies expressed belief the recent explosion at the Hercules Powder Plant in Kenner, N. J., was "the start of a series of acts of sabotage."

CAMERON TAX REVENUE TOLD

October Collection Totals \$254,317

BROWNSVILLE — Current tax collections for October total \$254,317 according to compilations completed Saturday by Ralph T. Agar, Cameron county tax assessor and collector. This represents a slight decrease from 1939, due to the failure of several large corporations to take advantage of the 3 per cent discount for October payments this year. These payments are expected in November, which will bring the November payments of this year well above those of 1939, Mr. Agar said.

County taxes collected were \$173,491, leaving a balance of \$333,773 yet to be collected. State collections were \$39,011, with \$34,500 to be collected. The Arroyo Navigation district of Harlingen, third largest account, paid in \$16,932 leaving \$30,014 to be collected.

The best showing made during October was reported for school district No. 20, where 62 per cent of the total tax was collected in October. The poorest October collection was the Los Indios Independent school district, where 14 per cent of the total was paid.

Current taxes paid in November will be discounted 2 per cent, and 1 per cent in December. One half of the tax may be paid prior to November 30, in which case the second half will be extended until June 30 without penalty. Tax schedules for suits are now being worked up on property in the names of disinterested owners.

Delinquent tax collections were \$12,343 for October, according to Mr. Agar's report. This is an increase over the previous year. Receipts from tax sales for October were \$370.

CIO Lewis Hillman Hold 'Social' Visit

ATLANTIC CITY, N. J. —(P)—CIO President John L. Lewis Saturday described his surprise conference with Sidney Hillman after a long estrangement over policies as "mostly social," and forecast the CIO's national convention next week would "not depart very far" from its declared policies and objectives.

Lewis forecast created some fresh speculation about what will happen to the program of the Hillman followers when it reaches the convention, although leaders moving in and out of conferences, indicated efforts were being made to avoid a major split.

Interpreting The War News

British Hope Justified

Morale Unbroken; RAF Repulses Air Raids; Churchill Has Reasons For Cheer

By KIRKE L. SIMPSON

Five months ago when France fell before German blitzkrieg and left Britain fighting alone, Prime Minister Churchill solemnly assured his countrymen and the world that there were "good and reasonable hopes" of ultimate British victory.

What he then dubbed "the battle of Britain" enters its sixth month next Monday, November 18. At that point and despite a grievous toll next of destruction and civilian casualties in Nazi bombed England, the prime minister remains uninvaded and the will of her people to fight is unbroken. She is striking back at her German-Italian foes with telling blows from the air and her domination of the seas at home and abroad is firmer, not weaker, than it was five months ago.

Churchill Poses Issue

Churchill boiled down the war issue for Britain on June 18 to one "great question."

"Can we break Hitler's air weapon?"

Five months later it has been answered in part in Britain's favor. Nazi air power has failed to shatter British morale or crack Britain's sea blockade of her foes. The Royal Air Force at home has lived up to Churchill's prediction that it would save England "from the deadliest of all attacks," invasion. Its far ranging bombers have hammered at German targets and dealt a smashing blow to Italy in the eastern war theatre.

Britain's stand has done more than that. It has compelled complete revision of Hitler-Mussolini war plans to shape them to a long war pattern, and the odds in a long war are with Britain. She has sea access to vast material resources around the world to aid her.

Reason For Confidence

After five months of single-handed battle for survival, Britain, despite her mounting non-combatant casualties in the world's first great battle of the air, has more reason for cheers than for tears.

NAMED TO NLRB

President Roosevelt nominated Harry A. Millis, above, Chicago educator and economist, to a five-year term on the National Labor Relations Board, taking the place vacated by Chairman J. Warren Madden.

VALLEY PLAY SLATED SOON

Little Theatre Cast Being Selected

EDINBURG—Casting is now underway for the Valley Little theatre's production of "The Women," scheduled for the Edinburg Junior College auditorium Monday night, Dec. 2. Director Paul Moore said Saturday.

All-star in its scope, "The Women," from Clare Booth's famous Broadway success, is heralded as one of the season's most ambitious productions.

Moore said the following will be included in the cast: Arlen Kamalah, Connie Green, Shirley Fogelberg, Frances Wood, Freddie Saunders, Shirley Burk, Jean Righter, Cordelia McMahon, Margaret Owens, Mildred Downs, Imogene Brennan, Mrs. Clara Casberg, Bess Ennis, Annette Clossner and Marie Miller.

True to the original stage production, no men appear on the stage. The production is 100 per cent feminine and nothing is being spared to make this comedy an example of outstanding modern femininity.

Building Sold

Matamoros Man Buys Apartment House

BROWNSVILLE — The Alberta apartment building, southwest corner of Elizabeth and 13th streets, has been bought by Leocadio M. Montemayor, Matamoros, from Lee J. Butler, Lake Geneva, Wis., for a cash consideration of \$13,000, according to a deed filed with the Cameron county clerk's office. The building is directly across the street from the Miller hotel.

Steel Mills Again In Operation After Strike Arbitration

MIDLAND, Pa. — (P) — Crucible Steel Company Mills here again rolled out armament steel for the United States and British governments after employees voted by a slim margin to end a week-long strike that had production at a standstill.

The local steel workers organizing committee union announced that approximately 4,300 strikers voted 52 per cent in favor of resuming work pending conferences with the company on several grievances, including a demand for a wage increase of 12 1-2 cents an hour in one department.

Vet Peace Officer Found Dead On Road

ODESSA, Tex. — (P) — The body of Ector County Deputy Sheriff Bill Jones, veteran West Texas peace officer, was found beside his parked car near the Crane highway some four miles south of here Saturday. A bullet wound pierced his head above the right temple. The officer's gun lay on the running board of the car.

RETURNS HOME

COMBES — Clarence Roller, son of Mr. and Mrs. B. Q. Roller, has returned home after spending a year at Pennington Gap, Va. He was accompanied home by his aunt, Mrs. Fay Robinson of Fairview, Va., sister of Mrs. Rooler. Mrs. Robinson plans to visit here a month.

LESS CITRUS BRINGS MORE

Gains Are Shown In Weekly Average

WESLACO—Lesser quantities of Valley citrus were offered on the auction markets during the week just closed and returns for Marsh seedless increased 12 cents per box and the average for pink grapefruit increased 31 cents a box, according to a report issued by the Federal-State Market News Service here.

The average during the past week was \$1.86 per box for 19,939 boxes of Marsh seedless grapefruit as compared to an average of \$1.74 for 26,295 during the previous week and the return on pink varieties increased from \$2.25 per box for 13,439 boxes two weeks ago to \$2.56 per box for 11,729 boxes during the past week.

Florida, on the other hand, showed a decrease of seven cents a box on white grapefruit and an increase of 16 cents a box on pink varieties. Then again, there appears to be a relationship in the amounts offered for sale. Florida white grapefruit sales during the past week having increased to 72,860 boxes as compared to 56,660 boxes while pink sales decreased from 1,339 boxes two weeks ago to 1,275 the past week.

Grapefruit track holdings in 16 markets totalled 101 cars Saturday while orange track holdings amounted to 330 cars and mixed citrus to eight cars.

Texas Diehards

Willkie Voters Pick Old Turkey Day

FREDERICKSBURG — (P) — Frederickburg folk stand by their convictions.

Their county, Gillespie, was one of only a few Texas counties giving Wendell Willkie a majority in the recent general election. Gillespie voters opposed Roosevelt about 8 to 1.

Saturday, the Fredericksburg credit bureau announced that while Nov. 21 is the state's official Thanksgiving date, Fredericksburg merchants voted 99 to 1 to observe the traditional date, Nov. 28.

Free French Seek To Foment Revolt In Colonial Area

BEIRUT, Lebanon — (P) — Well-informed circles said Saturday that "free French" followers of Gen. Charles DeGaulle were working feverishly in French mandated Syria to sway opinion toward a revolt behind Gen. Maxime Weygand and Gen. Auguste Nogues.

Weygand is military and political chief in North Africa, sent there by the Vichy regime, and Nogues is resident general and commander in Morocco.

Calls Wife 'Sister' So It Won't Hinder Social Activities

CHICAGO — (P) — By order of the court, Irving Kiehn, 32, a prizefighter, must cease introducing his wife as his sister.

The wife, Harriet, 25, complained to Judge Rudolph Desort that she was tired of being represented as a sister. Kiehn explained the sister angle by saying that he goes to social functions where it is a handicap to be known as a married man.

New Mexico Wants More Plane Service

WASHINGTON — (P) — New Mexico's tourist industry, potash deposits, and oil fields were cited to the Civil Aeronautics board Saturday as three of the major reasons why that state wants and needs more direct air connections with Texas. Testifying before a subcommittee at a hearing on four airline applications for extensions in Texas and eastern New Mexico, Gail S. Carter of Santa Fe and F. O. Davis of Carlsbad, stated that present air facilities were inadequate.

NEW RUNWAY PLAN SOUGHT FOR AIRPORT

Changes Being Made At Brownsville

BROWNSVILLE—Extending two additional runways at the Brownsville airport from 4,000 feet to a mile in length was the major chance requested by WPA in the present \$2,000,000 improvement plans, according to W. O. Washington, city engineer, who began the work of making revisions Saturday to comply with the WPA requests.

One north-south runway and one east-west runway are involved in the revised plans. The city may encounter some difficulties in complying with the request, Mr. Washington said, as in both cases the required extension would mean crossing existing county roads. Other problems, considered minor ones, involve levels and drainage.

When revised, plans will call for four runways, each one mile or more in length, the longest being close to 6,000 feet. When changes have been made plans will be returned to WPA at San Antonio for final approval, and will then go to CAA in Fort Worth and finally to the War Department at Washington.

It's Below Zero In Brownsville! But Reading Is Taken Far Above City By Balloons; Here's How Bureau Does Its Job

Intricate Details Of Bureau's Work Explained

By JOHN L. STONE
BROWNSVILLE—Out at the airport station of the U. S. Weather Bureau here a fellow can run into more Greek than I found when I interviewed the crew of a Greek steamer in port here recently.

For instance there's that radiosonde observation stuff.

First I'll tell you what happens and then try to explain it.

Radiosonde observations began at the Brownsville airport weather bureau station on August 5 and are made nightly. Preparation for the flight begins at 11 p. m. and the observations are under way by 11:30 p. m.

Preparation is made by conditioning the recording elements to prevailing ground weather conditions. This is accomplished by placing the radiosonde instrument, weighing less than four pounds, in a specially-mounted ground exposure shelter, and allowed it to remain until the elements of the instrument agrees with the prevailing ground or surface readings.

The receiver is examined to see that temperature, pressure and humidity elements are recording and proper base line, or relation, established between the receiver and the transmitter.

As soon as these conditions are met, the instrument is attached to the helium filled balloon and parachute and is ready for release.

The Radio Meteorograph

The Radio-Meteorograph is an instrument which is carried aloft attached to a free balloon and transmits radio signals which are a measure of pressure, temperature and humidity, through the levels of the atmosphere into the stratosphere.

The balloon ascends at a rate of 200 meters per minute and the instruments function to a height of 20 kilometers.

The instrument carried aloft weighs less than one kilogram, containing everything necessary for transmission, such as batteries, radio transmitter, barometric pressure switch, temperature and humidity registering elements, including a thermoshielded aluminum painted case.

The temperature and humidity elements are located for best exposure and are isolated from heat conduction from the balance of the instrument. All parts are easily accessible for check before flight.

The instrument will register temperature as low as minus 90 degrees centigrade (194 below zero Fahrenheit), humidity from five to 100 per cent relative and pressure from 1070 millibars to 10 millibars.

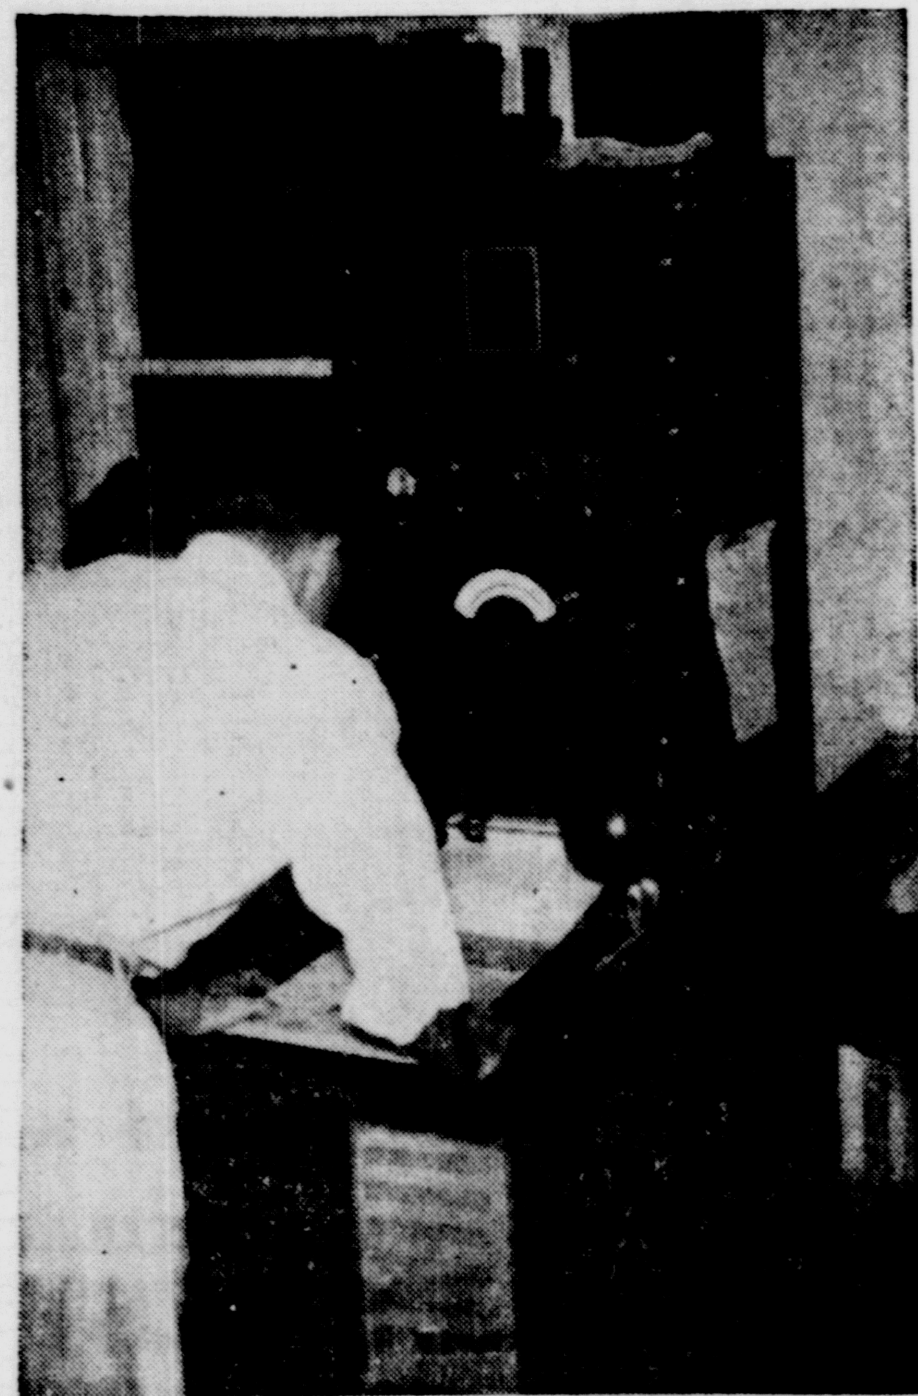

The Radio Circuit

Meteorological quantities are made to change resistance in the radio circuit in proportion to their physical changes. Audio frequency modulation of the radio-frequency carrier wave is controlled by varying resistance in the radio circuit. Out of these two principles has come the radio meteorograph instrument.

It therefore consists of a radio transmitter tube, energized by a battery, and the meteorological sensitive elements, so designed to introduce resistance in the radio circuit as meteorological changes occur.

The transmitter employs a type 19 double triode-electron tube. One is used as a modulating oscillator and the other as a ultra-high frequency carrier oscillator. The oscillating frequency is approximately one megacycle per second and the oscillation is intermittent.

The ultra-high frequency oscillator operates at 65 megacycles per second. These are also intermittent, being "on" when the modulating oscillator is "off" and "off" when the latter is "on." The resistance value of the meteorograph circuit controls the value of the audio frequency. Resistors determine the limits of the audio modulating frequencies, thus when one of the resistors is in the circuit the frequency is 8 cycles per second while

Neil B. Ward, junior observer at the airport station, is shown above watching the Friez Ray-Sonde receiving set recording atmospheric and weather conditions as sent out by the small instrument carried to extreme heights by a large balloon. (Photos by Stone.)

with both it becomes 190 cycles per second.

Simple, huh?

The Barometer Switch

The barometer switch serves two purposes; one as an indicator or barometric pressure and the other as a switch into circuit in a definite order of temperature, humidity and two reference resistances known as the high and low reference.

The baro-point and contact arm controlled by a diaphragm that distends as the balloon rises into lower levels of pressure, sweeps over the commutator, comprising 50 silver contacts, separated from each other by insulating strips. When no contact is made the temperature resistor and the full value of the humidity resistor are in the oscillator circuit so that the modulating frequency is a function of the temperature to which the capillary tube is exposed.

As the indicating pressure pointer passes over the insulating strip to a humidity silver contact, it short circuits the thermometric resistor and a portion of the humidity resistor. The value of resistance remaining in the circuit depends upon the position of the variable contact arm of the humidity resistor, or upon the relative humidity to which the human hair element is exposed.

At every 15th contact a fixed predetermined resistance known as the high reference comes into the circuit and at every other fifth contact another predetermined resistance is introduced designating the low reference. The intervals of switching serves as indications of the pressure levels passed through.

The temperature element is a precision resistance thermometer consisting of a fine capillary tube filled with a special electrolyte. Each tube is individually selected and calibrated to give the correct resistance.

Simple, huh?

The Humidity Element

The humidity, human hair element, is a resistance unit varying resistance with varying humidities. Human hairs in multiple strands,

Bobbitt casts a wary eye aloft at the swinging balloon as he ties the ray-sonde machine to the balloon preparatory to sending it aloft.

not bunched, are strung separately for maximum sensitivity and pre-

pared in double lengths for excess power.

The expansion and contraction of the hairs actuate a cam designed to produce a linear calibration curve, so that varying portions of resistance to the length of the hairs and hence to humidity changes are introduced into the circuit.

The battery is a dry cell type and supplies 90 volts to the plate and three for the filament.

The thermoshield is composed of two concentric aluminum cylinders that shield the temperature and pressure and humidity elements from the remainder of the instrument and at the same time provides proper exposure with liberal air spaces and ventilation.

The radiosonde box that covers the elements and the battery, is also used to hold the various parts in their proper place and relationship during flight, allowing for exposure of antenna wires, the lift ring, the ready access to various elements, protection from weather and a suitable container for returning the used instruments.

The United States Weather Bureau pays a reward of one dollar to any person finding one of the instruments which is landed by parachute after the balloon bursts at high altitudes.

The Raysonde Receiver

The Raysonde receiver is the next thing to consider as it records all data sent out by the transmitting apparatus.

The frequency range of the receiver is from 56 to 85 megacycles, normally operating on 65 megacycles. Conveniently mounted on the six-foot high machine, is a tuning meter which is used to indicate the strength of the received signals and used to determine the correct setting of the tuning dial to a high degree of efficiency.

Terminals for the output and antenna input circuits are located at the rear of the receiver. Additional controls to adjust the meter circuit and loud speaker volume are provided.

The antenna is a special depole type and is connected to the re-

ceiver by means of a nitrogen gas filled transmission line.

Simple, huh?

The Army and Navy, as well as adjoining countries of Mexico and Canada co-operate with the United States Weather Bureau to make a network of these daily observations possible. Stations extend southward to Cuba and Swan Island.

Recently stations have been established in Canada and the coast guard vessels in the western waters of the Atlantic have provided facilities for taking the observations at sea.

These observations become vertical samplers of the atmosphere. From them, when made into chart form, can be determined the circulation and tongues of wet and dry air masses that invade the United States.

Cross-section charts of the atmosphere, marking regions of moisture are drawn. Energy diagrams for individual stations made to show conditions favorable or unfavorable for formation of thunderstorms, stability of the atmosphere and moisture and energy available for thunderstorm development.

Charts for various other uses are drawn and daily increasing use and demand of the upper air data is making this one of the most useful aids to weather forecasting.

It shows a normal relationship of conditions observed on the ground to those found aloft and that the greater weather changes are found at the boundaries of air masses is established principle.

Brownsville is one of 40 stations in the western hemisphere selected to make these readings. Personnel has been added to the airport station until the complete

'Greenbacks' Squandered At 'Days Of '49' Charity Fete

McALLEN—The real "Days of '49" had nothing on the modern version the Kiwanis Club put on here for three nights, closing Saturday at Legion Hall.

"Greenback" rolls, big enough to choke a horse, were spent like water and "whiskey" flowed from a spigot—all for sweet charity's sake.

Seasoned gamblers broke the roulette bank with a snap of their fingers while the croupier's arms stiffened from raking in coin. Games of chance saw thousands of dollars made and lost in a few minutes.

Be-whiskered, be-spattered dandies spent \$2,000 for one brief dance with the swarms of lovely, beauty-spotted ladies while aged fiddlers sawed out the old tunes.

Crowds of Kiwanians and their friends entered the spirit of the affair, filling the hall for the three night's entertainment.

"Greenbacks" valued at \$2,000 on the Kiwanian monetary standard, were sold for five cents each.

Proceeds went to the club's underprivileged children's fund.

Glee Clubs To Sing At Weslaco Sunday

WESLACO—The vocal music department of Weslaco high school will present the senior girls glee club, senior boys glee club and junior girls glee club in concert at 4 p. m. Sunday at the Stephen F. Austin ward school, according to Reed Barringer, head of the department.

Each glee club will present a group of songs and will conclude the program with a joint number, "God Bless America." Spirituals, hymns and other songs are included in the program.

ment is raised to seven men. Special scientific training is essential to successful operation.

Adding greatly in the successful raysonde flights since inauguration in August are the low night winds, the favorable weather conditions and excellent ground equipment. Brownsville has been asked also to train personnel for stations at Swan Island.

If you think it won't make you shiver to stand in a warm office at the airport and watch that complicated machine record a temperature of 194 below zero; and if you think it won't make you dizzy when you see the machine recording a height of 90,000 feet before the balloon bursts and allows the instrument to return to earth by parachute, you just make a trip out to the airport station some night and watch ther. The boys will be glad to have you and if you can understand it in one night's session, let me know because there are some more foreign ships coming into port soon and I might need an interpreter.

Hidalgo Citrus Association Suit Is Dismissed By Judge Bryce Ferguson

ALAMO—The suit filed by ten growers against the Hidalgo County Citrus Association asking for an accounting and making 20 allegations regarding the handling of fruit was dismissed by Judge Bryce Ferguson in 92nd district court, according to a letter sent to members of the association by Charles J. Volz of Mission, president.

He described the suit and said "this action was filed in the 92nd district court of Hidalgo county and was to be heard this morning. We denied all of the allegations and were in court this morning with our attorney ready to disprove every allegation they set forth.

"The complainants failed to go on with the suit and the court dismissed it.

"In our previous letter we invited your investigation into the merits of the alleged claims and we are also advised you that we feared the parties making these charges

might be motivated by an intention to injure this organization.

"We believe you can now clearly draw your own conclusions regarding the motives back of this action. We appreciate the loyal cooperation of our members, who are by the officers of this organization to perfect a marketing outlet for both fresh fruit and grapefruit juice."

M'ALLEN SETS 10 PROGRAMS FOR TOURISTS

Heavy Schedule Will
Start Monday

McAlLEN—Ten different events are scheduled on the McAllen tourist entertainment calendar this week.

The winter visitors will meet Monday at 2 p.m. at the Steele Trailer community hall for shuffleboard and other games. Tuesday at 10 a.m. the Spanish class will meet at Legion Hall. At 11 a.m. the sewing club will meet at Legion Hall and at 1 p.m. the dancing and music club are inviting all persons interested in a club of this type to be present. At 2 p.m. the regular card games will be played and at 4 p.m. the first tour to Reynosa, Mexico, for the sight-seeing tour and the wild game dinner will be organized to leave from the chamber of commerce building. All who wish to go on this tour are asked to be on time, since the motorcade will leave promptly. The tourist group from Harlingen will join the McAllen party.

Wednesday is rest day. Thursday there will be a tour with a picnic lunch to the Jungle Garden north of McAllen. Friday at 10 a.m. the Spanish Club will meet at Legion Hall and card games are scheduled there at 2 p.m. A fishing trip is planned for Port Isabel, the group to leave at 8 a.m. Saturday. Individuals are to furnish their own lunch and drinking water.

Twenty-two members have registered for the Spanish Club, which meets every Tuesday and Friday at 10 a.m. Officers will be elected at an early date.

Much interest is being shown in the sewing and knitters club which meets each Tuesday at 11 a.m. Mrs. Polly Moran is acting as chairman of the music club and asks all tourists who play instruments to be at Legion Hall next Tuesday at 1 p.m. Approximately 50 bridge and other card game players have been enjoying the games and are anxious for all tourists and winter visitors to join them next Tuesday at 2 p.m.

New Families

18 Of Them Arrived
In City Of Palms

McAlLEN—Twelve new permanent families topped the list of 18 additions to the city's population reported Saturday by City Hostess Mrs. Ernest Hawley.

Among those who plan to make their permanent home here are: Mr. and Mrs. E. W. Orrington, Edinburg; Mr. and Mrs. Macie Hyatt, Gorman; Mr. and Mrs. George Hackbart and two children, Howard, Mich.; Miss Ruth Rietheimer, Saginaw, Mich.; Mr. and Mrs. J. R. Moore, Dallas; Mr. and Mrs. W. H. Harms, Chicago; Mr. and Mrs. F. W. Wickert, Austin, Minn.; Mr. and Mrs. L. B. Canion, Laredo; Mr. and Mrs. Monte W. Harter, Douglas, Ariz.; Mr. and Mrs. W. E. Hohman, Edinburg; Mr. and Mrs. W. E. Vondera, and Misses Margery and Blanch Custer, Waco.

Tourists listed included Mr. and Mrs. H. L. Lingersal, Stanwood, Mich.; Mr. and Mrs. Harry Orchard, Detroit, Mich.; Mr. and Mrs. G. T. Salesbury, Durant, Mich.; Mr. and Mrs. H. H. Ingersal, Stanwood, and Mrs. Arthur Beland, Chicago, and Mr. and Mrs. W. N. Bremer, Waterloo, Ia.

200 Farmers Attend Tractor Firm Film

WESLACO — Over 200 farmers registered for John Deer Day with the Clifford Implement Company at Weslaco when free movies were shown to farm families.

The following will attend a sales meeting of the John Deer Plow Company at Dallas the week beginning November 8: Claud Cole, Border Implement Company, Brownsville; T. A. San Benito Chamber Slates Monday Meet

SAN BENITO—A general meeting of the membership of the San Benito Chamber of Commerce is slated for 7:30 p.m. Monday at the Aztec building. This will be an open session where members may express their opinions as to the problems and future program of the organization.

Candidates Spent Nothing For Votes

BROWNSVILLE—Total campaign expenses for all county offices added up to zero Friday when expense reports for the November 5 general election were filed with Cameron County Judge Oscar C. Dancy. Friday was the final day for filing. Not one candidate spent a single cent. But the Wilkie Club of San Benito reported having disbursed \$50.75.

Pan-American In Films

LOU YACONELLI, FANCHON ROYER

BROWNSVILLE — Lou Yaconelli and Fanchon Royer, free-lance movie makers from Hollywood, will leave Brownsville for Mexico City Saturday on the last leg of an extensive plane trip and movie-making venture for Pan American Airways.

Yaconelli and Miss Royer arrived in Brownsville Friday morning and spent the day filming activities around the city of Brownsville and the airport.

During the past few weeks they have taken pictures to be used in publicizing Pan American's All-Expense tours into Central and South America and specifically Mexico.

The pictures were all taken in color and sound will be added to the film to make it a complete movie.

PORT CACHET PLANS READY

McAllen Dedication
Set November 23

McAlLEN — Chamber of commerce officials announced Saturday that more than 500 covers for the McAllen cachet to be applied November 23 when the municipal airport is dedicated had been received up to noon.

The cachet is in charge of O. K. Rumbel, McAllen philatelist, who will print them on covers from all over the United States. Rumbel and chamber officials mailed airport notices to all of the leading collectors' media.

Harry Merts has charge of the luncheon to be given at noon November 23 at the Casa de Palmas in honor of Sam L. Miller, who donated to the city 88.96 acres of additional land, bringing the total to 176 acres. Merts is also seeking to have the special cachet covers flown by air mail to Corpus Christi.

Hopes of the city airport committee, city commission and chamber of commerce to have the additional acreage cleared by November 23 will not be realized because the work project must be approved by the Civil Aeronautics Authority at Washington before work starts.

SCOT RELIEF DRIVE OPENS

Pharr Minister To
Accept Funds

PHARR—Collection of funds with which to aid Scottish war victims has been started in the Valley.

Rev. W. W. Stewart of Pharr, who was a member of a branch of the "Order of Scottish Clans," an organization of persons with Scotch blood, at Lewiston, Me., where he served as chaplain, has been asked to collect funds for the group in this section. Members at Lewiston asked that he aid the work, Rev. Stewart said.

Funds collected here will be used solely in Scotland, he explained. They will be administered by the Scottish division of the British Red Cross.

"There is more suffering in Scotland than is generally known," the minister said. "Great damage has been done to large cities, particularly Dundee, Glasgow and Edinburgh."

Donations for the fund may be left with, or sent to, Rev. Stewart in Pharr.

'Safety First'

Comedy Is Presented
At San Benito

SAN BENITO — A comedy, "Safety First," with a cast of well-known San Benitans will be presented at 8 p.m. Tuesday at the high school auditorium under the sponsorship of the Order of the Eastern Star.

In the cast are Mrs. James D. Casey, Mrs. Helen Millum, Miss Jane Bohner, Mrs. Charles Bowie, Dr. E. L. Sullivan, J. B. Mack, R. J. Bohner, Ray Reed and Tol Boswell Jr. Miss Margaret Conard is the director and also takes a part in the play.

Proceeds from this entertainment will be divided between the OES local chapter and the library fund. Reserved section tickets are on sale at the Rivoli confectionery.

Laymen To Take Part In Sunday Services

MISSION—Laymen of the First Christian Church will participate in the Sunday morning service at the church as the observance of the 17th annual Men and Missions Day. It was announced this week by the pastor, Rev. E. R. McWilliams. The missions day is a part of the interdenominational movement to awaken interest of laymen in world missions. Members of the laymen's group will be seated in a body at the church services.

Mission Club Sets Talk On Gardening

MISSION—Mrs. Erin McAskill, Edinburg, will be the guest speaker at the guest day program planned by Mission Garden Club members Tuesday afternoon at the home of Mrs. Alton Bentsen on Taylor road. Mrs. McAskill's talk will deal with beautification projects.

Club members are privileged to invite two guests each. It was announced this week by the president, Mrs. Joe N. Summers. The program starts at 3 o'clock.

Axis-Moscow Deal As Nazis See It

Unofficial reports from Berlin drew this picture of "spheres of interests" created by their recent Hitler-Molotov negotiations. Russia is to have her vast region of domination (diagonal lines) lying between Japan and Axis dominated Europe. All of Africa and dotted portion of Europe shall be under control of Axis (black area). Russia has gained territory recently in Finland (1), and the Baltic states (2), but the Dardanelles (3) will remain untouched if Turkey "behaves." Russia has Axis permission to gain access to the world's oceans via Iran or Afghanistan and British India.

Go For Costume Jewelry? San Benito Legion Post Studies Outlawing The Stars And Stripes On Bars And Pins

SAN BENITO—An article in a recent issue of the "Army and Navy Register" condemning the reproduction of the American flag in costume jewelry has interested several members here of the San Benito Post No. 111, American Legion, who are planning to present at the Legion's meeting Monday a resolution endorsing the viewpoint of this commentary.

The article states: "The range of costume jewelry has been extended to take in the American flag. At the outset the regulation flag with its alternate thirteen red and white stripes formed the basis of the article and the union had as many small costume 'jewels' as could be crammed into the available space."

"From this beginning the reproduction of the American flag has degenerated into pieces of

from four to six stripes and a nondescript union. It may be contended that the jewelry is not intended to represent the American flag. We must counter with the contention that whether it is intended or not, the makers are taking advantage of the awakened interest in the stars and stripes and the monstrosities they are offering are in face desecrative representations of the American flag."

"If the patriotic women of the country would make it their business for just one day to go to department stores and other places where this jewelry is being sold, see the managers and condemn this use of the symbol of America, this phony jewelry would disappear as quickly as it has found a place in them."

McAllen Men Hunt In Gillespie Area

McAlLEN—A group of McAllen men are in Gillespie county, west of Fredericksburg, on a deer and turkey hunt.

Among them are C. C. Pope, T. P. Braselton, L. C. Smith, R. D. Cox, Jr., J. W. Edwards. They were joined in San Antonio by Preston G. Northrup. The men expect to return to McAllen Tuesday.

the quota by means of the \$1 yearly memberships instead of large contributions.

In addition to the 15 captains previously named, Ira E. Ellis is named head of the drive in the schools. Home room teachers will take the contributions of children who will be given a Red Cross button. Red Cross stickers will be given the rooms obtaining one or more memberships.

M. O. Johnson, assisted by the Boy Scouts, will be in charge of the 100 per cent awards given to business firms whose entire personnel becomes members of the Red Cross.

Mrs. Ophelia Hill, president of the Business and Professional Women's Club, will arrange for the club's representatives to solicit memberships in the bank and the post office Saturday and Monday, Nov. 23 and 25.

The 17 captains will meet with Crockett and R. C. Pryor, chairman of the Harlingen Executive committee, Monday at 7:30 a. m. at the Reese-Wil-Mond Hotel for a breakfast when details of the drive will be given. It is expected that all captains will have their lists of ten assistants complete and members in the field by Tuesday morning.

The majority of the money obtained in the drive will remain in the local treasury for relief work in this area.

Agent Of Reichsbank Declared Guilty Of Contempt Of Court

LOS ANGELES—(P)—Samuel Hansen, 58, a native of Germany, was declared guilty on 22 contempt charges in superior court here Friday when he refused to answer questions which he said would violate his oath of secrecy as an agent of the German Reichsbank.

"If I do so it will be treason and I will be shot as a traitor if I return to Germany," Hansen told Superior Judge Peirson Hall.

Neutrality Law Is Applied To Greece

Continental Oil Chief Visits Site Of New Rincon Purchase In Valley

McALLEN—J. G. Dyer of Ponca City, Okla., vice-president in charge of production for Continental Oil Co., which last week purchased an operating interest in the big Rincon field in eastern Starr county at a reported figure of \$6,000,000, made a brief inspection trip of the field Wednesday and Thursday.

In a brief interview, Dyer said his company, in taking over production at Rincon from W. R. Davis, Inc., of Houston, contemplated no changes in the development program begun by the Davis interests. "In fact," he said, "it is our company's policy to maintain steady development in any area which we see fit to enter."

The Davis company's plans for Rincon included a \$500,000 recycling plant, a 125-mile pipeline from the field to Port Brownsville to transport the field's own oil, construction of a \$2,000,000 refinery at Port Brownsville early next year and completion of over 50 houses and office buildings at Davis City, field headquarters for the Rincon development. Dyer did not say specifically that any or all of these projects would be included in his company's development program.

An indirect result of the Continental purchase of Lower Rio Grande Valley holdings was establishment of a new supply house by Republic Supply Co. at Sullivan City. Heretofore, Houston Oil Field Material and Supply Co. had been the only supply house located in the Sullivan City and Samfordyce areas.

Continental is the newest major company to take an active part in Valley operations, which have been on the steady increase throughout 1940. Its purchase of operating interest at Rincon provided the biggest single oil deal in Valley oil history.

McALLEN—Willacy county's lone wildcat was attracting practically all interest in the Lower Rio Grande Valley area Saturday after it started making dark brown crude of about 30 gravity on production tests to climax a long and expensive drilling campaign which began in Willacy several years ago.

Although no information was available at the well and while all operations were shrouded in secrecy, as they have been since the well spudded, Pan-American Production Co., No. 1 Porfirio Garcia, Share 13, San Juan de Carrizito Grant, seemed destined Saturday to be the first commercial production for Willacy county. About two years ago, Shell Petroleum Corp. obtained gas-distillate production from a deep hole in western Willacy county in the Valley's famous salt lake area for several months, but salt water encroachment finally killed the well.

The Pan-American well, which has tested at least two other deep sands since completing contract at 9,002 feet, was reported on good authority to have gun-perforated in sand at 7,668-7,705 feet. The well has been making some dark brown oil of 30 gravity, A.P.I., by heads, but the sand apparently does not carry sufficient gas to flow the well. Operators were reported planning to go back in the hole for additional perforations in the hope of finding sufficient gas in the upper part of the sand to make it flow. Contractors on the hole are Carter and Rubsam of Houston.

The prospective new discovery is surrounded for the most part by thousands of acres of major company leases and several majors participated in the cost of the present hole, which is on a farmout from Shell Petroleum and Standard of Texas.

While the Willacy wildcat was testing for the third straight week, a new 10,000-foot wildcat in southeastern Cameron county was getting under way and a highly important deep wildcat in northeastern Brooks county was running drill stem test.

Pure Oil Co. No. 4 Gatewood Newberry, located southwest of Port Isabel in Share 3, Shelton Award Survey, cemented 16-inch conductor pipe around 200 feet and was reported making hole past 800 feet.

Davis' No. B-38 Slick Estate, Sur-

Falcon-Seaboard Drilling Co., Houston, has the contract.

In northeastern Brooks, J. M. West Production Co. and Dan Aud's No. 1 Wm. Ehlers, Sec. 12, Burton and Danforth Subd., Loma Blanca Grant, was running drilling oil and gas show at 8,013-30 feet. The hole is being watched as a possible new Vicksburg producer. It is about four and a half miles south of the Blucher field in Jim Wells county. It is scheduled for the top of the Vicksburg or 8,200 feet. A West rig is drilling the hole.

Another highly important semi-wildcat, Sun Oil Co. No. 2 Mateo Sanez, discovery well of this as yet unnamed new producing area and five miles north of the big Rincon field in eastern Starr county, was still making hole. After recovering oil on drill stem test of a new sand for the area at 4,393-4,407 feet, operators cored and tested salt water sand at 4,983-5,002 feet, recovering 110 feet of salt water. The well continued coring at 5,028 feet.

In northeastern Hidalgo county, Humble Oil and Refining Company No. 1 American Life Insurance Company, Lot 1, Block 11, Mo-Tex Subdivision, Las Mestenas Grant, was dry and abandoned at total depth of 8,524 feet. Not a single show of any importance was reported in the hole, designed to test a sizeable section of the Humble's Hargill block of about 20,000 acres in northeastern Hidalgo and western Willacy counties.

On the west edge of the big Rincon field about 1,600 feet east of present production but 8,800 feet east of the major production area, W. R. Davis, Incorporated, No. 1 Harry Seyfried, Survey 928, was still a tight hole and no information was available concerning it.

McALLEN—Lower Rio Grande Valley producing areas added five more producers Saturday and had nearly a dozen new wells under way, continuing the 1940 drilling campaign that has been maintained throughout the first ten months of the year to make it one of the section's most active years in its oil history.

The Boyle field in southern Starr entered an important bed for close attention with two wide outposts wells drilling, one on the northeast extremity of production, the other on the extreme south edge.

Slightly more than a mile south of discovery, Borsodi Petroleum Company No. 3 Juan de Dio Vela, Share 2-A, Portion 92, Camargo Jurisdiction, was reported bottomed around 3,700 feet and casing cemented for production test somewhere between 3,500 and 3,600 feet. This well also was being held tight by the operators and information was unconfirmed. The upper field sand was picked up around 3,100 feet.

On the south edge of the field, Sun Oil Company No. 1 Juan de Dios Vela, Share 2-A, 92, Camargo Jurisdiction, was drilling past 1,900 feet. Location is a south offset to the Borsodi No. 2 Vela.

Fidelity Oil and Gas Company No. D-5 E. B. Carruth et al, Share 1-A, Portion 92, Camargo Jurisdiction, a north offset to the Borsodi No. 1 Vela, which opened the field's 3,100-foot sand, was drilling past 500 feet.

A new northwest outpost for the field was Dean and Hendrickson's No. 1 M. M. Garcia, 330 feet from the south and 330 feet from the east lines of the north 50 acres of the 108-acre Berkshire Oil Company lease in Share 215, Portion 90, Camargo Jurisdiction. The test was ready to spud.

Two new producers were completed in the Rincon field in eastern Starr county, where operations were temporarily shut down.

W. R. Davis, Incorporated, No. B-37 Slick Estate, Survey 4486, in the southwest part of the field, gauged 215 barrels daily on 3-16-inch tubing choke with 580 pounds tubing working pressure and 775 pounds closed-in casing pressure. Production was through casing perforations (116 shots) at 4,146-68 feet after the hole went to 4,373 feet and casing cemented at 4,210 feet.

Davis' No. B-38 Slick Estate, Sur-

vey 486, gauged 203 barrels daily on 3-16-inch tubing choke through casing perforations (44 shots) at 4,134-42 feet with 500 pounds tubing working pressure and 875 pounds closed-in casing pressure. Total depth was 4,457 feet and casing was cemented at 4,185 feet for production tests.

In the Sun field in northeastern Starr, Sun Oil Company No. C-2 George H. Speer, Survey 235, an inside location, gauged 19 barrels daily through casing perforations (9 shots) at 4,640-41 feet with light pressures.

In the northwest part of the field, Sun Oil No. A-6 E. A. and N. R. Montalvo, Tract 3, Los Retaches Grant, was drilling around 530 feet preparatory to cementing surface casing.

GULF STUDIED FOR WAR USE

Ports May Be Used In Emergency

WASHINGTON—(P)—The War Department has quietly studied wharfing and warehousing facilities at a number of Gulf ports with a possibility of establishing at one, in the event of war, a depot for water-borne supplies destined for use in the Eighth Corps Area.

This was the information received by aides of Representative Mansfield (D-Tex.), who inquired into reports that Galveston was under consideration for selection as a site.

Army officials confirmed that a check had been made of Galveston and some other Gulf ports, but insisted that there was little likelihood that a depot would be established unless there was an emergency such as war involving the United States.

Here's What Went On (Maybe) Between Russia And Germany At Conferences

EDITOR'S NOTE: H. I. Phillip's, columnist, again goes into one of his famous trances and "visualizes" the recent military conference between Russia and Germany. Below is his "interview":

Von Ribbentrop.—Welcome to Berlin. Did you have a good trip?

Molotov.—I won't know until it's all over. Where is Herr Hitler?

Von Ribbentrop.—He is a little late.

Molotov.—That seems to be the conclusion everywhere lately. I trust his health is satisfactory.

Von Ribbentrop.—What do you call satisfactory?

Molotov.—From the Moscow viewpoint, not too good, not too bad.

Goering.—How are things in Russia?

Molotov.—I wouldn't know. Goering.—You're there all the time aren't you?

Molotov.—That's the trouble!

Von Ribbentrop.—How is Comrade Stalin? I trust he is as firmly behind us as he ever was.

Molotov.—As he ever was... you can count on that!

Goering.—Here comes Der Fuehrer now.

Hitler.—Greetings, Comrade Molotov! Long live Russia.

Molotov.—Long live Germany.

Goering.—Long live the Axis!

Molotov.—That's a lot of living for times like these.

Hitler.—I am glad to see you with us, Molotov. Russia is a great country. Russia is a peerless comrade in arms. Russia is a loyal pal. Russia is a trustworthy ally. Russia is...

Molotov.—Yeh, yeh. Why argue it? I'm not even disputing you.

How are you doing just now?

Hitler.—That's why I'm having this conference: to find out how I'm doing.

Molotov.—I notice you're in conference a lot lately. You've got Joe nervous.

Hitler.—If Joe was as deep in this war as I am he'd be in conference, too.

Molotov.—Isn't it possible you are covering too much territory?

Hitler.—Not unless Stalin thinks so. That's what I want to talk to you about. Is Joe still with me 100 per cent?

Molotov.—Well, say 75 per cent.

Hitler.—85 per cent or nothing.

Molotov.—Maybe I can make it 80.

Hitler.—I can't take less than 90.

Why the 20 per cent off?

Molotov.—I'm getting it for you wholesale.

Hitler.—Make it 85 per cent.

Molotov.—I'll split the difference and say 82 1/2.

Hitler.—Okay. I hate haggling over details.

Molotov.—Before this war is over, you'll get used to it.

Hitler.—Now how about Turkey? Molotov.—I'll bite. How about it?

Hitler.—I must know Russia's stand on Turkey.

Molotov.—Why don't you ask Turkey?

Hitler.—Turkey isn't certain.

Molotov.—Well, she's got nothing on Russia in that respect.

Hitler.—Does Stalin appreciate the fact we are about to be masters of the world?

Molotov.—I dunno. But he's awfully nervous about something, and maybe that's it!

REGAINS APPETITE AND 5 POUNDS ON RETONGA

"I Feel Better Than In Years." Declares Mrs. Shannon And Gives Facts In Case To Public.

Retonga daily receives many grateful endorsements from well known Texas men and women who happily acclaim this purely vegetable stomachic medicine for relieving sluggish elimination, and an insufficient flow of gastric juices, with their consequent distressing indigestion, toxic poisoning, a weak and run down feeling, headaches, muscular pains, nervousness, sleeplessness, and other similar harassing symptoms. Among many happy Retonga endorsers is Mrs. Mattie Shannon, a widely known Houston resident of 1208 Northwood St., who stated:

"Retonga was a blessing to me. Constipation forced me to take purgatives regularly, upsetting my stomach and causing dizzy splitting headaches. My appetite failed, and due to insufficient flow of gastric juices what food I forced down caused torturous indigestion and gas bloating. Consequently, I felt weak and run down, and I felt so nervous I could hardly get a good

night's rest. Now, thanks to Retonga's prompt relief, I eat heartily and sleep fine, and so have regained five pounds. I feel better than in ten years. Retonga is simply wonderful."

Retonga is a purely vegetable stomachic medicine compounded of extracts from medicinal roots, herbs and barks, intended to increase the flow of gastric juices in the stomach and help nature remove wastes from the bowels. HIDALGO TAX PAYMENTS IN OCTOBER BIG

\$300,000 Collected Last Month

EDINBURG — Tax payments in Hidalgo county during October were nearly \$32,000 heavier than for the same month last year, and reached a record total of \$26,154. Clay Everhard, county tax collector-assessor, reported Saturday. The total represents 28 per cent of the total tax roll. Collections for the same month a year ago were \$271,192.

The heavy payments were due, Everhard explained, to the county's offer of a 3 per cent discount for payment of 1940 taxes before they become legally due. A number of the largest taxpayers in the county, he added, did not pay during the month for various reasons, indicating the 3 per cent discount has attracted an increasing number of small property owners.

"Those who wish to pay one-half before November 30, and the other half before June 30, 1941, do not receive discount on the first half but the second half can be discounted 3 per cent if paid before March 30, 1941," Everhard said.

Full payments of taxes are subject to a 2 per cent discount until November 30, and 1 per cent until December 31.

Everhard said several large firms wanted to take advantage of the October discount but withheld them until after their fiscal years are closed, thus being able to take advantage of the tax deduction in their federal income tax statements.

Mission Draft Board

Physicians Selected

MISSION—Roy Conway, chairman of Hidalgo county draft board No. 2, embracing Mission and McAllen, announced Saturday that Drs. T. R. Burnett and T. N. North of Mission, have been named examining physicians for the board. Conway said volunteers will be examined Monday, and will be officially notified to be ready to join the army next Sunday night if they pass the examinations.

A McAllen physician is expected to be named later, he said.

Trio Pleads Guilty To Liquor Charges

BROWNSVILLE—Josefa Puente, Petra Ramirez and Dee Carter, all of Harlingen, pleaded guilty to charges of possessing unstamped liquor when arraigned in Cameron county court Saturday before Judge Bascom Cox. Petra Ramirez and Josefa Puente were fined \$100 and costs. Dee Carter, a Negro, was sentenced to 30 days in the county jail. Complaints were filed by William Terry, district inspector for the state liquor control board.

Berlin Reports Raid

Attack From British

NEW YORK—(P)—The German radio in a broadcast heard by NBC said large numbers of British planes attacked Berlin Friday night and that a total of 12 were shot down, six in the Berlin area and six near the English Channel. The broadcast said "only 12" of the raiders reached the Berlin vicinity, that "insignificant fires" were started and "some damage caused to private houses."

Babson Says

Cost Of Living Will Be Watched Closely To Keep It From Getting Out Of Hand; No War Profits Slated

By ROGER W. BABSON

BABSON PARK — Now that the political campaign is over and readers have had a chance to settle down, it is well to discuss some practical problems. The first thing which comes to mind is prices. Whether you are a manufacturer, a shopkeeper, or housewife, you are naturally interested in prices. Hence, my column this week is devoted to this subject.

Beware Of Inflation

When I say "Beware of inflation" I am quoting the man who will be President of the United States for the next four years. No one realizes the dangers of inflation more than does he. When I was once talking the subject over with him, he said, "You need only to read history, Babson, to see what has happened to national leaders who have engulfed their nation with dangerous inflation." His friend, Mr. Henry Morgenthau, Jr., Secretary of the Treasury, is heart and soul with him in this opinion.

Yet, if prices are left to their own free movement, we may be headed straight for inflation. It is true that there will not be, during World War II, the demand for many things the prices of which skyrocketed during World War I. On the other hand, the vast amount of present available credit and suppressed speculation could easily send prices of certain commodities higher than ever before.

Need Of War Materials

With the election over, one thing is certain. This country will have a united front to build up strong defenses. No politician, labor leader, nor businessman will be permitted to make abnormal profits from the armament program. It simply will not be in the cards. This is another reason why fancy price increases will be frowned upon.

Don't be surprised if priority orders have been issued on certain commodities before this word of mine gets into print! There will be

no nonsense or playing about with war orders from now on. Manufacturers of war supplies are fully taken care of. The good old days of laissez faire are over. Priority orders will be the order of the day.

What About Wars?

During the last World War, I was an assistant to the Secretary of Labor in Washington. I saw the selfish attempts both of capital and labor to make abnormal profits while their brothers were in the trenches in France. We are not going to see a repetition of this situation during World War II. The present Congress has already put a tight rope on the profits of capital. The Administration is giving good advice to labor leaders that they watch their step or they will be handled roughly likewise.

Labor, however, will insist upon wage raises consistent with any raises in the cost of living. This means that to keep peace with labor and to insure maximum production, the cost of living must not get out of hand. Labor leaders are watching the cost-of-living index as a cat watches a mouse. This is another reason for the administration to watch it likewise.

What Is The Answer?

The answer to all the above is that we are headed inevitably for price fixing of some kind. This is being discussed in Washington as you are reading this column. The question is—Shall we follow the program of World War I by fixing the prices of only a few commodities at first, and then gradually increase the number; or shall we fix the price of everything at one time? This brings up again the question of politics even though the election is over! The agricultural districts want the prices of manufactured goods fixed; but not the prices of farm products. Strong pressure is being put on the administration to follow such a half-hearted policy. My own guess is that a "roof" will be put on everything

including farm products; but this roof will not fix the price of everything at current quotations. The farmer will be allowed more room in the "attic" of his house.

Prices Not Everything

But during these coming months let us think not only of prices but rather also of character. In fact, only through justice, truth, and charity can the price problem be solved satisfactorily. Price-fixing legislation alone will develop bootlegging unless people's hearts are right.

We worry about Europe and well we may. But as the people of Britain and Europe suffer materially they may be reborn spiritually. Let us be sure that, as we prosper materially, our spiritual lives do not go into reverse!

Baptists Of Texas Adjourn Convention At Houston Friday

HOUSTON—(P)—On a pledge that God will heed sincere prayer in "these poignantly troubled days," the Baptist general convention of Texas adjourned its 1940 meeting Friday.

The 1941 convention will be held in Abilene. Dr. George W. Truitt, pastor of the world's largest Baptist congregation promised that God would send his "ministering strength" if it were asked sincerely.

EDITORS HEAR MEXICO TALK

Tourists Assured Of Travel Safety

KEYNOSA, Mexico—Refugio Saenz of Victoria, deputy in the Tamaulipas state legislature, addressed 100 members of the Texas Editorial Association at a banquet here Friday night, declaring there is no internal trouble in Mexico and assuring American tourists they can travel in the Southern Republic as safely as in their own country.

The wild game dinner was one of the features of the newspaper editors' annual convention, which has been headquartered at Brownsville.

Saenz, stressing the need for close cooperation and understanding between the two nations in the Western Hemisphere's defense program, said that recurring rumors of impending trouble over the disputed Mexican presidential election was "absolutely false." The country is behind General Manuel Avila Camacho, recognized by the United States as the president-elect, Saenz asserted, and the inauguration will take place December 1 without incident.

He urged the newspapermen to tell their readers that Mexico welcomes tourists and will provide every means for their safety and comfort.

Cowboys Parade

Will Rogers Day Is Observed Friday

FORT WORTH—(P)—Texans and Oklahomans and cowboys from all the old west cattle country paraded on horseback and in horse-drawn surreys and wagons Friday to give a picturesque send-off to Will Rogers Day in Fort Worth.

The occasion was the belated dedication of the four-year-old Will Rogers Memorial Coliseum at the opening of the ten-day all-American rodeo and horse show tonight.

New 'Ghost' Speech Will Extoll Valley

McALLEN—Another of McAllen's ghosts will appear in public in the Middle West shortly.

A club woman in Abilene, Kan., will present a speech on the Lower Rio Grande Valley and McAllen, prepared in part by a ghost writer in the publicity department of the McAllen Chamber of Commerce.

This is the tenth "ghost" written speech on the Valley presented in the Mid-West, except for two given in the New England states, this year. McAllen and Valley literature were distributed at the club or luncheon meetings.

McAllen Club Will Stage Yule Dance

McALLEN—Pre-Christmas activities were planned by the Lions club at their regular luncheon Friday when they appointed Orville Cox general chairman of the annual ladies' night holiday dance about 10 days before Christmas.

On a program arranged by Mrs. Faye Jones, Ronald Zachman and Gene Catlett gave classification talks and the Bethany-Peniel college quartette sang several numbers. The quartette were introduced by Reverend Messer of the Nazarene Church. J. Lee Stambaugh of San Juan and Marcus Tansey of Smithville were guests.

Girl Scout Head Visits

Miss Alice Mulkey (center), regional advisor for the Girl Scouts of America, is pictured on a visit to Brownsville Saturday, when she met with women of the Lower Valley to talk over Girl Scout troop practices and problems.

Miss Florence Frankfield (left), Brownsville Girl Scout leader, welcomed Miss Mulkey to the Valley city, and Mrs. John Duto (right) was named chairman of the Brownsville Girl Scout steering committee which was organized during the morning to promote and organize Girl Scouting here until there are sufficient troops to warrant organization of a local council.

Mrs. James Rentfro, Mrs. P. W. Hirst, Mrs. G. Bogel and Miss Frankfield were named to assist Mrs. Duto on the committee. A meeting for Girl Scout leaders of the Lower Valley was held at the Brownsville Chamber of Commerce at 10:30 a. m. Miss Mulkey has charge of the Oklahoma-New Mexico-Texas region and is stationed at Dallas.

State Securities Commissioner In Valley To Confer With Real Estate Men

HARLINGEN—Wallace Scott, state securities commissioner, who will be one of the speakers for the meeting to be staged by Valley realtors in honor of the Valley's state legislators, at the Cortez Hotel in Weslaco, Monday night, will arrive in the Valley for conferences with any Valley real estate men who wish to talk with him. Keith McCaense of Harlingen, president of the Lower Rio Grande Valley Real Estate Association, said here Saturday.

WALLACE SCOTT

Scott will be at the Cortez by 5 p.m. Monday, McCaense said, to confer with the many Valley realtors who have requested opportunity to talk with him about the real estate licensing law. He will be glad to confer with real estate men concerning any features of the law, McCaense said. With Scott will be his field officer, Roy Jones of San Antonio.

The dinner meeting, to be held at the Cortez beginning at 7 p.m., will be given by the Valley's realtors in appreciation for the work done by Senator Rogers Kelley of Edinburg and Representatives A. J. Vale of Rio Grande City, Homer Leonard of McAllen and Augustin Celaya of Brownsville, in aiding real estate legislation which resulted in the licensing law being passed during the last session of the legislature.

All real estate men in the Valley, as well as others whose work is closely connected with the real estate business, such as representatives of government agencies, bankers, landowners, lawyers, material men, loan agents and abstractors, are invited to attend the banquet, sponsored by the association. Accommodations are limited, so all expecting to attend should get their tickets, costing 75 cents each, as soon as possible, McCaense said.

TRUCK LIMIT RELIEF SEEN

Okay On Exemptions May Come Soon

McALLEN—Lower Rio Grande Valley truck operators began looking forward Saturday to the end of their long, hard battle of the past three years for relief from the restrictions of the Texas 7,000-pound truck load limit law.

State Representative Homer L. Leonard of McAllen, now in Austin, advised newspapermen that relief from the restrictions may come at once after announcement that State Railroad Commissioners E. O. Thompson and Jerry Sadler, with Chairman Lon A. Smith absent, have agreed to look with favor upon applications for exemptions under Interstate Commerce Commission rulings. The exemptions would apply only to shipments of perishable fruits and vegetables into interstate commerce.

Leonard's message expressed his belief that the applications for exemptions, if granted, "would greatly facilitate our citrus and vegetable crops movements this year."

In spite of the state regulations, truck shipments of citrus alone this season, through November 13, have mounted to the equivalent of 2,535 cars, as compared with a total of 1,649 cars at the same date last year. Truck movements of citrus fruit have already reached an average of 130 to 150 truckloads daily as compared with 75 to 100 truckloads daily usually moved at this time of the season. A few truck shipments of vegetables are moving, as usual, with the truck loads heavy, if not better facilities for moving vegetables by rail because of icing requirements ordinarily result in larger vegetable shipments by rail.

Disease Study

Three Vally Doctors Back From School

McALLEN—Dr. Alfred Osborn returned Friday night from Hot Springs, Ark., where he attended a six-weeks school conducted by the United States Public Health Service. The school was the first of its kind ever held for post graduate study of venereal diseases and treatment.

Dr. Osborn with Drs. J. A. Hockaday of Port Isabel and J. C. Watkins of Harlingen were the only men from Texas attending the school, conducted by outstanding members of the U. S. Public Health Service.

The purpose of the school was to attempt to standardize the treatment of venereal diseases in public clinics throughout the nation. Mrs. Osborn and child accompanied Dr. Osborn home.

Hitler Sees Japs As Winners With Nazis

WILLKIE SEEN COLLEGE HEAD

Alumni Of Stanford Seeking Him

SAN FRANCISCO—(AP)—The Call-Bulletin said Saturday that "a powerful group of Stanford University alumni," unidentified, was "bringing pressure on the university board of trustees" to offer the presidency of the school to Wendell L. Willkie.

The president now is Ray Lyman Wilbur who has reached the retirement age but continues to head the institution at the request of trustees.

"The move has passed well beyond the talking stage," the Call-Bulletin reported, "and the interested alumni have met to discuss means of securing the offer and inducing Willkie to accept."

University trustees have been considering a successor to Dr. Wilbur for some time.

CALF BRINGS TOTAL OF \$144

Hereford Is Sold At McAllen Auction

McALLEN—One of the finest Hereford calves ever produced in the Valley was auctioned off at 12 cents a pound Saturday in a program conducted by the agriculture committee of the McAllen chamber of commerce.

The animal, raised by Harold and Aaron Reynolds as a Hidalgo county 4-H Club project, weighed an estimated 1,200 pounds, bringing a total of \$144.

Aaron has been the winner of the Hereford calf division at the Valley Mid-Winter Fair at Harlingen for the past three years and has won many other 4-H Club honors. Assistant County Farm Agent W. H. Gardener described the beef as one of the finest ever produced in the Valley.

The auctioneers for the occasion, held on the chamber of commerce lawn, were Ed McGinnis of the agriculture committee and Chamber Manager Paul T. Vickers.

Drunk Driving Is Charge In Mishap

EDINBURG—Charged with driving while intoxicated after his car turned over on State Highway 107 four miles west of Edinburg at 7 p.m. Friday, J. M. Stevens of Austin was released under \$500 bond here Saturday. He was given a hearing before Justice of the Peace J. Loy Ramsour.

County Patrolman Walter Lysinger, investigator, said there was no other traffic nearby when Stevens' car suddenly swerved and overturned, coming to a halt on its top. Stevens was not hurt, passing drivers extricated him from the machine.

Coventry Puts On Brave Show For King George

By ALFRED E. WALL
COVENTRY, England—(AP)—Stricken Coventry put on a brave, impromptu show Saturday for the king.

George VI motored up to this devastated industrial city to inspect the results of the most concentrated bombing Britain thus far has undergone.

Cheers greeted him and officials turned out the town hall's best silver and crystal for the monarch's luncheon. He brought words of sympathy, cheer and assurance of support for the stricken town.

By official estimate 200 persons were killed and 800 injured between Thursday sunset and Friday dawn by 500 Nazi planes.

But the populace made a show of spirit when the king's car, quite by surprise, threaded its way through the littered streets and pulled up before town hall.

The cry went up: "The King! The King!" Then a cheer: "Hip, Hip, Hooray!"

The king smiled. Saluting, he made his way through the throng as a red-faced policeman yelled: "Are we down-hearted?"

"No," the crowd roared. "Will we knock Hitler's block off?"

"Yes."

The royal visitor conferred with local and government officials organizing emergency relief and then toured the devastated area. He stood on a heap of smoking rubble where Coventry Cathedral had stood and spoke gravely to the provost of Coventry, the Very Rev. R. T. Howard, who told him of the futile attempts to save the 14th century structure.

LONDONERS FIND SHAKESPEARE IS RIGHT EVEN NOW

LONDON—(AP)—William Shakespeare lived long before the age of air bombardments, but Londoners agreed Saturday that he summed up Britain's 1940 situation pretty well with this line from "Richard the Third":

"Now is the winter of our discontent."

A matinee crowd in a London theater roared with laughter when an actor read the line.

LIONS STAGE ORPHANS FETE

San Benito Club To Be Dinner Hosts

SAN BENITO—Continuing an annual custom, the San Benito Lions Club will furnish a big dinner Christmas day for the orphans at the Sunny Glen Home at San Juan, it was announced Saturday by Woodrow Wilson, vice president. Other plans on the club calendar for December include a party for the ladies on December 20 for which Elmer Walk is in charge of arrangements.

These activities were endorsed and other plans were discussed at a dinner meeting Thursday at Miller's Coffee Shop when past club presidents, W. R. Brown, Carl Miller, Rudy Bendixen, Bob Collins and H. J. Glascock entertained club directors. The group also approved the club's assistance in the barbecue scheduled for Thursday night honoring the football teams of the senior and junior high schools at the Legion Hall.

Neil McGrady was raised from cub to full membership at the luncheon meeting Friday at the Stonewall Jackson Hotel and W. B. Speer, formerly of Robstown and now engaged in the produce business here, was welcomed into the club as a cub.

CLERKS WILL TAKE NOTARY PUBLIC DATA

Secretary Of State To Issue Papers

EDINBURG—Persons interested in becoming notaries public or renewing their appointments as notaries should make applications through the county clerk's office, Hidalgo Clerk Oscar D. Kirkland was informed Saturday by M. O. Flowers, secretary of state, at Austin.

Formerly notaries were named by the governor after the senate had approved the appointments.

In the future, all appointments will be made by the secretary of state. A constitutional amendment providing for this change was passed at the general election earlier this month.

Notary requirements henceforth will be that the applicant be 21 years of age and a resident of the county. All notaries will file their bonds with county clerks of their home counties. Thus if applications are made at the same office, the clerk will forward the names to the secretary of state and he will in turn return the notary commissions through the clerk's office. This method will be followed in Hidalgo, said Kirkland.

Appointments made before June 1, 1940, will expire November 20, 1940. All appointments to be made June 1, 1941, will expire June 1, 1943.

Tenth Annual Presentation Of Noted 'Messiah' Slated Here December 1

Outstanding Singers From Over State To Appear

HARLINGEN—The tenth presentation of Handel's masterpiece, "The Messiah," will be made by the augmented First Methodist church choir Sunday, December 1, to inaugurate the Christmas season.

This oratorio is said to be in the repertoire of every outstanding musical organization in the world and the Cincinnati Conservatory boasts that it has presented it over a hundred times and always to crowded houses.

Outstanding soloists from Kingsville, Dallas and the Valley have been obtained and the music loving public is invited to attend.

The program will begin promptly at 7:45 p. m., preceded by a time honored procession at which time the choir will use a carol as a processional hymn.

Valley Beautiful

LAWNS

By GEORGE H. PLETCHER, Jr.

LAWNS can be made very beautiful in the Valley with a minimum amount of expense and labor, provided they are fertilized in the winter. This will insure a dark green color during the summer with only a minimum amount of water. Good fertilizers to use are cow manure, sheep manure, ammonium sulfate, ground bone and cotton seed meal. Only manure well rotted should be applied. The best months are November and December, as it is necessary to allow sufficient time for decomposition before hot weather.

From a light sprinkling to a layer one inch thick can be used with good results, about 12 yards is plenty for a 75 by 150-foot lawn.

Commercial fertilizers are cleaner than manure. The best of which is sulfate of ammonia followed closely by ground bone. For best summer results, apply in January and February. Sulfate of ammonia can be used five pounds per thousand square feet, either dissolved in water and sprinkled on or scattered over area and washed in with care that no particles remain on leaves as it is caustic and specially dangerous to use in the summer.

Bone meal can be spread on at rate of 20 pounds per thousand square feet, without any burning effect. Cottonseed meal is a good fertilizer if used in the fall and can be scattered over the lawn at the rate of 25 pounds per thousand square feet, with care that a uniform spread is obtained as lumps cause burning. Remember fall and winter fertilizing insures your next summer's yard.

ANGLIN NAMED SCOUT CHIEF

Harlingen District Elects Officers

EMMETT O. ANGLIN

HARLINGEN—Emmett O. Anglin will serve as District 2 chairman for the Boy Scout organization here, it was announced here Saturday following election of new officers to head the district, which includes Harlingen, La Feria, Santa Rosa and Combes. Anglin will assume his duties on July 1, 1941.

Anglin succeeds Bob Adams, who was named vice chairman for the 1941 scout year. Saturday Anglin announced list of appointive officers, who will serve during the new year as chairmen of their respective committees.

Sam Saulsbury has been appointed as scout commissioner for the district by Arnold Dreyer, Valley Scout executive, following recommendation by Ralph Cissne, field executive.

New Appointees

Appointed by Anglin were: Ben Wood, chairman of the organization and extension committee; E. C. Cering, chairman of leadership training committee; John England, chairman of activities; Dr. D. C. Rougeau, health and safety; M. F. Drury, advancement; G. E. Osbourn, finance; and George Wright, publicity.

Anglin expressed himself Saturday as having always been enthusiastic about the scout movement, believing it the greatest boys organization in the country. He added that he believed all members of the district committee could be depended on to carry out the year's program as laid out by the Valley Council and Dreyer, so as to make 1941 the best scout year ever experienced for District 2.

New Troops

New troops are being organized here, and it is hoped troops can be built up and many new scouts added to the local group during the coming year. Biggest job, said Anglin, is to secure competent and willing scoutmasters. He stated he believed almost any civic organization will be glad to sponsor a troop if enough competent leaders can be found.

Anyone interested in scouts is always welcome, Anglin said, along with their suggestions and help. The scout movement, he said, should be considered everybody's organization.

CHAMBER SETS MEMBER DRIVE

Mission To Sponsor Xmas Lighting

MISSION—New members will be sought for the Mission Chamber of Commerce during the first week of December, according to plans mapped Thursday night when directors of the body met at the chamber office. D. W. Cott, vice president, was in charge.

Three divisions will be outlined for contestants in an outdoor lighting contest planned for the Christmas season. Contestants, who must register with the chamber office in order to be eligible for prizes, may enter in commercial, residential or rural divisions, according to the location. In each division, \$15 cash awards will be given, divided into \$7.50, \$5 and \$2.50 for the first three places, respectively. Deadline for the registration date and dates which the lighting effects must be kept illuminated will be announced later.

A model to represent the chamber of commerce in the Weeslaco Fiesta Grande style show was authorized by the directors.

A change in the meeting date was voted, setting the second and fourth Mondays as the dates.

RAF Repeats Raids On Germany's Ports

ORD REFUSES MISSION JOB

Chamber Manager's Post Still Open

MISSION—Paul Ord, Mineral Wells chamber of commerce manager, will not come to Mission to serve as executive of the Mission chamber, he notified R. N. Smith, president of the Mission unit Saturday. Directors of the Mineral Wells chamber unit refused to release Ord from his contract now in effect, he reported, but gave him a new contract at an increase in salary. He has been elected to the Mission post and was to report December 1 for his new duties.

Former Mission newspaper man and accredited as the "father" of the Texas Citrus Fiesta idea, Ord has been manager of the Mineral Wells chamber for the past two years. The salary raise given him this week is the second since his original contract was made.

Boston College Noses Out Georgetown 19-18

Hoyas Lose First Game In 3 Years Smart Playing Wins For Eagles

By BILL BONI
BOSTON—(AP)—A grand Boston College team equipped with fight, speed and inspiration fought its way into the front ranks of the nation's football teams Saturday by removing Georgetown from the ranks of the undefeated, 19 to 18, in a frantic struggle before 40,000 frenzied customers at Fenway Park.

Content to win their first seven games with a minimum of plays and formations, the unbeaten Eagles let the cat out of the bag and their trick plays with it this raw afternoon as they played wide-open and smart football on offense and determined football on defense.

Leading 19 to 16 with 65 seconds left, Boston was backed down deep in its own territory with fourth down coming up and 18 yards to go from its own 10. Deciding to go to its defense to keep Georgetown at bay for those 65 seconds, the Eagles dropped Charley O'Rourke back into the end zone, ostensibly for a punt.

O'Rourke, not risking a blocked kick, scurried back and forth in his end zone until finally he was downed, as he had meant to be. That safety brought Georgetown up to within a point of Boston, but Boston's faith in its defense proved to be founded on fact as the clock ran out with the desperate Hoyas getting nowhere.

This Georgetown went down to defeat the first time in three seasons and 24 games, and B. C. came through its eighth straight win without either defeat or tie. Saturday night, Eagle supporters were looking ahead to anti-climatic victories over Auburn and Holy Cross in the last two games and then an invitation to the New Orleans Sugar Bowl.

Hit squarely on the button by two breaks that helped Georgetown to a 10-0 lead in the first five minutes of play, Coach Frank Leahy's Eagles came back to stage two glittering scoring parades for a 13-10 lead at half time. Then, when Georgetown went 65 yards from the third-quarter kickoff to lead again by 16-13, the Eagles again had what it took to put on a 67-yard retaliatory drive of their own that brought them the payoff score.

COLONIALS BEAT KANSAS
WASHINGTON—(AP)—George Washington's Colonials awakened in the final period Saturday to push over a touchdown on a stubborn Kansas eleven and win 6 to 0.

The Colonials, with the period but a minute old, started at mid-field and with Tom Grady eating up yardage, drove to the Kansas 20. On the next play, Walt Fedora charged around his right end for the score.

Moves To Harlingen

After nine years of successfully managing the Mercedes golf course, Walden Haynes took over the same post at the Harlingen municipal course last Friday, succeeding Claud Liston who accepted a similar position at the Brownsville Country Club. Haynes, well-known in Valley golf circles and a popular pro and player, expects to inaugurate several new features at the Harlingen course as well as continue the tournaments that are held annually. He has expressed himself as well-pleased with the excellent condition of both the greens and fairways and invites all Valley golfers to come out and meet him in his new surroundings. (Staff Photo.)

Minnesota Beats Purdue 33-6 To Win Loop Title

MINNEAPOLIS — (AP)—Minnesota's football powerhouse won the Western Conference championship here Saturday by unleashing a high voltage attack that shocked Purdue's Boilermakers into defeat, 33 to 6.

It was Minnesota's seventh straight victory of the season, including five conference contests, and left it in position to bring a brilliant undefeated season to a close in the final game with Wisconsin at Madison next week. Michigan helped the Gophers to the title by eliminating Northwestern, 20 to 13 at Ann Arbor.

Purdue, held to net of 23 yards by rushing, fired 33 passes of which 13 were completed for 126 yards. Meantime Minnesota relied almost entirely on power plays that produced more than 300 yards.

There was little doubt about the outcome from the opening kickoff when Bobby Paffrath took the ball on his own 15 and fumbled. George Franck, Gopher speedster, was there to pick it up for the 20-yard line and he returned 80 yards for a touchdown. Gordon Paschka placed-kicked the extra point.

The second Gopher touchdown came after Franck had returned a punt 31 yards to the Purdue 31. Smith finally cutting through right tackle to score. Joe Nernik place-kicked the point.

A Purdue fumble recovered on the Boilermaker 35 led to the Gopher touchdown in the second quarter. On the first play Bill Daley, reserve fullback, spilled through for the score.

In the third quarter Nernik place-kicked a field goal, his first of two for the day.

Purdue's touchdown early in the fourth quarter came after a series of passes carried to the three-yard line. From there fullback John Petty needed four line plays to carry it over. The try for extra point failed.

Late in the period, with Purdue flooding the air with passes, Bill Baumgartner, end, knocked the ball into the air out of the hands of Frank Fijala, reserve Purdue back. Jim Lushine, tackle, grabbed it over the Purdue 13 and skirted over for the score. Bartlett place-kicked the extra point to send Minnesota into its 33 to 6 lead.

Bagged His Buck Early

To R. M. Correa of Harlingen goes the honor of bringing in one of the first deer of the Rio Grande Valley's 1946 season. The seven-point buck, shown above with Correa, was killed about 8 a. m. Saturday east of Lyford and was brought down with 30-30 Winchester at about 150 feet. (Staff Photo.)

Texas Tech Bowls Over Wake Forest's Deacons

LUBBOCK — (AP)—Texas Tech's Red Raiders remained among the nation's undefeated grid machines with a 12-7 victory over the big fast Deacons of Wake Forest here Saturday.

A homecoming crowd of 10,000 watched the Raiders thwart all Deacon scoring attempts after the first quarter and come from behind in the third to take their seventh game of the year.

Alice Coyotes Defeat Lyford

ALICE—(Sp.)—Led by one of the fastest things on high school legs in Texas—B. Wilson, Lyford High School halfback, who took the 220-yard dash in the state high school meet last year—Lyford was able to hold the powerful Alice Coyotes partially in check and lose by the presentable score of 26 to 12 here Friday night.

The outstanding star of the game, even in defeat, Wilson scored first in the second quarter after taking a pass from Ross and then galloping 46 yards across the goal. In the third quarter he took a Coyote punt on his 10-yard line, cut to the sidelines, and disappeared across the goal, 90 yards away, in almost nothing flat.

Alice had 18 first downs to 6 for Lyford, however, and gained 279 yards rushing to 133 for the Valley team. Alice passed five times and completed one for 33 yards, while Lyford passed 10 times and completed five for a total gain of 77 yards.

Alice scored one in each quarter, all on power plays. In the first quarter Potts Stacy went over left guard for 2 yards and a touchdown. In the second, Stacy went wide to the left for 7 yards and a goal. In the third Dinky Price scored from the 3-yard line. And in the fourth, Stacy scored from the 3-yard line. Price converted from placement once and passed to Bert Proctor for another conversion.

Outstanding for Alice were Schroeder, Gaines, Gilbreath, line-men, and Price, Proctor and Stacy in the backfield. Wilson and Ross stood out in the Lyford line and J. C. Simpson, fullback, and Ed Nichols, were prominent for their defensive line-backing.

Stanford Thumps Beavers 28-14 In Coast Game

Move Close To Rose Bowl Bid

By RUSSELL NEWLAND
PALO ALTO, Calif. — (AP)—Stanford's invincible Indians nailed their football battle flag on the ramparts of the Rose Bowl Saturday with a thumping 28 to 14 victory over Oregon State's Beavers.

The team that Clark Shaughnessy coached from the Coast Conference cellar to undisputed leadership in one season, assured itself of nothing less than a tie for the title. One game remains to be played against California.

Stanford can do no worse than an even finish with Washington, and inasmuch as the Indians have vanquished Washington 20-10, there was not much more left than the shouting.

The assumption was that the balloting of ten conference members, who vote on the Western representative for the Rose Bowl, would be a mere formality.

Th score was tied, 7-7 as the Indians came out for the third period. Within a period of nine minutes Shaughnessy's gridiron magicians had crashed over with three touchdowns and a margin that made most of the 35,000 fans rooting for them relax in relief.

The Indians smashed 50 yards to break the deadlock; pounded 33 yards after recovering a fumble then hit the turf on a 61-yard thrust after an intercepted pass.

Oregon State came back in the last quarter to capitalize on a Stanford fumble and move 19 yards for a touchdown. For a short time thereafter, the Northerners were still in the running. They passed and smashed 70 yards to Stanford's 11-yard marker, then lost the oval on an intercepted pass.

Stanford scored on the first series of plays after receiving the kickoff. The 71-yard advance took three and one-half minutes. Oregon State retaliated with a march of its own to travel 58 yards and score 11 minutes after the game had opened. It tied the count and they finished the half even up, 7-7.

Another 'First'

McALLEN—Lee Hart was the first McAllen hunter to bag a deer this season.

He brought down an 8-pointer in the Monte Cristo area about 8:30 a.m. Saturday, first day of the season, and came back into McAllen at 11 a.m.

Hart received a sheepskin-lined gun case from the Borderland Hardware Company, which annually awards a prize for the first buck.

Miss Betty Vertrees (pictured below), will have the role of Miss Bougainvillea in the Bougainvillea "March Of Time" production at the Donna Dia Grande celebration December 5 and 6. She is the daughter of Mr. and Mrs. J. H. Vertrees of Donna. (Photo by Hall, Weslaco)

Enjoying a whirl of fall parties is Mrs. Franklin Hart of Chicago (pictured with her husband at the top of the page) who arrived a few days ago with her husband to visit McAllen relatives. Mrs. Hart is the niece of Mr. and Mrs. C. A. Marshall and was honoree Friday afternoon at a tea given by Mrs. Marshall which had more than 100 guests from the upper Valley. The groom is the son of Mr. and Mrs. Lee Hart of McAllen. The couple was married last summer at Glendale, Calif. Since that time they have been making their home in Chicago. Leaving the Valley they will go to Wichita, Kansas, where he will be associated with an airplane manufacturing concern.

Engagement and coming marriage of Miss Jane Kelly, above, eldest daughter of Judge and Mrs. T. W. Kelly of McAllen, to Kenneth Wilkins, son of Mr. and Mrs. J. E. Wilkins of San Juan, was made during the past week at a buffet supper given by the bride-elect's mother. The wedding will take place November 27 at the home of the bride's parents.

Shown in the photo at the upper left is Miss Eleanore Shaw who departed parted Saturday evening for her home in St. Louis after a delightful two weeks' visit in Brownsville with her sister, Mrs. Joe K. Wells and Mr. Wells. Miss Shaw was honoree for a large coffee given by her sister and for a number of small informal courtesies during her stay.

Mrs. H. A. "Del" Swanson, in the lower center photo, surveying a Valley palm which is still something of a novelty, is a comparatively new Harlingen resident and a bride of the late summer. She is the former Miss Winifred Wallace, daughter of Mr. and Mrs. Glenn D. Wallace of Nashville, Arkansas.

Raymondville Couple Hosts At Dinner Dance On Silver Anniversary

(Photo On Page 2)

RAYMONDVILLE — Marking the social calendar this week was the smart dinner dance given by Mr. and Mrs. J. K. Smith in celebration of their 25th wedding anniversary Thursday evening at Halliburton's west of Harlingen.

A handsome silver epergne filled with white chrysanthemums and white tapers in silver holders lent

a note of sparkling elegance to the dinner table.

Receiving the guests in the large north room which was reserved for the occasion were the host, hostess and her mother. Mrs. Smith was stunning in a formal gown of petal pink jersey fashioned with shirred bodice and having a tricky jacket for warmth. She wore a bodice corsage of rosebuds and chrysanthemums.

Mrs. H. T. Smith To Be Honored At Tuesday Tea Event

BROWNSVILLE — Mrs. Henry T. Smith, a newcomer to Brownsville, wife of the new American vice-consul here, will be named honoree Tuesday afternoon when Mrs. Henry G. Krausse, wife of the American vice-consul, and Mrs. Carlos A. Calderon, wife of the Mexican consul here, will be hostesses.

The affair will be a tea, to be held between the hours of 4 and 6 o'clock at the Krausse home. Mrs. Smith, a recent bride, arrived here in the early fall from her former home, Atlanta, Georgia.

D. A. R. Luncheon To Be Wednesday

SAN BENITO — The Valley will be the subject for the program at the meeting of Lieut. Thomas Barlow chapter, N. S. D. A. R. to be held Wednesday, November 20, at the home of Mrs. Herman Johnson, 557 N. Sam Houston Boulevard. Co-hostesses will be Mesdames N. S. Monger, C. M. Cash, S. S. Dodds, Ned C. Riggsbee, and Charles E. Barber.

Mrs. R. A. Thompson, Raymondville, will lead the program, "Promoting Valley Markets." A panel discussion will be presented with Mrs. Eldon Smith, Mrs. T. A. Williams, and Mrs. Rex Patterson, participating.

Kieschnick-Adams Nuptials To Be Read In Early December

HARLINGEN — Of interest to friends of the couple in Harlingen and other Valley towns is the announcement made by Mr. and Mrs. Herman Adams of West Sinton of the engagement and coming marriage of their daughter, Esther Ray, to Edgar Kieschnick of Houston, son of Mr. and Mrs. W. H. Kieschnick of Harlingen.

The bridegroom-elect formerly resided here and his fiancée has often visited here. The wedding will take place the second week in December.

Mrs. C. A. Marshall Is Hostess For Tea Feting Niece Wed Last Summer

McALLEN — Blue and yellow formed a highly effective decorative scheme for the tea Mrs. C. A. Marshall gave at her home Friday afternoon to honor her niece, Mrs. Franklin Hart, the former Miss Jean True, visiting with her husband in the Valley for the first time since her wedding in California several months ago.

Blue pottery bowls held huge bouquets of yellow chrysanthemums used as floral touches over the large Marshall home. In the dining room the blue and yellow theme was given special emphasis on the tea table, centered with chrysanthemums in a blue bowl, flanked by yellow tapers in blue candelabras. Only all-blue tea service was used. A large cake, iced in yellow, topped with spun sugar yellow and

Wedding Is Today

At nine o'clock this morning in the First Methodist church, Miss Mildred Hommel, daughter of Mrs. George Hommel, will become the bride of J. Murray Stevens of Austin, son of Mr. and Mrs. J. M. Stevens of Harper, Texas. (Holbrook Studio.)

Wedding In San Benito Early Sunday Morning Of Affectionate Interest

SAN BENITO—A simple church wedding holding the interest of friends in San Benito and in Harlingen will be celebrated Sunday morning, November 17, at nine o'clock when Miss Mildred Hommel, daughter of Mrs. George Hommel, will exchange vows with J. Murray Stevens of Austin, son of Mr. and Mrs. J. M. Stevens of Harper, Texas. The Rev. L. J. Rode, pastor, will read the marriage lines.

Gold and bronze chrysanthemums

and autumn leaves in tall floor baskets have been placed on either side of the altar space. Fern covering the chancel rail is inset with small chrysanthemums in autumn shades intermingled with autumn leaves elsewhere about the church are blossoms and foliage expressive of the season.

Robert K. Reed will be at the organ for the wedding music and will play the traditional marches, giving "Bridal Chorus" from "Lohengrin" by Wagner for processional and the "Wedding March" from Mendelssohn's "Midsummer Night's Dream" for recessional. During the ceremony the melody of "Meditation from Thais" Massenet will sound softly.

Miss Velva Hommel will attend her sister as maid of honor. Her costume is of kahlki green light-weight wool made on the lower section of the skirt. Her gold off the face hat is trimmed in brown and beautifully veiled and her gloves repeat the gold hue while other accessories are brown. Miss Hommel's corsage is of small gold and bronze chrysanthemums.

The bride has chosen a costume suit of light weight wool in wood brown, the full length princess coat being finished with a beaver collar. Her hat of gold and brown is feather-trimmed and worn with a shoulder length brown veil. Accessories in a matching shade of brown and a corsage of tallisman roses are harmonizing costume touches.

Best man will be Carl A. Stevens of Harlingen, cousin of the bridegroom. A wedding reception will be held at the home of the bride after the church ceremony. Here a profusion of autumn blossoms, with chrysanthemums predominating, has been arranged.

The table, done in bridal white is appointed in crystal and silver. Center of interest will be the tiered wedding cake, topped by a miniature bride and groom, with lighted white tapers burning in crystal candelabra on either side.

Mrs. Carl Stevens, Harlingen will serve the cake; Mrs. Katherine Riley will preside at the silver coffee service; and Mrs. Marvin Dill is to have charge of the bride's book. The bridegroom will leave immediately after the reception for a wedding trip and will establish their home in Austin.

Miss Hommel has been honored with a series of prettily appointed prenuptial courtesies and has been a resident of San Benito since early childhood. Mr. Stevens formerly resided in Harlingen where he was manager of Stevens Stores.

New Leader Has Record Long Service

First President From 7th District

PLAINVIEW—Election of Mrs. J. W. Walker as president of the Texas Federation of Women's Clubs, which marked the close of the annual convention the past week in Austin, signals the first time seventh district has had a representative elected president.

Mrs. Walker was unanimously endorsed by the seventh district board and convention and by individual clubs in all portions of the state, including the 11 federated clubs at Texas State College for Women, her alma mater.

She has held every elective office in the district and is the immediate past treasurer of the Texas federation. In this office she had supervision of the \$9,000.00 annual budget.

Despite her extensive club experience in club work, friends point out, Mrs. Walker is not at all the stereotype club woman and is popular for her sense of humor, her ability to make intelligent extemporaneous talks, and her refreshing, open-minded attitude.

She is a member of the Daughters of the American Revolution and past president of the Plainview branch of the American Association of University Women.

blue flowers graced one end of the table.

Receiving at the door was Mrs. E. A. McDaniel with the receiving line composed of Mrs. Marshall, the honored guest, Mrs. Lee Hart and Mrs. McAdoo, mother and grandmother, respectively, of the groom.

Mrs. J. E. Wilkins served the cake and Mrs. A. J. Campbell poured. Assisting in the dining room were Mrs. B. D. Kimbrough, Mrs. Vannie Cook, Mrs. G. Aubrey Thomas, while hostesses in the living room, library and sun porch were Mrs. Ray Loosh, Mrs. I. A. Patton, Mrs. Anne Jo Jones and Mrs. E. M. Card at the guest book.

Mrs. Hart is the former Miss Jean True of Chicago. Both she and her husband attended high school here. They were married last summer at Glendale, Calif., while he was a student at the Curtiss-Wright School of Aeronautics.

They will make their home in Wichita, Kan., where he will be associated with an airplane manufacturing concern.

Bride-Elect Honoree For Pretty Event

HARLINGEN—An outstanding event of the weekend was the lovely bridal shower given by Mrs. Mildred Axtell in honor of Miss Martha Anderson, bride-elect.

The guests were received by the hostess, honoree, and Mrs. Sherman Perry.

The bridal motif was noted in all the decorations and in the refreshment course. Especially effective as table decoration was a miniature replica of the church in which the bride is to be married. A miniature bridal couple stood in the door of the tiny church which was lighted by tiny candles. White tapers at each end of the board lent a mellow glow to the scene.

Accent was given the bridal theme by pink and white roses which beautifully decked the reception rooms.

Many attractive gift packages were presented to the honor guest by little Maxine Perry, niece of the hostess, and little Martha Lou Anderson, niece of the honoree.

Mrs. Perry had charge of the bride's book.

Hobby Club Enjoys Meet

HARLINGEN—Lovely red roses and artistic appointments made the Wednesday luncheon meeting of the Hobby Club especially enjoyable for members and guests. Mrs. J. B. Bradford was hostess at her lovely home, 1417 W. Harrison.

Especially noteworthy were the placecards, made by the hostess, which depicted typical figures and costumes associated with Charro Days. The sketches were unique in that the outlines were made of the letters forming each guest's autograph.

Red roses centered the quartet tables and large vases of roses were placed about the home. Mrs. Stella Hamilton of Kansas City Drive was welcomed as a new member. A round table discussion was carried out with each person relating some incident or adventure connected with her favorite hobby.

The afternoon was spent in handicraft of various kinds with several engaging in Red Cross work.

Members present were Mesdames N. B. Lackland, Tom Bowman, R. T. Sanders, H. M. Dunaway, Ivan Hamilton, J. B. Lankford, Charles Blakeney, A. B. Ewing, Stella Hamilton, and J. B. Bradford.

Mrs. E. M. Moody was a guest. Next meeting will be November 21 at the home of Mrs. Lankford, 218 W. Pierce.

Royal Neighbors Entertain Large Group At Supper

McALLEN—Forty-five members and guests attended the covered dish supper Thursday at 7:30 p.m. which the Royal Neighbors of America gave at the Odd Fellows Hall to honor their new members.

The guests were invited to watch the drill team put on their march. Neva and Mervyn Berquist of Mission played a number of piano duets and several young members of Will Gartland's band gave selections on their accordions.

W. C. Olson, president of the Minnesota tourists, gave a reading.

The next regular meeting of the chapter will be held at the Leta Schwingel Studio December 12 at 8:00 p.m.

Meeting Is Today

LA FERIA—Baptist young people from all over the Valley are expected to assemble at the Baptist church here for the B. T. U. zone meeting. The program will start at 2:30 p.m.

Couple Wed 25 Years Ago

Mr. and Mrs. J. K. Smith, Raymondville, who celebrated their 25th wedding anniversary Thursday night with a delightful dinner dance at Halliburton's were snapped by the photographer as they read congratulatory telegrams. Mr. and Mrs. Smith were in Havana, Cuba, during the summer where Mr. Smith was a delegate to the International Rotary Convention. (Story Page One.)

Exceptional Interest Stirred By Program For Study Club Meeting

HARLINGEN—Both subject matter and brilliant, unusual presentation made the program for Study Club members Thursday at the Woman's Building notable in the planned series for the year. Taking its topic "The Vista of the Printed Page" from the fact that National Book Week was being observed over the country, the study received added interest from a display of old and new books.

Mrs. Menton J. Murray gave an unusual and effective discussion of current magazines for women. She

gave the early history of some of the periodicals, and in general classified them into groups dealing chiefly with architecture, woman as the center of the home, and style and personality.

To illustrate some of her points and to draw attention to the distinctive personality each periodical has, she ended her talk with a review of the current issue of Vogue.

In characteristic brilliant fashion, Mrs. Wm. L. Trammell brought significant passages from "Mrs. Miniver" to the club audience by giving them as dramatic readings. Delivering her excerpts wholly without notes and with vivacity and lively humor, Mrs. Trammell's well-selected paragraphs moved her hearers to quick appreciation of the English woman columnist, Jane Struther, who has received so much recognition on both sides of the Atlantic.

Mrs. J. T. Foster arranged the exhibit which included numerous rare old volumes, made doubly picturesque by the contrast afforded by a display of modern best sellers.

The club's annual Thanksgiving program will be presented next Thursday in the Methodist church basement when Mrs. J. M. Bradford, noted authority on Indian life in America, will be a special guest. The program is open to the public, visitors being asked to arrive at 3:30 p.m.

Decorations For Holidays Form Topic

BROWNSVILLE—A paper on table arrangements for Thanksgiving written by Mrs. John Duto was read by Mrs. R. L. Sledge, president, at the Thursday morning meeting of Victoria Heights Civic club. Mrs. J. M. Bryant was hostess.

In the business session, Mrs. Kent Crowe acted as secretary in the absence of Mrs. Duto, and the latter's resignation as secretary was accepted with regret. Mrs. Frank Barker was named treasurer.

Two new members, Mrs. George Dockey and Mrs. Pearl Forister, were welcomed by the club.

The next meeting will be held December 19 at the home of Mrs. Harry Crowe, and this will be a Christmas party.

Attending were Mesdames Frank Barker, A. E. Kraut, Ford Lockett, W. F. MacDonald, R. L. Sledge, George Dockey Pearl Forister, G. E. Lauver, and Miss Oma Darling.

Quartet Entertains For Class Members

HARLINGEN—Four hostesses whose birthdays occur on the same date entertained Thursday for the meeting of the gleaners Class of the First Baptist church held at the home of Mrs. E. A. Shelton. Hostesses were Mesdames Sophia Larson, S. B. Izard, and L. B. Holmes, and Miss Lily Stroud.

Mrs. Gray McCullah brought the inspiring devotional and Mrs. W. A. Holt was in charge of the social hour.

Members present were Mesdames N. H. Windsor, Ewing Clark, Anne Thomas, May McIntosh, L. C. White, R. T. Reid, W. A. Smith, Sophia Larson, Ruby Whitworth, E. A. Shelton, L. B. Holmes, and S. B. Izard.

Guests included Mesdames L. A. Wilson, W. A. Holt, A. W. Cooke, A. C. Pate, D. B. Meadows, Jeff Farmer, and Bert Johnson.

Christmas Party Set By P-TA's

BROWNSVILLE—A Christmas party was planned for the children, and committees were named when the Parent-Teacher Association of the first ward school met Thursday afternoon at the school.

Mrs. Harry Roberts, Mrs. T. L. Jennings, and Mrs. I. O. Martinez were named to handle arrangements for gifts and refreshments for the party.

Appointed on the ways and means committee were Mrs. C. Grant, chairman, and Mrs. Royce Russell, and Mrs. R. Bohan. Mrs. McRoberts, named program committee head, will name two others as assistants.

On the welfare committee are Mrs. Wesley Ellis, chairman, and Mrs. Martinez and Mrs. Jack Todd.

An interesting talk on American Education was given by Supt. E. C. Dodd.

Mrs. R. R. Collins was elected treasurer following the resignation of Mrs. Barney. The welfare committee reported having given all clothes on hand to needy children.

The following program was given: selections, second grade rhythm band; The Folk Dance, March from Aida, and Indian War Dance; piano solo, Jolly Thoughts, Corinne Russell; recitation, The First Thanksgiving, Billy Hanna; dialogue, Columbus's Thanksgiving Party, Dorothy Beck, Corinne Russell, Robert Merrill, Corinne Roberts, Jack McNabb and Allyn Baker.

Mrs. John Merrill, president, presided at the session. The book for the largest percentage of mothers attending went to Mrs. John Hunter's room. Forty nine attended the session.

The next meeting will be held December 12.

Resaca School PTA Names Officers; Plans Program

BROWNSVILLE—Members of the Resaca school Parent-Teacher Association met Thursday afternoon at the school, elected new officers.

These are Mrs. Tomasita Loya, president; Mrs. Juanita A. Garza, vice-president; Mrs. Xoa Laughlin, treasurer; and D. P. Benavides, secretary.

Thirty-four attended the session, and discussed the Christmas program to be held for the children. Cooperation of the parents was asked in sending the children to school not earlier than eight-thirty. Discussion was held also on the results of the health examinations of the children, which have been followed up in most cases by visits to family physicians of the children.

State Regent Is Honored In Valley

Concluding Event Held In Mission

MISSION—Claiming wide interest over the Upper Valley was the reception given Thursday evening complimenting Mrs. A. J. Le Blanc of San Antonio, state regent of the Catholic Daughters of America. Members of the Court St. Rose of Lima, C.D.A., were hostesses for the event which also honored Mrs. H. H. Edwards, Corpus Christi, vice state agent, who was with Mrs. Le Blanc on a visit to Valley C.D.A. units during the week. The parish hall of the St. Paul's Catholic Church was decorated for the event, which was attended by approximately 75 guests.

Mrs. A. J. Shary, grand regent of the hostess chapter, headed the receiving line to greet the guests. With the two honor guests and Mrs. Shary, the line included Mrs. George Allen of Pharr, district deputy, Mrs. J. E. Walsh, vice regent of the hostess unit; Mrs. J. F. Tanner, Mrs. Charles Volz and Mrs. Gus Rome, officers.

A program was introduced by Mrs. Shary and included talks by Mrs. Le Blanc, Mrs. Edwards, Father Emil Platt, Mission; Father George Buckley and Father George Laborde, McAllen. Musical numbers were presented by Miss Verna Klappich, Miss Mary Annis Volz and Billy Barton.

Presiding at the refreshment table after the program were Mrs. Shary, who poured coffee, and Mrs. Walsh, who served the punch. Featured in the floral centerpiece of the table was an arrangement of bougainvillea blossoms and chrysanthemums, which portrayed the colors of the organization, purple and gold. As a background for the table, set at one end of the hall, palm leaves formed a screen which was decorated with bronze-hued datura berries.

Thursday's courtesy was the conclusion of a series extended the visitors' stay in the Valley when they were entertained in Mission, Brownsville, Rio Grande City and McAllen.

OES School Set Dec. 4

McALLEN—Detailed plans have been announced for the Valley school of instruction to be held December 5 at McAllen with the 17 chapters in the Valley participating.

Heading the list of grand officers coming to conduct the school are Mrs. Robbie Dyer of Amarillo, Mrs. George Matron, A. E. Shirley, Port Arthur, worthy grand patron; Mrs. Hattie Lucille Dowell, Austin, grand examiner; Mrs. Lucille Duffner, San Antonio, district deputy grand matron; Mrs. Jane Hensley, La Feria, deputy grand matron. Other grand officers are expected to attend, arriving December 4.

THAT argument over which Thanksgiving to observe won't last very long if it is recalled that everyone has enough to be thankful for for two Thanksgivings.

We must not have become Thanksgiving-minded so far this year for we had visions of a swift change in the Balkan situation when the headline below hit us between the eyes:

"TURKEY PRICE REPORTED HIGH"

It was, of course, an indication to the housewife what she may expect to pay for either or both Thanksgiving birds.

Thanksgiving and usually a day or two before mean a lot of work for mother and a good way to show

appreciation for hours of loving labor is to maybe lend a hand with the cleaning up afterwards. It's the willingness and not the dexterity at the job that counts. Folks probably are going to like the idea of two Thanksgivings, now that the novelty has worn off and start organizing weeks for more and better holidays.

AS A matter of fact, Daughters of the Republic of Texas have been active for some time to have January 26, March 6 and November 3 designated as holidays.

In case you're not up on your Texas history, January 26 is Lamar Day; March 6, Heroes Day; and November 3, the birth date of Stephen F. Austin.

Of course, there are two Texas holidays pretty well observed, Independence Day, March 2, and San Jacinto Day, April 21.

VALLEY school officials and other folks as well will be mighty interested if Texas club women take up the suggestion of the retiring president, Mrs. Joseph Perkins, that club women champion school per capita apportionment based on average daily attendance rather than on the school census. It would seem of hand that such a program might work a hardship on rural areas where attendance is more seriously affected by weather and where assistance in meeting costs of school operation is most needed.

ELECTION at Texas A. & I. College Tuesday will hold special interest in the Valley because two Valley girls are on the list of 14 nominees for Lantana Ladies.

Beatrice Johnston, Harlingen, is the only freshman in the group of nominees submitted to the Student Council.

The other Valleyite is Rosemary Smith, McAllen sophomore.

Rules for the nomination and election were drawn up by Harriet Kidder, Mercedes, editor of El Rancho, 1940, and Kenneth Grimes, president of the Student Council, 1939-40.

FOLKS will be traveling alleyways in preference to streets if very many back yards present the appearance of Mrs. J. B. Lankford's at 218 W. Pierce.

It's the spectacle of chrysanthemums, not any fancy mammoth single blooms, but just masses of dusty rose blossoms making a sort of mound with yellow and white ones at one end and golden-bronze ones in another place.

The interesting part of it is that they're Mrs. Lankford's first chrysanthemums in the Valley and she was told by a number of gardeners that they were not the flowers for planting here.

Despite her statement that she's an amateur, there's nothing amateurish about the way her garden at her new home has turned into one of the prettiest spots in town.

IN converting hubby to the pleasures of gardenings, it might be well for flower lovers to keep for herself the task of selecting seed.

At least there'd be no room for dispute as to whether or not the dealer poured from the wrong sack and cabbages and parsnips grew where larkspur was expected.

THE largest pond of wild water-lilies to our knowledge is about three miles from Barreda on the road to Los Fresnos.

The lilies close up in the early afternoon and are prettiest in the late morning or about noon.

Native salvia also closes about noon after blossoming riotously during the morning.

The wild four o'clocks are among the most fragrant and unassuming of the many wild flowers.

Mrs. A. C. Garrett Hostess At Bridge

RIO HONDO—The Friday afternoon Contract Club met with Mrs. A. C. Garrett as hostess Friday afternoon, November 8.

The members and guests present were Mrs. Joe Yeoman, Mrs. J. R. George, Mrs. Mack Mize, Mrs. Ralph Bradshaw, Mrs. John Moore, Mrs. Alton Caffal, and Mrs. Jean Newman.

RIO HONDO—Mr. Ed Kindinger is confined to his home because of illness.

Book Week Emphasized By Group

PHARR—Mrs. J. O. Jameton and Mrs. Guy Young were co-hostesses Wednesday afternoon for the regular monthly meeting of the Pharr Progress Club. The meeting was held in the library rooms of the Kiwanis Club building in celebration of Book Week. Yellow and white chrysanthemums formed the floral appointments and the yellow and white color theme was carried out in every detail.

In keeping with the Book Week observance, Mrs. H. L. Murphy, chairman of the library committee, and in charge of the program gave a very instructive talk on various classification of books in the Pharr city library.

Miss Malone, Pharr-San Juan-Aia-mo high school librarian, gave the club members many helpful hints on how to keep a library correctly, and Mrs. Ruth Bevil, city librarian, gave useful information concerning the city library. To depict further the Book Week theme, a contest in charge of Mrs. Murphy and relating to books and book characters, was enjoyed with Mrs. R. E. Slocum winning the first prize.

In the business routine, the club voted unanimously to support the Garden club in the beautification clean up drive, a part of the Rose Cup contest.

A social hour followed in which refreshments were served to 25 members. Sandwiches in book form and standing between bookends were served with coffee from a lace laid table graced with yellow and white chrysanthemums.

Review Series Inaugurated In Mission

MISSION—First of a series of book reviews was an event of Thursday evening when Mrs. C. K. Wildermuth presented a program at the Mission Public Library, sponsored by the Woman's Tuesday Club of which Mrs. Wildermuth is a member.

In reviewing Louis Mumford's "Faith for Living," Mrs. Wildermuth stressed the appeal which the author made to Americans to carry on traditions of pioneers in seeking to restore a faith in living to hand down as a heritage to their descendants.

Mrs. W. A. Wolverton, club president, presided at the tea table when hot punch and dainties were served. Laid with a cut-work linen cloth, the table was done in white, featuring white roses in the center arrangement flanked with tall white tapers in crystal candelabra.

Members of the high school library club assisted club members in hostess duties.

Frosty moonlight illuminated the campfire scene on the river bank Thursday night when members of the senior young people's Sunday school class of the Christian church held a picnic party. Supper was cooked over the campfire and radio music gave further pleasure to the outing.

Splendid Report Of Grand Chapter Given By Matron

HARLINGEN—Especially interesting to Eastern Star members was the official report of sessions of grand chapter which was presented by the delegate, Mrs. Mary M. Bowers, worthy matron, when the regular O.E.S. meeting was held at the Masonic Hall.

Mrs. Bowers said the opening of the "Sunshine session" at Mineral Wells, the memorial service, and the installation of new officers was public and each ceremony was elaborate and very beautiful. She told of proceedings of chapter in detail.

During the regular meeting chapter members were honored with a "march of time" program presented by the worthy matron and her corps of officers. Honored were Mrs. Sarah Brindley, Mrs. Lizzie Lee Sanders, John Sanders, and J. M. Paine.

Zinnias in many shades decorated the hall. On the decorating committee were Mrs. Viola Fredericksen and Mrs. Denna Thompson. Mrs. Jenny Bennet, Mrs. Jenny Spangler and Mrs. Lucille Chatfield formed the reception committee and Mrs. Ella Grimsell and Mrs. Mattie Hamilton served pleasing refreshments to about 30.

Mrs. Caroline Baldwin of Chicago, Ill., was a guest.

Thanksgiving Setting Created For Party

EDCOUCH—Mrs. Gordon Smith entertained with a pretty party Thursday afternoon honoring members of the Thursday Bridge Club. Gorgeous yellow and white chrysanthemums were used to decorate the reception rooms. High score for the afternoon went to Mrs. G. C. Norris.

The hostess served a salad plate to Mesdames W. C. Moore, M. P. Lackland, J. F. Byrnes, G. C. Norris, L. B. Doshier, V. M. Watson, James Johnson and Henry Watson. Edouard "Starring Milk in the Diet" was the subject for a very instructive demonstration when Miss Marie Miller, county agent, Edinburg met Thursday with members of the Lone Star Home Demonstration Club at the home of Mrs. Lester Hays north of Edcouch.

Pretty fall flowers were used to decorate the home.

Miss Miller demonstrated the use of milk in the diet by making hot and cold milk drinks, custards, and soups.

The foods made in the demonstration were served by the hostess along with cookies, candies and hot punch to one guest, Mrs. O. E. Dickson.

Heads San Benito Club

Mrs. Orville V. Brown, San Benito, is president of the What-to-Read Club of San Benito. Members of the club are staging their annual benefit for the San Benito public library Wednesday at 3 p. m. at the First Methodist Church. Paul Moore, director of the Little Theatre of the Upper Valley, will present a three-act play. Proceeds will go to the library. (Holbrook Studio.)

Round Table Celebrates 8th Birthday At Event

BROWNSVILLE—Members of the Pan-American Round Table gathered in a dinner and program meeting Wednesday evening at El Jardin hotel to celebrate the Table's eighth birthday.

At a long table were seated the director, honor guests, and the committee in charge of the program, and at smaller tables for eight were the members and their guests. Each table was decorated with a cross of bougainvillea, with sprays of yellow asters and white tapers, symbolic of the Pan American flag. The place cards were similar to the flag also.

Mrs. Ben Freudenstein, director, greeted the members and guests and after the introduction of the guests, "God Bless America" was sung, led by Miss Elizabeth Canales. The program was then turned over to the associate members.

Mrs. Penrose W. Hirst, Mrs. Ralph H. Eisaman, and Mrs. Milton H. West, who formed the committee in charge of a fourth associate member, Mrs. A. C. Render, was unable to be present because of illness.

Miss Canales very charmingly sang several Mexican songs, accompanied at the piano by Charles Thomas.

Feature of the evening was a quiz program. Mrs. Hirst introduced the "celebrities" who were to take part, Miss Julia O'Brien, Dr. Eisaman, and Wilbur Dennett, Milton H. West, who was to have been the fourth member of the group, was not present as he had been called out of town. By acclamation, Dr. James L. Renfro was selected to fill his place. Marvin Brown very ably took the part of the quizzer. During the quiz, Mrs. West played several selections, and a trumpeter from the Fort Brown band, Private Fred Dorreschuck, blew five bugle calls which the "celebrities" were asked to identify. Most of the questions pertained to the Pan American countries.

There will be a business meeting of the Pan American at the home of the director, Mrs. Ben M. Freudenstein, Monday morning at 9 o'clock.

Study Traces Origin Of Patriotic Songs

SAN JUAN—Miss Ethel Carman, president of the San Juan Study Club, opened the meeting Tuesday night, when 3 members were present for the patriotic program presented at the community building. Miss Martha Griffith was leader.

Mrs. Herman Livingston gave the origin of the song "America," which was sung with Miss Mary Mahaffay as leader. Miss Clara Whitten related the origin of the song, "America the Beautiful." This was beautifully sung by a quartette of four girls from the Sunny Glen Home. Mrs. Mabel George gave the origin of "Columbia, the Gem of the Ocean," and Mrs. John Tompkins gave two patriotic musical readings. She was accompanied at the piano by Miss Doris Ewing.

Miss Mary Mahaffay gave the origin of the "Battle Hymn of the Republic." This number was beautifully sung by Miss Betty Burkhardt, accompanied at the piano by Miss Mary Mahaffay. Mrs. J. W. Spencer gave the story of the hymn, "Yankee Doodle," and Miss Edith Carman of the "Star Spangled Banner," singing of which closed the program.

Misses Geraldine Palmer, Lois Wilson, Polly Smith and Ethel Carman served pumpkin pie topped with whipped cream.

GUESTS OF PARENTS DONNA—Ward Chesnut of Kelly Field was the guest of his parents, Mr. and Mrs. John E. Chesnut, over the holiday week-end.

Thanksgiving Program Held For P-TA's

BROWNSVILLE—A Thanksgiving program was given for members of Los Ebanos Parent-Teacher Association Thursday afternoon when the members met at the school.

Bill Willman announced the following program:

Two songs, I Am An American, and God Bless America, by the fifth grade; reading, The American Flag, Patricia Porter; song, The Frightened Pumpkin, first grade boys; song, Dolly's Lullaby, first grade girls; a play, Tommy's Dream, by second grade with Billy Meredith as interlocutor; reading, Thanksgiving, Elizabeth Martin; song, Over the River, third grade; reading, Pilgrim Fathers, Betty Jean Bolze; play, A Dinner That Ran Away, fourth grade.

During the business session, presided over by Mrs. R. Matthew Lynn, president, Mrs. Sam Perl, chairman of the ways and means committee, was commended for the successful kiddy style show sponsored by the unit, and arranged by the committee. The unit cleared about fifty dollars.

Mrs. James A. Maxwell, Jr., was elected vice-president to take the place of Mrs. E. P. Reed, who has departed to make her home elsewhere.

The group also voted the purchase of new playground equipment.

Browne Tract Club Plans Annual Party

SAN BENITO—Plans for the club's annual Christmas party December 18 were made at a meeting of the Browne Tract Club Wednesday afternoon at the home of Mrs. D. E. White with Mrs. Walton as assistant hostess. To raise money for the club program, a play will be given sometime before Christmas.

Home care of the sick was the topic for a round table discussion.

Mrs. M. H. Wesley reported the November Council meeting. The coyote control program, one of the major projects of the council for the year, is to be supported by the club.

Mrs. White and Mrs. M. H. Wesley gave the report of the Valley Federation meeting.

Refreshments were served by the hostesses.

Next meeting will be November 20 with Mrs. Nannie Heath. The program will be "Spring Flower Forerunners" and a plant exchange will be given for roll call.

Hour Is Changed

BROWNSVILLE—Meeting of the Wednesday Study club this week with Mrs. Cleve H. Tandy will be held at 3:30 o'clock instead of the usual hour of 2:30 o'clock.

McAllen Pair Pledge Vows In Church Service Read Early Saturday

McALLEN—Miss Jeanne Herbey Seales, daughter of Mrs. Ione Wright Seales of San Antonio, and Larry Martin Emanuel, son of Mr. and Mrs. Jerome Emmett Emanuel of Orlando, Fla., were married Saturday morning at 8:30 at Trinity Episcopal Church in Pharr in the presence of immediate relatives and a few

intimate friends. Rev. W. W. Stewart, rector of the church, officiated.

The couple was attended by the bride's mother, and Bill Vickers of Edcouch.

Fashionably attired the bride wore a tailored soldier blue dress adorned with a rhinestone clip. She wore a hat of the same shade of blue and a corsage of gardenias. Her accessories were black.

Immediately after the ceremony Mr. and Mrs. Emanuel left for a short honeymoon trip to Monterey. When they return they will make their home in McAllen.

The bride has been connected with the Leta Schwingel Studio for the past year as dancing instructor. She attended school in San Antonio. The groom received his B.A. and M.A. degrees from the University of Florida, where he was a member of Chi Phi fraternity. He is manager of the Texas division of the Fruit Testing Corporation of Orlando, Fla.

HAS APPENDECTOMY

ALAMO—Rosemary Drennan is getting along very nicely at her home after an appendix operation last week.

Miss Hahn Is Honoree For Shower

HARLINGEN—One of the pretty events of the season was the shower given for Miss Elsie Hahn, whose marriage to Richard E. Brown of Austin will take place Thanksgiving morning, November 23.

Hostesses for the courtesy were Mrs. Phil Zimmer and Mrs. O. L. Pardue at the latter's home in San Benito.

The evening was spent in games of bridge and Miss Hahn held high score. The lovely shower gifts were then presented to the bride-to-be.

Mrs. Jimmy Brittain presided at the bride's book.

Guests were Mrs. D. C. McClellan of Combes, Mrs. C. E. Gossett, Mrs. R. M. Quant, Mrs. Jimmie Brinrain, Mrs. O. L. Pardue, and Mrs. Phil Zimmer, all of San Benito, and Mrs. Ben Hahn and the honoree of Harlingen.

Mrs. Ely Talker

BROWNSVILLE—Mrs. W. W. Ely will be the guest speaker when members of the Athenian club meet Tuesday afternoon at the home of Mrs. John Dutro.

COMBES—Mr. and Mrs. Wes Pate have moved from Raymondville to make their home in Combes.

Sewing For Red Cross Progressing

Aid In Knitting Especially Needed

SAN BENITO — Red Cross sewing is being turned out at a rapid rate by a large number of volunteer workers but an enlarged circle of workers is needed to complete the assigned quota within the proper time. Mrs. Flint Harris, sewing chairman, has reported.

Mrs. H. C. Aldridge was the first to finish a layette during the current quota and also was the first to finish a skirt. Mrs. Aldridge has also completed five shirts and knitted a sweater.

Mrs. I. G. Adamson turned in 10 completed boys shirts. Mrs. Heath finished four shirts and two skirts. and Mrs. O. C. Baggett two girls dresses.

Hemming diapers for the layettes is the task voluntarily assumed by the Blue Triangle girls and high school economics girls under the tutelage of Mrs. Annabel Buchanan are contributing their services.

Church groups are lending splendid co-operation in carrying out the sewing. Mrs. Harris reported. However, knitters are especially needed at work up the yarns now on hand.

Miss Bernice Cook Hostess For Bridge

DONNA — Miss Bernice Cook entertained her bridge club and two guests at eight o'clock Tuesday evening in the parlors of the Plaza Hotel.

The autumn note was carried out in all the decorations and accessories as well as the wrappings of the prizes. Mrs. R. L. Andrews scored high with Lavetta Higgins second.

At the close of the evening hot chocolate and cake were served.

Guests in addition to those named above were Mrs. R. W. Jackson and Misses Martha Vernon Robinson, Sally Weaver, Gwendolyn Anderson, Calla Stainke, Laura Snyder, Lucile Penn, Mae Wood, and Ora Mills.

Club Is Entertained By Mrs. Foehner

SAN BENITO — Mrs. Mary Anderson Foehner was hostess to the Silk Stocking Club Thursday afternoon at her home. A thanksgiving motif was carried out in the decorations. Yellow and bronze chrysanthemums decorated the living room. A large bowl of fruit centered the dining room table.

A dessert course was served upon the arrival of the guest.

When playing ended Mrs. Jack Ehlers held high and received the award. Members and guest playing were Mesdames R. A. Ewing, Al Lamm, Ted Hudson, Ben Shoemaker, Jack Ehlers, Lee Hugon, Carl Miller, Othel Bigham.

Wilsons Are Hosts At Evening Bridge

EDCOUCH — Lovely roses were used to decorate the home when Mr. and Mrs. Joe H. Wilson entertained the Merry-makers Bridge Club Wednesday evening. High score prize was given to Mr. and Mrs. R. B. Carter. Mrs. Gordon Smith received the cut prize.

The hosts served delicious refreshments to Messers and Mesdames W. C. Moore, L. B. Doshier, Gordon Smith, D. M. Fraser, R. B. Carter, and Roy Tait.

Visits Daughters

RIO HONDO — Mrs. R. J. Bingham has returned after a week-end visit in Austin where she was the guest of her daughters, Misses Elizabeth and Katherine, who are students at the University of Texas.

FROM MISSOURI

ALAMO — Mr. and Mrs. John Prather of Excelsior Springs, Missouri, are guests at the home of Mrs. Prather's sister, Mrs. Henry Koch, and son, Richard.

Enjoying Extended Trip

Miss Dorothy Dyess, Donna, is making an extended visit in Mississippi, Alabama, and Tennessee. Miss Dyess left the first of November to visit relatives in Mississippi. Later she is to go to the University of Alabama in Tuscaloosa where she will be a guest in the Phi Mu sorority house. Later she will continue to Tennessee. She will return after about a month.

Guest Day Observance By Alamo Club Group Outstanding In Interest

ALAMO — The Sorosis Club of Alamo was hostess Thursday at the Community Church for their annual guest day tea. Baskets of chrysanthemums in many fall colors combined with duranta and castor beans formed the floral decorations.

Greeting the guests at the door were Mrs. J. S. Roe, in a floor length gown of rust crepe trimmed with sequins of the same color; Mrs. C. U. Reed, wearing black velvet combined with crepe; and Mrs. Frank Denzer, in blue crepe with a shoulder corsage of pink chrysanthemums.

A short address of welcome was made by Mrs. Roe, president of the club.

Mrs. Reed, program chairman, introduced the following numbers: Frank Crabtree of Alamo, accompanied by Miss Faye Jones of McAllen gave two trombone solos, "The World is Waiting for the Sunrise" and "Just a Wearyin' for You."

H. D. Munal of San Juan accompanied by Miss Jones sang "The Bandaleo" and "Song of the Turn Key."

A one-act play "They Made an Impression" expertly presented by six of the club members, formed a humorous note for the afternoon. The cast included Mrs. Leonard Johnson, Mrs. C. G. Brown, Mrs. William Cloughley, Mrs. Willis McCreary, Mrs. Grant Montgomery, and Mrs. Carl Eddy.

Concluding the program was a clarinet solo "Ivory's Fantasia" played by A. O. Lively accompanied by Mrs. Lively.

The refreshment table was laid with a lace cloth and centered with a beautiful bouquet reflecting the autumn colors with the clever use of flowers and foliage. A duplicate arrangement was on the mantel shelf.

Presiding at the coffee urns were Mrs. T. C. Downs and Mrs. C. H. Swallow, both wearing black floor length dresses. They were assisted by Mrs. A. H. Cox in red velvet and Mrs. Herbert McMorries in black taffeta.

The lovely affair was enjoyed by one hundred guests.

Betas To Meet

BROWNSVILLE — Members of the Beta Sigma Phi will gather Monday evening at 8 o'clock at the home of Miss Miriam Bray. Miss Bray will give a book review.

Recent Bride Honor Guest In Harlingen

HARLINGEN — To honor Mrs. H. A. "Del" Swanson, a newcomer to Harlingen and a bride of the late summer, Mrs. Carl Swanson entertained with a small bridge Wednesday evening at her home.

The honoree is the former Miss Winifred Wallace, daughter of Mr. and Mrs. Glenn D. Wallace of Nashville, Ark.

A delightful autumnal environment was created in the party rooms where the hostess used bronze and yellow shades. Yellow roses were placed about the rooms.

Prize wrappings repeated the chosen colors. Awards for high and low score, which went to Mrs. Roy Andrew and Mrs. Roy Lane respectively, were containers shaped like daschunds filled with cactus. The hostess presented an attractive gift to the honoree.

A salad course was served after the games. On the buffet table was a blue glass bowl filled with yellow roses with lighted blue tapers on either side.

In the guest group with the honoree were Mesdames Roy Andrew, Roy Lane, J. C. Yancey, J. E. Cronewett, Ned Phillips, W. E. Gaines, Norman Wilson, and Randy McLelland and Misses Josephine Myrick, Louise Hill, and Sarah Chatfield.

Guest Day Plans Made

MISSION — Plans for the club's annual Guest Day observance were mapped at the meeting of the Mission Study Club at the home of Mrs. James Tipton.

A one-act play and an unique style show will be presented at the guest day hospitality, set for November 26, at the Legion Hall. Study clubs of Mission and several Upper Valley cities have been invited.

Mrs. L. E. Walker presented the study, a review of "The All American Front" by Aikman and Bolles. Mrs. D. W. Schulze, president, was chosen to represent the club in the International Relations Forum being sponsored by the Mission branch, A. A. U. W.

Mrs. Tipton used roses about the rooms where the guests were received. A salad course was served at tea time to 14 members and four guests. Miss Jerry Bullock, Mrs. Harry Keifer, Mrs. Bob Euler and Mrs. Martin Price, the latter of Brownsville.

Miss Evelyn Howard presented the study which was the feature of the supper-program session of the Junior Guild Wednesday evening at the home of Mrs. L. R. Lehman.

Rainbow Assembly Plans Banquet To Honor Mothers

ALAMO — Plans were made and committees appointed for the mother-daughter banquet at the regular meeting of the Rainbow Assembly on Monday night. The banquet will be given at their next regular meeting on November twenty fifth. Thanksgiving charity baskets were also planned.

Quarterly Meeting Of Bi-County Council Slated In Sebastian Next Saturday

SEBASTIAN — The Cameron-Wilacy Bi-County Council of Parent and Teachers will hold a quarterly meeting Saturday, November 23, at the Sebastian school with members of the Sebastian unit as hostesses. General session will open at 10:30 a.m. with a pre-board meeting at 10 a.m.

Rose Club Has Program Of Interest

LOS FRESNOS — Mrs. Miriam Chatelle and her mother, Mrs. J. L. Swann were co-hostesses to members of the Southern Rose Club on Thursday afternoon at the home of Mrs. Chatelle. A short business session was conducted by the president, Mrs. Harry Lupton. Plans were made for a Christmas party to be held at the home of Mrs. E. D. Kraner on December 9, and for the entertainment of the Valley Council of Garden Clubs, also in December.

Mrs. E. I. Bucklin introduced the principal speaker George Fletcher, junior of Harlingen, who made an interesting talk on "The Care of Roses." Miss Lillie Henderson of Cambridge, Wisconsin played a number of piano selections after which Mrs. Chatelle sang "Look in the Heart of this Rose," the song which she composed especially for the club.

Vari-colored roses, lilies and chrysanthemums made a delightful setting while bunches of fall leaves from Kerrville provided interest in one corner of the room. On the mantel was a lovely arrangement of bronze and yellow chrysanthemums flanked at either side by tall white tapers and on the coffee table was a beautiful centerpiece of roses and lilies.

The guest list included Mrs. Leon Hinkley, Mrs. Grover Greer, Mrs. Francis Schmidt, Mrs. Grover Weikel, Miss Ann Glimme and Miss Lillie Henderson of Cambridge, Wisconsin. Mrs. Wm. Andresen, Mrs. Joe Nesetrl, Mrs. Harry Lupton, Mrs. Harold Pugh, Jr., Mrs. Phil Moyle, Mrs. Dr. Frank Brannen, Mrs. E. D. Kraner, Mrs. Carl Buchanan, Mrs. E. I. Bucklin and Mrs. Chatelle and Mrs. Swann.

Claudette Colbert Seen In New Romantic Comedy

Ray Milland Shares Starring Honors In 'Arise My Love'; Outstanding Films Scheduled At Valley Theatres

THE STORY of an audacious newspaper woman and an aviator who speaks above the clouds with roaring machine guns brings Claudette Colbert and Ray Milland together as co-stars in "Arise My Love," which is booked for showing Sunday and Monday at the Arcadia Theatre in Harlingen and at the Palace Theatre in McAllen, Thursday, Friday and Saturday.

Milland plays the role of a young American aviator who has been fighting with the Loyalists in Spain, is a prisoner of the Franco forces, and is condemned to be shot. Suddenly he learns that his wife has charmed the Spanish high command so efficiently that he has been pardoned, in order that he may go home with the appealing petitioner.

Since he has no wife, he is baffled... but appreciative when the "wife" who is a pretty American newspaper girl on the trail of a big news story. They barely get to England as the Nazi war machine gets under way to roll over Europe.

POPULAR STARS IN ROMANTIC DRAMA

ROBERT TAYLOR and Norma Shearer share co-starring honors in the screen presentation of Ethel Vance's thrilling novel "Escape" which is scheduled for current showing Sunday and Monday at the Capitol Theatre in Brownsville.

The story concerns the frantic efforts of an American son to rescue his foreign born mother from a concentration camp in Germany. The screen adaptation preserves the dramatic pace of the original novel and in addition presents Taylor and Miss Shearer, in performances that match in persuasive perfection and power any of their previous portrayals.

The central character, "Emmy Ritter," around whose prison predicament complications arise, is played by Nazimova with Conrad Veidt, Felix Bressart and Albert Basserman in featured supporting roles.

"FOREIGN CORRESPONDENT" IS DRAMATIC HIT

IN A WORLD beset with chaos and changes, there is a group of men that seize the imagination of the public, inflame it and ensnare it with their efforts. These men are the foreign correspondents for the big news services and radio networks.

Since the days of Richard Harding Davis, the public has been increasingly conscious of these men who have the globe as their beat and statesmen, spies, adventurers and secret agents as their companions and confidants.

The featured supporting cast in "Foreign Correspondent," which is scheduled for current showing Sunday and Monday at the Rivoli Theatre in San Benito includes Joel McCrea, Laraine Day, Herbert Marshall, George Sanders and Robert Benchley.

"DOWN ARGENTINE WAY" FILMED IN COLOR

CO-STARRING beautiful Betty Grable and Don Ameche the screen's technicolor musical "Down Argentine Way" also marks the debut of the sensational new star Carmen Miranda.

The romance between Don Ameche and Betty Grable covers 6,000 miles from the staid atmosphere of Westchester to the alluring Argentina. The story concerns the scion of a wealthy South American family who is sojourning in America for the purpose of selling some of his father's choice horses. But horses become irrelevant when Don Ameche meets beautiful Betty Grable. Four catchy new songs written for the picture are: "Two Dreams Met," "Down Argentine Way," "Nenita" and "Sing To Your Senorita," while Carmen Miranda renders, as only she can, "Bambú," "Mamae En Quiero," "Toujours En Madrid" and "South American Way"—the numbers she sang in "Streets of Paris."

"Down Argentine Way" is booked for current showing Sunday and Monday at both the Ritz Theatre in Weslaco and the Palace Theatre in McAllen and at the State Theatre in Mercedes, Tuesday and Wednesday.

"THE RAMPARTS WE WATCH" AT STATE

THE FEATURE LENGTH motion picture "The Ramparts We Watch," which includes the notorious Nazi propaganda film, "Baptism of Fire" is to be seen Sunday and Monday at the State Theatre in Mercedes.

An absolutely new kind of picture, "The Ramparts We Watch," was inspired by the disastrous trend of world events. Recreating the story of America in the great crisis of World War I, it also was designed to reveal the forces of aggression which were plunging the world once more into war.

After tremendous difficulties the March of Time has finally brought to the American screen "The Ramparts We Watch" as it was originally planned—a thrilling re-creation of the sweep of world history from 1914 to 1940 and what it means to Americans and to America's future.

Ann Sothorn Plays Heroine In 'Dulcy'

Ann Sothorn departs from her "Maise" characterization to play the heroine of "Dulcy," the uproarious comedy of a girl who sticks her nose in everybody's business. "Dulcy," is booked for showing Tuesday and Wednesday at the Arcadia Theatre in Harlingen.

Divorce Drama Set At Capitol Theatre

Dick Powell and Joan Blondell share co-starring honors in the screen's romantic drama "I Want A Divorce," which is booked for showing Tuesday and Wednesday at the Capitol Theatre in Brownsville and at the Ritz Theatre in Weslaco, Thursday only.

Joel McCrea and Laraine Day in "Foreign Correspondent," showing Sunday and Monday at the Rivoli Theatre in San Benito.

Claudette Colbert and Ray Milland in "Arise My Love," showing Sunday and Monday at the Arcadia Theatre in Harlingen and at the Palace Theatre in McAllen, Thursday, Friday and Saturday.

Nobody's Sweetheart Booked For Rivoli

Dennis O'Keefe, Constance Moore and Helen Parrish are co-stars in "Nobody's Sweetheart," which is booked for showing Tuesday only at the Rivoli Theatre in San Benito.

Davis, Boyer Drama Shows At Harlingen

Bette Davis and Charles Boyer are to be seen as co-stars in "All This and Heaven Too," which is booked for current showing Sunday and Monday at the Strand Theatre in Harlingen.

Don Ameche, Betty Grable and Carmen Miranda co-starred in the screen's spectacular musical hit, "Down Argentine Way," booked for showing Sunday and Monday at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco and at the State Theatre in Mercedes, Tuesday and Wednesday.

13 Valley Bands, 700 Musicians Plan Jubilee

HIGH SCHOOLS OF AREA MEET IN HARLINGEN

Grid Season End Is Feted Dec. 3

HARLINGEN—On the night of Tuesday, December 3, high schools of the Lower Rio Grande Valley plan to stage the greatest spectacle involving high school bands, which has ever been put on in the Valley. Hugh Proctor, superintendent of Mission schools, announced Saturday.

On that evening, in the Harlingen high school stadium, 13 or more Valley bands, numbering more than 700 musicians, will stage a jubilee, to be linked with the closing ceremonies of the 1940 football season, and to serve as the first public presentation put on by members of recently formed Region 9 of the state school music organization.

To Stage Grand March

The 13 or more Valley bands will be massed for a grand march in colorful entry on the field at 7:45 p.m. Following the entry, each band will have the field for five or six minutes of entertainment, stunts and maneuvers, with baton and flag twirlers doing their stuff. As it finishes its stunts, each band will take its assigned place in concert chairs at north end of the field.

After all bands have performed separately, and have taken their seats, members of the Valley Coaches and Officials Association, and Valley football players will take places in center of the field, and using public address system will introduce the year's football stars. Awards will be presented Class AA and Class A All-Valley teams as selected by the coaches will be presented. Following this, awards will be presented to the individual players named the season's best blocker, best sportsman and most valuable team player.

Massed Concert Stated

Final will be a massed band concert, with the more than 700 school musicians taking part in some seven selections designated and rehearsed for the occasion. Director William Kraudert of Weslaco will direct the massed concert.

Price for the opportunity to see a 700-piece band, the All-Valley teams, and to see all of the Valley's bands do their stunts and maneuvers, will be the regular football game admission price of 50 cents for adults and 25 cents for students.

'AXIS STALLS U. S. DEFENSE'

Dies Urges Action To Halt Sabotage

WASHINGTON—(AP)—Asserting "four totalitarian powers" were co-operating to stall United States preparedness, Representative Dies (D-Tex.), announced Saturday a program of "exposure" to ward off sabotage of national defense industries.

Dies named Germany, Italy, Japan, and Russia as the "totalitarian Axis partners" and declared the "orthodox method" of fighting saboteurs—apprehending them after the commission of their crime—had failed in Europe.

He suggested his House committee on un-American activities be given funds and powers to deal with potential saboteurs in advance of their acts of destruction.

"With all due respect to the department of justice and the federal bureau of investigation, and they are doing fine work, I think the whole method of approach must be radically changed," the Texan said. "I am going to recommend to Congress that the committee be

Motorcycle, Truck Crash Injures Two

BROWNSVILLE—A man named Alvarez, a motorcyclist, and his companion on the motorcycle, name unknown, were badly injured late Saturday night, when their motorcycle was in collision with a truck at corner of 13th and Jefferson here. Both cyclists were in Mercy Hospital, where X-rays were taken in effort to ascertain extent of their injuries. Both were unconscious at a late hour Saturday night. City police were investigating.

Laredo, Winter Garden Frost Damage Is High

Valley Losses Still Unknown; Check To Be Made By Officials Monday

WESLACO—A preliminary report by the Federal-State Market News Service on the Thursday and Friday night frosts in the Laredo and Winter Garden sections show severe damage to eggplants, peppers and tomatoes.

The service reported that the quality for salvage was light due to loss of matured fruit from previous rains and light protective foliage.

Tomato plants there are damaged beyond recovery. The damage to hardy vegetables was negligible.

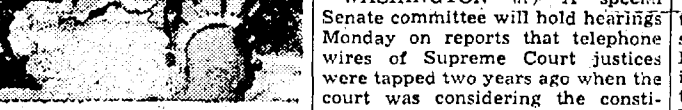

Frost also was general over much of the lower Valley but the market news service expected to have additional information Monday. Heavy damage was done, particularly in western end of the Valley, Thursday night.

Temperatures dropped to 39 at Brownsville Friday night with light frost, 40 at Harlingen with light frost, 37 at Mission with light frost, 33 at Falfurrias, 33 at Laredo, 31 at Carrizo Springs with heavy frost, 34 at Corpus Christi.

Temperatures were low in Florida but winds probably prevented serious loss. The mercury dropped to 29 at Bartow, 28 at Eustis, 34 at Fort Myers, Orlando 27, with Hastings and Belle Glade unreported to the frost warning service.

Shirley Tries To Beat Ether

Child Star Loses Her Tonsils

HOLLYWOOD—(AP)—Shirley Temple had her tonsils removed Saturday.

The 11-year-old film star had promised her friends at Westlake School for Girls, which she attends, that she would remain conscious as long as possible so she could describe her sensation.

Attendant said she counted to 99 before she ether took effect.

War Comes Closer To U. S. Consumers As Wool And Rayon Become Scarce

By FRANK MacMILLEN

NEW YORK—(AP)—The war came closer to the average consumer—and his pocketbook—this week as the effects of defense spending began to spread from steel and the heavy industries to things like the wool and rayon cloth which will go into next fall's suits and dresses.

ITALIANS SET FIRE TO BASE

Koritz Abandoned, Greeks Say

ATHENS, Greece—(AP)—(Sunday)—Italian troops fleeing in southern Albania from the advance of the Greeks have set on fire their base town of Koritz, the Greek high command reported today.

The high command's announcement was issued shortly after a government spokesman reported the recapture by the Greeks of the town of Koritz, in the central Pindus Mountain region, to which the Italians penetrated in a sweep toward Metsovo.

Other Towns Fled

The Italians have set fire to other villages in their retreat, the high command said, but did not name the towns.

Along the coast, the Greek navy was reported shelling the retreating Fascists behind their lines.

The government spokesman said that in addition to the success at Koritz there were reports, not yet officially confirmed, that 750 Italians were killed.

US Officials Scan Caribbean Incident

WASHINGTON—(AP)—State Department officials following closely Saturday press accounts of the unsuccessful dash of four German freighters from Tampico, Mexico, in an effort to run the British blockade, but declined comment pending receipt of official reports.

A department spokesman said no word had been received from the Mexican government regarding the incident.

LONBOYNTON, PARIS, NAMED PRESS CHIEF

State Convention In Valley Ended

BROWNSVILLE—Members of the Texas Editorial Association headed homeward Saturday after closing their 29th annual convention here with the election of Lon Boynton of Paris as association president.

Mr. Boynton, publisher of the Lamar County Echo, succeeded Lewis W. Bailey of the Dallas Journal.

Other Officers

Other officers elected with the Paris publisher were Harry F. Hornby, publisher of the Uvalde Leader-News, first vice president; Levi A. Dunlap, publisher of the Meridian Tribune, second vice president; Arthur Lefevre of Houston, assistant to the president; Ben F. Harigel, publisher of the La Grange Journal, recording secretary, and G. A. (Pop) Mabry of Houston, corresponding secretary.

Sign Removal Urged

A resolution approving and endorsing the state highway department's highway beautification campaign was adopted, stressing the need of removing unsightly signs from the state's roads. The full support of the association was pledged to the campaign.

Other Resolutions

Other resolutions were passed thanking the Brownsville and Mission chambers of commerce; The Brownsville Herald and J. M. Stein, its publisher; The El Jardin Hotel, the railroads and the Missouri Pacific bus lines; the Rio Grande Bridge company; the Rio Grande Valley Gas Company; the Central Power and Light Company, and John Shary. The resolutions expressed appreciation for courtesies extended during the three-day meeting.

Weekly Press Discussed

The high spot of Saturday's session was the address of C. C. Hudson, publisher of the Iowa Park Herald, who discussed the weekly press.

In a hard-hitting address, Mr. Hudson advised the newsmen to make their publications a potent factor in leading right thinking in their respective communities.

The weekly paper, he added, has a field untouched by either the

Strikers At Vultee Allege Company Too Hinders US Defense

DOWNEY, Calif.—(AP)—Striking CIO unionists reverted Saturday to their original demands for a minimum wage of 75 cents an hour at the Vultee Aircraft factory and issued a statement contending that if they are hampering national defense, then the company likewise is hampering it.

A proposal to reinstate the 75 cents demand was adopted at a mass meeting of strikers near the plant Saturday morning. The company has been paying 50 cents minimum. In the course of negotiations, the union offered to accept 65 and will still negotiate on that basis if the company will offer it, union leaders said. Company officials withheld comment.

One Killed, 4 Hurt In Longview Mishap

LONGVIEW—(AP)—Alma Grimes, 20, of Longview was killed and four other young people hurt in an automobile collision here Saturday night.

Still Counting

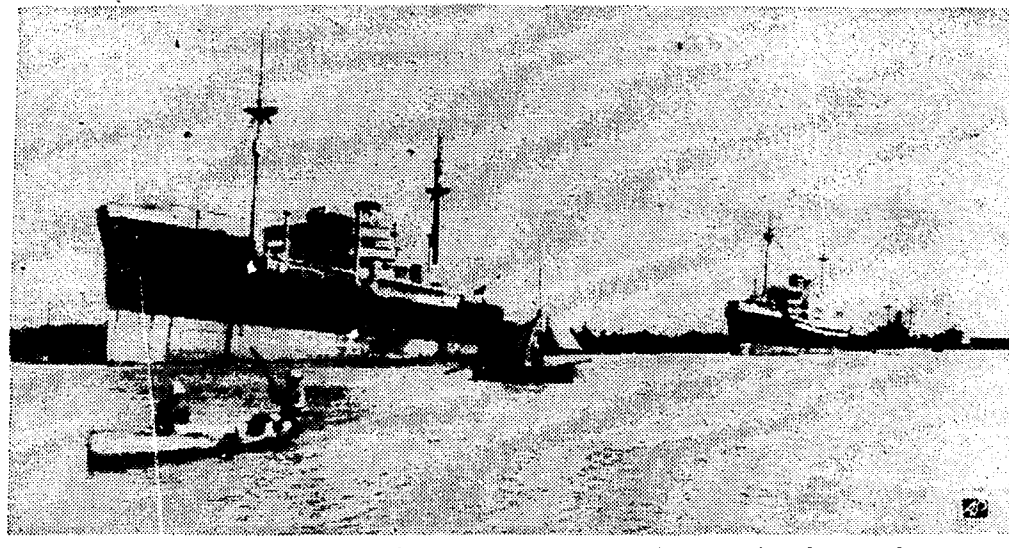

KANSAS GOVERNOR'S RACE UNSETTLED

TOPEKA, Kas.—(AP)—Gov. Payne Ratner kept deep into William H. Burke's slim lead in Kansas' governorship race Saturday with the count of out-state absentee ballots giving the executive a 373-vote majority in 18 counties.

Burke clung to a margin of 1,365 on the total state tally when the board of canvassers quit late Saturday. It will resume work Monday with 87 counties left.

Ratner garnered 877 and the Democratic nominee 304 of the 981 out-state votes counted Saturday. Ratner won a majority in each of the 18 counties except Chase where Burke held an edge of six votes.

Nazi Ships In Trouble Off Mexico

Lying in the harbor at Tampico, Mexico, are the four German freighters whose mysterious dash into the Gulf of Mexico ended in apparent disaster and failure. Left to right, the Phrygia, reported afire; the Orinoco, which limped back with engine trouble, and the Thein and Idarwald which also turned back.

ARMS ORDERS ARE RUSHED

Report Shows Defense Work Satisfactory

WASHINGTON—(AP)—The army already has placed orders for more than 71 per cent of the planes, tanks, barracks, supplies and other war material for which Congress has provided funds, an official compilation showed Saturday.

In round figures, war department contracts awarded since July 1 for purposes other than the army's ordinary maintenance expenses have passed a total of \$4,500,000,000.

Navy Total High

The navy's latest total is \$4,187,941,695. And for all defense purposes, more than 10 of the 16 billions voted by Congress to reinforce defenses have been obligated. For the army, virtually all of a contemplated total of nearly 6,000 new tanks are in process of manufacture, or plants and machinery are being created to build them.

Orders Scattered

Orders have been scattered among hundreds of manufacturers for the uniforms, blankets and the myriad of other items of equipment required for an army of two million men. All but 10 per cent of the barracks and other housing for the expanding land forces are scheduled to be ready by the year's end.

Prospective delivery dates for most items are a closely-guarded military secret. However, it is expected to be next summer before production will reach anything like full speed.

Two Sedans Crash

LA FERIA—A heavy sedan driven by Neal Peters, Santa Maria, and also occupied by Lloyd Johnson, Santa Maria, was practically demolished about 7:30 p.m. Saturday, when it was in collision with a light sedan driven by L. N. Red of La Feria on the Mercedes highway about two miles west of here. The Red car was only slightly damaged. None was hurt. Constable W. A. Hensley, who investigated, cited all parties to appear before Justice of the Peace C. C. Raimond in court here at 2 p.m. Monday.

Congress Meets Monday To Decide On Adjournment

May Vote To Stay In Session And Work On Important Issues Before Them

WASHINGTON—(AP)—Congress, after a five weeks holiday for the national election campaign, will reassemble Monday to face the question of whether to take up half a dozen provocative issues or end its 11 months session.

Democratic Senate and House leaders are hopeful that the legislators will agree to quit.

Opposing adjournment are the Republican minorities in both Senate and House and some Democrats who argue the uncertain state of international affairs make it advisable for Congress to stay on the job.

M'ALLEN GAS SUIT HALTED

Valley Firm Seeks, Granted Nonsuit

EDINBURG—The Rio Grande Valley Gas Company asked and received Saturday, dismissal of its suit against the City of McAllen to restrain them from installing and operating a municipal gas system. The suit was to have come to trial Monday in 92nd District Court here.

The nonsuit was asked after the gas company had orally asked permission to amend its suit, stating that new developments occurring within less than a week before trial date had made it necessary to amend. The oral petition was denied, resulting in the petition for dismissal without prejudice being filed with District Clerk K. C. Boyson Saturday. Judge Bryce Ferguson signed order Saturday granting the nonsuit.

Operation Fatal To Ex-Vaudeville King

NEW YORK—(AP)—Martin Beck, the rollypoly, bald septuagenarian who ruled American vaudeville before the movies ousted it from the nation's theaters, died Saturday following an abdominal operation.

Never admitting his age (Who's Who in American Jewry estimated it at 71) any more than he would admit that vaudeville was dead, Beck rose from a stranded and starving immigrant trapper to prominence.

MEXICO CITY—(AP)—The newspaper Excelsior said official reports received by the Mexican senate disclosed that followers of General Juan Almazan, unsuccessful candidate for president, at a meeting held recently in San Antonio, Tex., decided to cease political activity.

Hunters Kill 4,000 Deer First Day

1,500 Turkey Also Slain; Bag Far Ahead Of Last Season's Kill

KERRVILLE—(AP)—As twilight silenced gunfire inaugurating Texas' big game season, state game commission officials estimated Saturday's bag at 4,000 deer, 1,500 turkey and an uncounted number of javelina and black bear.

The take, starting a season lasting through December 31, numbered 1,000 more bucks and 300 more gobblers than last year's opening day, shattering all records.

Perfect hunting weather, the temperature dipping into the low 20's at dawn in this game-rich Central Texas area, saw an army

of hunters, thought to number 15,000 in the hill country alone, take the field.

Hanging up what was believed a record, Stanley Prochnow of Fredericksburg hauled in a 34-point buck he shot on a lease east of the city. The huge antlers were the largest seen in these parts since John Wallace of Austin brought down a 22-pointer in 1937.

Twelve-year-old Perry Leo Coper of the town of Harper near here proudly displayed the biggest buck bagged on the initial day in the hill country, a 15-

U.S. OVERAGE DESTROYER IS CLAIMED USED

4 Ships Seek To Flee, Are Routed

TAMPICO, Mexico—(AP)—Captain H. Fromke, of the German cargo ship Idarwald, said Saturday night that one of four warships which blocked his attempted escape to sea Friday night and caused the scuttling of another German ship, the Phrygia, "very likely" was one of the 50 destroyers "transferred by the United States to Great Britain."

One captain said he saw the lights of a battleship in the distance, directing the destroyers' pursuit of the Germans.

Sights Warship

Telling his story of the night which ended in a setback for the Germans, Captain Fromke said the Idarwald sighted "what appeared to be a war vessel" as "we left the Panuco River."

Shortly afterward three other ships were sighted. Their reflectors were trained on the Idarwald and the ship was ordered to surrender by luminous signals.

"I zig-zagged back into port pursued by a warship."

"It was a destroyer of the obsolete type, very likely one of the 50 destroyers transferred by the United States to Great Britain."

"Violates Mexico Law"

"The destroyer chased me up to within two miles of the coast, violating Mexican territorial waters."

The captain of another Nazi ship Rhein, E. Ulfers, told a similar story.

Apparently the abandoned Phrygia was the first ship out of port in the attempted dash, followed in turn by the Idarwald, the Rhein and the Orinoco. The Orinoco was having engine trouble and lagging closer to port when the Idarwald and Rhein turned and scammed back.

Captain J. Schurt, of the Phrygia told authorities that he gave the order to scuttle ship because its capture seemed imminent.

The Phrygia and three other Nazi vessels, in refuge here since the beginning of the war, tried a des-

REYNA TRIAL GOES TO JURY

Hidalgo Wife-Murder Case Near End

EDINBURG—Closing argument in the trial of Manuel Reyna, Edinburg, charged with murder of his wife, Rita, on last September 1 in their home here, was heard Saturday night, and the jury received the closing argument before the jury. The case had consumed two weeks trial time, first week being taken up with the selection of a jury with testimony being offered throughout the second week.

Reyna took the stand in his own defense, after the state had introduced a statement in which they charged Reyna had confessed to the murder of his wife. Reyna repudiated the statement on the stand, claiming fear had induced him to sign it.

US Communists Cut Outside Relations

NEW YORK—(AP)—A special national convention of the Communist party adopted unanimously Saturday a resolution to "cancel and dissolve organization affiliation to the Communist International and all other bodies of any kind outside the boundaries of the United States."

The resolution said the purpose of the action was to "remove the Communist party from the terms of the so-called Voorhis Act" which becomes last next January.

Mercury Rise Seen As Cold Dispelled

By The Associated Press

Fair and warmer weather continued to spread over most of the nation Saturday night, virtually ending the autumn's first cold snap.

The forecast was for a continued rise in temperatures in most sections Sunday, including the south which has experienced one of its worst November cold spells in history. Temperatures in many cities there were lower than in Canada during the same period.

Interpreting The War News

British Hope Justified

Morale Unbroken; RAF Repulses Air Raids; Churchill Has Reasons For Cheer

By KIRKE L. SIMPSON

Five months ago when France fell before German blitzkrieg and left Britain fighting alone, Prime Minister Churchill solemnly assured his countrymen and the world that there were "good and reasonable hopes" of ultimate British victory.

What he then dubbed "the battle of Britain" enters its sixth month next Monday, November 18. At that point and despite a grievous toll of destruction and civilian casualties in Nazi-bombed England, the prime minister's hope has been realized. England remains uninvaded and the will of her people to fight is unbroken. She is striking back at her German-Italian foes with telling blows from the air and her domination of the seas at home and abroad is firmer, not weaker, than it was five months ago.

Churchill Poses Issue

Churchill boiled down the war issue for Britain on June 18 to one "great question."

"Can we break Hitler's air weapon?"

Five months later it has been answered in part in Britain's favor. Nazi air power has failed to shatter British morale or crack Britain's sea blockade of her foes. The Royal Air Force at home has lived up to Churchill's prediction that it would save England "from the deadliest of all attacks," invasion. Its far ranging bombers have hammered at German targets and dealt a smashing blow to Italy in the eastern war theatre.

Britain's stand has done more than that. It has compelled complete revision of Hitler-Mussolini war plans to shape them to a long war pattern, and the odds in a long war are with Britain. She has sea access to vast material resources around the world to aid her.

Reason For Confidence

After five months of single-handed battle for survival, Britain, despite her mounting non-combatant casualties in the world's first great battle of the air, has more reason for cheer than for tears.

NAMED TO NLRB

President Roosevelt nominated Harry A. Millis, above, Chicago educator and economist, to a five-year term on the National Labor Relations Board, taking the place vacated by Chairman J. Warren Madden.

VALLEY PLAY SLATED SOON

Little Theatre Cast Being Selected

EDINBURG—Casting is now under way for the Valley Little Theatre's production of "The Women," scheduled for the Edinburg Junior College auditorium Monday night, Dec. 2. Director Paul Moore said Saturday.

All-star in its scope, "The Women," from Clare Booth's famous Broadway success, is heralded as one of the season's most ambitious productions.

Moore said the following will be included in the cast: Arien Kani-lah, Connie Green, Shirley Fogel-berg, Frances Wood, Freddie Saunders, Shirley Burk, Jean Righter, Cordelia McMahon, Margaret Owens, Mildred Davis, Imogene Brennan, Mrs. Clara Casberg, Bess Ennis, Annette Clossner and Marie Miller.

True to the original stage production, no men appear on the stage. The production is 100 per cent feminine and nothing is being spared to make this comedy an example of outstanding modern femininity.

Matamoros Man Buys Apartment House

BROWNSVILLE—The Alberta apartment building, southwest corner of Elizabeth and 13th streets, has been bought by Leopoldo M. Montemayor, Matamoros, from Lee J. Butler, Lake Geneva, Wis., for a cash consideration of \$13,000, according to a deed filed with the Cameron county clerk's office. The building is directly across the street from the Miller hotel.

Steel Mills Again In Operation After Strike Arbitration

MIDLAND, Pa.—(AP)—Crucible Steel Company Mills here again rolled out armament steel for the United States and British governments after employees voted by a slim margin to end a week-long strike that had production at a standstill.

The local steel workers organizing committee announced that approximately 4,300 strikers voted 52 per cent in favor of resuming work pending conferences with the company on several grievances, including a demand for a wage increase of 12 1-2 cents an hour in one department.

Vet Peace Officer Found Dead On Road

ODESSA, Tex.—(AP)—The body of Ector County Deputy Sheriff Bill Jones, veteran West Texas peace officer, was found beside his parked car near the Crane highway some four miles south of here Saturday. A bullet wound pierced his head above the right temple. The officer's gun lay on the running board of the car.

LESS CITRUS BRINGS MORE

Gains Are Shown In Weekly Average

WESLACO—Lesser quantities of Valley citrus were offered on the auction markets during the week just closed and returns for Marsh seedless increased 12 cents per box and the average for pink grapefruit increased 31 cents a box, according to a report issued by the Federal State Market News Service here.

The average during the past week was \$1.88 per box for 13,939 boxes of Marsh seedless grapefruit as compared to an average of \$1.74 for 26,295 during the previous week and the return on pink varieties increased from \$2.25 per box for 13,439 boxes two weeks ago to \$2.36 per box for 11,729 boxes during the past week.

Florida, on the other hand, showed a decrease of seven cents a box on white grapefruit and an increase of 16 cents a box on pink varieties. Then again, there appears to be a relationship in the amounts offered for sale. Florida white grapefruit sales during the past week having increased to 72,860 boxes as compared to 56,660 boxes while pink sales decreased from 1,350 boxes two weeks ago to 1,275 the past week.

Grapefruit track holdings in 16 markets totalled 101 cars Saturday while orange track holdings amounted to 330 cars and mixed citrus to eight cars.

Their county, Gillespie, was one of only a few Texas counties giving Wendell Willkie a majority in the recent general election. Gillespie voters opposed Roosevelt about 8 to 1.

Saturday, the Fredericksburg credit bureau announced that while Nov. 21 is the state's official Thanksgiving date, Fredericksburg merchants voted 99 to 1 to observe the traditional date, Nov. 28.

Free French Seek To Foment Revolt In Colonial Area

BEIRUT, Lebanon—(AP)—Well-informed circles said Saturday that "free French" followers of Gen. Charles DeGaulle were working feverishly in French mandated Syria to sway opinion toward a revolt behind Gen. Maxime Weygand and Gen. Auguste Nogues.

Weygand is military and political chief in North Africa, sent there by the Vichy regime, and Nogues is resident general and commander in Morocco.

Calls Wife 'Sister' So It Won't Hinder Social Activities

CHICAGO—(AP)—By order of the court, Irving Kiehn, 32, a prizefighter, must cease introducing his wife as his sister.

The wife, Harriet, 25, complained to Judge Rudolph Desort that she was tired of being represented as a sister.

Kiehn explained the sister angle by saying that he goes to social functions where it is a handicap to be known as a married man.

New Mexico Wants More Plane Service

WASHINGTON—(AP)—New Mexico's tourist industry, potash deposits, and oil fields were cited to the Civil Aeronautics board Saturday as three of the major reasons why that state wants and needs more direct air connections with Texas.

NEW RUNWAY PLAN SOUGHT FOR AIRPORT

Changes Being Made At Brownsville

BROWNSVILLE—Extending two additional runways at the Brownsville airport from 4,000 feet to a mile in length was the major change requested by WPA in the present \$2,000,000 improvement plans, according to W. O. Washington, city engineer, who began the work of making revisions Saturday to comply with the WPA requests.

One north-south runway and one east-west runway are involved in the revised plans. The city may encounter some difficulties in complying with the request, Mr. Washington said, as in both cases the required extension would mean crossing existing county roads. Other problems, considered minor ones, involve levels and drainage.

When revised, plans will call for four runways, each one mile or more in length, the longest being close to 6,000 feet. When changes have been made plans will be returned to WPA at San Antonio for final approval, and will then go to CAA in Fort Worth and finally to the War Department at Washington.

Support Urged US Red Cross Chief Pleads For Funds

SAN BENITO—Rudy Bendixen, local Roll Call chairman, received Saturday a telegram from Norman H. Davis, national Red Cross chairman, stating "The Central Committee today reviewed the greatly increased work and responsibility of Red Cross incident to the National Defense program. Civilian and Military programs, nationally and in chapters, necessitate a very large membership increase. I am confident that you and your associates will patriotically make an extra effort to reach every man and woman in your jurisdiction with an invitation to join. Time is short. The next two weeks are vital in determining the strength of the Red Cross for the critical months ahead."

Bendixen urges the full cooperation of all persons in this area in the membership drive and stated Saturday that the campaign would continue through November 30.

Hidalgo Citrus Association Suit Is Dismissed By Judge Bryce Ferguson

ALAMO—The suit filed by ten growers against the Hidalgo County Citrus Association asking for an accounting and making 20 allegations regarding the handling of fruit was dismissed by Judge Bryce Ferguson in 92nd district court, according to a letter sent to members of the association by Charles J. Volz of Mission, president.

He described the suit and said "this action was filed in the 92nd district court of Hidalgo county and was to be heard this morning. We denied all of the allegations and were in court this morning with our attorney ready to disprove every allegation they set forth."

"The complainants failed to go on with the suit and the court dismissed it."

"In our previous letter we invited your investigation into the merits of the alleged claims and we are also advised you that we feared the parties making these charges."

It's Below Zero In Brownsville! But Reading Is Taken Far Above City By Balloons; Here's How Bureau Does Its Job

Intricate Details Of Bureau's Work Explained

By JOHN L. STONE
BROWNSVILLE—Out at the airport station of the U. S. Weather Bureau here a fellow can run into more Greek than I found when I interviewed the crew of a Greek steamer in port here recently.

For instance there's that radio-sonde observation stuff.

First I'll tell you what happens and then try to explain it.

Radiosonde observations began at the Brownsville airport weather bureau station on August 5 and are made nightly. Preparation for the flight begins at 11 p. m. and the observations are under way by 11:30 p. m.

Preparation is made by conditioning the recording elements to prevailing ground weather conditions. This is accomplished by placing the radiosonde instrument, weighing less than four pounds, in a specially-mounted ground exposure shelter, and allowed it to remain until the elements of the instrument agree with the prevailing ground or surface readings.

The receiver is examined to see that temperature, pressure and humidity elements are recording and proper base line, or relation, established between the receiver and the transmitter.

As soon as these conditions are met, the instrument is attached to the helium filled balloon and parachute and is ready for release.

The Radio Meteorograph

The Radio-Meteorograph is an instrument which is carried aloft attached to a free balloon and transmits radio signals which are a measure of pressure, temperature and humidity, through the levels of the atmosphere into the stratosphere.

The balloon ascends at a rate of 200 meters per minute and the instruments function to a height of 20 kilometers.

The instrument carried aloft weighs less than one kilogram, containing everything necessary for transmission, such as batteries, radio transmitter, barometric pressure switch, temperature and humidity registering elements, including a thermoshielded aluminum painted case.

The temperature and humidity elements are located for best exposure and are isolated from heat conduction from the balance of the instrument. All parts are easily accessible for check before flight.

The instrument will register temperature as low as minus 90 degrees centigrade (194 below zero Fahrenheit), humidity from five to 100 per cent relative and pressure from 1070 millibars to 10 millibars.

The Radio Circuit
Meteorological quantities are made to change resistance in the radio circuit in proportion to their physical changes. Audio frequency modulation of the radio-frequency carrier wave is controlled by varying resistance in the radio circuit. Out of these two principles has come the radio meteorograph instrument.

It therefore consists of a radio transmitter tube, energized by a battery, and the meteorological sensitive elements, so designed to introduce resistance in the radio circuit as meteorological changes occur.

The transmitter employs a type 19 double triode-electron tube. One is used as a modulating oscillator and the other as a ultra-high frequency carrier oscillator. The oscillating frequency is approximately one megacycle per second and the oscillation is intermittent.

The ultra-high frequency oscillator operates at 65 megacycles per second. These are also intermittent, being "on" when the modulating oscillator is "off" and "off" when the latter is "on." The resistance value of the meteorograph circuit controls the value of the audio frequency. Resistors determine the limits of the audio modulating frequencies, thus when one of the resistors is in the circuit the frequency is 8 cycles per second while

Neil B. Ward, junior observer at the airport station, is shown above watching the Friez Ray-Sonde receiving set recording atmospheric and weather conditions as sent out by the small instrument carried to extreme heights by a large balloon. (Photos by Stone.)

with both it becomes 180 cycles per second.

Simple, huh?

The Barometer Switch

The barometer switch serves two purposes: one as an indicator or barometric pressure and the other as a switch into circuit in a definite order of temperature, humidity and two reference resistances known as the high and low reference.

The baro-pointer and contact arm controlled by a diaphragm that distends as the balloon rises into lower levels of pressure, sweeps over the commutator, comprising 50 silver contacts, separated from each other by insulating strips. When no contact is made the temperature resistor and the full value of the humidity resistor are in the oscillator circuit so that the modulating frequency is a function of the temperature to which the capillary tube is exposed.

As the indicating pressure pointer passes over the insulating strip to a humidity silver contact, it short circuits the thermometric resistor and a portion of the humidity resistor. The value of resistance remaining in the circuit depends upon the position of the variable contact arm of the humidity resistor, or upon the relative humidity to which the human hair element is exposed.

At every 15th contact a fixed predetermined resistance known as the high reference comes into the circuit and at every other fifth contact another predetermined resistance is introduced designating the low reference. The intervals of switching serves as indications of the pressure levels passed through.

The temperature element is a precision resistance thermometer consisting of a fine capillary tube filled with a special electrolyte. Each tube is individually selected and calibrated to give the correct resistance.

Simple, huh?

The Humidity Element

The humidity, human hair element, is a resistance unit varying resistance with varying humidities. Human hairs in multiple strands,

not bunched, are strung separately for maximum sensitivity and pre-

pared in double lengths for excess power.

The expansion and contraction of the hairs actuate a cam designed to produce a linear calibration curve, so that varying portions of resistance to the length of the hairs and hence to humidity changes are introduced into the circuit.

The battery is a dry cell type and supplies 90 volts to the plate and three for the filament.

The thermoshield is composed of two concentric aluminum cylinders that shield the temperature and pressure and humidity elements from the remainder of the instrument and at the same time provides proper exposure with liberal air spaces and ventilation.

The radiosonde box that covers the elements and the battery, is also used to hold the various parts in their proper place and relationship during flight, allowing for exposure of antenna wires, the lift ring, the ready access to various elements, protection from weather and a suitable container for returning the used instruments.

The United States Weather Bureau pays a reward of one dollar to any person finding one of the instruments which is landed by parachute after the balloon bursts at high altitudes.

The Raysonde Receiver
The Raysonde receiver is the next thing to consider as it records all data sent out by the transmitting apparatus.

The frequency range of the receiver is from 56 to 85 megacycles, normally operating on 65 megacycles. Conveniently mounted on the six-foot high machine, is a tuning meter which is used to indicate the strength of the received signals and used to determine the correct setting of the tuning dial to a high degree of efficiency.

Terminals for the output and antenna input circuits are located at the rear of the receiver. Additional controls to adjust the meter circuit and load speaker volume are provided.

The antenna is a special dipole type and is connected to the re-

ceiver by means of a nitrogen gas filled transmission line.

Simple, huh?

The Army and Navy, as well as adjoining countries of Mexico and Canada co-operate with the United States Weather Bureau to make a network of these daily observations possible. Stations extend southward to Cuba and Swan Island.

Recently stations have been established in Canada and the coast guard vessels in the western waters of the Atlantic have provided facilities for taking the observations at sea.

These observations become vertical samplers of the atmosphere. From them, when made into chart form, can be determined the circulation and tongues of wet and dry air masses that invade the United States.

Cross-section charts of the atmosphere, marking regions of moisture are drawn. Energy diagrams for individual stations made to show conditions favorable or unfavorable for formation of thunderstorms, moisture and energy available for thunderstorm development.

Charts for various other uses are drawn and daily increasing use and demand of the upper air data is making this one of the most useful aids to weather forecasting.

It shows a normal relationship of conditions observed on the ground to those found aloft and that the greater weather changes are found at the boundaries of air masses is established principle.

Brownsville is one of 40 stations in the western hemisphere selected to make these readings. Personnel has been added to the airport station until the comple-

'Greenbacks' Squandered At 'Days Of '49' Charity Fete

McALLEN—The real "Days of '49" had nothing on the modern version the Kiwanis Club put on here for three nights, closing Saturday at Legion Hall.

"Greenbacks" rolls, big enough to choke a horse, were spent like water and "whiskey" flowed from a spigot—all for sweet charity's sake.

Seasoned gamblers broke the roulette bank with a snap of their fingers while the croupier's arms stiffened from raking in coin. Games of chance saw thousands of dollars made and lost in a few minutes.

Be-whiskered, be-spattered dandies spent \$2,000 for one brief dance with the swarms of lovely, beauty-spotted ladies while aged fiddlers sawed out the old tunes.

Crowds of Kiwanians and their friends entered the spirit of the affair, filling the hall for the three night's entertainment.

"Greenbacks" valued at \$2,000 on the Kiwanian monetary standard, were sold for five cents each.

Proceeds went to the club's underprivileged children's fund.

Glee Clubs To Sing At Weslaco Sunday

WESLACO—The vocal music department of Weslaco high school will present the senior girls' glee club, senior boys' glee club and junior girls' glee club in concert at 4 p. m. Sunday at the Stephen F. Austin ward school, according to Reed Barringer, head of the department.

Each glee club will present a group of songs and will conclude the program with a joint number, "God Bless America." Spirituals, hymns and other songs are included in the program.

ment is raised to seven men. Special scientific training is essential to successful operation.

Adding greatly in the successful radiosonde flights since inauguration in August are the low night winds, the favorable weather conditions and excellent ground equipment. Brownsville has been asked also to train personnel for stations at Swan Island.

If you think it won't make you shiver to stand in a warm office at the airport and watch that complicated machine record a temperature of 194 below zero; and if you think it won't make you dizzy when you see the machine recording a height of 80,000 feet before the balloon bursts and allows the instrument to return to earth by parachute, you just make a trip out to the airport station some night and watch them. The boys will be glad to have you and if you can understand it in one night's session, let me know because there are some more foreign ships coming into port soon and I might need an interpreter.

Kiwanis In Willacy Hear Aviation Talk

RAYMONDVILLE — Members of Kiwanis Club at their luncheon Thursday heard G. C. Bevil of the Pan American Airways, Brownsville, speak on "Aviation." He was presented by Dr. G. E. Bennack, chairman of the Underprivileged Child Committee.

Newly elected officers and board members of Kiwanis are R. E. Scott, president; W. D. Fussell, first vice president; M. J. Glarner, second vice president; with Fussell serving also as treasurer and Glarner as secretary. Directors are H. A. Douthitt, R. H. Fackelman, G. E. Bennack, Jeff Sanders, M. E. Hayes, Gustin Garrett and Herbert Koepke.

M'ALLEN SETS 10 PROGRAMS FOR TOURISTS

Heavy Schedule Will Start Monday

McALLEN—Ten different events are scheduled on the McAllen tourist entertainment calendar this week.

The winter visitors will meet Monday at 2 p.m. at the Steele Trailer community hall for shuffleboard and other games. Tuesday at 10 a.m. the Spanish class will meet at Legion Hall. At 11 a.m. the sewing club will meet at Legion Hall and at 1 p.m. the dancing and music club are inviting all persons interested in a club of this type to be present. At 2 p.m. the regular card games will be played and at 4 p.m. the first tour to Reynosa, Mexico, for the sight-seeing tour and the wild game dinner will be organized to leave from the chamber of commerce building. All who wish to go on this tour are asked to be on time, since the motorcade will leave promptly. The tourist group from Harlingen will join the McAllen party.

Wednesday is rest day. Thursday there will be a tour with a picnic lunch to the Jungle Garden north of McAllen. Friday at 10 a.m. the Spanish Club will meet at Legion Hall and card games are scheduled there at 2 p.m. A fishing trip is planned for Port Isabel, the group to leave at 8 a.m. Saturday. Individuals are to furnish their own lunch and drinking water.

Twenty-two members have registered for the Spanish Club, which meets every Tuesday and Friday at 10 a.m. Officers will be elected at an early date.

Much interest is being shown in the sewing and knitters club which meets each Tuesday at 11 a.m.

Mrs. Polly Moran is acting as chairman of the music club and asks all tourists who play instruments to be at Legion Hall next Tuesday at 1 p.m. Approximately 50 bridge and other card game players have been enjoying the games and are anxious for all tourists and winter visitors to join them next Tuesday at 2 p.m.

Pan-American In Films

LOU YACONELLI, FANCHON ROYER

BROWNSVILLE — Lou Yaconelli and Fanchon Royer, free-lance movie makers from Hollywood, will leave Brownsville for Mexico City Saturday on the last leg of an extensive plane trip and movie-making venture for Pan American Airways.

Yaconelli and Miss Royer arrived in Brownsville Friday morning and spent the day filming activities around the city of Brownsville and the airport.

During the past few weeks they have taken pictures to be used in publicizing Pan American's All-Expense tours into Central and South America and specifically Mexico.

The pictures were all taken in color and sound will be added to the film to make it a complete movie.

Valley Cannon At Resaca de la Palma And Galveston Ranch Battlefields Are Safe As Army Seeks Old Field Pieces

WASHINGTON—(AP)—The army shot to pieces Saturday the rumor that the cannon on the country's court house lawns might be wrenched from their peaceful petunia beds and carted back to Washington for national defense.

Some field pieces, such as the one the government gave Colorado State College in 1919, are

being asked for. But these guns are useable, most of them being of the "French 75" design.

As a part of the defense program, the army plans to overhaul them. They will have new carriages so they can be towed in motorized units and when this streamlining is over, mechanics will go to work on the firing features.

Experts say that with a little labor and material the range of many of these guns can be stepped up and they can be made more maneuverable.

Practically all the cannon in the court house brigade are weapons too old or too far gone for repair. Many of them are relics of the Civil War and Spanish American War.

Valley battlefields boast two historical cannon, one of them at Resaca de la Palma battlefield near here and the other at Galveston Ranch battlefield on the military road near Santa Maria, but both of them are of ancient vintage and therefore of no interest to the War Department. They were used in the Mexican War.

Baptist Delegates

SCOT RELIEF DRIVE OPENS

Pharr Minister To Accept Funds

PHARR—Collection of funds with which to aid Scottish war victims has been started in the Valley.

Rev. W. W. Stewart of Pharr, who was a member of a branch of the "Order of Scottish Clans," an organization of persons with Scotch blood, at Lewiston, Me., where he served as chaplain, has been asked to collect funds for the group in this section. Members at Lewiston asked that he aid the work, Rev. Stewart said.

Funds collected here will be used solely in Scotland, he explained. They will be administered by the Scottish division of the British Red Cross.

"There is more suffering in Scotland than is generally known," the minister said. "Great damage has been done to large cities, particularly Dundee, Glasgow and Edinburgh."

Donations for the fund may be left with, or sent to, Rev. Stewart in Pharr.

'Safety First'

Comedy Is Presented At San Benito

SAN BENITO — A comedy, "Safety First," with a cast of well-known San Benitos will be presented at 8 p.m. Tuesday at the high school auditorium under the sponsorship of the Order of the Eastern Star.

In the cast are Mrs. James D. Casey, Mrs. Helen Milum, Miss Jane Bohner, Mrs. Charles Bowie, Dr. E. L. Sullivan, J. B. Mack, R. J. Bohner, Ray Reed and Tol-Boswell Jr. Miss Margaret Conrardy is the director and also takes a part in the play.

Proceeds from this entertainment will be divided between the OES local chapter and the library fund. Reserved section tickets are on sale at the Rivoli confectionery.

Laymen To Take Part In Sunday Services

MISSION—Laymen of the First Christian Church will participate in the Sunday morning service at the church as the observance of the 17th annual Men and Missions Day. It was announced this week by the pastor, Rev. E. R. McWilliams. The missions day is a part of the interdenominational movement to awaken interest of laymen in world missions. Members of the laymen's group will be seated in a body at the church services.

Axis-Moscow Deal As Nazis See It

Unofficial reports from Berlin drew this picture of "spheres of interests" created by their recent Hitler-Molotov negotiations. Russia is to have her vast region of domination (diagonal lines) lying between Japan and Axis dominated Europe. All of Africa and dotted portion of Europe shall be under control of Axis (black area). Russia has gained territory recently in Finland (1), and the Baltic states (2), but the Dardanelles (3) will remain untouched if Turkey "behaves." Russia has Axis permission to gain access to the world's oceans via Iran or Afghanistan and British India.

Go For Costume Jewelry? San Benito Legion Post Studies Outlawing The Stars And Stripes On Bars And Pins

SAN BENITO—An article in a recent issue of the "Army and Navy Register" condemning the reproduction of the American Flag in costume jewelry has interested several members here of the Sam Jackson Post No. 111, American Legion, who are planning to present at the Legion's meeting Monday a resolution endorsing the viewpoint of this commentary.

The article states: "The range of costume jewelry has been extended to take in the American Flag. At the outset the regulation flag with its alternate thirteen red and white stripes formed the basis of the article and the union had as many small costume 'jewels' as could be crammed into the available space."

"From this beginning, the reproduction of the American Flag has degenerated into pieces of

from four to six stripes and a nondescript union. It may be contended that the jewelry is not intended to represent the American Flag. We must counter with the contention that whether it is intended or not, the makers are taking advantage of the awakened interest in the stars and stripes and the monstrosities they are offering are in fact desecrative representations of the American Flag."

"If the patriotic women of the country would make it their business for just one day to go to department stores and other places where this jewelry is being sold, see the managers and condemn this use of the symbol of America, this phony jewelry would disappear as quickly as it has found a place in them."

Famous Movie Actor No Millionaire

LOS ANGELES —(AP)—The estate of Tom Mix will amount to only about \$115,000, Ralph W. Smith, attorney for the late movie and circus cowboy, said.

Preparing to file an application for appointment of an appraiser, Smith said only about \$100,000 in real property and \$15,000 in personal property has been found so far, instead of the million dollars Mix was believed to have possessed. Smith added that amount may be cut in half when obligations of the estate are discharged.

Continental Oil Chief Visits Site Of New Rincon Purchase In Valley

McALLEN—J. G. Dyer of Ponca City, Okla., vice-president in charge of production for Continental Oil Co., which last week purchased an operating interest in the big Rincon field in eastern Starr county at a reported figure of \$8,000,000, made a brief inspection trip of the field Wednesday and Thursday.

In a brief interview, Dyer said his company, in taking over production at Rincon from W. R. Davis, Inc., of Houston, contemplated no changes in the development program begun by the Davis interests. "In fact," he said, "it is our company's policy to maintain steady development in any area which we see fit to enter."

The Davis company's plans for Rincon included a \$500,000 recycling plant, a 125-mile pipeline from the field to Port Brownville to transport the field's own oil, construction of a \$2,000,000 refinery at Port Brownville early next year and completion of over 50 houses and office buildings at Davis City, field headquarters for the Rincon development. Dyer did not say specifically that any or all of these projects would be included in his company's development program.

An indirect result of the Continental purchase of Lower Rio Grande Valley holdings was establishment of a new supply house by Republic Supply Co. at Sullivan City. Heretofore, Houston Oil Field Material and Supply Co. had been the only supply house located in the Sullivan City and Samfordyce areas.

Continental is the newest major company to take an active part in Valley operations, which have been on the steady increase throughout 1940. Its purchase of operating interest at Rincon provided the biggest single oil deal in Valley oil history.

McALLEN—Willacy county's lone wildcat was attracting practically all interest in the Lower Rio Grande Valley area Saturday after it started making dark brown crude of about 30 gravity on production tests to climax a long and expensive drilling campaign which began in Willacy several years ago.

Although no information was available at the well and while all operations were shrouded in secrecy as they have been since the well spudded, Pan-American Production Co. No. 1 Porfirio Garcia, Share 13, San Juan de Carricitos Grant, seemed destined Saturday to be the first commercial production for Willacy county. About two years ago, Shell Petroleum Corp. obtained gas-disillate production from a deep hole in western Willacy county in the Valley's famous salt lake area for several months, but salt water encroachment finally killed the well.

The Pan-American well, which has tested at least two other deep sands since completing contract at 9,002 feet, was reported on good authority to have run-perforated in sand at 7,668-7,705 feet. The well has been making some dark brown oil of 30 gravity, A.P.I., by heads, but the sand apparently does not carry sufficient gas to flow the well. Operators were reported planning to go back in the hole for additional perforations in the hope of finding sufficient gas in the upper part of the sand to make it flow. Contractors on the hole are Carter and Rubsamen of Houston.

The prospective new discovery is surrounded for the most part by thousands of acres of major company leases and several majors participated in the cost of the present hole, which is on a farmout from Shell Petroleum and Standard of Texas.

While the Willacy wildcat was testing for the third straight week, a new 10,000-foot wildcat in southern Cameron county was getting under way and a highly important deep wildcat in northeastern Brooks county was running drill stem test.

Pure Oil Co. No. 4 Gatewood Newberry, located southwest of Port Isabel in Share 3, Shelton Award Survey, cemented 16-inch conductor pipe around 200 feet and was reported making hole past 800 feet.

Falcon-Seaboard Drilling Co., Houston, has the contract.

In northeastern Brooks, J. M. West Production Co. and Dan Auld's No. 1 Wm. Ehlers, Sec. 12, Burton and Danforth Subd., Loma Blanca Grant, was running drill ing oil and gas show at 8,013-30 feet. The hole is being watched as a possible new Vicksburg producer. It is about four and a half miles south of the Blucher field in Jim Wells county. It is scheduled for the top of the Vicksburg at 8,200 feet. A West rig is drilling the hole.

Another highly important semi-wildcat, Sun Oil Co. No. 2 Mateo Sanchez, discovery well of this area yet unnamed new producing area and five miles north of the big Rincon field in eastern Starr county, was still making hole. After recovering oil on drill stem test of a new sand for the area at 4,393-4,407 feet, operators cored and tested salt water sand at 4,985-5,002 feet, recovering 110 feet of salt water. The well continued coring at 5,028 feet.

In northeastern Hidalgo county, Humble Oil and Refining Company No. 1 American Life Insurance Company, Lot 1, Block 1A, Mo-Tex Subdivision, Las Mestenas Grant, was dry and abandoned at total depth of 8,524 feet. Not a single show of any importance was reported in the hole, designed to test a sizeable section of the Humble's Hargill block of about 20,000 acres in northeastern Hidalgo and western Willacy counties.

On the west edge of the big Rincon field about 1,600 feet east of present production but 8,800 feet east of the major production area, W. R. Davis, Incorporated, No. 1 Harry Seytreid, Survey 228, was still a tight hole and no information was available concerning it.

McALLEN—Lower Rio Grande Valley producing areas added five more producers Saturday and had nearly a dozen new wells under way, continuing the 1940 drilling campaign that has been maintained throughout the first ten months of the year to make it one of the section's most active years in its oil history.

The Boyle field in southern Starr entered an important bed for close attention with two wide outcrop wells drilling, one on the northeast extremity of production, the other on the extreme south edge.

Slightly more than a mile south of discovery, Borsodi Petroleum Company No. 3 Juan de Dio Vela, Share 2-A, Portion 92, Camargo Jurisdiction, was reported bottomed around 3,700 feet and casing cemented for production test somewhere between 3,500 and 3,600 feet. This well also was being held tight by the operators and information was unconfirmed. The upper field sand was picked up around 3,100 feet.

On the south edge of the field, Sun Oil Company No. 1 Juan de Dios Vela, Share 2-A, 92, Camargo Jurisdiction, was drilling past 1,900 feet. Location is a south offset to the Borsodi No. 2 Vela.

Fidelity Oil and Gas Company No. D-5 E. B. Carruth et al, Share 1-A, Portion 92, Camargo Jurisdiction, a north offset to the Borsodi No. 1 Vela, which opened the field's 3,100-foot sand, was drilling past 300 feet.

A new northwest outpost for the field was Dean and Hendrickson's No. 1 M. M. Garcia, 330 feet from the south and 330 feet from the east lines of the north 30 acres of the 108-acre Berkshire Oil Company lease in Share 215, Portion 90, Camargo Jurisdiction. The test was ready to spud.

Two new producers were completed in the Rincon field in eastern Starr county, where operations were temporarily shut down.

W. R. Davis, Incorporated, No. B-37 Slick Estate, Survey 4486, in the southwest part of the field, gauged 215 barrels daily on 3-16-inch tubing choke with 580 pounds tubing working pressure and 775 pounds closed-in casing pressure. Production was through casing perforations (116 shots) at 4,146-68 feet after the hole went to 4,373 feet and casing cemented at 4,210 feet.

GULF STUDIED FOR WAR USE

Ports May Be Used In Emergency

WASHINGTON—(AP)—The War Department has quietly studied wharfing and warehousing facilities at a number of Gulf ports with a possibility of establishing at one, in the event of war, a depot for water-borne supplies destined for use in the Eighth Corps Area.

This was the information received by aides of Representative Mansfield (D-Tex.), who inquired into reports that Galveston was under consideration for selection as a site.

Army officials confirmed that a check had been made of Galveston and some other Gulf ports, but insisted that there was little likelihood that a depot would be established unless there was an emergency such as war involving the United States.

Here's What Went On (Maybe) Between Russia And Germany At Conferences

EDITOR'S NOTE: H. I. Phillips, columnist, again goes into one of his famous trances and "visualizes" the recent military conference between Russia and Germany. Below is his "interview":

Von Ribbentrop.—Welcome to Berlin. Did you have a good trip?

Molotov.—I won't know until it's all over. Where is Herr Hitler?

Von Ribbentrop.—He is a little late.

Molotov.—That seems to be the conclusion everywhere lately. I trust his health is satisfactory.

Von Ribbentrop.—What do you call satisfactory?

Molotov.—From the Moscow viewpoint, not too good, not too bad.

Goering.—How are things in Russia?

Molotov.—I wouldn't know. Goering.—You're there all the time aren't you?

Molotov.—That's the trouble!

Von Ribbentrop.—How is Comrade Stalin? I trust he is as firmly behind us as he ever was.

Molotov.—As he ever was... you can count on that!

Goering.—Here comes Der Fuehrer now.

Hitler.—Greetings, Comrade Molotov! Long live Russia.

Molotov.—Long live Germany.

Goering.—Long live the Axis!

Molotov.—That's a lot of living for times like these.

Hitler.—I am glad to see you with us, Molotov. Russia is a great country. Russia is a peerless comrade in arms. Russia is a loyal pal. Russia is a trustworthy ally. Russia is...

Molotov.—Yeh, yeh. Why argue it? I'm not even disputing you. How are you doing just now?

Hitler.—That's why I'm having this conference: to find out how I'm doing.

Molotov.—I notice you're in conference a lot lately. You've got Joe nervous.

Hitler.—If Joe was as deep in this war as I am he'd be in conference, too.

Molotov.—Isn't it possible you are covering too much territory?

Hitler.—Not unless Stalin thinks so. That's what I want to talk to you about. Is Joe still with me 100 per cent?

Molotov.—Well, say 75 per cent. Hitler.—95 per cent or nothing. Molotov.—Maybe I can make it 80.

Hitler.—I can't take less than 90. Why the 20 per cent off?

Molotov.—I'm getting it for you wholesale.

Hitler.—Make it 85 per cent. Molotov.—I'll split the difference and say 82 1-2.

Hitler.—Okay. I hate haggling over details.

Molotov.—Before this war is over, you'll get used to it.

Hitler.—Now how about Turkey? Molotov.—I'll bite. How about it?

Hitler.—I must know Russia's stand on Turkey.

Molotov.—Why don't you ask Turkey?

Hitler.—Turkey isn't certain.

Molotov.—Well, she's got nothing on Russia in that respect.

Hitler.—Does Stalin appreciate the fact we are about to be masters of the world?

Molotov.—I dunno. But he's awfully nervous about something, and maybe that's it!

the quota by means of the \$1 yearly memberships instead of large contributions.

In addition to the 15 captains previously named, Ira E. Ellis is named head of the drive in the schools. Home room teachers will take the contributions of children who will be given a Red Cross button. Red Cross stickers will be given the rooms obtaining one or more memberships.

M. O. Johnson, assisted by the Boy Scouts, will be in charge of the 100 per cent awards given to business firms whose entire personnel becomes members of the Red Cross.

Mrs. Ophelia Hill, president of the Business and Professional Women's Club, will arrange for the club's representatives to solicit memberships in the bank and the post office Saturday and Monday, Nov. 23 and 25.

The 17 captains will meet with Crockett and R. C. Pryor, chairman of the Harlingen Executive committee, Monday at 7:30 a. m. at the Reese-Wil-Mond Hotel for a breakfast when details of the drive will be given. It is expected that all captains will have their lists of ten assistants complete and members in the field by Tuesday morning.

The majority of the money obtained in the drive will remain in the local treasury for relief work in this area.

Agent Of Reichsbank Declared Guilty Of Contempt Of Court

LOS ANGELES—(AP)—Samuel Hansen, 58, a native of Germany, was declared guilty on 22 contempt charges in superior court here Friday when he refused to answer questions which he said would violate his oath of secrecy as an agent of the German Reichsbank.

"If I do so it will be treason and I will be shot as a traitor if I return to Germany," Hansen told Superior Judge Peirson Hall.

Neutrality Law Is Applied To Greece

WASHINGTON—(AP)—President Roosevelt applied the neutrality act to Greece Friday night, thereby officially recognizing that Greece and Italy are at war.

The effect of the action was to subject supplies destined for Greece to the law's "cash and carry" policy and to prohibit American travel on Greek ships.

Alaska Challenges In 49th State Race

WASHINGTON—(AP)—Hawaii may encounter competition from Alaska and Puerto Rico in its quest to be the 49th state in the Union.

Delegate Anthony J. Dimond of Alaska declared that Alaska was "just as much entitled to statehood as Hawaii." He added, "We'll beat Hawaii to it yet, if we can."

REGAINS APPETITE AND 5 POUNDS ON RETONGA

"I Feel Better Than In Years," Declares Mrs. Shannon And Gives Facts In Case To Public.

MRS. MATTIE SHANNON

Retonga daily receives many grateful endorsements from well known Texas men and women who happily acclaim this purely vegetable stomachic medicine for regaining stomachic elimination, and an insufficient flow of gastric juices, with their consequent distressing indigestion, toxic poisoning, a weak and run down feeling, headaches, muscular pains, nervousness, sleeplessness, and other similar harassing symptoms. Among many happy Retonga endorsers is Mrs. Mattie Shannon, a widely known Houston resident of 1208 Northwood St., who stated:

"Retonga was a blessing to me. Constipation forced me to take purgatives regularly, upsetting my stomach and causing dizzy splitting headaches. My appetite failed, and due to insufficient flow of gastric juices what food I forced down caused torturous indigestion and gas bloating. Consequently, I felt weak and run down, and I felt so nervous I could hardly get a good

night's rest. Now, thanks to Retonga's prompt relief, I eat heartily and sleep fine, and so have regained five pounds. I feel better than in ten years. Retonga is simply wonderful."

Retonga is a purely vegetable stomachic medicine compounded of extracts from medicinal roots, herbs and barks, intended to increase the flow of gastric juices in the stomach and help nature remove wastes from the bowels. HIDALGO TAX PAYMENTS IN OCTOBER BIG

\$300,000 Collected Last Month

EDINBURG — Tax payments in Hidalgo county during October were nearly \$52,000 heavier than for the same month last year, and reached a record total of \$326,174. Clay Everhard, county tax collector-assessor, reported Saturday. The total represents 28 per cent of the total tax roll. Collections for the same month a year ago were \$271,192.

The heavy payments were due, Everhard explained, to the county's offer of a 5 per cent discount for payment of 1940 taxes before they become legally due. A number of the largest taxpayers in the county, he added, did not pay during the month for various reasons, indicating the 3 per cent discount has attracted an increasing number of small property owners.

"Those who wish to pay one-half before November 30, and the other half before June 30, 1941, do not receive discount on the first half but the second half can be discounted 3 per cent if paid before March 30, 1941," Everhard said.

Full payments of taxes are subject to a 2 per cent discount until November 30, and 1 per cent until December 31.

Everhard said several large firms wanted to take advantage of the October discount but withheld them until after their fiscal years are closed, thus being able to take advantage of the tax deduction in their federal income tax statements.

McAllen Club Plans Sunday Meeting

McALLEN—The McAllen Aerobics Club will hold a meet Sunday from 2 to 5 p.m. on the South McCall road, members announced Saturday reporting the election of new officers.

Entrance fee for the contest, one of a weekly series, is 10 cents.

New officers include J. H. Comer, president; Bill Kious, vice president; Jimmie Warner, secretary; and Paul Smith, publicity chairman.

Weekly meetings are held every Tuesday night. The club is sponsored by the McAllen Kiwanis Club.

Mission Draft Board Physicians Selected

MISSION—Roy Conway, chairman of Hidalgo county draft board No. 2, embracing Mission and McAllen, announced Saturday that Drs. T. R. Burnett and T. N. North of Mission, have been named examining physicians for the board.

Conway said volunteers will be examined Monday, and will be officially notified to be ready to join the army next Sunday night if they pass the examinations.

A McAllen physician is expected to be named later, he said.

Trio Pleads Guilty To Liquor Charges

BROWNSVILLE—Josefa Puente, Petra Ramirez and Dee Carter, all of Harlingen, pleaded guilty to charges of possessing unstamped liquor when arraigned in Cameron county court Saturday before Judge Bascom Cox.

Petra Ramirez and Josefa Puente were fined \$100 and costs. Dee Carter, a Negro, was sentenced to 30 days in the county jail. Complaints were filed by William Terry, district inspector for the state liquor control board.

Berlin Reports Raid Attack From British

NEW YORK—(AP)—The German radio in a broadcast heard by NBC said large numbers of British planes attacked Berlin Friday night and that a total of 12 were shot down, six in the Berlin area and six near the English Channel.

The broadcast said "only 12" of the raiders reached the Berlin vicinity, that "insignificant fires" were started and "some damage caused to private houses."

Babson Says

Cost Of Living Will Be Watched Closely To Keep It From Getting Out Of Hand; No War Profits Slated

By ROGER W. BABSON

BABSON PARK — Now that the political campaign is over and readers have had a chance to settle down, it is well to discuss some practical problems. The first thing which comes to mind is prices. Whether you are a manufacturer, a shopkeeper, or housewife, you are naturally interested in prices. Hence, my column this week is devoted to this subject.

Beware Of Inflation

When I say "Beware of inflation" I am quoting the man who will be President of the United States for the next four years. No one realizes the dangers of inflation more than does he. When I was once talking the subject over with him, he said, "You need only to read history, Babson, to see what has happened to national leaders who have engulfed their nation with dangerous inflation." His friend, Mr. Henry Morgenthau, Jr., Secretary of the Treasury, is heart and soul with him in this opinion.

Yet, if prices are left to their own free movement, we may be headed straight for inflation. It is true that there will not be, during World War II, the demand for many things the prices of which skyrocketed during World War I. On the other hand, the vast amount of present available credit and suppressed speculation could easily send prices of certain commodities higher than ever before.

Need Of War Materials

With the election over, one thing is certain. This country will have a united front to build up strong defenses. No politician, labor leader, nor businessman will be permitted to make abnormal profits from the armament program. It simply will not be in the cards. This is another reason why fancy price increases will be frowned upon.

Don't be surprised if priority orders have been issued on certain commodities before this word of mine gets into print! There will be

no nonsense or playing about with war orders from now on. Manufacturers of war supplies are fully taken care of. The good old days of laissez faire are over. Priority orders will be the order of the day.

What About Wars?

During the last World War, I was an assistant to the Secretary of Labor in Washington. I saw the selfish attempts both of capital and labor to make abnormal profits while their brothers were in the trenches in France. We are not going to see a repetition of this situation during World War II. The present Congress has already put a tight roof on the profits of capital. The Administration is giving good advice to labor leaders that they watch their step or they will be handled roughly likewise.

Labor, however, will insist upon wage raises consistent with any raises in the cost of living. This means that to keep peace with labor and to insure maximum production, the cost of living must not get out of hand. Labor leaders are watching the cost-of-living index as a cat watches a mouse. This is another reason for the administration to watch it likewise.

What Is The Answer?

The answer to all the above is that we are headed inevitably for price fixing of some kind. This is being discussed in Washington as you are reading this column. The question is: Shall we follow the program of World War I by fixing the prices of only a few commodities at first, and then gradually increase the number; or shall we fix the price of everything at one time? This brings up again the question of politics even though the election is over! The agricultural districts want the prices of manufactured goods fixed; but not the prices of farm products. Strong pressure is being put on the administration to follow such a half-hearted policy. My own guess is that a "roof" will be put on everything

including farm products; but this roof will not fix the price of everything at current quotations. The farmer will be allowed more room in the "attic" of his house.

Prices Not Everything

But during these coming months let us think not only of prices but rather also of character. In fact, only through justice, truth, and charity can the price problem be solved satisfactorily. Price-fixing legislation alone will develop bootlegging unless people's hearts are right.

We worry about Europe and well we may. But as the people of Britain and Europe suffer materially they may be reborn spiritually. Let us be sure that, as we prosper materially, our spiritual lives do not go into reverse!

Baptists Of Texas Adjourn Convention At Houston Friday

EDITORS HEAR MEXICO TALK

Tourists Assured Of Travel Safety

REYNOSA, Mexico—Refugio Saenz of Victoria, deputy in the Tamaulipas state legislature, addressed 100 members of the Texas Editorial Association at a banquet here Friday night, declaring there is no internal trouble in Mexico and assuring American tourists they can travel in the Southern Republic as safely as in their own country.

The wild game dinner was one of the features of the newspaper editors' annual convention, which has been headquartered at Brownsville.

Saenz, stressing the need for close cooperation and understanding between the two nations in the Western Hemisphere's defense program, said that recurring rumors of impending trouble over the disputed Mexican presidential election was "absolutely false." The country is "behind General Manuel Avila Camacho, recognized by the United States as the president-elect, Saenz asserted, and the inauguration will take place December 1 without incident.

He urged the newspapermen to tell their readers that Mexico welcomes tourists and will provide every means for their safety and comfort.

Cowboys Parade

Will Rogers Day Is Observed Friday

FORT WORTH—(AP)—Texans and Oklahomans and cowboys from all the old west cattle country paraded on horseback and in horse-drawn surreys and wagons Friday to give a picturesque send-off to Will Rogers Day in Fort Worth.

The occasion was the belated dedication of the four-year-old Will Rogers Memorial Coliseum at the opening of the ten-day all-American rodeo and horse show tonight.

New 'Ghost' Speech Will Extoll Valley

McALLEN—Another of McAllen's ghosts will appear in public in the Middle West shortly.

A club woman in Abilene, Kan., will present a speech on the Lower Rio Grande Valley and McAllen, prepared in part by a ghost writer in the publicity department of the McAllen Chamber of Commerce.

This is the tenth "ghost" written speech on the Valley presented in the Mid-West, except for two given in the New England states, this year. McAllen and Valley literature were distributed at the club or luncheon meetings.

McAllen Club Will Stage Yule Dance

McALLEN—Pre-Christmas activities were planned by the Lions club at their regular luncheon Friday when they appointed Orville Cox general chairman of the annual ladies' night holiday dance about 10 days before Christmas.

On a program arranged by Mrs. Faye Jones, Ronald Zachman and Gene Catlett gave classification talks and the Bethany-Peniel college quartette sang several numbers. The quartette were introduced by Reverend Messer of the Nazarene Church. J. Lee Stambaugh of San Juan and Marcus Tansey of Smithville were guests.

Girl Scout Head Visits

leader, welcomed Miss Mulkey to the Valley city, and Mrs. John Dutro (right) was named chairman of the Brownsville Girl Scout steering committee which was organized during the morning to promote and organize Girl Scout troop practices and problems.

Mrs. James Rentfro, Mrs. P. W. Hirst, Mrs. G. Bogel and Miss Frankfield were named to assist Mrs. Dutro on the committee. A meeting for Girl Scout leaders of the Lower Valley was held at the Brownsville Chamber of Commerce at 10:30 a. m. Miss Mulkey has charge of the Oklahoma - New Mexico - Texas region and is stationed at Dallas.

Know Any Limericks? Winner Of 80 Adverting Contests, Middletown Woman Gets \$1400 Airplane As Prize

MIDDLETOWN, Conn.—(AP)—Mrs. Bernice O. Frissell, Middletown librarian to whom winning prizes is all part of the day's work, owns an airplane now.

She got it the same way she got the five radios, vacuum cleaner, washing machine, various other household articles and cash awards she has won—by writing something. In this case, her 80th success, she completed a sentence for an advertising slogan. The award was announced Friday night on a radio program.

Mrs. Frissell's \$1,400 airplane will be delivered Sunday at a Hartford airport and eight free flying lessons go with it.

TRUCK LIMIT RELIEF SEEN

Okay On Exemptions May Come Soon

McALLEN—Lower Rio Grande Valley truck operators began looking forward Saturday to the end of their long, hard battle of the past three years for relief from the restrictions of the Texas 7,000-pound truck load limit law.

State Representative Homer L. Leonard of McAllen, now in Austin, advised newspapermen that relief from the restrictions may come at once after announcement that State Railroad Commissioners E. O. Thompson and Jerry Sadler, with Chairman Lon A. Smith absent, have agreed to look with favor upon applications for exemptions under Interstate Commerce Commission rulings. The exemptions would apply only to shipments of perishable fruits and vegetables into interstate commerce.

Leonard's message expressed his belief that the applications for exemptions, if granted, "would greatly facilitate our citrus and vegetable crops movements this year."

In spite of the state regulations, truck shipments of citrus alone this season, through November 13, have amounted to the equivalent of 2,335 cars, as compared with a total of 1,649 cars at the same date last year. Truck movements of citrus fruit have already reached an average of 130 to 150 truckloads daily as compared with 75 to 100 truckloads daily usually moved at this time of the season. A few truck shipments of vegetables are moving, as usual, with the truck loads heavily loaded. Better facilities for moving vegetables by rail because of icing requirements ordinarily result in larger vegetable shipments by rail.

Nature of the exemptions allowed by the Interstate Commerce Commission on perishable shipments moving into interstate commerce was not revealed in Leonard's telegram.

Disease Study

Three Vally Doctors Back From School

McALLEN—Dr. Alfred Osborn returned Friday night from Hot Springs, Ark., where he attended a six-weeks school conducted by the United States Public Health Service. The school was the first of its kind ever held for post graduate study of venereal diseases and treatment.

Dr. Osborn with Drs. J. A. Hockaday of Port Isabel and J. C. Watkins of Harlingen were the only men from Texas attending the school, conducted by outstanding members of the U. S. Public Health Service.

The purpose of the school was to attempt to standardize the treatment of venereal diseases in public clinics throughout the nation.

Mrs. Osborn and child accompanied Dr. Osborn home.

Hitler Sees Japs As Winners With Nazis

BERLIN—Adolf Hitler said in a message to the Japanese nation on the empire's 2,800th anniversary Saturday, that she would reach her goal of successful peace in a protected living space, together with the German and Italian peoples, after a hard struggle for her vital rights.

HARLINGEN—Bi-monthly meeting of the Harlingen Firemen's Auxiliary will be held Monday night at the home of Mrs. Carl Brown, officials said Saturday. Every member was urged to attend.

WILLKIE SEEN COLLEGE HEAD

Alumni Of Stanford Seeking Him

SAN FRANCISCO—(AP)—The Call-Bulletin said Saturday that "a powerful group of Stanford University alumni," unidentified, was "bringing pressure on the university board of trustees" to offer the presidency of the school to Wendell L. Willkie.

The president now is Ray Lyman Wilbur who has reached the retirement age but continues to head the institution at the request of trustees.

"The move has passed well beyond the talking stage," the Call-Bulletin reported, "and the interested alumni have met to discuss means of securing the offer and inducing Willkie to accept."

University trustees have been considering a successor to Dr. Wilbur for some time.

Receiver Sells Two Valley Land Tracts

EDINBURG—Fred B. Cable, receiver for the old Merchants National Bank of Brownsville, has received the authority of 93rd District court of Hidalgo county for the sale of 797 acres of land at prices totaling \$8,888.10, court records revealed here Saturday.

One tract of 204.39 acres was sold by the receiver to C. C. Conley of Raymondville for \$1,460.00. It is located in the Llano Grande grant in Hidalgo county. The other, a 592.6-acre tract in the Mata de Sandia ranch, share 22, Espiritu Santo grant, Cameron county, was sold by Cable to J. D. Howard of Wichita county, Texas, at a price of \$7,407.50.

\$1,900 Is Awarded In Accident Suit

EDINBURG—An agreed judgment of \$1,900 in Mrs. Juana Villa de Licja's damage suit against the Jones Company, Inc., truck operators, was disclosed in 93rd Civil District court records here Saturday. The suit grew out of the death of her husband, Esteban Licja, when the car in which he was riding crashed into a Jones company truck in Edinburg October 20, 1940.

Hoover Renews Plea For War's Refugees

POUGHKEEPSIE, N. Y.—(AP)—A renewed plea for assistance to the peoples of Europe's conquered nations has come from former president Herbert Hoover, who directed the Belgian Relief Commission during the World War. "I simply refuse to believe, and I am going to continue to disbelieve, that American public opinion is going to condemn 15,000,000 people to die, upon flimsy arguments and informal polls," Hoover said Friday night in a nation-wide broadcast from Vassar College.

CALF BRINGS TOTAL OF \$144

Hereford Is Sold At McAllen Auction

McALLEN—One of the finest Hereford calves ever produced in the Valley was auctioned off at 12 cents a pound Saturday in a program conducted by the agriculture committee of the McAllen chamber of commerce.

The animal, raised by Harold and Aaron Reynolds as a Hidalgo county 4-H Club project, weighed an estimated 1,200 pounds, bringing a total of \$144.

Aaron has been the winner of the Hereford calf division at the Valley Mid-Winter Fair at Harlingen for the past three years and has won many other 4-H Club honors. Assistant County Farm Agent W. H. Gardner described the beef as one of the finest ever produced in the Valley.

The auctioneers for the occasion, held on the chamber of commerce lawn, were Ed McGinnis of the agriculture committee and Chamber Manager Paul T. Vickers.

Drunk Driving Is Charge In Mishap

EDINBURG—Charged with driving while intoxicated after his car turned over on State Highway 107 four miles west of Edinburg at 7 p.m. Friday, J. M. Stevens of Austin was released under \$500 bond here Saturday. He was given a hearing before Justice of the Peace J. Loy Ramsour.

County Patrolman Walter Ly-singer, investigator, said there was no other traffic nearby when Stevens' car suddenly swerved and overturned, coming to a halt on its top. Stevens was not hurt, passing drivers extricating him from the machine.

Coventry Puts On Brave Show For King George

By ALFRED E. WALL
COVENTRY, England—(AP)—Stricken Coventry put on a brave, impromptu show Saturday for the king.

George VI motored up to this devastated industrial city to inspect the results of the most concentrated bombing Britain thus far has undergone.

Cheers greeted him and officials turned out the town hall's best silver and crystal for the monarch's luncheon. He brought words of sympathy, cheer and assurance of support for the stricken town.

By official estimate 200 persons were killed and 800 injured between Thursday sunset and Friday dawn by 500 Nazi planes.

But the populace made a show of spirit when the king's car, quite by surprise, threaded its way through the littered streets and pulled up before town hall.

The cry went up: "The King! The King!" Then a cheer: "Hip, Hip, Hooray!"

The king smiled. Saluting, he made his way through the throng as a red-faced policeman yelled:

"Are we down-hearted?" "No," the crowd roared. "Will we knock Hitler's block off?" "Yes."

The royal visitor conferred with local and government officials or- ganizing emergency relief and then toured the devastated area. He stood on a heap of smoking rubble where Coventry Cathedral had stood and spoke gravely to the provost of Coventry, the Very Rev. R. T. Howard, who told him of the futile attempts to save the 14th century structure

from showers of explosive and fire bombs.

Smoke still hung over the city. Most of Coventry's casualties had been moved to nearby towns, but the police said many bodies still were in the ruins.

Mayor J. A. Moseley said the whole country was rallying to the aid of Coventry. The lord mayor of London sent 10,000 pounds (\$450,000) for relief work.

"We are hit," the mayor said, "but we never will be licked."

LIONS STAGE ORPHANS FETE

San Benito Club To Be Dinner Hosts

SAN BENITO—Continuing an annual custom, the San Benito Lions Club will furnish a big dinner Christmas day for the orphans at the Sunny Glen Home at San Juan, it was announced Saturday by Woodrow Wilson, vice president. Other plans on the club calendar for December include a party for the ladies on December 20 for which Elmer Walk is in charge of arrangements.

These activities were endorsed and other plans were discussed at a dinner meeting Thursday at Miller's Coffee Shop when past club presidents, W. R. Brown, Carl Miller, Rudy Hendrix, Bob Collins and H. J. Glascock entertained club directors. The group also approved the club's assistance in the barbecue scheduled for Thursday night honoring the football teams of the senior and junior high schools at the Legion Hall.

Neil McGrady was raised from cub to full membership at the luncheon meeting Friday at the Stonevall Jackson Hotel and W. B. Speer, formerly of Robstown and now engaged in the produce business here, was welcomed into the club as a cub.

CLERKS WILL TAKE NOTARY PUBLIC DATA

Secretary Of State To Issue Papers

EDINBURG—Persons interested in becoming notaries public or renewing their appointments as notaries should make applications through the county clerk's office, Hidalgo Clerk Oscar D. Kirkland was informed Saturday by M. O. Flowers, secretary of state, at Austin.

Formerly notaries were named by the governor after the senate had approved the appointments.

In the future, all appointments will be made by the secretary of state. A constitutional amendment providing for this change was passed at the general election earlier this month.

Notary requirements henceforth will be that the applicant be 21 years of age and a resident of the county. All notaries will file their bonds with county clerks of their home counties. Thus if applications are made at the same office, the clerks will forward the names to the secretary of state and he will in turn return the notary commissions through the clerks' offices.

This method will be followed in Hidalgo, said Kirkland.

Appointments made before June 1, 1940, will expire November 20, 1940. All appointments to be made June 1, 1941, will expire June 1, 1943.

ANGLIN NAMED SCOUT CHIEF

Harlingen District Elects Officers

EMMETT O. ANGLIN

HARLINGEN—Emmett O. Anglin will serve as District 2 chairman for the Boy Scout organization here, it was announced here Saturday following election of new officers to head the district, which includes Harlingen, La Feria, Santa Rosa and Combes. Anglin will assume his duties on July 1, 1941.

Anglin succeeds Bob Adams, who was named vice chairman for the 1941 scout year. Saturday Anglin announced list of appointive officers, who will serve during the new year as chairmen of their respective committees.

Sam Salsbury has been appointed as scout commissioner for the district by Arnold Dreyer, Valley scout executive, following recommendation by Ralph Cissne, field executive.

New Appointees

Appointed by Anglin were: Ben Wood, chairman of the organization and extension committee; E. C. Deering, chairman of leadership training committee; John England, camping and activities; Dr. D. C. Rouzeau, health and safety; M. F. Drury, advancement; G. E. Osborn, finance; and George Wright, publicity.

Anglin expressed himself Saturday as having always been enthusiastic about the scout movement, believing it the greatest boys organization in the country. He added that he believed all members of the district committee could be depended on to carry out the year's program as laid out by the Valley Council and Dreyer, so as to make 1941 the best scout year ever experienced for District 2.

New Troops

New troops are being organized here, and it is hoped troops can be built up and many new scouts added to the local group during the coming year. Biggest job, said Anglin, is to secure competent and willing scoutmasters. He stated he believed almost any civic organization will be glad to sponsor a troop if enough competent leaders can be found.

Anyone interested in scouts is always welcome, Anglin said, along with their suggestions and help. The scout movement, he said, should be considered everybody's organization.

Low Flying Nazis Claim Vessel Sunk

BERLIN—A low-flying mass attack on a heavily protected convoy near Lowestoft on the British coast Saturday resulted in the sinking of a steamer of 4,000 to 6,000 tons with four hits, DNB, official German news agency, said. Numerous bombers attacked other ships, the agency said.

Valley Beautiful

LAWNS

By GEORGE H. FLETCHER, Jr.

LAWNS can be made very beautiful in the Valley with a minimum amount of expense and labor, provided they are fertilized in the winter. This will insure a dark green color during the summer with only a minimum amount of water. Good fertilizers to use are cow manure, sheep manure, ammonium sulfate, ground bone and cotton seed meal. Only manure well rotted should be applied. The best months are November and December, as it is necessary to allow sufficient time for decomposition before hot weather.

From a light sprinkling to a layer one inch thick can be used with good results, about 12 yards is plenty for a 75 by 150-foot lawn.

Commercial fertilizers are cleaner than manure. The best of which is sulfate of ammonia followed closely by ground bone. For best summer results, apply in January and February. Sulfate of ammonia can be used five pounds per thousand square feet, either dissolved in water and sprinkled on or scattered over area and washed in with care that no particles remain on leaves as it is caustic and specially dangerous to use in the summer.

Bone meal can be spread on at rate of 20 pounds per thousand square feet, without any burning effect. Cottonseed meal is a good fertilizer if used in the fall and can be scattered over the lawn at the rate of 25 pounds per thousand square feet, with care that a uniform spread is obtained as lumps cause burning. Remember fall and winter fertilizing insures your next summer's yard.

CHAMBER SETS MEMBER DRIVE

Mission To Sponsor Xmas Lighting

MISSION—New members will be sought for the Mission Chamber of Commerce during the first week of December, according to plans mapped Thursday night when directors of the body met at the chamber office. D. W. Cott, vice president, was in charge.

Three divisions will be outlined for contestants in an outdoor lighting contest planned for the Christmas season. Contestants, who must register with the chamber office in order to be eligible for prizes, may enter in commercial, residential or rural divisions, according to the location. In each division, \$15 cash awards will be given, divided into \$7.50, \$5 and \$2.50 for the first three places, respectively. Deadline for the registration date and dates which the lighting effects must be kept illuminated will be announced later.

ORD REFUSES MISSION JOB

Chamber Manager's Post Still Open

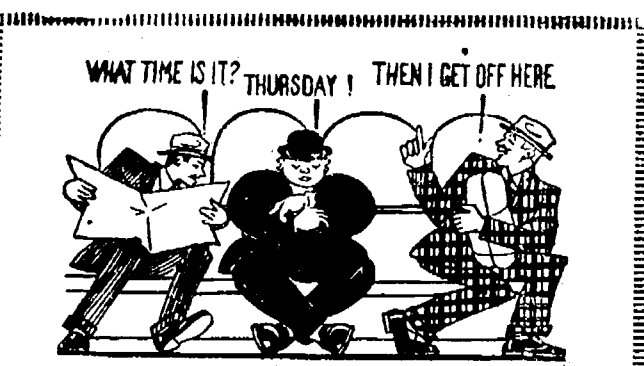

MISSION—Paul Ord, Mineral Wells chamber of commerce manager, will not come to Mission to serve as executive of the Mission chamber, he notified R. N. Smith, president of the Mission unit Saturday. Directors of the Mineral Wells chamber unit refused to release Ord from his contract now in effect, he reported, but gave him a new contract at an increase in salary. He has been elected to the Mission post and was to report December 1 for his new duties.

Former Mission newspaper man and accredited as the "father" of the Texas Citrus Fiesta idea, Ord has been manager of the Mineral Wells chamber for the past two years. The salary raises given him this week is the second since his original contract was made.

Bob Brumley Stars
For Birds

By FELIX R. McKNIGHT
COLLEGE STATION, Tex.—(AP)—Methodically, almost casually, the Texas Aggies pounced ruthlessly on the Rice Owls Saturday for a 25-0 victory that took them to the very brink of a second successive unbeaten season.

Never, in their classic string of 19 victories, had the Cadets struck with such viciousness as Saturday—tumbling through once-beaten Rice for 406 yards by ground air.

Once again it was John Kimbrough, the massive All-America fullback, in the bellwether role. The grinning 222-pounder prosecuted, and closed, his All-America case for 1940 by shredding Rice's stout line for 108 yards on 18 carries for an average six-yard gain.

He butted, he dived, he jolted and simply overpowered the second ranking line of the Southwest Conference.

Henderson Shines
But Kimbrough shared the glory with a gangling sophomore end, Bill Henderson, who threw the 30,000 crowd into a panic with eight consecutive catches for a total of 117 yards.

Only once was Rice in this ball game. Deep in the fourth period, second and third stringers dotting the Aggie line, Rice put on a drive featuring Bob Brumley, a magnificent back, that surged to the Aggie 14. But there it stopped. Prior to that the Aggie 42 was their best effort.

Line smashing by Brumley and Ted Weems gave Rice a stout start, but the Cadet line held everything until the start of the second period—and a murderous attack.

Kimbrough blew off the fuse with 17 yards on two smacks that carried him to the 43. Then he made good on a gamble that led to three quick touchdowns in the next 12 minutes.

On the Aggie 45, fourth down and a yard to go, he simply dove for three yards and the first down. Marland Jeffery bulletted a 34-yard pass to Henderson on the Rice 20. Kimbrough chipped in five and then Jeffery pitched to Jim Sterling for a touchdown. Marion Pugh kicked the point.

Moser Scores
Derace Moser entered the game and brought a touchdown. He fielded Weems' quick kick for a 14 yard return to the Aggie 44. Pugh found the wild-legged Henderson down on the Rice 39 and then threw to Moser, deep in the flat, who made a beautiful run to the Rice five. On the next play Moser fell in behind Jim Thompson's blocking and swept left end for the score. Pugh missed his point.

Wild Bill Conatser's 20-yard punt return to the Aggie 45 started the third quarter.

Butting with his head, using his elbow for a shield, Kimbrough shook Rice's secondary with 24-yard bolt, took a lateral from Pugh for eight more, rattled five off left tackle and then lateraled to Thompson for five more.

Out of this smashing running game that had drawn Rice's secondary arose Pugh to drill a touchdown pass to that man Henderson in the end zone. Pugh missed the kick.

Three times denied a score on drives that carried to the Rice 11, 15 and five, the Aggies cracked right back and scored at the end of the third period on Pugh's 20 and 17 yard heaves to Sterling and Henderson and Kimbrough's blast for five yards and the score. Pugh again missed the kick.

Baylor's Bears
Post 20-6 Win
Over Hurricane

Jack Wilson Paces
Bruin Attack

WACO, (AP)—Fleet Jack Wilson, on the injury shelf for six weeks, bopped up in Baylor University's lineup Saturday and sparked his team to a 20-6 victory over Tulsa University's Golden Hurricane before a crowd of 4,000.

It was not Wilson alone who hung up the points but his return to the field was credited with putting the punch into potentially strong teammates who had tasted three consecutive defeats.

Wilson drew first blood when he knifed through the Hurricane line for six yards. Taking their key from Wilson, Milton Crain and Bill Coleman, substitute backs, followed suit.

The Hurricane twisted back in the last half but its aerial bombardment paid off only once when the blue chips were down. Glenn Dobbs, stellar back, flipping one from the Baylor 33 to Malcolm Strow who was waiting in the end zone. The big squad from Oklahoma never threatened seriously after that.

Baylor was in command for most of the game with a net gain of 184 yards rushing against the visitors' 83.

But the Hurricane nabbed 160 yards from the air route against Baylor's 91.

The rejuvenated Bears first touchdown chance almost died in a fumble. Dobbs' long punt smacked down on the Bar 40 where over-anxious Jimmy Witt juggled it dangerously before getting up steam. He was pulled in but the ball moved to the Tulsa 32 on a roughness penalty against the Hurricane.

Wilson, coolly eyeing the spreading pass receivers, hurled a forward to Wilson Lucas who lateraled to tackle Budo Barnett as he passed the 20. Barnett got to the six from where Wilson knifed into pay dirt through tackle.

In the third period center Bud-Gatewood nabbed a Tulsa fumble on the 33 and Wilson, sweeping wide around end, made it to the 23. A neat reverse which threw the Oklahoma team off balance. Wilson to Witt, moved the ball to the five and Crain blasted to the 2 and then slashed through center for a score.

From his own 16 in the fourth period Travis Nelson fired a pass to Coleman on the Baylor 40 and Coleman outran three defense men for a score. Griffin and Merka converted after two of Baylor's touchdowns.

Mustangs Hand Porkers
Fifth Conference Loss

DALLAS, (AP)—Tough Southern Methodist, alert as a deer in the hunting season, punched out a 28-0 victory Saturday over a groggy University of Arkansas steam closing out one of its saddest seasons of Southwest Conference football.

Southern Methodist scored in the first, second and twice in the third. The Mustangs rushed through and swept around the Porkers for 165 yards and gained 130 yards passing. Their recovery of four Porker fumbles and the subsequent run-backs tacked another 141 yards on that total.

From the first kickoff, which was fumbled, the Mustangs took charge. After another fumble apiece, Clinton McClain took an Arkansas punt and swept back to the enemy 35.

Then Ray Malouff flipped a pass to Bobby Brown who went to the 21. McClain powered to the 12 and Malouff passed right into Kelly Simpson's arm on the goal line. Preston Johnston came in and kicked the point.

The second Pony score came after Johnston intercepted a pass and tore out to the eight yard stripe. Malouff swept left end to score and Pasqua's kick was good.

In the third Johnston crossed the goal line once more for SMU the score was setup by a series of powerful rushing plays executed by Johnny Clement, Bobby Brown and Johnston and carried to the 24 to the six. After Johnston slipped over (not a man was near him) he turned around and kicked the point.

By now the Mustangs were making a circus of it and scored in the same third period. The Razorbacks bogged down on another chance to show their stuff. After two more fumbles, evenly divided, Clayton Wynne of Arkansas blocked Johnston's punt on the Pony 13.

Then on an incredible play Hamberg's pass was knocked into the air by E. L. Keeton and Gus Tunnell, a big SMU end tore out for the goal line 71 yards away. He got there in a breeze. Joe Pasqua kicked over another, and final point.

Whatever defense the Razorbacks put up was contributed mainly by big Jim Layton, fullback. Their defeat Saturday was Arkansas' fifth in conference play against one victory.

Steers Outscore Frogs
In Thrill-Packed Tilt

By HAROLD V. RATLIFF
FORT WORTH, (AP)—Pete Layden arose to full stature as gridiron hero here Saturday to send the University of Texas to a riotous 21-14 victory over Texas Christian University and push the Horned Frogs out of the Southwest Conference race.

Jack Crain, Texas' flying cowboy, and Kyle Gillespie, TCU's toy bulldog, hobbled in and out of the game on injured knees to share the glory but it was Layden's deadly passing, terrific running and mighty punting that broke the heart of the Horned Frogs.

A Homecoming Day crowd of 15,000 turned out for the game. Layden chunked a pass to little Johnny Gill in the early minutes of the fourth period that gained 38 yards and the touchdown that won the game.

Layden hung up the first score on a 15-yard dash around left end in the second quarter. Crain had intercepted Gillespie's pass and ran it back to the Texas 42 to start the Longhorn parade.

Crain added the point. Texas Christian tied the score in three minutes. Gillespie romped from the TCU 4 to the Texas 30 on the kick-off. Then he passed to Phil Roach for 15 yards. Logan Ware picked up seven. Gillespie faked a pass, and rushed to the Texas one foot line. Frank Kring waded over. Roach kicked the point.

Both teams counted again in the fading minutes of the third period. Texas took the ball on its 14. Layden romped around right end for 22. Doss and Layden got six in two line tries. Then Crain bounced through the line and, seeing he was to be downed, slipped the ball to Kutner, who ran 50 yards for the touchdown.

The Frogs didn't waste time tying the count. Taking the kick-off of their 31, they stormed to a touchdown with Gillespie's 31-yard pitch to Jack Odle being the payoff. Paul Smith kicked the extra point.

Then Texas sewed up the game in the first four minutes of the last quarter. After the Longhorns gained the ball on their 44 Crain ripped tackle for four and Kutner took Layden's pass for a first down on the TCU 40. Layden picked up two at tackle. Then he came the touchdown pass to Gill.

Gillespie carried the ball 14 times for 99 yards to lead the individual ground gainers and pitched 27 passes, eight of them complete for 98.

Layden ran with the ball 22 times for 67 yards and threw five passes, two of them for 50 yards. Lineups and summary:

COLGATE 7: SYRACUSE 6
SYRACUSE, N. Y.—(AP)—Colgate topped Syracuse, 7 to 6, in their traditional "Big Game" Saturday when Indian Joe Geyer ran back a punt 55 yards for a touchdown in the last four minutes of play, and Ed Donnelly place-kicked the extra point.

Boston College Noses Out Georgetown 19-18

Hoyas Lose First Game In 3 Years

Smart Playing Wins For Eagles

By BILL BONI
BOSTON—(AP)—A grand Boston College team equipped with fight, speed and inspiration fought its way into the front ranks of the nation's football teams Saturday by removing Georgetown from the ranks of the undefeated, 19 to 18, in a frantic struggle before 40,000 frenzied customers at Fenway Park.

Content to win their first seven games with a minimum of plays and formations, the unbeaten Eagles let the cat out of the bag and their trick plays with it this raw afternoon as they played wide-open and smart football on offense and determined football on defense.

Leading 19 to 16 with 65 seconds left, Boston was backed down deep in its own territory with fourth down coming up and 18 yards to go from its own 9. Deciding to trust to its defense to keep Georgetown at bay for those 65 seconds, the Eagles dropped Charley O'Rourke back into the end zone, ostensibly for a punt.

O'Rourke, not risking a blocked kick, scurried back and forth in his end zone until finally he was downed, as he had meant to be. That safety brought Georgetown up to within a point of Boston, but Boston's faith in its defense proved to be founded on fact as the clock ran out with the desperate Hoyas getting nowhere.

This Georgetown went down to defeat the first time in three seasons and 24 games, and B. C. came through its eighth straight this year without either defeat or tie. Saturday night, Eagle supporters were looking ahead to anti-climatic victories over Auburn and Holy Cross in the last two games and then an invitation to the New Orleans Sugar Bowl.

Hit squarely on the button by two breaks that helped Georgetown to a 10-0 lead in the first five minutes of play, Coach Frank Leahy's Eagles came back to stage two glittering scoring parades for a 13-10 lead at half time. Then, when Georgetown went 63 yards from the third-quarter kickoff to lead again by 16-13, the Eagles again had what it took to put on a 67-yard retaliatory drive of their own that brought them the payoff score.

Moves To Harlingen

After nine years of successfully managing the Mercedes golf course, Walden Haynes took over the same post at the Harlingen municipal course last Friday, succeeding Claude Liston who accepted a similar position at the Brownsville Country Club. Haynes, well-known in Valley golf circles and a popular pro and player, expects to inaugurate several new features at the Harlingen course as well as continue the tournaments that are held annually. He has expressed himself as well-pleased with the excellent condition of both the greens and fairways and invites all Valley golfers to come out and meet him in his new surroundings. (Staff Photo.)

Bagged His Buck Early

To R. M. Correa of Harlingen goes the honor of bringing in one of the first deer of the Rio Grande Valley's 1946 season. The seven-point buck, shown above with Correa, was killed about 8 a. m. Saturday east of Lyford and was brought down with 30-30 Winchester at about 150 feet. (Staff Photo.)

Stanford Thumps Beavers 28-14 In Coast Game

Move Close To Rose Bowl Bid

By RUSSELL NEWLAND
PALO ALTO, Calif.—(AP)—Stanford's invincible Indians nailed their football battle flag on the ramparts of the Rose Bowl Saturday with a thumping 28 to 14 victory over Oregon State's Beavers.

The team that Clark Shaughnessy coached from the Coast Conference cellar to undisputed leadership in one season, assured itself of nothing less than a tie for the title. One game remains to be played against California.

Stanford can do no worse than an even finish with Washington, and inasmuch as the Indians have vanquished Washington 20-10, there was not much more left than the shouting.

The assumption was that the balloting of ten conference members, who vote on the Western representative for the Rose Bowl, would be a mere formality.

The score was tied, 7-7 as the Indians came out for the third period. Within a period of nine minutes Shaughnessy's gridiron magicians had crashed over with three touchdowns and a margin that made most of the 35,000 fans rooting for them relax in relief.

The Indians smashed 50 yards to break the deadlock, pounded 33 yards after recovering a fumble then hit the turf on a 61-yard thrust after an intercepted pass.

Oregon State came back in the last quarter to capitalize on a Stanford fumble and move 19 yards for a touchdown. For a short time thereafter, the Northerners were still in the running. They passed and smashed 70 yards to Stanford's 11-yard marker, then lost the oval on an intercepted pass.

Stanford scored on the first series of plays after receiving the kickoff. The 71-yard advance took three and one-half minutes. Oregon State retaliated with a march of its own to travel 38 yards and score 11 minutes after the game had opened. It tied the count and they finished the half even up, 7-7.

Another 'First'
McAlLEN—Lee Hart was the first McAllen hunter to bag a deer this season.

He brought down an 8-pointer in the Monte Cristo area about 8:30 a.m. Saturday, first day of the season, and came back into McAllen at 11 a.m.

Hart received a sheepskin-lined gun case from the Borderland Hardware Company, which annually awards a prize for the first buck.

Oklahoma Sooners Trim Missouri Tigers 7 To 0

By AUSTIN BEALMEAR
NORMAN, Okla.—(AP)—Oklahoma's Sooners erased the defending champion Missouri Tigers from the Big Six title picture with a 7 to 0 shutout Saturday, covering Paul Christman all the way and uncovering a new star of their own in sophomore Huel Hamm.

With Jack Jacobs nursing an injury an injury that kept him on the bench except momentarily, Hamm played all but two minutes and sparked the Sooners through their touchdown drive—a 72-yard third quarter march that ended with fullback Johnny Martin crashing over from one yard out.

After Oklahoma tallied, the Blond Bomber opened up with everything at his command, finding his receivers easily around midfield. But every time the Tigers sniffed their goal, the Sooners blanketed Christman's mates so well he didn't have a chance.

Martin's superb kicking kept the Tigers so far back in their own territory that Christman was working under a handicap most of the time.

The Sooners started their goalward march the first time they got the ball after the second half kickoff. Missouri punted, after taking the kickoff and finding the Sooner line too tough, and Hamm returned 14 to his 28. Then he rambled 16 on the next play, and alternated with Martin on power plays, tossing only one pass, a 15-yard flip to Lyle Smith. At the Tiger 15, little Orv Mathews sped around end for 11. Hamm bucked through for three and Martin finished the task, pushing his point total for the season to 48 in the conference scoring lead.

Jack Hauerlein kicked the point, and the victory clinched second place for the Sooners and left them with a mathematical chance to tie for the title if Nebraska should lose either of its two remaining games or win the crown if Nebraska should lose them both. It was the last conference game for Oklahoma which finished with four league wins in five attempts.

Minnesota Beats Purdue 33-6 To Win Loop Title

Gophers Show Usual Power Attack

MINNEAPOLIS—(AP)—Minnesota's football powerhouse won the Western Conference championship here Saturday by unleashing a high voltage attack that shocked Purdue's Boilermakers into defeat, 33 to 6.

It was Minnesota's seventh straight victory of the season, including five conference contests, and left it in position to bring a brilliant undefeated season to a close in the final game with Wisconsin at Madison next week. Michigan helped the Gophers to the title by eliminating Northwestern, 20 to 13 at Ann Arbor.

Purdue, held to net of 23 yards by rushing, fired 33 passes of which 13 were completed for 128 yards. Meintime Minnesota relied almost entirely on power plays that produced more than 300 yards.

There was little doubt about the outcome from the opening kickoff when Bobby Poffruth took the ball on his own 15 and fumbled. George Franck, Gopher speedster, was there to pick it up for the 20-yard line and he returned 80 yards to a touchdown. Gordon Paschka placed-kicked the extra point.

The second Gopher touchdown came after Franck had returned a punt 31 yards to the Purdue 31. Smith finally cutting through right tackle to score. Joe Nernik placed-kicked the point.

A Purdue fumble recovered on the Boilermakers' 35 led to the third Gopher touchdown in the second quarter. On the first play Bill Daley, reserve fullback, spilled through for the score.

In the third quarter Nernik placed-kicked a field goal, his first of two for the day.

Purdue's touchdown early in the fourth quarter came after a series of passes carried to the three-yard line. From there fullback John Petty needed four line plays to carry it over. The try for extra point failed.

Late in the period, with Purdue flooding the air with passes, Bill Baumgartner, end, knocked the ball into the air out of the hands of Frank Fijala, reserve Purdue back. Jim Lushine, tackle, grabbed it on the Purdue 15 and skirted over for the score. Bartlett placekicked the extra point, to send Minnesota into its 33 to 6 lead.

Enjoying a whirl of fall parties is Mrs. Franklin Hart of Chicago (pictured with her husband at the top of the page) who arrived a few days ago with her husband to visit McAllen relatives. Mrs. Hart is the niece of Mr. and Mrs. C. A. Marshall and was honoree Friday afternoon at a tea given by Mrs. Marshall which had more than 100 guests from the upper Valley. The groom is the son of Mr. and Mrs. Lee Hart of McAllen. The couple was married last summer at Glendale, Calif. Since that time they have been making their home in Chicago. Leaving the Valley they will go to Wichita, Kansas, where he will be associated with an airplane manufacturing concern.

Shown in the photo at the upper left is Miss Eleanor Shaw who departed Saturday evening for her home in St. Louis after a delightful two weeks' visit in Brownsville with her sister, Mrs. Joe K. Wells and Mr. Wells. Miss Shaw was honoree for a large coffee given by her sister and for a number of small informal courtesies during her stay.

Mrs. H. A. "Del" Swanson, in the lower center photo, surveying a Valley palm which is still something of a novelty, is a comparatively new Harlingen resident and a bride of the late summer. She is the former Miss Winifred Wallace, daughter of Mr. and Mrs. Glenn D. Wallace of Nashville, Arkansas.

Engagement and coming marriage of Miss Jane Kelly, above, eldest daughter of Judge and Mrs. T. W. Kelly of McAllen, to Kenneth Wilkins, son of Mr. and Mrs. J. E. Wilkins of San Juan, was made during the past week at a buffet supper given by the bride-elect's mother. The wedding will take place November 27 at the home of the bride's parents.

BROWNSVILLE — A benefit card party has been set Saturday afternoon at 2 o'clock at the Chamber of Commerce by members of the DuBois-Hite chapter of the Daughters of the American Revolution.

Tickets are being sold for twenty-five cents apiece, and proceeds will be used for the distribution of flap material in Brownsville schools.

In charge of the event is a committee headed by Mrs. W. H. Meredith and Mrs. Martin Price.

Raymondville Couple Hosts At Dinner Dance On Silver Anniversary

(Photo On Page 2)
RAYMONDVILLE—Marking the social calendar this week was the silver dinner dance given by Mr. and Mrs. J. K. Smith in celebration of their 25th wedding anniversary Thursday evening at Halliburton's west of Harlingen.

A handsome silver epergne filled with white chrysanthemums and white tapers in silver holders lent

a note of sparkling elegance to the dinner table.
Receiving the guests in the large north room which was reserved for the occasion were the host, hostess and her mother, Mrs. Smith was stunning in a formal gown of petal pink jersey fashioned with shirred bodice and having a tricky jacket for warmth. She wore a bodice corsage of rosebuds and chrysanthemums.

Mrs. H. T. Smith To Be Honored At Tuesday Tea Event

BROWNSVILLE—Mrs. Henry T. Smith, a newcomer to Brownsville, wife of the new American vice-consul here, will be named honoree Tuesday afternoon when Mrs. Henry G. Krausse, wife of the American vice-consul, and Mrs. Carlos A. Calderon, wife of the Mexican consul here, will be hostesses.

The affair will be a tea, to be held between the hours of 4 and 6 o'clock at the Krausse home.
Mrs. Smith, a recent bride, arrived here in the early fall from her former home, Atlanta, Georgia.

D. A. R. Luncheon To Be Wednesday

SAN BENITO — The Valley will be the subject for the program at the meeting of Lieut. Thomas Barlow chapter, N. S. D. A. R. to be held Wednesday, November 20, at the home of Mrs. Herman Johnson, 557 N. Sam Houston Boulevard. Co-hostesses will be Mesdames N. S. Monger, C. M. Cash, S. S. Dodds, Ned C. Rigsbee, and Charles E. Barber.

Mrs. R. A. Thompson, Raymondville, will lead the program, "Promoting Valley Markets." A panel discussion will be presented with Mrs. Eldon Smith, Mrs. T. A. Williams, and Mrs. Rex Patterson, participating.

Kieschnick-Adams Nuptials To Be Read In Early December

HARLINGEN — Of interest to friends of the couple in Harlingen and other Valley towns is the announcement made by Mr. and Mrs. Herman Adams of West Sinton of the engagement and coming marriage of their daughter, Esther Ray, to Edgar Kieschnick of Houston.

The bridegroom-elect formerly resided here and his fiancée has often visited here. The wedding will take place the second week in December.

Mrs. C. A. Marshall Is Hostess For Tea Feting Niece Wed Last Summer

McALLEN — Blue and yellow formed a highly effective decorative scheme for the tea Mrs. C. A. Marshall gave at her home Friday afternoon to honor her niece, Mrs. Franklin Hart, the former Miss Jean True, visiting with her husband in the Valley for the first time since her wedding in California several months ago.

Blue pottery bowls held huge bouquets of yellow chrysanthemums

used as floral touches over the large Marshall home.
In the dining room the blue and yellow theme was given special emphasis on the tea table, centered with chrysanthemums in a blue bowl, flanked by yellow tapers in blue candelabras. Only all-blue tea service was used.

Wedding Is Today

At nine o'clock this morning in the First Methodist Church, Miss Mildred Hommel, daughter of Mrs. George Hommel, will become the bride of J. Murray Stevens of Austin, son of Mr. and Mrs. J. M. Stevens of Harper, Texas. (Holbrook Studio.)

Wedding In San Benito Early Sunday Morning Of Affectionate Interest

SAN BENITO—A simple church wedding holding the interest of friends in San Benito and in Harlingen will be celebrated Sunday morning, November 17, at nine o'clock when Miss Mildred Hommel, daughter of Mrs. George Hommel, will exchange vows with J. Murray Stevens of Austin, son of Mr. and Mrs. J. M. Stevens of Harper, Tex. The Rev. L. J. Rode, pastor, will read the marriage lines.

Gold and bronze chrysanthemums

and autumn leaves in tall floor baskets have been placed on either side of the altar space. Fern covering the chancel rail is inset with small chrysanthemums in autumn shades intermingled with autumn leaves and blossoms about the church are blossoms and foliage expressive of the season.

Robert K. Reed will be at the organ for the wedding music and will play the traditional marches, giving "Bridal Chorus" from "Lohengrin" by Wagner for processional and the "Wedding March" from Mendelssohn's "Midsummer Night's Dream" for recessional. During the ceremony the melody of "Meditation from Thais" Massenet will sound softly.

Miss Velva Hommel will attend her sister as maid of honor. Her costume is of khaki green light-weight wool made on the lower section of the skirt. Her gold off the face hat is trimmed in brown and beautifully veiled and her gloves repeat the gold hue while other accessories are brown. Miss Hommel's corsage is of small gold and bronze chrysanthemums.

The bride has chosen a costume suit of light weight wool in wood brown, the full length princess coat being finished with a beaver collar. Her hat of gold and brown is feather-trimmed and worn with a shoulder length brown veil. Accessories in a matching shade of brown and a corsage of tallismen roses are harmonizing costume touches.

Best man will be Carl A. Stevens of Harlingen, cousin of the bridegroom.

A wedding reception will be held at the home of the bride after the church ceremony. Here a profusion of autumn blossoms, with chrysanthemums predominating, has been arranged.

The table, done in bridal white, is appointed in crystal and silver. Center of interest will be the tiered wedding cake, topped by a miniature bride and groom, with lighted white tapers burning in crystal candelabra on either side.

Mrs. Carl Stevens, Harlingen, will serve the cake; Mrs. Katherine Riley will preside at the silver coffee service; and Mrs. Marvin Dill is to have charge of the bride's book.

The bridal party will leave immediately after the reception for a wedding trip and will establish their home in Austin.

Miss Hommel has been honored with a series of prettily appointed prenuptial courtesies and has been a resident of San Benito since early childhood. Mr. Stevens formerly resided in Harlingen where he was manager of Stevens Stores.

Luncheon For Club Enjoyed
HARLINGEN—Mrs. H. H. Gallows was delightful hostess to the Twin City Luncheon Club Thursday at the Reese-Wil-Mond Hotel. After the delicious luncheon courses had been served in the dining room, the group assembled in the hotel parlors where tables were appointed for bridge.

After an afternoon of playing, awards were presented to Mrs. Emmett Phillips for high score; Mrs. Lew Williams, second high; and Mrs. Scott Bobo, low.

Enjoying the courtesy from Harlingen were Mesdames R. M. Patterson, A. C. Hipp, Emmett Phillips, Edgar Johnston, J. B. Yantis, Scott Bobo, P. G. Jackson, and Herman Watson.

San Benito guests were Mrs. Ed Reeves, Mrs. Lew Williams, and Mrs. Troy Henderson.

New Leader Has Record Long Service

First President From 7th District

PLAINVIEW—Election of Mrs. J. W. Walker as president of the Texas Federation of Women's Clubs, which marked the close of the annual convention the past week in Austin, signals the first time seventh district has had a representative elected president.

Mrs. Walker was unanimously endorsed by the Seventh district board and convention and by individual clubs in all portions of the state, including the 11 federated clubs at Texas State College for Women, her alma mater.

She has held every elective office in the district and is the immediate past treasurer of the Texas federation. In this office she had supervision of the \$9,000.00 annual budget.

Despite her extensive club experience in club work, friends point out, Mrs. Walker is not at all the stereotype club woman and is popular for her sense of humor, her ability to make intelligent extemporaneous talks, and her refreshing, open-minded attitude.

She is a member of the Daughters of the American Revolution and past president of the Plainview branch of the American Association of University Women.

REFUGIO—Mrs. J. T. Vance, president of Fifth District, Texas Federation of Women's Clubs, was named first vice president of the Texas Federation at the convention in Austin. She was unopposed and succeeds Mrs. George W. Cox, Austin, who was president of Fifth District for the 1937-38 term.

Bride-Elect Honoree For Pretty Event

HARLINGEN—An outstanding event of the weekend was the lovely bridal shower given by Mrs. Mildred Axtell in honor of Miss Martha Anderson, bride-elect.

The guests were received by the hostess, honoree, and Mrs. Sherman Perry.

The bridal motif was noted in all the decorations and in the refreshment course. Especially effective as table decoration was a miniature replica of the church in which the bride is to be married. A miniature bridal couple stood in the door of the tiny church which was lighted by tiny candles. White tapers at each end of the board lent a mellow glow to the scene.

Accent was given the bridal theme by pink and white roses which beautifully decked the reception rooms.

Many attractive gift packages were presented to the honor guest by little Maxine Perry, niece of the hostess, and little Martha Lou Anderson, niece of the honoree.

Mrs. Perry had charge of the bride's book.

Out of town guests included Miss Ruth Purl, Mrs. Fern Purl, and Miss Rosemary Secret from McAllen; Mrs. Emile Wise, Miss Mary Whiting, Mrs. Lewis Lee and Mrs. J. Ayoub from Brownsville; Mrs. Earl Barber from San Benito.

Couple Wed 25 Years Ago

Mr. and Mrs. J. K. Smith, Raymondville, who celebrated their 25th wedding anniversary Thursday night with a delightful dinner dance at Halliburton's were snapped by the photographer as they read congratulatory telegrams. Mr. and Mrs. Smith were in Havana, Cuba, during the summer where Mr. Smith was a delegate to the International Rotary Convention. (Story Page One.)

Exceptional Interest Stirred By Program For Study Club Meeting

HARLINGEN—Both subject matter and brilliant, unusual presentation made the program for Study Club members Thursday at the Woman's Building notable in the planned series for the year. Taking its topic "The Vista of the Printed Page" from the fact that National Book Week was being observed over the country, the study received added interest from a display of old and new books.

Mrs. Menton J. Murray gave an unusual and effective discussion of current magazines for women. She

gave the early history of some of the periodicals, and in general classification them into groups dealing chiefly with architecture, woman as the center of the home, and style and personality.

To illustrate some of her points and to draw attention to the distinctive personality each periodical has, she ended her talk with a review of the current issue of Vogue.

In characteristic brilliant fashion, Mrs. Wm. L. Trammell brought significant passages from "Mrs. Miniver" to the club audience by giving them as dramatic readings. Delivering her excerpts wholly without notes and with vivacity and lively humor, Mrs. Trammell's well-selected paragraphs moved her hearers to quick appreciation of the English woman columnist, Jane Struther, who has received so much recognition on both sides of the Atlantic.

Mrs. J. T. Foster arranged the exhibit which included numerous rare old volumes, made doubly picturesque by the contrast afforded by a display of modern best sellers.

The club's annual Thanksgiving program will be presented next Thursday in the Methodist church basement when Mrs. J. M. Bradford, noted authority on Indian life in America, will be a special guest. The program is open to the public, visitors being asked to arrive at 3:30 p. m.

BROWNSVILLE—A paper on tole arrangements for Thanksgiving written by Mrs. John Dutro was read by Mrs. R. L. Sledge, president, at the Thursday morning meeting of Victoria Heights Civic club. Mrs. J. M. Bryant was hostess.

In the business session, Mrs. Kent Crowe acted as secretary in the absence of Mrs. Dutro, and the latter's resignation as secretary was accepted with regret. Mrs. Frank Barker was named treasurer.

Two new members, Mrs. George Dookey and Mrs. Pearl Forister, were welcomed by the club.

The next meeting will be held December 19 at the home of Mrs. Harry Crowe, and this will be a Christmas party.

Attending were Mesdames Frank Barker, A. E. Kraut, Ford Lockett, W. F. MacDonald, R. L. Sledge, George Dookey Pearl Forister, G. E. Lauver, and Miss Oma Darling.

McALLEN—Display of competitive fall flower arrangements will mark the meeting Wednesday morning at the McAllen Garden Club at the First Methodist Church.

Mrs. S. L. Miller, president, asked all members to have their display entries at the church at 9:30 a.m. prior to the meeting. The session will be open for the interested public.

The next regular meeting of the chapter will be held at the Leta Schwing Studio December 12 at 8:00 p.m.

LA FERIA—Baptist young people from all over the Valley are expected to assemble at the Baptist church here for the B. T. U. zone meeting. The program will start at 2:30 p. m.

Christmas Party Set By P-TA's

BROWNSVILLE—A Christmas party was planned for the children, and committees were named when the Parent-Teacher Association of the first ward school met Thursday afternoon at the school.

Mrs. Harry Roberts, Mrs. T. L. Jennings, and Mrs. I. O. Martinez were named to handle arrangements for gifts and refreshments for the party.

Appointed on the ways and means committee were Mrs. C. Grant, chairman, and Mrs. Royce Russell, and Mrs. R. Bohan, Mrs. McRoberts, named program committee head, will name two others as assistants. On the welfare committee are Mrs. Wesley Ellis, chairman, and Mrs. Martinez and Mrs. Jack Todd.

An interesting talk on American Education was given by Suplt. E. C. Dodd.

Mrs. R. R. Collins was elected treasurer following the resignation of Mrs. Barney. The welfare committee reported having given all clothes on hand to needy children.

The following program was given: selections, second grade rhythm band: The Folk Dance, March from Aida, and Indian War Dance; piano solo, Jolly Thoughts, Corinne Russell; recitation, The First Thanksgiving, Billy Hanna; dialogue, Columbia's Thanksgiving Party, Dorothy Peck, Corinne Russell, Robert Merrill, Corinne Roberts, Jack McNabb and Allyn Baker.

Mrs. John Merrill, president, presided at the session. The book for the largest percentage of mothers attending went to Mrs. John Hunter's room. Forty nine attended the session.

The next meeting will be held December 12.

Resaca School PTA Names Officers; Plans Program

BROWNSVILLE—Members of the Resaca school Parent-Teacher Association meeting Thursday afternoon at the school, elected new officers.

These are Mrs. Tomasita Loya, president; Mrs. Juanita A. Garza, vice-president; Mrs. Xoa Laughlin, treasurer; and D. P. Benavides, secretary.

Thirty-four attended the session, and discussed the Christmas program to be held for the children. Cooperation of the parents was asked in sending the children to school not earlier than eight-thirty.

Discussion was held also on the results of the health examinations of the children, which have been followed up in most cases by visits to family physicians of the children.

State Regent Is Honored In Valley

Concluding Event Held In Mission

MISSION—Claiming wide interest over the Upper Valley was the reception given Thursday evening complimenting Mrs. A. J. Le Blanc of San Antonio, state regent of the Catholic Daughters of America, Members of the Court, St. Rose of Lima, C.D.A. were hostesses for the event which also honored Mrs. H. H. Edwards, Corpus Christi, vice state agent, who was with Mrs. Le Blanc on a visit to Valley C.D.A. units during the week. The parish hall of the St. Paul's Catholic Church was decorated for the event, which was attended by approximately 75 guests.

Mrs. A. J. Shary, grand regent of the hostess chapter, headed the receiving line to greet the guests. With the two honor guests and Mrs. Shary, the line included Mrs. George Allen of Pharr, district deputy, Mrs. J. E. Walsh, vice regent of the hostess unit; Mrs. J. F. Tanner, Mrs. Charles Volz and Mrs. Gus Rome, officers.

A program was introduced by Mrs. Shary and included talks by Mrs. Le Blanc, Mrs. Edwards, Father Emil Platt, Mission; Father George Buckley and Father George Laborde, McAllen. Musical numbers were presented by Miss Verna Klapp, Miss Mary Annis Volz and Billy Barton.

Presiding at the refreshment table after the program were Mrs. Shary, who poured coffee, and Mrs. Walsh, who served the punch. Featured in the floral centerpiece of the table was an arrangement of bougainvillea blossoms and chrysanthemums which portrayed the colors of the organization, purple and gold. As a background for the table, set at one end of the hall, palm leaves formed a screen which was decorated with bronze-hued duranta berries.

Thursday's courtesy was the conclusion of a series extended the visitors' stay in the Valley when they were entertained in Mission, Brownsville, Rio Grande City and McAllen.

This 'n That

By MINNIE GILBERT

THAT argument over which Thanksgiving to observe won't last very long if it is recalled that everyone has enough to be thankful for for two Thanksgivings.

We must not have become Thanksgiving-minded so far this year for we had visions of a swift change in the Balkan situation when the headline below hit us between the eyes:

"TURKEY PRICE REPORTED HIGH"

It was, of course, an indication that the housewife what she may expect to pay for either or both Thanksgiving birds.

Thanksgiving and usually a day or two before mean a lot of work for mother and a good way to show

appreciation for hours of loving labor is to maybe lend a hand with the cleaning up afterwards. It's the willingness and not the dexterity at the job that counts. Folks probably are going to like the idea of two Thanksgivings, now that the novelty has worn off and start organizing weeks for more and better holidays.

AS A matter of fact, Daughters of the Republic of Texas have been active for some time to have January 28, March 6 and November 3 designated as holidays.

In case you're not up on your Texas history, January 28 is Lame Day; March 6, Heroes' Day; and November 3, the birth date of Stephen F. Austin.

Of course, there are two Texas holidays pretty well observed, Independence Day, March 2, and San Jacinto Day, April 21.

VALLEY school officials and other folks as well will be mighty interested if Texas club women take up the suggestion of the retiring president, Mrs. Joseph Perkins, that club women champion school per capita apportionment based on average daily attendance rather than on the school census.

It would seem of hand that such a program might work a hardship on rural areas where attendance is more seriously affected by weather and where assistance in meeting costs of school operation is most needed.

ELECTION at Texas A. & I. College Tuesday will hold special interest in the Valley because two Valley girls are on the list of 14 nominees for Lantana Ladies.

Beatrice Johnston, Harlingen, is the only freshman in the group of nominees submitted to the Student Council.

The other Valleyites are Rosemary Smith, McAllen sophomore. Rules for the nomination and election were drawn up by Harriet Kidder, Mercedes, editor of El Rancho, 1940, and Kenneth Grimes, president of the Student Council, 1939-40.

FOLKS will be traveling all ways in preference to streets if very many back yards present the appearance of Mrs. J. B. Lankford's at 218 W. Pierce.

It's the spectacle of chrysanthemums, not any fancy mammoth single blooms, but just masses of dusty rose blossoms making a sort of mound with yellow and white ones at one end and golden-bronze ones in another place.

The interesting part of it is that they're Mrs. Lankford's first chrysanthemums in the Valley and she was told by a number of gardeners that they were not the flowers for planting here.

Despite her statement that she's an amateur, there's nothing amateurish about the way her garden at her new home has turned into one of the prettiest spots in town.

IN converting hubby to the pleasures of gardenings, it might be well for flower lovers to keep for herself the task of selecting seed.

At least there'd be no room for dispute as to whether or not the dealer poured from the wrong sack and cabbages and parsnips grew where larkspur was expected.

THE largest pond of wild water-lilies to our knowledge is about three miles from Bareda on the road to Los Fresnos.

The lilies close up in the early afternoon and are prettiest in the late morning or about noontime.

Native salvia also closes about noontime after blossoming riotously during the morning.

The wild four o'clocks are among the most fragrant and unassuming of the many wild flowers.

Mrs. A. C. Garrett Hostess At Bridge

RIO HONDO—The Friday afternoon Contract Club met with Mrs. A. C. Garrett as hostess Friday afternoon, November 8.

The members and guests present were Mrs. Joe Yeoman, Mrs. J. R. George, Mrs. Mack Mize, Mrs. Ralph Bradshaw, Mrs. John Moore, Mrs. Alton Caffal, and Mrs. Jean Newman.

RIO HONDO—Mr. Ed Kindinger is confined to his home because of illness.

Book Week Emphasized By Group

PHARR—Mrs. J. O. Jameton and Mrs. Guy Young were co-hostesses Wednesday afternoon for the regular monthly meeting of the Pharr Progress Club. The meeting was held in the library rooms of the Kiwanis Club building in celebration of Book Week. Yellow and white chrysanthemums formed the floral appointments and the yellow and white color theme was carried out in every detail.

In keeping with the Book Week observance, Mrs. H. L. Murphy, chairman of the library committee, and in charge of the program gave a very instructive talk on various classification of books in the Pharr city library.

Miss Malone, Pharr-San Juan-Alamo high school librarian, gave the club members many helpful hints on how to keep a library correctly, and Mrs. Ruth Bevil, city librarian, gave useful information concerning the city library. To depict further the Book Week theme, a contest in charge of Mrs. Murphy and relating to books and book characters, was enjoyed with Mrs. R. E. Slocum winning the first prize.

In the business routine, the club voted unanimously to support the Garden club in the beautification clean up drive, a part of the Rose Cup contest.

A social hour followed in which refreshments were served to 25 members. Sandwiches in book form and standing between bookends were served with coffee from a lace laid table graced with yellow and white chrysanthemums.

Review Series Inaugurated In Mission

MISSION—First of a series of book reviews was an event of Thursday evening when Mrs. C. K. Wildermuth presented a program at the Mission Public Library, sponsored by the Woman's Tuesday Club of which Mrs. Wildermuth is a member.

In reviewing Louis Mumford's "Faith for Living," Mrs. Wildermuth stressed the appeal which the author made to Americans to carry on the traditions of pioneers in seeking to restore a faith in living to hand down as a heritage to their descendants.

Mrs. W. A. Wolverton, club president, presided at the tea table when hot punch and dainties were served. Laid with a cut-work linen cloth, the table was done in white, featuring white roses in the center arrangement flanked with tall white tapers in crystal candelabra.

Members of the high school library club assisted club members in hostess duties.

Frosty moonlight illuminated the campfire scene on the river bank Thursday night when members of the senior young people's Sunday school class of the Christian church held a picnic party. Supper was cooked over the campfire and radio music gave further pleasure to the outing.

Splendid Report Of Grand Chapter Given By Matron

HARLINGEN—Especially interesting to Eastern Star members was the official report of sessions of grand chapter which was presented by the delegate, Mrs. Mary M. Bowers, worthy matron, when the regular O.E.S. meeting was held at the Masonic Hall.

Mrs. Bowers said the opening of the "Sunshine session" at Mineral Wells, the memorial service, and the installation of new officers was public and each ceremony was elaborate and very beautiful. She told of proceedings of chapter in detail.

During the regular meeting chapter members were honored with a "march of time" program presented by the worthy matron and her corps of officers. Honored were Mrs. Sarah Brindley, Mrs. Lizzie Lee Sanders, John Sanders, and J. M. Paine.

Zinnias in many shades decorated the hall. On the decorating committee were Mrs. Viola Frederickson and Mrs. Denna Thompson. Mrs. Jenny Bennet, Mrs. Jenny Spangler and Mrs. Lucille Chatfield formed the reception committee and Mrs. Ella Grimsell and Mrs. Mattie Hamilton served pleasing refreshments to about 30.

Mrs. Caroline Baldwin of Chicago, Ill., was a guest.

Thanksgiving Setting Created For Party

EDCOUCH—Mrs. Gordon Smith entertained with a pretty party Thursday afternoon honoring members of the Thursday Bridge Club. Gorgeous yellow and white chrysanthemums were used to decorate the reception rooms. High score for the afternoon went to Mrs. G. C. Norris.

The hostess served a salad plate to Mesdames W. C. Moore, M. P. Lackland, J. F. Byrnes, G. C. Norris, L. E. Doshier, V. M. Watson, James Johnson and Henry Watson. Edcouch "Starring Milk in the Diet" was the subject for a very instructive demonstration when Miss Marie Miller, county agent, Edinburg met Thursday with members of the Lone Star Home Demonstration Club at the home of Mrs. Lester Hays north of Edcouch.

Pretty fall flowers were used to decorate the home.

Miss Miller demonstrated the use of milk in the diet by making hot and cold milk drinks, custards, and soups.

The foods made in the demonstration were served by the hostess along with cookies, candies and hot punch to one guest, Mrs. O. E. Dickson.

Heads San Benito Club

Mrs. Orville V. Brown, San Benito, is president of the What-to-Read Club of San Benito. Members of the club are staging their annual benefit for the San Benito public library Wednesday at 3 p. m. at the First Methodist Church. Paul Moore, director of the Little Theatre of the Upper Valley, will present a three-act play. Proceeds will go to the library. (Holbrook Studio.)

BROWNSVILLE—Members of the Pan-American Round Table gathered in a dinner and program meeting Wednesday evening at El Jardin hotel to celebrate the Table's eighth birthday.

Nuptial Rites To Be Read Late Sunday

BROWNSVILLE—At five o'clock Sunday afternoon the marriage of Mrs. Corinne Shapers of Houston, formerly of Brownsville, and Leon Perl, son of W. Perl of Houston, will be solemnized in San Antonio with only relatives of the couple present. The wedding will take place in the home of Dr. David Jacobson, assistant rabbi of Temple Beth-El in San Antonio.

Charles Wunderman of Houston, formerly of San Benito, brother-in-law of the bride, will give her in marriage. Best man will be Sam Perl, brother of the groom.

Those who will attend the ceremony include Mr. and Mrs. Sam Perl, who will leave Brownsville Sunday morning; the groom's sister, Mrs. S. Scher, and Mr. Scher of Houston; Ben Scher of Houston, nephew of the groom; Mrs. Maurice Margolis, his niece, and Mr. Margolis; and Mrs. Wunderman, sister of the bride.

After a week's honeymoon spent in San Antonio and Monterey, the couple will establish a home in Brownsville.

Study Traces Origin Of Patriotic Songs

SAN JUAN—Miss Ethel Garman, president of the San Juan Study Club, opened the meeting Tuesday night, when 3 members were present for the patriotic program presented at the community building. Miss Martha Griffith was leader.

Mrs. Herman Livingston gave the origin of the song, "America," which was sung with Miss Mary Mahaffay as leader. Miss Clara Whitten related the origin of the song, "America the Beautiful." This was beautifully sung by a quartette of four girls from the Sunny Glen Home. Mrs. Mabel George gave the origin of "Columbia, the Gem of the Ocean," and Mrs. John Tompkins gave two patriotic musical readings. She was accompanied at the piano by Miss Doris Ewing.

Miss Mary Mahaffay gave the origin of the "Battle Hymn of the Republic." This number was beautifully sung by Miss Betty Burkhardt, accompanied at the piano by Miss Mary Mahaffay. Mrs. J. W. Spencer gave the story of the hymn, "Yankee Doodle," and Miss Edith Garman of the "Star Spangled Banner," singing of which closed the program.

Misses Geraldine Palmer, Lois Wilson, Polly Smith and Ethel Garman served pumpkin pie topped with whipped cream.

GUESTS OF PARENTS DONNA—Ward Chesnut of Kelly Field was the guest of his parents, Mr. and Mrs. John E. Chesnut, over the holiday week-end.

Thanksgiving Program Held For P-TA's

BROWNSVILLE—A Thanksgiving program was given for members of Los Ebanos Parent-Teacher Association Thursday afternoon when the members met at the school.

Bill Willman announced the following program:

Two songs, I Am An American, and God Bless America, by the fifth grade; reading, The American Flag, Patricia Porter; song, The Frightened Pumpkin, first grade boys; song, Dolly's Lullaby, first grade girls; a play, Tommy's Dream, by second grade with Billy Meredith as interlocutor; reading, Thanksgiving, Elizabeth Martin; song, Over the River, third grade; reading, Pilgrim Fathers, Betty Jean Boile; play, A Dinner That Ran Away, fourth grade.

During the business session, presided over by Mrs. R. Matthew Lynn, president, Mrs. Sam Perl, chairman of the ways and means committee, was commended for the successful kiddy style show sponsored by the unit, and arranged by the committee. The unit cleared about fifty dollars.

Mrs. James A. Maxwell, Jr. was elected vice-president to take the place of Mrs. E. P. Reed, who has departed to make her home elsewhere.

The group also voted the purchase of new playground equipment.

Browne Tract Club Plans Annual Party

SAN BENITO—Plans for the club's annual Christmas party December 18 were made at a meeting of the Browne Tract club Wednesday afternoon at the home of Mrs. D. E. White with Mrs. Walton as assistant hostess. To raise money for the club program, a play will be given sometime before Christmas.

Home care of the sick was the topic for a round table discussion. Mrs. M. H. Wesley reported the November Council meeting. The coyote control program, one of the major projects of the council for the year, is to be supported by the club.

Mrs. White and Mrs. M. H. Wesley gave the report of the Valley Federation meeting.

Refreshments were served by the hostesses.

Next meeting will be November 20 with Mrs. Nannie Heath. The program will be "Spring Flower Forerunners" and a plant exchange will be given for roll call.

Hour Is Changed

BROWNSVILLE—Meeting of the Wednesday Study club this week with Mrs. Cleve H. Tandy will be held at 3:30 o'clock instead of the usual hour of 2:30 o'clock.

McAllen Pair Pledge Vows In Church Service Read Early Saturday

McALLEN—Miss Jeanne Herby Scales, daughter of Mrs. Ione Wright Scales of San Antonio, and Larry Martin Emanuel, son of Mr. and Mrs. Jerome Emmett Emanuel of Orlando, Fla., were married Saturday morning at 8:30 at Trinity Episcopal Church in Pharr in the presence of immediate relatives and a few

intimate friends. Rev. W. W. Stewart, rector of the church, officiated.

The couple was attended by the bride's mother, and Bill Vickers of Edcouch.

Fashionably attired the bride wore a tailored soldier blue dress adorned with a rhinestone clip. She wore a hat of the same shade of blue and a corsage of gardenias. Her accessories were black.

Immediately after the ceremony Mr. and Mrs. Emanuel left for a short honeymoon trip to Monterey. When they return they will make their home in McAllen.

The bride has been connected with the Leta Schwingel Studio for the past year as dancing instructor. She attended school in San Antonio. The groom received his B.A. and M.A. degrees from the University of Florida, where he was a member of Chi Phi fraternity. He is manager of the Texas division of the Fruit Testing Corporation of Orlando, Fla.

Sewing For Red Cross Progressing

Aid In Knitting Especially Needed

SAN BENITO — Red Cross sewing is being turned out at a rapid rate by a large number of volunteer workers but an enlarged circle of workers is needed to complete the assigned quota within the proper time. Mrs. Flint Harris, sewing chairman, has reported.

Mrs. H. C. Aldridge was the first to finish a layette during the current quota and also was the first to finish a skirt. Mrs. Aldridge has also completed five shirts and knitted a sweater.

Mrs. J. C. Adamson turned in 10 completed boys shirts. Mrs. Heath finished four shirts and two skirts, and Mrs. O. C. Baggett two girls dresses.

Hemming diapers for the layettes is the task voluntarily assumed by the Blue Triangle girls and high school economics girls under the tutelage of Mrs. Annabel Buchanan are contributing their services.

Church groups are lending splendid co-operation in carrying out HoweshduetiaonREWDWYLYPrHr the sewing. Mrs. Harris reported. However, knitters are especially needed to work up the yarns now on hand.

Miss Bernice Cook Hostess For Bridge

DONNA — Miss Bernice Cook entertained her bridge club and two guests at eight o'clock Tuesday evening in the parlors of the Plaza Hotel.

The autumn note was carried out in all the decorations and accessories as well as the wrappings of the prizes. Mrs. R. L. Andrews scored high with Lavetta Huggins second.

At the close of the evening hot chocolate and cake were served.

Guests in addition to those named above were Mrs. R. W. Jackson and Misses Martha Vernon Robinson, Sally Weaver, Gwendolyn Anderson, Calla Stinker, Laura Snyder, Lucille Penn, Mae Wood, and Ora Mills.

DONNA — Coach Lamar Roquemore went to Kingsville Saturday to see his brother play with the Stephen F. Austin College team.

Club Is Entertained By Mrs. Foehner

SAN BENITO — Mrs. Mary Anderson Foehner was hostess to the Silk Stocking Club Thursday afternoon at her home. A Thanksgiving motif was carried out in the decorations. Yellow and bronze chrysanthemums decorated the living room. A large bowl of fruit centered the dining room table.

A dessert course was served upon the arrival of the guests. When playing ended Mrs. Jack Ehlers held high and received the award. Members and guest playing were Mesdames R. A. Ewing, Al Lamm, Ted Hudson, Ben Shoemaker, Jack Ehlers, Lee Hugen, Carl Miller, Othel Bigham.

Wilsons Are Hosts At Evening Bridge

EDCOUCH — Lovely roses were used to decorate the home when Mr. and Mrs. Joe H. Wilson entertained the Mercymakers Bridge Club Wednesday evening. High score prize was given to Mr. and Mrs. R. B. Carter. Mrs. Gordon Smith received the cut prize.

The hosts served delicious refreshments to Messrs. and Mesdames W. C. Moore, L. B. Doshier, Gordon Smith, D. M. Fraser, R. B. Carter, and Roy Tait.

Visits Daughters

RIO HONDO — Mrs. R. J. Binkum has returned after a week-end visit in Austin where she was the guest of her daughters, Misses Elizabeth and Katherine, who are students at the University of Texas.

FROM MISSOURI

ALAMO — Mr. and Mrs. John Prather of Excelsior Springs, Missouri, are guests at the home of Mrs. Prather's sister, Mrs. Henry Koeh, and son, Richard.

Enjoying Extended Trip

Miss Dorothy Dyess, Donna, is making an extended visit in Mississippi, Alabama, and Tennessee. Miss Dyess left the first of November to visit relatives in Mississippi. Later she is to go to the University of Alabama in Tuscaloosa where she will be a guest in the Phi Mu sorority house. Later she will continue to Tennessee. She will return after about a month.

Guest Day Observance By Alamo Club Group Outstanding In Interest

ALAMO — The Sorosis Club of Alamo was hostess Thursday at the Community Church for their annual guest day tea. Baskets of chrysanthemums in many fall colors combined with daisies and castor beans formed the floral decorations. Greeting the guests at the door were Mrs. J. S. Roe, in a floor length gown of rust crepe trimmed with sequins of the same color; Mrs. C. U. Reed, wearing black velvet combined with crepe; and Mrs. Frank Denzer, in blue crepe with a shoulder corsage of pink chrysanthemums.

A short address of welcome was made by Mrs. Roe, president of the club. Mrs. Reed, program chairman, introduced the following numbers: Frank Crabtree of Alamo, accompanied by Miss Faye Jones of McAllen gave two trombone solos, "The World is Waiting for the Sunrise" and "Just a Wearyin' for You."

H. D. Munal of San Juan accompanied by Miss Jones sang "The Bandolero" and "Song of the Turn Key." A one-act play "They Made an Impression" expertly presented by six of the club members, formed a humorous note for the afternoon. The cast included Mrs. Leonard Johnson, Mrs. C. G. Brown, Mrs. William Cloughley, Mrs. Willis McCreary, Mrs. Grant Montgomery, and Mrs. Carl Eddy.

Concluding the program was a clarinet solo "Irwin's Fantasia" played by A. O. Lively accompanied by Mrs. Lively.

The refreshment table was laid with a lace cloth and centered with a beautiful bouquet reflecting the autumn colors with the clever use of flowers and foliage. A duplicate arrangement was on the mantel shelf.

Presiding at the coffee urns were Mrs. T. C. Downs and Mrs. C. H. Swallow, both wearing black floor length dresses. They were assisted by Mrs. A. H. Cox in red velvet and Mrs. Herbert McMorris in black taffeta. The lovely affair was enjoyed by one hundred guests.

Betas To Meet

BROWNSVILLE — Members of the Beta Sigma Phi will gather Monday evening at 8 o'clock at the home of Miss Miriam Gray. Miss Gray will give a book review.

Recent Bride Honor Guest In Harlingen

HARLINGEN — To honor Mrs. H. A. "Del" Swanson, a newcomer to Harlingen and a bride of the late summer, Mrs. Carl Swanson entertained with a small bridge Wednesday evening at her home.

The honoree is the former Miss Winifred Wallace, daughter of Mr. and Mrs. Glenn D. Wallace of Nashville, Ark.

A delightful autumnal environment was created in the party rooms where the hostess used bronze and yellow shades. Yellow roses were placed about the rooms.

Prize wrappings repeated the chosen colors. Awards for high and low score, which went to Mrs. Roy Jandrew and Mrs. Roy Lane respectively, were containers shaped like daschunds filled with cactus. The hostess presented an attractive gift to the honoree.

A salad course was served after the games. On the buffet table was a blue glass bowl filled with yellow roses with lighted blue tapers on either side.

In the guest group with the honoree were Mesdames Roy Jandrew, Roy Lane, J. C. Yancey, J. E. Cronenwett, Ned Phillips, W. E. Gaines, Norman Wilson, and Randy McLelland and Misses Josephine Myrick, Louise Hill, and Sarah Chaffield.

Guest Day Plans Made

MISSION — Plans for the club's annual Guest Day observance were mapped at the meeting of the Mission Study Club at the home of Mrs. James Tipton.

A one-act play and an unique style show will be presented at the guest day hospitality, set for November 26, at the Legion Hall. Study clubs of Mission and several Upper Valley cities have been invited.

Mrs. L. E. Walker presented the study, a review of "The All American Front" by Aikman and Bolles. Mrs. D. W. Schulze, president, was chosen to represent the club in the International Relations Forum being sponsored by the Mission branch, A.A.U.W.

Mrs. Tipton used roses about the rooms where the guests were received. A salad course was served at tea time to 14 members and four guests, Miss Jerry Bullock, Mrs. Harry Keifer, Mrs. Bob Euler and Mrs. Martin Price, the latter of Brownsville.

Miss Evelyn Howard presented the study which was the feature of the supper-program session of the Junior Guild Wednesday evening at the home of Mrs. L. R. Lehman.

Rainbow Assembly Plans Banquet To Honor Mothers

ALAMO — Plans were made and committees appointed for the mother-daughter banquet at the regular meeting of the Rainbow Assembly on Monday night. The banquet will be given at their next regular meeting on November twenty fifth. Thanksgiving charity baskets were also planned.

Starting with the first meeting in December the time will be changed to seven o'clock.

HOUSE GUESTS GO

MISSION — Mrs. Martin Price left Tuesday night to return to her home in Brownsville after spending the holiday week-end with her parents, Mr. and Mrs. O. E. Cannon. Other week-end visitors in the Cannon home who left Monday were Mr. Price, Mr. and Mrs. Bill Cannon and son of Kingsville, and O. E. Cannon, Jr., of Corpus Christi.

Benefit Dancing Party Is Planned By McAllen Post

McALLEN — A benefit dance will be staged by the Veterans of Foreign Wars Post and Auxiliary at the Odd Fellows Hall Thursday at 9 p.m., officials announced Saturday.

Hilton Wells orchestra will provide the music. Refreshments will be served. The 25 cents admission fund will go into the post's welfare fund.

The public, and especially the tourists here for the winter, are invited.

Church Meet To Be Topic For Address

HARLINGEN — Report of the general convention of the Episcopal Guild Tuesday at a meeting to start at 2:30 p.m. at the home of Mrs. J. R. Payne, 1222 E. Tyler. Mrs. Penrose Hirst, Brownsville, will be guest speaker.

SOCIAL EDUCATIONAL MEETING SCHEDULED — Social and educational day will be observed at the meeting of the Methodist Society of Christian Service at 3 p.m. at the church, Mrs. E. Thomas will give the devotional and Mrs. O. H. Housinger will lead the program.

Circle three members observe the birthday feature with a covered dish luncheon at the church at 12:30 o'clock.

RAINBOW GIRLS TO GO TO RAYMONDVILLE

In lieu of their regular meeting Monday, the Harlingen Rainbow girls will meet at the Masonic Hall at 7:30 p.m. where transportation will be waiting to take them to Raymondville. In Raymondville the girls will put on the initiatory work and conduct their regular meeting at a session of the Raymondville O. E. S.

All members and officers are requested to be present.

Class Dinner Annual Event

RAYMONDVILLE — A Thanksgiving turkey dinner celebrated the annual birthday observance carried out by the Alice Ayers Class in the dining room of the Methodist Church on Thursday. Banquet tables were appropriately decorated with Mexican baskets and branches filled with golden citrus fruits.

Mrs. Charles T. Hardt, wife of the new Methodist minister was guest of honor.

Delightful piano music was played by Mrs. B. S. Wright who accompanied group singing of Thanksgiving songs.

Mrs. V. H. Tumlinson directed a series of Thanksgiving games. The Christmas party date was set for Dec. 12 at the home of Mrs. C. R. Holloway with Mesdames C. C. Conley and A. L. Brasher as hostesses.

Club Entertained By Mrs. Vinsant

ALAMO — The Wednesday bridge club was entertained by Mrs. C. B. Vinsant at Pharr this week. She served a dessert course before the games to the following members: Mrs. Dales Knapp, Mrs. Carl Brennan, Mrs. Darnell de Roulae, Mrs. A. F. Taylor, Mrs. Ira Sharp, Mrs. Tut Caddell and a guest, Mrs. Herbert McMorris.

High, second high and low scores were won by Mrs. de Roulae, Mrs. Vinsant and Mrs. Brennan.

COMBES — Melvin and Marion, twin sons of Mr. and Mrs. Wilbur, are ill at the home of their parents in Combes.

Valley Girl Married In Mississippi

RAYMONDVILLE — Announcement is made of the marriage of Miss Caroline Phillips, daughter of J. E. Phillips of Greenville, Mississippi, to Frank Holloway of Raymondville on Sunday, November 10.

The ceremony took place at two o'clock in the afternoon in the home of the bride's uncle, W. H. Phillips, in Jackson, Miss., with the Reverend C. Lipsey of the Fonderden Presbyterian Church, performing the impressive double ring ceremony.

The bride wore a fashionable street length model of teal blue. She wore a small gold pin with three pearls at her throat, an heirloom given her by her paternal grandmother; and a shoulder corsage of shell pink roses.

The bride was attended by her aunt, Mrs. W. H. Phillips. Best man was Frank Baldwin.

The bride is a student in Belhaven College, the Presbyterian Seminary for girls in Jackson.

The groom is the announcer and news commentator of Radio Station WJPR in Jackson.

The young couple will be at home at 111 North Theobald Ave., Jackson, Mississippi.

Pioneer Pin Is Presented

MISSION — Mrs. George Speer and Mrs. J. G. Decker were hostesses at the former's home when members of the Women's Tuesday Club met this week.

A review of the book, "Faith for Living" was presented by Mrs. C. K. Wildermuth.

Mrs. T. H. Armstrong, ranking pioneer member of the club, received a Pioneer Club Women's medal in an interesting feature of the afternoon conducted by Mrs. H. H. Ewing. The medal was presented as a gift from Mrs. Florence J. Scott of Rio Grande City, a former member of the club. Mrs. Armstrong has been a member of the club since 1911.

A profusion of roses decorated the rooms where the members and guests were seated. Mrs. D. C. Decker of Corpus Christi, a life member of the club and its immediate past president, was among the personnel. Guests included Miss Helen Sheldon, Mrs. A. F. Sheldon, Mrs. C. T. Andrews of Salina, and Mrs. G. H. Bushey.

Church Groups Conduct Meetings

ALAMO — Mrs. B. H. Lockett was hostess to circle two of the Community church Ladies Aid, when, assisted by Mrs. George Bond and Mrs. Wyatt, she served a one o'clock luncheon to seventeen members.

Circle three held a covered dish luncheon at the church, with a business meeting following.

Circle four was entertained by Mrs. Arthur Drefke during the afternoon.

Church Unit Meets

BROWNSVILLE — Mrs. Hubert R. Hudson will be hostess to members of the Woman's auxiliary of the Church of the Advent (Episcopal) Monday afternoon at 2 o'clock at her home.

WEEKEND GUESTS

MISSION — Week-end guests expected at the home of Mr. and Mrs. J. J. Lessner will be Mrs. Jake Michelson, sister-in-law of Mrs. Lissner, and her children. They will stay until Monday when Miss Shirley Lissner will return with them to their home in Gonzales.

Activities Of P.-T. A.'s

Quarterly Meeting Of Bi-County Council Slated In Sebastian Next Saturday

SEBASTIAN — The Cameron-Willey Bi-County Council of Parent and Teachers will hold a quarterly meeting Saturday, November 23, at the Sebastian school with members of the Sebastian unit as hostesses. General session will open at 10:30 a.m. with a pre-board meeting at 10 a.m.

An instructive program on parent education will be given, Mrs. C. J. Hoverson, president, has stated.

Rose Club Has Program Of Interest

LOS FRESNOS — Mrs. Miriam Chatelle and her mother, Mrs. J. L. Swann were co-hostesses to members of the Southern Rose Club on Thursday afternoon at the home of Mrs. Chatelle. A short business session was conducted by the president, Mrs. Harry Lupton. Plans were made for a Christmas party to be held at the home of Mrs. E. D. Kraner on December 9, and for the entertainment of the Valley Council of Garden Clubs, also in December.

Mrs. E. I. Bucklin introduced the principal speaker George Fletcher, junior of Harlingen, who made an interesting talk on "The Care of Roses." Miss Lillie Henderson of Cambridge, Wisconsin played a number of piano selections after which Mrs. Chatelle sang "Look in the Heart of this Rose," the song which she composed especially for the club.

Vari-colored roses, lilies and chrysanthemums made a delightful setting while bunches of fall leaves from Kerrville provided interest in one corner of the room. On the mantel was a lovely arrangement of bronze and yellow chrysanthemums flanked at either side by tall white tapers and on the coffee table was a beautiful centerpiece of roses and lilies.

The guest list included Mrs. Leon Hinkley, Mrs. Grover Greer, Mrs. Francis Schmidt, Mrs. Grover Weikel, Miss Ann Glimme and Miss Lillie Henderson of Cambridge, Wisconsin, Mrs. Wm. Andersen, Mrs. Joe Neeseril, Mrs. Harry Lupton, Mrs. Harold Pugh, Jr.; Mrs. Phil Moyle, Mrs. Dr. Frank Eganen, Mrs. E. D. Kraner, Mrs. Carl Buchan, Mrs. E. I. Bucklin and Mrs. Chatelle and Mrs. Swann.

PHARR — Mrs. Carl Crawford, who has been seriously ill for the past two days in the McAllen Hospital, is reported to be improving.

Claudette Colbert Seen In New Romantic Comedy

Ray Milland Shares Starring Honors In 'Arise My Love'; Outstanding Films Scheduled At Valley Theatres

THE STORY of an audacious newspaper woman and an aviator who speaks above the clouds with roaring machine guns brings Claudette Colbert and Ray Milland together as co-stars in "Arise My Love," which is booked for showing Sunday and Monday at the Arcadia Theatre in Harlingen and at the Palace Theatre in McAllen, Thursday, Friday and Saturday.

Milland plays the role of a young aviator who has been fighting with the Loyalists in Spain, is a prisoner of the Franco forces, and is condemned to be shot. Suddenly he learns that his wife has charmed the Spanish high command so efficiently that he has been pardoned, in order that he may go home with the appealing petitioner.

Since he has no wife, he is baffled... but appreciative when the "wife" who is a pretty American newspaper girl on the trail of a big news story. They barely get to England as the Nazi war machine gets under way to roll over Europe.

POPULAR STARS IN ROMANTIC DRAMA

ROBERT TAYLOR and Norma Shearer share co-starring honors in the screen presentation of Ethel Vance's thrilling novel "Escape" which is scheduled for current showing Sunday and Monday at the Capitol Theatre in Brownsville.

The story concerns the frantic efforts of an American son to rescue his foreign born mother from a concentration camp in Germany. The screen adaptation preserves the dramatic pace of the original novel and in addition presents Taylor and Miss Shearer, in performances that match in persuasive perfection and power any of their previous portrayals.

The central character, "Emmy Ritter," around whose prison predicament complications arise, is played by Nazimova with Conrad Veidt, Felix Bressart and Albert Bassermann in featured supporting roles.

"FOREIGN CORRESPONDENT" IS DRAMATIC HIT

IN A WORLD beset with chaos and changes, there is a group of men that seize the imagination of the public, inflame it and enslave it with their efforts. These men are the foreign correspondents for the big news services and radio networks.

Since the days of Richard Harding Davis, the public has been increasingly conscious of these men who have the globe as their beat and statesmen, spies, adventurers and secret agents as their companions and confidants.

The featured supporting cast in "Foreign Correspondent," which is scheduled for current showing Sunday and Monday at the Rivoli Theatre in San Benito includes Joel McCrea, Laraine Day, Herbert Marshall, George Sanders and Robert Benchley.

"DOWN ARGENTINE WAY" FILMED IN COLOR CO-STARRING beautiful Betty Grable and Don Ameche the screen's technical musical "Down Argentine Way" also marks the debut of the sensational new star Carmen Miranda.

The romance between Don Ameche and Betty Grable covers 6,000 miles from the staid atmosphere of Westchester to the alluring Argentina. The story concerns the son of a wealthy South American family who is sojourning in America for the purpose of selling some of his father's choice horses. But horses become irrelevant when Don Ameche meets beautiful Betty Grable. Four catchy new songs written for the picture are: "Two Dreams Met," "Down Argentine Way," "Nenita" and "Sing To Your Sonnet," while Carmen Miranda renders, as only she can, "Bambú," "Mamae En Quiero," "Toujours En Madrid" and "South American Way"—the numbers she sang in "Streets of Paris."

"Down Argentine Way" is booked for current showing Sunday and Monday at both the Ritz Theatre in Weslaco and the Palace Theatre in McAllen, and at the State Theatre in Mercedes, Tuesday and Wednesday.

"THE RAMPARTS WE WATCH" AT STATE

THE FEATURE LENGTH motion picture "The Ramparts We Watch," which includes the notorious Nazi propaganda film, "Baptism of Fire," is to be seen Sunday and Monday at the State Theatre in Mercedes.

An absolutely new kind of picture, "The Ramparts We Watch," was inspired by the disastrous trend of world events. Recreating the story of America in the great crisis of World War I, it also was designed to reveal the forces of aggression which were plunging the world once more into war.

After tremendous difficulties the March of Time has finally brought to the American screen "The Ramparts We Watch" as it was originally planned—a thrilling re-creation of the sweep of world history from 1914 to 1940 and what it means to Americans and to America's future.

Ann Sothorn Plays Heroine In 'Dulcy'

Ann Sothorn departs from her "Maisie" characterization to play the heroine of "Dulcy," the uproarious comedy of a girl who sticks her nose in everybody's business.

"Dulcy" is booked for showing Tuesday and Wednesday at the Arcadia Theatre in Harlingen.

Divorce Drama Set At Capitol Theatre

Dick Powell and Joan Blondell share co-starring honors in the screen's romantic drama "I Want A Divorce," which is booked for showing, Tuesday and Wednesday at the Capitol Theatre in Brownsville and at the Ritz Theatre in Weslaco, Thursday only.

Joel McCrea and Laraine Day in "Foreign Correspondent," showing Sunday and Monday at the Rivoli Theatre in San Benito.

Claudette Colbert and Ray Milland in "Arise My Love," showing Sunday and Monday at the Arcadia Theatre in Harlingen and at the Palace Theatre in McAllen, Thursday, Friday and Saturday.

Nobody's Sweetheart Booked For Rivoli

Dennis O'Keefe, Constance Moore and Helen Parrish are co-starring in "Nobody's Sweetheart," which is booked for showing Tuesday only at the Rivoli Theatre in San Benito.

Davis, Boyer Drama Shows At Harlingen

Bette Davis and Charles Boyer are to be seen as co-stars in "All This and Heaven Too," which is booked for current showing Sunday and Monday at the Strand Theatre in Harlingen.

Don Ameche, Betty Grable and Carmen Miranda co-starred in the screen's spectacular musical hit, "Down Argentine Way," booked for showing Sunday and Monday at both the Palace Theatre in McAllen and the Ritz Theatre in Weslaco, and at the State Theatre in Mercedes, Tuesday and Wednesday.

GONE, CAPTAIN! IT TURNED OUT TO BE A SUBMARINE!

I PASSED MYSELF OFF AS THE TRAITOROUS MECHANIC ABOARD THAT LITTLE YACHT! I HAD TO HAND OVER SOME AERIAL PHOTOS OF THE PANAMA CANAL!

WHAT?

DON'T WORRY, SIR! I DOCTORED THEM FIRST SO THEY REVEAL NO DEFENSE SECRETS!

THEY PLAN AN ATTACK? WELL—LET IT COME!

PERHAPS WE CAN TEACH THE WORLD'S BRUTE POWERS ONCE AND FOR ALL TO LET AMERICA ALONE!

AHA! WAIT 'TIL OUR COMMANDING GENERAL SEES THESE PHOTOS!

JUST LOOK AT THESE FEEBLE DEFENSES! WHY, THEY'RE NOTHING BUT A JOKE!

THEN YOU BELIEVE CAPTAIN, THAT OUR AIR FORCES CAN DESTROY THE LOCKS?

EASY! AND HERE IS THE PROOF!

OUR BOMBERS ARE WAITING AT THE UNDERGROUND BASES WITHIN REACH OF PANAMA! WE LAUNCH ONE GIGANTIC RAID AND AMERICA'S GREAT LIFE LINE IS SMASHED FOREVER!

Attempted Rescue

By FRANK V. MARTINEK

HAL IS NOW A PRISONER IN THE FOREST HUT OF DR. CORTEX AND HAS BECOME AN UNWILLING WITNESS AS THE MAD SCIENTIST IS ABOUT TO REMOVE THE BRAIN OF ONE OF THE STRANGE APE-PEOPLE.

THERE! I'VE GIVEN THE BRUTE MORPHINE, HE'LL FEEL NOTHING MORE.

THE OPERATION WILL BE OVER AND MY SCIENTIFIC EXAMINATION COMPLETED BEFORE HIS FELLOW CREATURES EVEN REALIZE THAT I'VE KILLED HIM.

—AND THEN I'LL BLAME YOUR "EVIL POWERS" FOR THE TRAGEDY! HA! HA! THEY'LL TEAR YOU TO BITS IN REVENGE!

SUDDENLY AT THE EDGE OF THE FOREST—

LOOK AT THERE! LAST!

RIP! MISTER HORN! HELP—SAVE ME!!

STAY BACK! ONE STEP MORE AND I'LL SHOOT THIS YOUNG CUB!

BUT UNSEEN BY THE INSANE DOCTOR, CAPTAIN DAN HAS BEEN TAKING CAREFUL AIM.

BANG

YOW!

QUICK! ALTOGETHER—COME ON!

HAVE YOU FREE IN A SECOND, HAL!

13 Valley Bands, 700 Musicians Plan Jubilee

HIGH SCHOOLS OF AREA MEET IN HARLINGEN

Grid Season End Is Feted Dec. 3

HARLINGEN—On the night of Tuesday, December 3, high schools of the Lower Rio Grande Valley plan to stage the greatest spectacle involving high school bands, which has ever been put on in the Valley. Hugh Proctor, superintendent of Mission schools, announced Saturday.

On that evening, in the Harlingen high school stadium, 13 or more Valley bands, numbering more than 700 musicians, will stage a jubilee, to be linked with the closing ceremonies of the 1940 football season, and to serve as the first public presentation put on by members of recently formed Region 9 of the state school music organization.

To Stage Grand March
The 13 or more Valley bands will be massed for a grand march in colorful entry on the field at 7:45 p.m. Following the entry, each band will have the field for five or six minutes of entertainment, stunts and maneuvers, with baton and flag twirlers doing their stuff. As it finishes its stunt, each band will take its assigned place in concert chairs at north end of the field.

After all bands have performed separately, and have taken their seats, members of the Valley Coaches and Officials Association, and Valley football players will take places in center of the field, and using public address system will introduce the year's football stars. Awards will be presented Class AA and Class A team winners and coaches; then the Class AA and Class A All-Valley teams as selected by the coaches will be presented. Following this, awards will be presented to the individual players named the season's best blocker, best sportsman and most valuable team player.

Massed Concert Slated
Finally will be a massed band concert, with the more than 700 school musicians taking part in some seven selections designated and rehearsed for the occasion. Director William Kraus of Weslaco will direct the massed concert.

Price for the opportunity to see a 700-piece band, the All-Valley teams, and to see all of the Valley's bands do their stunts and maneuvers, will be the regular football game admission price of 50 cents for adults and 25 cents for students.

Dies Urges Action To Halt Sabotage

WASHINGTON—(AP)—Asserting "four totalitarian powers" were co-operating to stall United States preparedness, Representative Dies (D-Tex.), announced Saturday a program of "exposure" to ward off sabotage of national defense industries.

Dies named Germany, Italy, Japan, and Russia as the "totalitarian Axis partners" and declared the "orthodox method" of fighting saboteurs—apprehending them after the commission of their crime—had failed in Europe.

He suggested his House committee on un-American activities be given funds and powers to deal with potential saboteurs in advance of their acts of destruction.

"With all due respect to the department of justice and the federal bureau of investigation, and they are doing fine work, I think the whole method of approach must be radically changed," the Texan said. "I am going to recommend to Congress that the committee be

Motorcycle, Truck Crash Injures Two

BROWNSVILLE—A man named Alvarez, a motorcyclist, and his companion on the motorcycle, name unknown, were badly injured late Saturday night, when their motorcycle was in collision with a truck at corner of 13th and Jefferson here. Both cyclists were taken to Mercy Hospital, where X-rays were taken in effort to ascertain extent of their injuries. Both were unconscious at a late hour Saturday night. City police were investigating.

Laredo, Winter Garden Frost Damage Is High

Valley Losses Still Unknown; Check To Be Made By Officials Monday

WESLACO—A preliminary report by the Federal-State Market News Service on the Thursday and Friday night frosts in the Laredo and Winter Garden sections show severe damage to eggplants, peppers and tomatoes.

The service reported that the quality for salvage was light due to loss of matured fruit from previous rains and light protective foliage. Tomato plants there are damaged beyond recovery. The damage to hardy vegetables was negligible.

Frost also was general over much of the lower Valley but the market news service expected to have additional information Monday. Heavy damage was done, particularly in western end of the Valley, Thursday night.

Temperatures dropped to 39 at Brownsville Friday night with light frost, 40 at Harlingen with light frost, 37 at Mission with light frost, 33 at Falfurrias, 33 at Laredo, 31 at Carrizo Springs with heavy frost, 34 at Corpus Christi.

Temperatures were low in Florida but winds probably prevented serious loss. The mercury dropped to 29 at Bartow, 28 at Eustis, 34 at Port Myers, Orlando 27, with Hastings and Belle Glade unreported to the frost warning service.

Child Star Loses Her Tonsils

HOLLYWOOD—(AP)—Shirley Temple had her tonsils removed Saturday.

The 11-year-old film star had promised her friends at Westlake School for Girls, which she attends, that she would remain conscious as long as possible so she could describe her sensation.

Attendant said she counted to 99 before the ether took effect.

War Comes Closer To U. S. Consumers As Wool And Rayon Become Scarce

NEW YORK—(AP)—The war came closer to the average consumer—and his pocketbook—this week as the effects of defense spending began to spread from steel and the heavy industries to things like the wool and rayon cloth which will go into next fall's suits and dresses.

Trade surveys showed the woolen goods business had increased its orders on hand by about 60 per cent in the past five weeks, and few mills were willing to promise deliveries before next June, some even later.

Wholesalers were little worried that the huge demand for fabrics would show its effects in retail deliveries and prices for the time being, for clothing manufacturers have pretty well covered spring and summer requirements. But by next

Roger W. Babson, noted economist, believes the government will keep a firm grip on rising prices and keep inflation within bounds. For his comments, see page 6.

autumn, if demand continues space, things may be different.

Meanwhile Rayon mills were rushing along at capacity and appeared to be headed for the greatest output in their history this year. Producers were said to have on hand only about one week's normal consumption, instead of the normal 30 days supply.

Part of the answer appeared to be precautionary buying by makers of civilian clothing who wanted to be sure government orders would not come along to delay their normal operations.

Some, trade sources said, was attributable to the greater rate at which retail stores were selling clothes as industrial payrolls, especially in the areas where defense orders are pouring in, continued to swell.

Employment To Increase
With general expectation that employment will continue to increase for months to come plans were laid for a brisk business next fall and winter.

As consumer goods lines turned more active, heavy industry continued to grind along at a near-record pace.

LON BOYNTON, PARIS, NAMED PRESS CHIEF

State Convention In Valley Ended

BROWNSVILLE—Members of the Texas Editorial Association headed homeward Saturday after closing their 29th annual convention here with the election of Lon Boynton of Paris as association president.

Mr. Boynton, publisher of the Lamar County Echo, succeeded Lewis W. Bailey of the Dallas Journal.

Other Officers
Other officers elected with the Paris publisher were Harry P. Hornby, publisher of the Uvalde Leader-News, first vice president; Levi A. Dunlap, publisher of the Meridian Tribune, second vice president; Arthur Lefevre of Houston, assistant to the president; Ben F. Harigel, publisher of the La Grange Journal, recording secretary, and G. A. (Pop) Mabry of Houston, corresponding secretary.

Sign Removal Urged
A resolution approving and endorsing the state highway department's highway beautification campaign was adopted, stressing the need of removing unsightly signs from the state's roads. The full support of the association was pledged to the campaign.

Other Resolutions
Other resolutions were passed thanking the Brownsville and Mission chambers of commerce; The Brownsville Herald and J. M. Stein, its publisher; The El Jardin Hotel; the railroads and the Missouri Pacific bus lines; the Rio Grande Bridge company; the Rio Grande Valley Gas Company; the Central Power and Light Company; and John Shary. The resolutions expressed appreciation for courtesies extended during the three-day meeting.

Weekly Press Discussed
The high spot of Saturday's session was the address of C. C. Hudson, publisher of the Iowa Park Herald, who discussed the weekly press.

In a hard-hitting address, Mr. Hudson advised the newsmen to make their publications a potent factor in leading right thinking in their respective communities.

The weekly paper, he added, has a field untouched by either the

Strikers At Vultee Allege Company Too Hinders US Defense

DOWNNEY, Calif.—(AP)—Striking CIO unionists reverted Saturday to their original demands for a minimum wage of 75 cents an hour at the Vultee Aircraft factory and issued a statement contending that if they are hampering national defenses then the company likewise is hampering it.

A proposal to reinstate the 75 cents demand was adopted at a mass meeting of strikers near the plant Saturday morning. The company has been paying 50 cents minimum. In the course of negotiations, the union offered to accept 65 and will still negotiate on that basis if the company will offer it, union leaders said. Company officials withheld comment.

Still Counting Kansas Governor's Race Unsettled

TOPEKA, Kas.—(AP)—Gov. Payne Ratner cut deep into William H. Burke's slim lead in Kansas' photo-finish governorship race Saturday with the count of out-state absentee ballots giving the executive a 373-vote majority in 18 counties.

Burke clung to a margin of 1,365 on the total state tally when the board of canvassers quit late Saturday. It will resume work Monday with 87 counties left.

Ratner garnered 677 and the Democratic nominee 304 of the 981 out-state votes counted Saturday. Ratner won a majority in each of the 18 counties except Chase where Burke held an edge of six votes.

Two Sedans Crash

LA FERIA—A heavy sedan driven by Neal Peters, Santa Maria, and also occupied by Lloyd Johnson, Santa Maria, was practically demolished about 7:30 p.m. Saturday, when it was in collision with a light sedan driven by L. N. Red of La Feria, on the Mercedes highway about two miles west of here. The Red car was only slightly damaged. None was hurt, by Constable W. A. Henstley, who investigated, cited all parties to appear before Justice of the Peace C. C. Raimond in court here at 2 p.m. Monday.

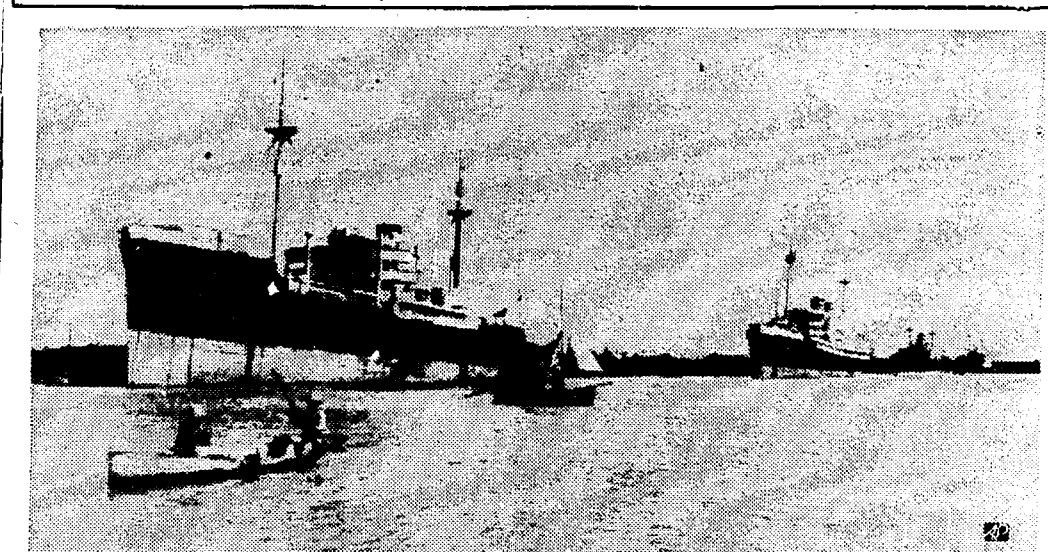

Hunters Kill 4,000 Deer First Day

KERRVILLE—(AP)—As twilight silenced gunfire inaugurating Texas' big game season, state game commission officials estimated Saturday's bag at 4,000 deer, 1,500 turkey and an uncounted number of javelina and black bear.

The take, starting a season lasting through December 31, numbered 1,000 more bucks and 300 more gobblers than last year's opening day, shattering all records.

Perfect hunting weather, the temperature dipping into the low 20's at dawn in this game-rich Central Texas area, saw an army

Nazi Ships In Trouble Off Mexico

ARMS ORDERS ARE RUSHED

Report Shows Defense Work Satisfactory

WASHINGTON—(AP)—The army already has placed orders for more than 71 per cent of the planes, tanks, barracks, supplies and other war material for which Congress has provided funds, an official compilation showed Saturday.

In round figures, war department contracts awarded since July 1 for purposes other than the army's ordinary maintenance expenses have passed a total of \$4,500,000,000.

Navy Total High

The navy's latest total is \$4,187,941,695. And for all defense purposes, more than 10 of the 16 billions voted by Congress to reinforce defenses have been obligated.

For the army, virtually all of a contemplated total of nearly 6,000 new tanks are in process of manufacture, or plants and machinery are being created to build them.

Aircraft manufacturers have orders for all of a scheduled 18,641 army combat and training planes. The navy has contracted for some 7,000 aircraft.

Orders Scattered

Orders have been scattered among hundreds of manufacturers for the uniforms, blankets and the myriad of other items of equipment required for an army of two million men.

All but 10 per cent of the barracks and other housing for the expanding land forces are scheduled to be ready by the year's end.

Prospective delivery dates for most items are a closely-guarded military secret. However, it is expected to be next summer before production will reach anything like full speed.

Congress Meets Monday To Decide On Adjournment

May Vote To Stay In Session And Work On Important Issues Before Them

WASHINGTON—(AP)—Congress, after a five weeks holiday for the national election campaign, will reconvene Monday to face the question of whether to take up half a dozen provocative issues or end its 11 months session.

Democratic Senate and House leaders are hopeful that the legislators will agree to quit.

Opposing adjournment are the Republican minorities in both Senate and House and some Democrats who argue the uncertain state of international affairs make it advisable for Congress to stay on the job.

M'ALLEN GAS SUIT HALTED

Valley Firm Seeks, Granted Nonsuit

EDINBURG—The Rio Grande Valley Gas Company asked and received Saturday, dismissal of its suit against the City of McAllen to restrain them from installing and operating a municipal gas system. The suit was to have come to trial Monday in 92nd District Court here.

The nonsuit was asked after the gas company had orally asked permission to amend its suit, stating that new developments occurring within less than a week before trial date had made it necessary to sue.

The oral petition was denied, resulting in the petition for dismissal without prejudice being filed with District Clerk K. C. Boyesen Saturday. Judge Bryce Ferguson signed order Saturday granting the nonsuit.

In its petition, the gas company stated it had desired to amend its original suit to include other defendants, including the Ontario Oil Co. Ltd., and that nonsuit was granted in order to avoid having two suits with the same objective, with neither fruitful. The Ontario Oil Co. Ltd., recently was authorized by McAllen city ordinance to construct a pipeline through the city, purpose apparently being to service customers west of the McAllen city limits, with gas from the Card well.

During the past week, pipeline network has been constructed by some one in the city of McAllen, with none able, apparently, to say who is building it, nor whom it will serve. The line passes conveniently near schools and large potential gas customers located within the city limits.

Operation Fatal To Ex-Vaudeville King

NEW YORK—(AP)—Martin Beck, the polyglot, bald septuagenarian who ruled American vaudeville before the movies ousted it from the nation's theaters, died Saturday following an abdominal operation.

Never admitting his age (Who's Who in American Jewry estimated it at 71) any more than he would admit that vaudeville was dead, Beck rose from a stranded and starving immigrant trapper to prominence.

US Communists Cut Outside Relations

NEW YORK—(AP)—A special national convention of the Communist party adopted unanimously Saturday a resolution to "cancel and dissolve organization affiliation to the Communist Internationale and all other bodies of any kind outside the boundaries of the United States."

The resolution said the purpose of the action was to "remove the Communist party from the terms of the so-called Voorhis Act" which becomes last next January.

Mercury Rise Seen As Cold Dispelled

By The Associated Press
Fair and warmer weather continued to spread over most of the nation Saturday night, virtually ending the autumn's first cold snap. The forecast was for a continued rise in temperatures for most sections Sunday, including the south which has experienced one of its worst November cold spells in history. Temperatures in many cities there were lower than in Canada during the same period.

U.S. OVERAGE DESTROYER IS CLAIMED USED

4 Ships Seek To Flee, Are Routed

TAMPICO, Mexico—(AP)—Captain H. Fromke, of the German cargo ship Idarwald, said Saturday night that one of four warships which blocked his attempted escape to sea Friday night and caused the scuttling of another German ship, the Phrygia, "very likely" was one of the 50 destroyers "transferred by the United States to Great Britain."

One captain said he saw the lights of a battleship in the distance, directing the destroyers' pursuit of the Germans.

Sights Warship

Telling his story of the night which ended in a setback for the Germans, Captain Fromke said the Idarwald sighted "what appeared to be a war vessel" as "we left the Tampico River."

Shortly afterward three other ships were sighted. Their reflectors were trained on the Idarwald and the ship was ordered to surrender by luminous signals.

"I zig-zagged back into port pursued by a warship."

"It was a destroyer of the obsolete type, very likely one of the 50 destroyers transferred by the United States to Great Britain."

"Violates Mexico Law"

"The destroyer chased me up to within two miles of the coast, violating Mexican territorial waters."

The captain of another Nazi ship Rhein, E. Ullrich, told a similar story.

Apparently the abandoned Phrygia was the first ship out of port in the attempted dash, followed in turn by the Idarwald, the Rhein and the Orinoco. The Orinoco was having engine trouble and lagging closer to port when the Idarwald and Rhein turned and scampered back.

Captain J. Schurt, of the Phrygia told authorities that he gave the order to scuttle ship because its capture seemed imminent.

The Phrygia and three other Nazi vessels, in refuge here since the beginning of the war, tried a des-

REYNA TRIAL GOES TO JURY

Hidalgo Wife-Murder Case Near End

EDINBURG—Closing argument in the trial of Manuel Reyna, Edinburg, charged with murder of his wife, Rita, on last September 1 in their home here, was heard Saturday night, and the jury received the case at 11:30 p.m. District Attorney T. M. Harley asked for a substantial term in the penitentiary for the defendant. The jury retired for the night at 12:30 a.m. Sunday without returning a verdict.

Senator Rogers Kelley and County Judge-elect Cullen Looney for the defense, and Assistant District Attorney Jack Ross preceded Harley in presenting argument before the jury. The case had consumed two weeks trial time, first week being taken up with the selection of a jury, with testimony being offered throughout the second week.

Reyna took the stand in his own defense, after the state had introduced a statement in which he claimed Reyna had confessed to murder of his wife. Reyna repudiated the statement on the stand, claiming fear had induced him to sign it.

HIDALGO AAA MEETS START NOVEMBER 19

Producers To Study 1941 Programs

EDINBURG — Community meetings at which Hidalgo county producers will discuss the 1941 agricultural conservation program, the parity payment plan and the cotton marketing quota referendum, December 7, will get under way November 19 to continue for two weeks.

Plans for the session were laid at a meeting here Saturday of 47 community AAA chairmen, and Park T. Moore, secretary of the county agricultural association, explained the federal programs to the men.

The schedule of meetings follows:

Nov. 19, Edinburg, high school, 8 p.m., Will F. Gilman, chairman.
Nov. 20, Turner Tract, Stockholm, 8 p.m., Ben Malm, chairman.

Nov. 23, Pharr-San Juan-Alamo, San Juan water office, 8 p.m., Cecil D. Ward, chairman.

Nov. 26, Donna, school building, 8 p.m., James E. Brown, chairman.
Nov. 27, Mission city hall, 8 p.m., Roy K. Straw, chairman.

Nov. 29, Hargill, Methodist church, 8 p.m., Harvey Lott, chairman.

Dec. 4, McAllen, chamber of commerce building, 8 p.m., Melvin B. Murray, chairman.

Dec. 5, McCook, school house, 7:30 p.m., Henry Goldrich, chairman.

Atwood, Moore and C. J. Buchling and J. A. Cardenas, the latter two members of the county AAA board, will attend each of the meetings and participate in the discussions. A meeting at Weslaco will be announced later. Each producer in each of the communities will be notified of the date, place and hour of the meeting he is to attend.

Atwood said 7,194 separate farming units are now affected by the AAA programs in Hidalgo, and that a total of 215,000 acres of crop lands, not including citrus, are involved.

US DESTROYER CLAIMED USED

(Continued from Page 1)

perate but futile run for the open sea last night from this port. The Phrygia ended up a maritime suicide—as other German vessels have done—and the other three sped back to the safety of the harbor.

Tip-Off Mystery

All day there was elaborate mystery as to just what had happened and nobody in authority was willing to say categorically that it was the action of British or Canadian warships which had balked the attempt of the four freighters to re-enter the German shipping service.

The Phrygia's captain, J. Schurt, had been understood originally to have said in a report to port authorities that four warships—he thought were British or Canadian—had opened fire upon the freighters some five miles off the Mexican coast.

Changes Story

But later, he declared, the interpreter had misunderstood him and that what actually had happened was that the warships simply spelled out with flares a demand that the Phrygia fire.

"On leaving the port," he declared, "we saw the four ships. They fired signals demanding that we surrender. The Idarwald and Rhein raced for shore but due to the proximity of one warship to us and the bad condition of our vessel we opened her and set her aflame."

At Tense Moment

At this tense moment, according to the captain's story, the four vessels—the Quince, the Orinoco, the Idarwald and Rhein—were in the vicinity of the harbor bar. She headed back immediately.

Crew Is Saved

The crew of the Phrygia—she carried about 40 men—came ashore in lifeboats without casualty. Of the four ships it developed late in the day that only the Orinoco had carried a cargo—and she had great stores of cork, coffee, beans and the like. The others sailed with ballast, apparently assigned to the job of protecting the Orinoco.

Three of the vessels had given their destination as the Canary Islands; the fourth as Vigo, Spain. Even at the hour of their sailing, however, there had been speculation among shipping men that they perhaps were headed for a rendezvous with a German war vessel.

Blows Up, Sinks Slowly

The Phrygia blew up Saturday afternoon and slowly sank, five miles south of the Tampico jetties. She went to the same sort of grave yard as the 32,581-ton German liner Columbus, scuttled last December far off the United States Atlantic coast in a vain effort to breach the British blockade.

Doubt Remains About New Cotton Outlet

WASHINGTON —(AP)—Texas cotton farmers should not hold too high hopes that a great outlet for their crop lies ahead in its use as a highway surfacing material.

This was the impression left by public roads administration officials who declined to express a definite opinion now as to the value of using cotton with bituminous binder and some material such as crushed shell as a highway topping.

BOARD CHECKS 9 VOLUNTEERS

Six May Enter Army From Brownsville

BROWNSVILLE—Nine registered men were certified into class 1A by the Brownsville draft board Saturday, and will report for physical examinations Tuesday morning. If all pass physical examinations, the first six listed will leave Brownsville Sunday, November 24 for San Antonio, where they will be inducted into the army for one year of military training.

The nine class 1A men are:

1. Pedro Cortez, 1200 Hayes street, switchboard operator at the Cameron Hotel, order number 2281.
2. Manuel Alaya Vasquez, 13th at Arthur streets, order number 2086.

3. Alfredo Pompa, 1241 Harrison street, order number 417.

4. Frank Ochoa Blanchard, Box 545, order number 1023.

5. Jose Valdez, Jr., Box 962, order number 1167.

6. Barnabe Rables Elizardo, 1519 Buena Vista, order number 2050.

7. Santos Aleman Nunez, Box 613, order number 1200.

8. Alfonso Ramirez, General Delivery, Station B, order number 936.

9. Raul Torres Sanchez, Box 28, order number 226.

Saturday a tenth volunteer appeared before the board and completed his questionnaire. He is Apollonio Ramos Martinez, general delivery, order number 1168. He will be classified Monday and probably ordered to appear for physical examination Tuesday with the first nine.

Draft board officials Saturday said ten volunteers probably would fill the first two calls for service. Fifty additional questionnaires have been sent to registered men, most of which will have been returned to the board by Monday.

ian prisoners had been taken and four big guns seized.

The whole lofty 100-mile-long battlefront erupted violently. Every weapon in the Greek armory—bayoneted rifles, machine guns, artillery, bombing planes—was thrown into the struggle in the hope that the war was approaching a decision.

"Enemy Dislodged"

The official radio, echoing military dispatches to the press, announced to the country:

"The enemy has been dislodged from all positions. The organized defense can hardly withstand the Greek attacks for more than a few hours."

Greek sources asserted that the entire Italian army in Albania was in danger of being cut into three parts and thus encircled segment by segment.

The heaviest of the day's action was in the northern sector, where there was violent artillery duelling and air fighting.

The Italians were reported to have rushed reinforcements to that region—before they could establish satisfactory communication with supply bases, the Greeks said—but to have failed nevertheless to halt the slow encirclement of Koriza, Albania, by Greek forces completing the operation from the north-east.

\$550 RAISED BY M'ALLEN

Red Cross Drive Is Pushed In Hidalgo

McALLEN—McAllen's Red Cross membership drive climbed toward its \$800 quota Saturday when approximately \$550 was turned in to Co-chairmen Dick Harris and E. A. Polzin. The drive is expected to be wound up locally by Monday.

Pharr was the first city in Hidalgo county to go over the top with \$338.82 reported Friday night. The city's quota was \$300. The drive there was led by Rev. W. W. Stewart and George McCullough.

Other cities reported funds raised and their quotas include: Edinburg, \$600 quota, \$390 raised. Mrs. Fred Hagedorn and Mrs. Camilla Bader, co-chairmen; Mission, \$900, \$343 raised. Mrs. Vernon Hill, chairman.

The reports were turned in to A. M. Tarbuton, county chairman, Friday evening.

The San Juan quota of \$150 was exceeded shortly after the drive opened there, with more than \$200 raised, according to the co-chairmen, Rev. Beaty Smith and A. E. Sharer.

No Refuge Here

Film Stars' Father Quits California

LOS ANGELES —(AP)—In search of the refuge for himself and his Japanese wife which he says is denied them in the United States, William A. D. Havilland, father of screen actresses Olivia De Havilland and Joan Fontaine, was here Saturday en route to South America.

De Havilland, a patent attorney for 47 years in Tokyo, said he married his Oriental wife two years after he was divorced from the mother of his two daughters, both of whom were born in Tokyo.

His business ruined by the Sino-Japanese war, De Havilland said he has been reduced to an income of \$30 a month, insufficient to support himself in the United States.

AXIS BIDS FOR FAST VICTORY

Hope To Win Before Winter Is Over

BERLIN —(AP)—Germany's concentrated air attacks on Britain recently—with threats of more to come—and the German-Italian high command consultations are signs, German observers say, of a new Axis bid for victory before a second war winter ends.

Expert sources describe the furious assault on Coventry, one of England's manufacturing centers, as part of an effort to bring Britain to her knees before increasing United States aid makes the task more difficult.

New German air raids Saturday on London, Hastings, Southampton and down the Thames estuary to the coast at Southend were reported by DNB, official German news agency. Docks and warehouses burned in the center of London, it said.

As the Coventry attack was described as "retaliation" for the British air raid on Munich the night Adolf Hitler was there, Nov. 8, so Saturday did Nazis threaten another devastating air blow to avenge a British bombardment of Hamburg Friday night.

The high command acknowledged damage to the great port, but declared it was "in no proportion with the number of attacking planes."

Neutral observers commented that Italy's far-from-blitzkrieg campaign in Greece, coupled with recent British claims of successes in the Mediterranean, may react against Axis prestige.

radio or the metropolitan daily, and is becoming increasingly important because of its ability to reflect the opinions of the average American. Metropolitan papers, he said, have lost this common touch.

Richardson Speaks
T. C. Richardson, associate editor of Farm and Ranch at Dallas, spoke of the development of the breed-fed movement in Texas as he said the support of the country press had been of inestimable value in bringing farmers and stockmen around to the idea.

Hits Truck Limit
Mr. Richardson also commented briefly on the present truck-load limit of 7000 pounds, terming it unfair to Valley growers.

Country newspapers have been strong in their fight against this, he said, and prospects are good for a reversal of the law in the near future.

Industry Benefits

T. Swann Harding of the U. S. department of agriculture discussed farm and husbandry research, pointing out that the citrus industry had benefited enormously by the department's experiments. H. D. Meister of Yoakum and Eli T. Merriam, association past president of Corpus Christi, both spoke briefly.

Committees Named

Committee appointments announced Saturday were: Executive, Fred I. Massengill, Austin Callan, Mr. Hudson, Mr. Harigel, Mr. Bailey, H. D. Meister, Mr. Merriman, R. J. Edwards, E. A. No Texans Violate Hatch Political Law

WASHINGTON —(AP)—A Civil Service Commission official said that of about 50 complaints he had received charging various state workers throughout the nation with violations of the Hatch clean political law, none so far as he remembered had come from Texas, which has 8,500 highway department workers.

US Navy Age Limit Is Cut To 17 Years

WASHINGTON —(AP)—The navy lowered from 18 to 17 years Saturday the minimum age for enlistments.

Secretary Knox announced that youths between the ages of 17 and 18 would be accepted to serve until their 21st birthday. They must have consent of their parent or guardians.

Vahlsing Boat Makes For East Coast

BROWNSVILLE—The S.S. Hampton Roads, owned by F. H. Vahlsing, Inc., largest citrus and vegetable shippers in the world, sailed at 2:30 p.m. Saturday from Port of Brownsville with the first full shipload of perishable foodstuffs ever shipped from a Valley port.

W. W. Moore, general manager of the Polar Steamship Corp., and representative of F. H. Vahlsing, left Brownsville by Eastern Airlines "Silverstreaker" for New York City to meet the vessel upon her arrival there with the cargo.

Moore flew ahead of the ship on her way to Florida, Houston and New Orleans with a cargo of Maine potatoes before coming here to arrange for loading of 30,000 boxes of citrus and 5000 boxes of truck vegetables.

The vessel will make regular monthly trips to Brownsville to load full cargoes of citrus and vegetables, Mr. Moore said. On her way back each trip, she will bring potatoes or other foodstuffs to points in Florida and Texas.

Philen Steamship Co. are local agents for the company. Most of the citrus cargo loaded here was furnished by the Alamo Citrus Association.

given more power with respect to those who refuse to testify or to appear so that all these saboteurs may be exposed."

Dies added that he also would ask Congress for "at least \$1,000,000" so that the committee could proceed with the examination of 300,000 persons who he said were connected with subversive activities.

If the funds were granted, he said, these people would be brought before the committee "one by one" so the public might learn about all their connections.

Dies announced committee employees had prepared a 500 page printed "white paper" which he said contained "irrefutable evidence connecting consular representatives of the German government with fifth column activities."

He first proposed to release this publication Saturday, but later said it would be withheld until next week.

He said a second paper would be prepared on Italian consular representatives and "Russia and Japan will be eventually involved."

Dies expressed belief the recent explosion at the Hercules Powder Plant in Kenilworth, N. J., was "the start of a series of acts of sabotage."

CAMERON TAX REVENUE TOLD

October Collection Totals \$254,317

BROWNSVILLE — Current tax collections for October total \$254,317 according to compilations completed Saturday by Ralph T. Agar, Cameron county tax assessor and collector. This represents a slight decrease from 1939, due to the failure of several large corporations to take advantage of the 3 per cent discount for October payments this year. These payments are expected in November, which will bring the November payments of this year well above those of 1939, Mr. Agar said.

County taxes collected were \$173,491, leaving a balance of \$533,773 yet to be collected. State collections were \$39,011, with \$84,300 to be collected. The Arroyo Navigation district of Harlingen, third largest account, paid in \$16,932 leaving \$30,014 to be collected.

The best showing made during October was reported for school district No. 20, which 62 per cent of the total tax was collected in October. The poorest October collection was the Los Indios independent school district, where 14 per cent of the total was paid.

Current taxes paid in November will be discounted 2 per cent, and 1 per cent in December. One half of the tax may be paid prior to November 30, in which case the second half will be extended until June 30 without penalty. Tax schedules for suits are now being worked up on property in the names of disinterested owners.

Delinquent tax collections were \$12,343 for October, according to Mr. Agar's report. This is an increase over the previous year. Receipts from tax sales for October were \$370.

CIO Lewis Hillman Hold 'Social' Visit

ATLANTIC CITY, N. J. —(AP)—CIO President John L. Lewis Saturday described his surprise conference with Sidney Hillman after a long estrangement over policies as "mostly social," and forecast the CIO's national convention next week would "not depart very far" from its declared policies and objectives. Lewis' forecast created some fresh speculation about what will happen to the program of the Hillman followers when it reaches the convention, although leaders moving in and out of conferences indicated efforts were being made to avoid a major split.

Interpreting The War News

British Hope Justified

Morale Unbroken; RAF Repulses Air Raids; Churchill Has Reasons For Cheer

By KIRKE L. SIMPSON

Five months ago when France fell before German blitzkrieg and left Britain fighting alone, Prime Minister Churchill solemnly assured his countrymen and the world that there were "good and reasonable hopes" of ultimate British victory.

What he then dubbed "the battle of Britain" enters its sixth month next Monday, November 18. At that point and despite a grievous toll of destruction and civilian casualties in Nazi bombed England, the prime minister's hope has been realized.

England remains uninvaded and the will of her people to fight is unbroken. She is striking back at her German-Italian foe with telling blows from the air and her domination of the seas at home and abroad is firmer, not weaker, than it was five months ago.

Churchill Poses Issue

Churchill boiled down the war issue for Britain on June 18 to one "great question."

"Can we break Hitler's air weapon?"

Five months later it has been answered in part in Britain's favor. Nazi air power has failed to shatter British morale or crack Britain's sea blockade of her foes. The Royal Air Force at home has lived up to Churchill's prediction that it would save England "from the deadliest of all attacks," invasion. Its far ranging bombers have hammered at German targets and dealt a smashing blow to Italy in the eastern war theatre.

Britain's stand has done more than that. It has compelled complete revision of Hitler-Mussolini war plans to shape them to a long war pattern, and the odds in a long war are with Britain. She has sea access to vast material resources around the world to aid her.

Reason For Confidence

After five months of single-handed battle for survival, Britain, despite her mounting non-combatant casualties in the world's first great battle of the air, has more reason for cheers than for tears.

President Roosevelt nominated Harry A. Mills, above, Chicago educator and economist, to a five-year term on the National Labor Relations Board, taking the place vacated by Chairman J. Warren Madden.

VALLEY PLAY SLATED SOON

Little Theatre Cast Being Selected

EDINBURG—Casting is now underway for the Valley Little theatre's production of "The Women," scheduled for the Edinburg Junior College auditorium Monday night, Dec. 2. Director Paul Moore said Saturday.

All-star in its scope, "The Women," from Clare Booth's famous Broadway success, is heralded as one of the season's most ambitious productions.

Moore said the following will be included in the cast: Arlen Kam-lah, Connie Green, Shirley Fogel-berg, Frances Wood, Freddie Saunders, Shirley Burk, Jean Righter, Cordelia McMahon, Margaret Owens, Mildred Downs, Imogene Brennan, Mrs. Clara Casberg, Bess Ennis, Annette Clossner and Marie Miller.

True to the original stage production, no men appear on the stage. The production is 100 per cent feminine and nothing is being spared to make this comedy an example of outstanding modern femininity.

Steel Mills Again In Operation After Strike Arbitration

MIDLAND, Pa. — (AP) — Crucible Steel Company Mills here again rolled out armament steel for the United States and British governments after employees voted by a slim margin to end a week-long strike that had production at a standstill.

The local steel workers organizing committee announced that approximately 4,300 strikers voted 52 per cent in favor of resuming work pending conferences with the company on several grievances, including a demand for a wage increase of 12 1-2 cents an hour in one department.

Vet Peace Officer Found Dead On Road

ODESSA, Tex. — (AP) — The body of Motor County Deputy Sheriff Bill Jones, veteran World War I peace officer, was found beside his parked car near the Crane highway some four miles south of here Saturday. A bullet wound pierced his head above the right temple. The officer's gun lay on the running board of the car.

LESS CITRUS BRINGS MORE

Gains Are Shown In Weekly Average

WESLACO — Lesser quantities of Valley citrus were offered on the auction markets during the week just closed and returns for Marsh seedless increased 12 cents per box and the average for pink grapefruit increased 31 cents a box, according to a report issued by the Federal-State Market News Service here.

The average during the past week was \$1.86 per box for 19,939 boxes of Marsh seedless grapefruit as compared to an average of \$1.74 for 26,295 during the previous week and the return on pink varieties increased from \$2.25 per box for 13,439 boxes, two weeks ago to \$2.56 per box for 11,729 boxes during the past week.

Florida, on the other hand, showed a decrease of seven cents a box on white grapefruit and an increase of 16 cents a box on pink varieties. Then again, there appears to be a relationship in the amounts offered for sale. Florida white grapefruit sales during the past week having increased to 72,860 boxes as compared to 56,660 boxes while pink sales decreased from 1,330 boxes two weeks ago to 1,275 the past week.

Grapefruit track holdings in 18 markets totalled 101 cars Saturday while orange track holdings amounted to 330 cars and mixed citrus to eight cars.

Texas Diehards

Willkie Voters Pick Old Turkey Day

FREDERICKSBURG — (AP) — Frederickburg folk stand by their convictions.

Their county, Gillespie, was one of only a few Texas counties giving Wendell Willkie a majority in the recent general election. Gillespie voters opposed Roosevelt about 8 to 1.

Saturday, the Fredericksburg credit bureau announced that while Nov. 21 is the state's official Thanksgiving date, Fredericksburg merchants voted 99 to 1 to observe the traditional date, Nov. 28.

Free French Seek To Foment Revolt In Colonial Area

BEIRUT, Lebanon. — (AP) — Well-informed circles said Saturday that "free French" followers of Gen. Charles DeGaulle were working feverishly in French mandated Syria to sway opinion toward a revolt behind Gen. Maxime Weygand and Gen. Auguste Nogues.

Weygand is military and political chief in North Africa, sent there by the Vichy regime, and Nogues is resident general and commander in Morocco.

Calls Wife 'Sister' So It Won't Hinder Social Activities

CHICAGO — (AP) — By order of the court, Irving Kiehn, 32, a prizefighter, must cease introducing his wife as his sister.

The wife, Harriet, 25, complained to Judge Rudolph Desort that she was tired of being represented as a sister. Kiehn explained the sister angle by saying that he goes to social functions where it is a handicap to be known as a married man.

New Mexico Wants More Plane Service

WASHINGTON — (AP) — New Mexico's tourist industry, potash deposits, and oil fields were cited by the Civil Aeronautics board Saturday as three of the major reasons why that state wants and needs more direct air connections with Texas. Testifying before a subcommittee at a hearing on four airline applications for extensions in Texas and eastern New Mexico, Gail S. Carter of Santa Fe and F. O. Davis of Carlsbad, stated that present air facilities were inadequate.

NEW RUNWAY PLAN SOUGHT FOR AIRPORT

Changes Being Made At Brownsville

BROWNSVILLE—Extending two additional runways at the Brownsville airport from 4,000 feet to a mile in length was the major change requested by WPA in the present \$2,000,000 improvement plans, according to W. O. Washington, city engineer, who began the work of making revisions Saturday to comply with the WPA requests.

One north-south runway and one east-west runway are involved in the revised plans. The city may encounter some difficulties in complying with the request, Mr. Washington said, as in both cases the required extension would mean crossing existing county roads. Other problems, considered minor ones, involve levels and drainage.

When revised plans will call for four runways, each one mile or more in length, the longest being close to 6,000 feet. When changes have been made plans will be returned to WPA at San Antonio for final approval, and will then go to CAA in Fort Worth and finally to the War Department at Washington.

It's Below Zero In Brownsville! But Reading Is Taken Far Above City By Balloons; Here's How Bureau Does Its Job

Intricate Details Of Bureau's Work Explained

By JOHN L. STONE.
BROWNSVILLE—Out at the airport station of the U. S. Weather Bureau here a fellow can run into more Greek than I found when I interviewed the crew of a Greek steamer in port here recently.

For instance there's that radiosonde observation stuff.

First I'll tell you what happens and then try to explain it.

Radiosonde observations began at the Brownsville airport weather bureau station on August 1 and are made nightly. Preparation for the flight begins at 11 p. m. and the observations are under way by 11:30 p. m.

Preparation is made by conditioning the recording elements to prevailing ground weather conditions. This is accomplished by placing the radiosonde instrument, weighing less than four pounds, in a specially-mounted ground exposure shelter, and allowed it to remain until the elements of the instrument agree with the prevailing ground or surface readings.

The receiver is examined to see that temperature, pressure and humidity elements are recording and proper base line, or relation, established between the receiver and the transmitter.

As soon as these conditions are met, the instrument is attached to the helium filled balloon and parachute and is ready for release.

The Radio Meteorograph

The Radio-Meteorograph is an instrument which is carried aloft attached to a free balloon and transmits radio signals which are a measure of pressure, temperature and humidity, through the levels of the atmosphere into the stratosphere.

The balloon ascends at a rate of 200 meters per minute and the instruments function to a height of 20 kilometers.

The instrument carried aloft weighs less than one kilogram, containing everything necessary for transmission, such as batteries, radio transmitter, barometric pressure switch, temperature and humidity registering elements, including a thermoshielded aluminum painted case.

The temperature and humidity elements are located for best exposure and are isolated from heat conduction from the balance of the instrument. All parts are easily accessible for check before flight.

The instrument will register temperature as low as minus 80 degrees centigrade (194 below zero Fahrenheit), humidity from five to 100 per cent relative and pressure from 1070 millibars to 10 millibars.

The Radio Circuit

Meteorological quantities are made to change resistance in the radio circuit in proportion to their physical changes. Audio frequency modulation of the radio-frequency carrier wave is controlled by varying resistance in the radio circuit. Out of these two principles has come the radio meteorograph instrument.

It therefore consists of a radio transmitter tube, energized by a battery, and the meteorological sensitive elements, so designed to introduce resistance in the radio circuit as meteorological changes occur.

The transmitter employs a type 15 double triode-electron tube. One is used as a modulating oscillator and the other as an ultra-high frequency carrier oscillator. The oscillating frequency is approximately one megacycle per second and the oscillation is intermittent.

The ultra-high frequency oscillator operates at 65 megacycles per second. These are also intermittent, "on" when the modulating oscillator is "off" and "off" when the latter is "on." The resistance value of the meteorograph circuit controls the value of the audio frequency. Resistors determine the limits of the audio modulating frequencies, thus when one of the resistors is in the circuit the frequency is 8 cycles per second while

Neil B. Ward, junior observer at the airport station, is shown above watching the Friez Ray-Sonde receiving set recording atmospheric and weather conditions as sent out by the small instrument carried to extreme heights by a large balloon. (Photos by Stone.)

with both it becomes 190 cycles per second.

Simple, huh?

The Barometer Switch

The barometer switch serves two purposes; one as an indicator or barometric pressure and the other as a switch into circuit in a definite order of temperature, humidity and two reference resistances known as the high and low reference.

The baro-pointer and contact arm controlled by a diaphragm that distends as the balloon rises into lower levels of pressure, sweeps over the commutator, comprising 50 silver contacts, separated from each other by insulating strips. When no contact is made the temperature resistor and the full value of the humidity resistor are in the oscillator circuit so that the modulating frequency is a function of the temperature to which the capillary tube is exposed.

As the indicating pressure pointer passes over the insulating strip to a humidity silver contact, it short circuits the thermocouple resistor and a portion of the humidity resistor. The value of resistance remaining in the circuit depends upon the position of the variable contact arm of the humidity resistor, or upon the relative humidity to which the human hair element is exposed.

At every 15th contact a fixed predetermined resistance known as the high reference comes into the circuit and at every other fifth contact another predetermined resistance is introduced designating the low reference. The intervals of switching serves as indications of the pressure levels passed through.

The temperature element is a precision resistance thermometer consisting of a fine capillary tube filled with a special electrolyte. Each tube is individually selected and calibrated to give the correct resistance.

Simple, huh?

The Humidity Element

The humidity, human hair element, is a resistance unit varying resistance with varying humidity. Human hairs in multiple strands,

Bobbitt casts a wary eye aloft at the swinging balloon as he ties the ray-sonde machine to the balloon preparatory to sending it aloft.

not bunched, are strung separately for maximum sensitivity and pre-

pared in double lengths for excess power.

The expansion and contraction of the hairs actuate a cam designed to produce a linear calibration curve, so that varying portions of resistance to the length of the hairs and hence to humidity changes are introduced into the circuit.

The battery is a dry cell type and supplies 90 volts to the plate and three for the filament.

The thermoshield is composed of two concentric aluminum cylinders that shield the temperature and pressure and humidity elements from the remainder of the instrument and at the same time provides proper exposure with liberal air spaces and ventilation.

The Raysonde box that covers the elements and the battery, is also used to hold the various parts in their proper place and relationship during flight, allowing for exposure of antenna wires, the lift ring, the ready access to various elements, protection from weather and a suitable container for returning the used instruments.

The United States Weather Bureau pays a reward of one dollar to any person finding one of the instruments which is landed by parachute after the balloon bursts at high altitudes.

The Raysonde Receiver

The Raysonde receiver is the next thing to consider as it records all data sent out by the transmitting apparatus.

The frequency range of the receiver is from 55 to 85 megacycles, normally operating on 65 megacycles. Conveniently mounted on the six-foot high machine, is a tuning meter which is used to indicate the strength of the received signals and used to determine the correct setting of the tuning dial to a high degree of efficiency.

Terminals for the output and antenna input circuits are located at the rear of the receiver. Additional controls to adjust the meter circuit and loud speaker volume are provided.

The antenna is a special dipole type and is connected to the re-

ceiver by means of a nitrogen gas filled transmission line.

Simple, huh?

The Army and Navy, as well as adjoining countries of Mexico and Canada co-operate with the United States Weather Bureau to make a network of these daily observations possible. Stations extend southward to Cuba and Swan Island.

Recently stations have been established in Canada and the coast guard vessels in the western waters of the Atlantic have provided facilities for taking the observations at sea.

These observations become vertical samplers of the atmosphere. From them, when made into chart form, can be determined the circulation and tongues of wet and dry air masses that invade the United States.

Cross-section charts of the atmosphere, marking regions of moisture are drawn. Energy diagrams for individual stations made to show conditions favorable or unfavorable for formation of thunderstorms, stability of the atmosphere and moisture and energy available for thunderstorm development.

Charts for various other uses are drawn and daily increasing use and demand of the upper air data is making this one of the most useful aids to weather forecasting.

It shows a normal relationship of conditions observed on the ground to those found aloft and that the greater weather changes are found at the boundaries of air masses as established principle.

Brownsville is one of 40 stations in the western hemisphere selected to make these readings. Personnel has been added to the airport station until the comple-

'Greenbacks' Squandered At 'Days Of '49' Charity Fete

McALLEN—The real "Days of '49" had nothing on the modern version the Kiwanis Club put on here for three nights, closing Saturday at Legion Hall.

"Greenback" rolls, big enough to choke a horse, were spent like water and "whiskey" flowed from a spigot—all for sweet charity's sake.

Seasoned gamblers broke the roulette bank with a snap of their fingers while the croupier's arms stiffened from raking in coin. Games of chance saw thousands of dollars made and lost in a few minutes.

Be-whiskered, be-spattered dandies spent \$2,000 for one brief dance with the swarms of lovely, beauty-spotted ladies while aged fiddlers sawed out the old tunes.

Crowds of Kiwanians and their friends entered the spirit of the affair, filling the hall for the three night's entertainment.

"Greenbacks" valued at \$2,000 on the Kiwanian monetary standard, were sold for five cents each.

Proceeds went to the club's underprivileged children's fund.

Glee Clubs To Sing At Weslaco Sunday

WESLACO—The vocal music department of Weslaco high school will present the senior girls glee club, senior boys glee club and junior girls glee club in concert at 4 p. m. Sunday at the Stephen F. Austin ward school, according to Reed Barringer, head of the department.

Each glee club will present a group of songs and will conclude the program with a joint number, "God Bless America." Spirituals, hymns and other songs are included in the program.

ment is raised to seven men. Special scientific training is essential to successful operation.

Adding greatly in the successful raysonde flights since inauguration in August are the low night winds, the favorable weather conditions and excellent ground equipment. Brownsville has been asked also to train personnel for stations at Swan Island.

If you think it won't make you shiver to stand in a warm office at the airport and watch that complicated machine record a temperature of 194 below zero; and if you think it won't make you dizzy when you see the machine recording a height of 90,000 feet before the balloon bursts and allows the instrument to return to earth by parachute, you just make a trip out to the airport station some night and watch that. The boys will be glad to have you and if you can understand it in one night's session, let me know because there are some more foreign ships coming into port soon and I might need an interpreter.

SNOW SHORTS TRANSMITTER

Air Crash Probed At Salt Lake City

SALT LAKE CITY—(AP)—The radio voice transmitter between the Salt Lake City airport control tower and planes in the air was not functioning at the approximate time of an airplane crash near here November 4. A Civil Aeronautics Board inquiry was told Saturday.

Carl F. Kusrow of Salt Lake City, radio operator in charge of the control tower operated by the city, gave the testimony to the board which is investigating the smashup—fatal to 10 persons—of a United Airlines transport plane.

Kusrow said, however, that the failure of the voice transmitter was not particularly significant as two other means of communication were available.

He said he was notified at 2 a. m. the morning of the accident that the transmitter was not functioning normally. He checked the device the next morning, he testified, and removed snow from the insulators, thus clearing up the trouble.

Hidalgo Citrus Association Suit Is Dismissed By Judge Bryce Ferguson

ALAMO—The suit filed by ten growers against the Hidalgo County Citrus Association asking for an accounting and making 20 allegations regarding the handling of fruit was dismissed by Judge Bryce Ferguson in 92nd district court, according to a letter sent to members of the association by Charles J. Volz of Mission, president.

He described the suit and said "this action was filed in the 92nd district court of Hidalgo county and was to be heard this morning. We denied all of the allegations and were in court this morning with our attorney ready to disprove every allegation they set forth."

"The complainants failed to go on with the suit and the court dismissed it."

"In our previous letter we invited your investigation into the merits of the alleged claims and we are also advised you that we feared the parties making these charges

might be motivated by an intention to injure this organization.

"We believe you can now clearly draw your own conclusions regarding the motives back of this action. We appreciate the loyal cooperation of our members, who are aware of the real effort being made by the officers of this organization to perfect a marketing outlet for both fresh fruit and grapefruit juice."

M'ALLEN SETS 10 PROGRAMS FOR TOURISTS

Heavy Schedule Will Start Monday

McALLEN—Ten different events are scheduled on the McAllen tourist entertainment calendar this week.

The winter visitors will meet Monday at 2 p.m. at the Steele Trailer community hall for shuffleboard and other games. Tuesday at 10 a.m. the Spanish class will meet at Legion Hall. At 11 a.m. the sewing club will meet at Legion Hall and at 1 p.m. the dancing and music club are inviting all persons interested in a club of this type to be present. At 2 p.m. the regular card games will be played and at 4 p.m. the first tour to Reynosa, Mexico, for the sight-seeing tour and the wild game dinner will be organized to leave from the chamber of commerce building. All who wish to go on this tour are asked to be on time, since the motorcade will leave promptly. The tourist group from Harlingen will join the McAllen party.

Wednesday is rest day. Thursday there will be a tour with a picnic lunch to the Jungle Garden north of McAllen. Friday at 10 a.m. the Spanish class will meet at Legion Hall and card games are scheduled there at 2 p.m. A fishing trip is planned for Port Isabel, the group to leave at 8 a.m. Saturday. Individuals are to furnish their own lunch and drinking water.

Twenty-two members have registered for the Spanish Club, which meets every Tuesday and Friday at 10 a.m. Officers will be elected at an early date.

Much interest is being shown in the sewing and knitters club which meets each Tuesday at 11 a.m.

Mrs. Polly Moran is acting as chairman of the music club and asks all tourists who play instruments to be at Legion Hall next Tuesday at 1 p.m. Approximately 50 bridge and other card game players have been enjoying the games and are anxious for all tourists and winter visitors to join them next Tuesday at 2 p.m.

Clifford, Clifford Implement Company, Weslaco; and J. B. Powell, territory manager, Harlingen.

San Benito Chamber Slates Monday Meet

SAN BENITO—A general meeting of the membership of the San Benito Chamber of Commerce is slated for 7:30 p.m. Monday at the Aztec building. This will be an open session where members may express their opinions as to the problems and future program of the organization.

Candidates Spent Nothing For Votes

BROWNSVILLE—Total campaign expenses for all county offices added up to zero Friday when expense reports for the November 5 general election were filed with Cameron County Judge Oscar C. Dancy. Friday was the final day for filing. Not one candidate spent a single cent. But the Willie Club of San Benito reported having disbursed \$50.75.

Remittances to Greece from nationals living outside the mother country figure importantly in the annual trade balance.

Pan-American In Films

LOU YACONELLI, FANCHON ROYER

BROWNSVILLE — Lou Yaconelli and Fanchon Royer, free-lance movie makers from Hollywood, will leave Brownsville for Mexico City Saturday on the last leg of an extensive plane trip and movie-making venture for Pan American Airways.

Yaconelli and Miss Royer arrived in Brownsville Friday morning and spent the day filming activities around the city of Brownsville and the airport.

During the past few weeks they have taken pictures to be used in publicizing Pan American's All-Expense tours into Central and South America and specifically Mexico.

The pictures were all taken in color and sound will be added to the film to make it a complete movie.

Valley Cannon At Resaca de la Palma And Galveston Ranch Battlefields Are Safe As Army Seeks Old Field Pieces

WASHINGTON—(AP)—The army shot to pieces Saturday the rumor that the cannon on the country's court house lawns might be wrenched from their peaceful petunia beds and carted back to Washington for national defense.

Some field pieces, such as the one the government gave Colorado State College in 1919, are being asked for. But these guns are useable, most of them being of the "French 75" design.

As a part of the defense program, the army plans to overhaul them. They will have new carriages so they can be towed in motorized units and when this streamlining is over, mechanics will go to work on the firing features.

Experts say that with a little labor and material the range of many of these guns can be stepped up and they can be made more maneuverable.

Practically all the cannon in the court house brigade are weapons too old or too far gone for repair. Many of them are relics of the Civil War and Spanish American War.

PORT CACHET PLANS READY

McAllen Dedication Set November 23

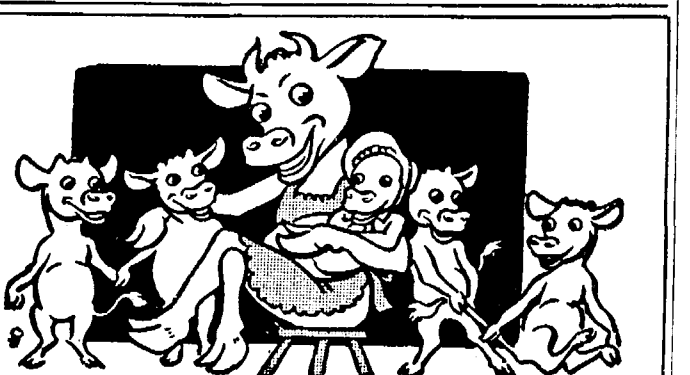

McALLEN — Chamber of commerce officials announced Saturday that more than 500 covers for the McAllen cachet to be applied November 23 when the municipal airport is dedicated had been received up to noon.

The cachet is in charge of O. K. Rumbel, McAllen philatelist, who will print them on covers from all over the United States. Rumble and chamber officials mailed airport notices to all of the leading collectors' media.

Harry Merts has charge of the luncheon to be given at noon November 23 at the Casa de Palmas in honor of Sam L. Miller, who donated to the city 89.96 acres of additional land, bringing the total to 176 acres. Merts is also seeking to have the special cachet covers flown by air mail to Corpus Christi.

Hopes of the city airport committee, city commission and chamber of commerce to have the additional acreage cleared by November 23 will not be realized because the work project must be approved by the Civil Aeronautics Authority at Washington before work starts.

BACK FROM TRIP
DONNA — Mr. and Mrs. W. F. Becker returned on Monday from a fortnight's visit to their old home in Wisconsin. On the return trip they visited their son, Eugene who is connected with the Magnolia Petroleum Company in Dallas.

SCOT RELIEF DRIVE OPENS

Pharr Minister To Accept Funds

PHARR—Collection of funds with which to aid Scottish war victims has been started in the Valley.

Rev. W. W. Stewart of Pharr, who was a member of a branch of the "Order of Scottish Clans," an organization of persons with Scotch blood, at Lewiston, Me., where he served as chaplain, has been asked to collect funds for the group in this section. "Members at Lewiston asked that he aid the work, Rev. Stewart said.

Funds collected here will be used solely in Scotland, he explained. They will be administered by the Scottish division of the British Red Cross.

"There is more suffering in Scotland than is generally known," the minister said. "Great damage has been done to large cities, particularly Dundee, Glasgow and Edinburgh."

Donations for the fund may be left with, or sent to, Rev. Stewart in Pharr.

'Safety First' Comedy Is Presented At San Benito

SAN BENITO — A comedy, "Safety First," with a cast of well-known San Benitos will be presented at 8 p.m. Tuesday at the high school auditorium under the sponsorship of the Order of the Eastern Star.

In the cast are Mrs. James D. Casey, Mrs. Helen Millum, Miss Jane Bohner, Mrs. Charles Bowie, Dr. E. L. Sullivan, J. B. Mack, R. J. Bohner, Ray Reed and Tol Boswell Jr. Miss Margaret Conrardy is the director and also takes a part in the play.

Proceeds from this entertainment will be divided between the OES local chapter and the library fund. Reserved section tickets are on sale at the Rivoli confectionery.

Axis-Moscow Deal As Nazis See It

Unofficial reports from Berlin drew this picture of "spheres of interests" created by their recent Hitler-Molotov negotiations. Russia is to have her vast region of domination (diagonal lines) lying between Japan and Axis dominated Europe. All of Africa and dotted portion of Europe shall be under control of Axis (black area). Russia has gained territory recently in Finland (1), and the Baltic states (2), but the Dardanelles (3) will remain untouched if Turkey "behaves." Russia has Axis permission to gain access to the world's oceans via Iran or Afghanistan and British India.

Go For Costume Jewelry? San Benito Legion Post Studies Outlawing The Stars And Stripes On Bars And Pins

SAN BENITO—An article in a recent issue of the "Army and Navy Register" condemning the reproduction of the American flag in costume jewelry has interested several members here of the Sam Jackson Post No. 111, American Legion, who are planning to present at the Legion's meeting Monday a resolution endorsing the viewpoint of this commentary.

The article states: "The range of costume jewelry has been extended to take in the American flag. At the outset the regulation flag with its alternate thirteen red and white stripes formed the basis of the article and the union had as many small costume 'jewels' as could be crammed into the available space.

"From this beginning the reproduction of the American flag has degenerated into pieces of from four to six stripes and a nondescript union. It may be contended that the jewelry is not intended to represent the American flag. We must counter with the contention that whether it is intended or not, the makers are taking advantage of the awakened interest in the stars and stripes and the monstrosities they are offering are in face desecrative representations of the American flag."

"If the patriotic women of the country would make it their business for just one day to go to department stores and other places where this jewelry is being sold, see the managers and condemn this use of the symbol of America, this phony jewelry would disappear as quickly as it has found a place in them."

McAllen Men Hunt In Gillespie Area

McALLEN—A group of McAllen men are in Gillespie county, west of Fredericksburg, on a deer and turkey hunt.

Among them are C. C. Pope, T. P. Braselton, L. C. Smith, R. D. Cox, Jr., J. W. Edwards. They were joined in San Antonio by Preston G. Northrup. The men expect to return to McAllen Tuesday.

MIX ESTATE NOT SO BIG

Famous Movie Actor No Millionaire

LOS ANGELES — (AP) — The estate of Tom Mix will amount to only about \$115,000, Ralph W. Smith, attorney for the late movie and circus cowboy, said.

Preparing to file an application for appointment of an appraiser, Smith said only about \$100,000 in real property and \$15,000 in personal property has been found so far. Instead of the million dollars Mix was believed to have possessed, Smith added that amount may be cut in half when obligations of the estate are discharged.

\$1 MEMBERSHIP CAMPAIGN MAY REACH QUOTA

Business Areas Will Be Canvassed

HARLINGEN—E. M. Crockett, chairman of the Harlingen Red Cross membership drive, Saturday made further announcements regarding the annual Roll Call scheduled to open in Harlingen Monday and continuing throughout the week. Membership committee members will canvass the entire business district in an effort to obtain

CITY HALL IS FIRST TO BE 100 PERCENT HARLINGEN—First 100 per cent Red Cross sticker for Harlingen, was believed to be that put up Saturday at the city hall, where drive was begun Saturday morning and finished by noon—before the Harlingen drive officially begins Monday. A total of 24 members signed up Saturday morning, giving \$29 to the Red Cross.

the quota by means of the \$1 yearly memberships instead of large contributions.

In addition to the 15 captains previously named, Ira E. Ellis is named head of the drive in the schools. Home room teachers will take the contributions of children who will be given a Red Cross button. Red Cross stickers will be given the rooms obtaining one or more memberships.

M. O. Johnson, assisted by the Boy Scouts, will be in charge of the 100 per cent awards given to business firms whose entire personnel becomes members of the Red Cross.

Mrs. Ophelia Hill, president of the Business and Professional Women's Club, will arrange for the club's representatives to solicit memberships in the bank and the post office Saturday and Monday, Nov. 23 and 25.

The 17 captains will meet with Crockett and R. C. Fryer, chairman of the Harlingen Executive committee, Monday at 7:30 a. m. at the Reese-Will-Mond Hotel for a breakfast when details of the drive will be given. It is expected that all captains will have their lists of ten assistants complete and members in the field by Tuesday morning.

The majority of the money obtained in the drive will remain in the local treasury for relief work in this area.

Agent Of Reichsbank Declared Guilty Of Contempt Of Court

LOS ANGELES—(AP)—Samuel Hansen, 58, a native of Germany, was declared guilty on 22 contempt charges in superior court here Friday when he refused to answer questions which he said would violate his oath of secrecy as an agent of the German Reichsbank.

"If I do so it will be treason and I will be shot as a traitor if I return to Germany," Hansen told Superior Judge Peirson Hall.

Neutrality Law Is Applied To Greece

Continental Oil Chief Visits Site Of New Rincon Purchase In Valley

McALLEN—J. G. Dyer of Ponca City, Okla., vice-president in charge of production for Continental Oil Co., which last week purchased an operating interest in the big Rincon field in eastern Starr county at a reported figure of \$6,000,000, made a brief inspection trip of the field Wednesday and Thursday.

In a brief interview, Dyer said his company, in taking over production at Rincon from W. R. Davis, Inc., of Houston, contemplated no changes in the development program begun by the Davis interests.

"In fact," he said, "it is our company's policy to maintain steady development in any area which we see fit to enter."

The Davis company's plans for Rincon included a \$500,000 recycling plant, a 125-mile pipeline from the field to Brownsville to transport the field's oil, construction of a \$2,000,000 refinery at Port Brownville early next year and completion of over 50 houses and office buildings at Davis City, field headquarters for the Rincon development.

Dyer did not say specifically that any or all of these projects would be included in his company's development program.

An indirect result of the Continental purchase of Lower Rio Grande Valley holdings was establishment of a new supply house by Republic Supply Co. at Sullivan City, Hereford county. Houston Oil Field Material and Supply Co. had been the only supply house located in the Sullivan City and Samfordyce areas.

Continental is the newest major company to take an active part in Valley operations, which have been on the steady increase throughout 1940. Its purchase of operating interest at Rincon provided the biggest single oil deal in Valley oil history.

McALLEN—Willacy county's lone wildcat was attracting practically all interest in the Lower Rio Grande Valley area Saturday after it started making dark brown crude of about 30 gravity on production tests to climax a long and expensive drilling campaign which began in Willacy several years ago.

Although no information was available at the well and while all operations were shrouded in secrecy, as they have been since the well spudded, Pan-American Production Co. No. 1 Porfirio Garcia, Share 13, San Juan de Carricitos Grant, seemed destined Saturday to be the first commercial production for Willacy county.

About two years ago, Shell Petroleum Corp. obtained a deep hole in western Willacy county in the Valley's famous salt lake area for several months, but salt water encroachment finally killed the well.

The Pan-American well, which has tested at least two other deep sands since completing contract at 8,002 feet, was reported on good authority to have gun-perforated in sand at 7,668-7,705 feet. The well has been making some dark brown oil of 30 gravity, A.P.I., by heads, but the sand apparently does not carry sufficient gas to flow the well.

Operators were reported planning to go back in the hole for additional perforations in the hope of finding sufficient gas in the upper part of the sand to make it flow. Contractors on the hole are Carter and Rubsamens of Houston.

The prospective new discovery is surrounded for the most part by thousands of acres of major company leases and several majors participated in the cost of the present hole, which is on a farmout from Shell Petroleum and Standard of Texas.

While the Willacy wildcat was testing for the third straight week, a new 10,000-foot wildcat in southeastern Cameron county was getting under way and a highly important deep wildcat in northeastern Brooks county was running drill stem test.

Pure Oil Co. No. 4 Gatewood Newberry, located southwest of Port Isabel in Share 3, Shelton Award Survey, cemented 16-inch conductor pipe around 200 feet and was reported making hole past 800 feet.

McALLEN—Lower Rio Grande Valley producing areas added five more producers Saturday and had nearly a dozen new wells under way, continuing the 1940 drilling campaign that has been maintained throughout the first ten months of the year to make it one of the section's most active years in its oil history.

Falcon-Seaboard Drilling Co., Houston, has the contract.

In northeastern Brooks, J. M. West Production Co. and Dan Auld's No. 1 Wm. Ehlers, Sec. 12, Burton and Danforth Subd., Loma Blanca Grant, was running drill ing oil and gas show at 8,013-30 feet. The hole is being watched as a possible new Vicksburg producer.

It is about four and a half miles south of the slusher field in Jim Wells county. It is scheduled for the top of the Vicksburg or 8,200 feet. A West rig is drilling the hole.

Another highly important semi-wildcat, Sun Oil Co. No. 2 Mateo Sanez, discovery well of this as yet unnamed new producing area and five miles north of the big Rincon field in eastern Starr county, was still making hole. After recovering oil on drill stem test of a new sand for the area at 4,393-4,407 feet, operators cored and tested salt water sand at 4,955-5,002 feet, recovering 110 feet of salt water. The well continued coring at 5,028 feet.

In northeastern Hidalgo county, Humble Oil and Refining Company No. 1 American Life Insurance Company, Lot 1, Block 13, Mo-Tex Subdivision, Las Mestenas Grant, was dry and abandoned at total depth of 8,524 feet. Not a single show of any importance was reported in the hole, designed to test a sizeable section of the Humble's Hargill block of about 20,000 acres in northeastern Hidalgo and western Willacy counties.

On the west edge of the big Rincon field about 1,600 feet east of present production but 8,800 feet east of the major production area, W. R. Davis, Incorporated, No. 1 Harry Seyfried, Survey 228, was still a tight hole and no information was available concerning it.

While the Willacy wildcat was testing for the third straight week, a new 10,000-foot wildcat in southeastern Cameron county was getting under way and a highly important deep wildcat in northeastern Brooks county was running drill stem test.

Pure Oil Co. No. 4 Gatewood Newberry, located southwest of Port Isabel in Share 3, Shelton Award Survey, cemented 16-inch conductor pipe around 200 feet and was reported making hole past 800 feet.

McALLEN—Lower Rio Grande Valley producing areas added five more producers Saturday and had nearly a dozen new wells under way, continuing the 1940 drilling campaign that has been maintained throughout the first ten months of the year to make it one of the section's most active years in its oil history.

The Boyle field in southern Starr entered an important bed for close attention with two wide outcrop wells drilling, one on the northeast extremity of production, the other on the extreme south edge.

Slightly more than a mile south of discovery, Borsodi Petroleum Company No. 3 Juan de Dio Vela, Share 2-A, Portion 92, Camargo Jurisdiction, was reported bottomed around 3,700 feet and casing cemented for production test somewhere between 3,500 and 3,600 feet. This well also was being held tight by the operators and information was unconfirmed. The upper field sand was picked up around 3,100 feet.

On the south edge of the field, Sun Oil Company No. 1 Juan de Dios Vela, Share 2-A, 92, Camargo Jurisdiction, was drilling past 1,800 feet. Location is a south offset to the Borsodi No. 2 Vela.

Fidelity Oil and Gas Company No. D-5 E. B. Carruth et al, Share 1-A, Portion 92, Camargo Jurisdiction, a north offset to the Borsodi No. 1 Vela, which opened the field's 3,100-foot sand, was drilling past 800 feet.

A new northwest outcrop for the field was Dean and Hendrickson's No. 1 M. M. Garcia, 330 feet from the south and 330 feet from the east lines of the north 30 acres of the 108-acre Berkshire Oil Company lease in Share 215, Portion 90, Camargo Jurisdiction. The test was ready to spud.

Two new producers were completed in the Rincon field in eastern Starr county, where operations were temporarily shut down.

W. R. Davis, Incorporated, No. B-37 Slick Estate, Survey 4488, in the southwest part of the field, gauged 215 barrels daily on 3-16-inch tubing choke with 580 pounds tubing working pressure and 775 pounds closed-in casing pressure. Production was through casing perforations (116 shots) at 4,146-68 feet after the hole went to 4,373 feet and casing cemented at 4,210 feet.

GULF STUDIED FOR WAR USE

Ports May Be Used In Emergency

WASHINGTON—(AP)—The War Department has quietly studied wharfing and warehousing facilities at a number of Gulf ports with a possibility of establishing at one, in the event of war, a depot for water-borne supplies destined for use in the Eighth Corps Area.

This was the information received by aides of Representative Mansfield (D-Tex.), who inquired into reports that Galveston was under consideration for selection as a site.

Army officials confirmed that a check had been made of Galveston and some other Gulf ports, but insisted that there was little likelihood that a depot would be established unless there was an emergency such as war involving the United States.

Tom Craven, McLellan county auditor, of Waco, was named vice president.

Here's What Went On (Maybe) Between Russia And Germany At Conferences

EDITOR'S NOTE: H. I. Phillips, columnist, again goes into one of his famous trances and "visualizes" the recent military conference between Russia and Germany. Below is his "Interview":

Von Ribbentrop.—Welcome to Berlin. Did you have a good trip?

Molotov.—I won't know until it's all over. Where is Herr Hitler?

Von Ribbentrop.—He is a little late.

Molotov.—That seems to be the conclusion everywhere lately. I trust his health is satisfactory.

Von Ribbentrop.—What do you call satisfactory?

Molotov.—From the Moscow viewpoint, not too good, not too bad.

Goering.—How are things in Russia?

Molotov.—I wouldn't know.

Goering.—You're there all the time aren't you?

Molotov.—That's the trouble!

Von Ribbentrop.—How is Comrade Stalin? I trust he is as firmly behind us as he ever was.

Molotov.—As he ever was... you can count on that!

Goering.—Here comes Der Fuehrer now.

Hitler.—Greetings, Comrade Molotov! Long live Russia.

Molotov.—Long live Germany.

Goering.—Long live the Axis!

Molotov.—That's a lot of living for times like these.

Hitler.—I am glad to see you with us, Molotov. Russia is a great country. Russia is a peerless comrade in arms. Russia is a loyal pal. Russia is a trustworthy ally. Russia is...

Molotov.—Yeh, yeh. Why argue it? I'm not even disputing you. How are you doing just now?

Hitler.—That's why I'm having this conference: to find out how I'm doing.

Molotov.—I notice you're in conference a lot lately. You've got Joe nervous.

Hitler.—If Joe was as deep in this war as I am he'd be in conference, too.

Molotov.—Isn't it possible you are covering too much territory?

Hitler.—Not unless Stalin thinks so. That's what I want to talk to you about. Is Joe still with me 100 per cent?

Molotov.—Well, say 75 per cent.

Hitler.—85 per cent or nothing.

Molotov.—Maybe I can make it 80.

Hitler.—I can't take less than 90. Why the 20 per cent off?

Molotov.—I'm getting it for you wholesale.

Hitler.—Make it 85 per cent.

Molotov.—I'll spit the difference and say 82 1/2.

Hitler.—Okay. I hate haggling over details.

Molotov.—Before this war is over, you'll get used to it.

Hitler.—Now how about Turkey?

Molotov.—I'll bite. How about it?

Hitler.—I must know Russia's stand on Turkey.

Molotov.—Why don't you ask Turkey?

Hitler.—Turkey isn't certain.

Molotov.—Well, she's got nothing on Russia in that respect.

Hitler.—Does Stalin appreciate the fact we are about to be masters of the world?

Molotov.—I dunno. But he's awfully nervous about something, and maybe that's it!

REGAINS APPETITE AND 5 POUNDS ON RETONGA

"I Feel Better Than In Years," Declares Mrs. Shannon And Gives Facts In Case To Public.

MRS. MATTIE SHANNON

Retonga daily receives many grateful endorsements from well known Texas men and women who happily acclaim this purely vegetable stomachic medicine for relieving sluggish elimination, and an insufficient flow of gastric juices, with their consequent distressing indigestion, toxic poisoning, a weak and run down feeling, headaches, muscular pains, nervousness, sleeplessness, and other similar harassing symptoms. Among many happy Retonga endorsers is Mrs. Mattie Shannon, a widely known Houston resident of 1208 Northwood St., who stated:

"Retonga was a blessing to me. Constipation forced me to take purgatives regularly, upsetting my stomach and causing dizzy splitting headaches. My appetite failed, and due to insufficient flow of gastric juices what food I forced down caused torturous indigestion and gas bloating. Consequently, I felt weak and run down, and I felt so nervous I could hardly get a good

night's rest. Now, thanks to Retonga's prompt relief, I eat heartily and sleep fine, and so have regained five pounds. I feel better than in ten years. Retonga is simply wonderful."

Retonga is a purely vegetable stomachic medicine compounded of extracts from medicinal roots, herbs and barks, intended to increase the flow of gastric juices in the stomach and help nature remove wastes from the bowels. HIDALGO TAX PAYMENTS IN OCTOBER BIG

\$300,000 Collected Last Month

EDINBURG — Tax payments in Hidalgo county during October were nearly \$32,000 heavier than for the same month last year, and reached a record total of \$326,174. Clay Everhard, county tax collector-assessor, reported Saturday. The total represents 28 per cent of the total tax roll. Collections for the same month a year ago were \$271,192.

The heavy payments were due, Everhard explained, to the county's offer of a 3 per cent discount for payment of 1940 taxes before they become legally due. A number of the largest taxpayers in the county, he added, did not pay during the month for various reasons, indicating the 3 per cent discount has attracted an increasing number of small property owners.

Those who wish to pay one-half before November 30, and the other half before June 30, 1941, do not receive discount on the first half but the second half can be discounted 3 per cent if paid before March 30, 1941. Everhard said.

Full payments of taxes are subject to a 2 per cent discount until November 30, and 1 per cent until December 31.

Everhard said several large firms wanted to take advantage of the October discount but withheld them until after their fiscal years are closed, thus being able to take advantage of the tax deduction in their federal income tax statements.

McAllen Club Plans Sunday Meeting

McALLEN—The McAllen Aerobics Club will hold a meet Sunday from 2 to 5 p.m. on the South McCall road, members announced Saturday reporting the election of new officers.

Entrance fee for the contest, one of a weekly series, is 10 cents. New officers include J. H. Comer, president; Bill Kiers, vice president; Jimmie Warner, secretary; and Paul Smith, publicity chairman.

Weekly meetings are held every Tuesday night. The club is sponsored by the McAllen Kiwanis Club.

Mission Draft Board Physicians Selected

MISSION—Roy Conway, chairman of Hidalgo county draft board No. 2, embracing Mission and McAllen, announced Saturday that Drs. T. R. Burnett and T. N. North of Mission, have been named examining physicians for the board. Conway said volunteers will be examined Monday, and will be officially notified to be ready to join the army next Sunday night if they pass the examinations. A McAllen physician is expected to be named later, he said.

Trio Pleads Guilty To Liquor Charges

BROWNSVILLE—Josefa Puente, Petra Ramirez and Dee Carter, all of Harlingen, pleaded guilty to charges of possessing unstamped liquor when arraigned in Cameron county court Saturday before Judge Bascom Cox.

Petra Ramirez and Josefa Puente were fined \$100 and costs. Dee Carter, a Negro, was sentenced to 30 days in the county jail. Complaints were filed by William Terry, district inspector for the state liquor control board.

Berlin Reports Raid Attack From British

NEW YORK—(AP)—The German radio in a broadcast headed by MG said large numbers of British planes attacked Berlin Friday night and that a total of 12 were shot down, six in the Berlin area and six near the English Channel.

The broadcast said "only 12" of the raiders reached the Berlin vicinity, that "insignificant fires" were started and "some damage caused to private houses."

Babson Says

Cost Of Living Will Be Watched Closely To Keep It From Getting Out Of Hand; No War Profits Slated

By ROGER W. BABSON
BABSON PARK — Now that the political campaign is over and readers have had a chance to settle down, it is well to discuss some practical problems. The first thing which comes to mind is prices. Whether you are a manufacturer, a shopkeeper, or housewife, you are naturally interested in prices. Hence, my column this week is devoted to this subject.

Beware Of Inflation
When I say "Beware of inflation" I am quoting the man who will be President of the United States for the next four years. No one realizes the dangers of inflation more than does he. When I was once talking the subject over with him, he said, "You need only to read history, Babson, to see what has happened to nations who have indulged their nation with dangerous inflation." His friend, Mr. Henry Morgenthau, Jr., Secretary of the Treasury, is heart and soul with him in this opinion.

Yet, if prices are left to their own free movement, we may be headed straight for inflation. It is true that there will not be, during World War II, the demand for many things the prices of which skyrocketed during World War I. On the other hand, the vast amount of present available credit, and suppressed speculation could easily send prices of certain commodities higher than ever before.

Need Of War Materials
With the election over, one thing is certain. This country will have a united front to build up strong defenses. No politician, labor leader, nor businessman will be permitted to make abnormal profits from the armament program. It simply will not be in the cards. This is another reason why fancy price increases will be frowned upon.

Don't be surprised if priority orders have been issued on certain commodities before this word of mine gets into print! There will be

no nonsense or playing about with war orders from now on. Manufacturers of war supplies are fully taken care of. The good old days of laissez faire are over. Priority orders will be the order of the day.

What About Wars?
During the last World War, I was an assistant to the Secretary of Labor in Washington. I saw the selfish attempts both of capital and labor to make abnormal profits while their brothers were in the trenches in France. We are not going to see a repetition of this situation during World War II. The present Congress has already put a tight rope on the profits of capital. The Administration is giving good advice to labor leaders that they watch their step or they will be handled roughly likewise.

Labor, however, will insist upon wage raises consistent with any raises in the cost of living. This means that to keep peace with labor and to insure maximum production, the cost of living must not get out of hand. Labor leaders are watching the cost-of-living index as a cat watches a mouse. This is another reason for the administration to watch it likewise.

What Is The Answer?
The answer to all the above is that we are headed inevitably for price fixing of some kind. This is being discussed in Washington as you are reading this column. The question is—Shall we follow the program of World War I by fixing the prices of only a few commodities at first, and then gradually increase the number; or shall we fix the price of everything at one time? This brings up again the question of politics even though the election is over! The agricultural districts want the prices of manufactured goods fixed; but not the prices of farm products. Strong pressure is being put on the administration to follow such a half-hearted policy. My own guess is that a "roof" will be put on everything

including farm products; but this roof will not fix the price of everything at current quotations. The farmer will be allowed more room in the "attic" of his house.

Prices Not Everything
But during these coming months let us think not only of prices but rather also of character. In fact, only through justice, truth, and charity can the price problem be solved satisfactorily. Price-fixing legislation alone will develop bootlegging unless people's hearts are right.

We worry about Europe and well we may. But as the people of Britain and Europe suffer materially they may be reborn spiritually. Let us be sure that, as we prosper materially, our spiritual lives do not go into reverse!

Baptists Of Texas Adjourn Convention At Houston Friday

HOUSTON—(AP)—On a pledge that God will heed sincere prayer in "these poignantly troubled days," the Baptist general convention of Texas adjourned its 1940 meeting Friday.

The 1941 convention will be held in Abilene. Dr. George W. Truitt, pastor of the world's largest Baptist congregation promised that God would send his "ministering strength" if it were asked sincerely.

EDITORS HEAR MEXICO TALK

Tourists Assured Of Travel Safety

KEYNOSA, Mexico—Refugio Saenz of Victoria, deputy in the Tamaulipas state legislature, addressed 100 members of the Texas Editorial Association at a banquet here Friday night, declaring there is no internal trouble in Mexico and assuring American tourists they can travel in the Southern Republic as safely as in their own country.

The wild game dinner was one of the features of the newspaper editors' annual convention, which has been headquartered at Brownsville.

Saenz, stressing the need for close cooperation and understanding between the two nations in the Western Hemisphere's defense program, said that recurring rumors of impending trouble over the disputed Mexican presidential election was "absolutely false." The country is behind General Manuel Avila Camacho, recognized by the United States as the president-elect, Saenz asserted, and the inauguration will take place December 1 without incident.

He urged the newspapermen to tell the readers that Mexico welcomes tourists and will provide every means for their safety and comfort.

Cowboys Parade

Will Rogers Day Is Observed Friday

FORT WORTH—(AP)—Texans and Oklahomans and cowboys from all the old west cattle country paraded on horseback and in horse-drawn surreys and wagons Friday to give a picturesque send-off to Will Rogers Day in Fort Worth.

The occasion was the belated dedication of the four-year-old Will Rogers Memorial Coliseum at the opening of the ten-day All-American rodeo and horse show tonight.

New 'Ghost' Speech Will Extoll Valley

McALLEN—Another of McAllen's ghosts will appear in public in the Middle West shortly.

A club woman in Abilene, Kan., will present a speech on the Lower Rio Grande Valley and McAllen, prepared in part by a ghost writer in the publicity department of the McAllen Chamber of Commerce. This is the tenth "ghost" written speech on the Valley presented in the Mid-West, except for two given in the New England states, this year. McAllen and Valley literature were distributed at the club or luncheon meetings.

McAllen Club Will Stage Yule Dance

McALLEN—Pre-Christmas activities were planned by the Lions club at their regular luncheon Friday when they appointed Orville Cox general chairman of the annual ladies' night holiday dance about 10 days before Christmas.

On a program arranged by Mrs. Faye Jones, Ronald Zachman and Gene Catlett gave classification talks and the Bethany-Peniel college quartette sang several numbers. The quartette were introduced by Reverend Messer of the Nazarene Church. J. Lee Stambaugh of San Juan and Marcus Tansey of Smithville were guests.

Girl Scout Head Visits

Miss Alice Mulkey (center), regional advisor for the Girl Scouts of America, is pictured on a visit to Brownsville Saturday, when she met with women of the Lower Valley to talk over Girl Scout troop practices and problems. Miss Florence Frankfield (left), Brownsville Girl Scout

leader, welcomed Miss Mulkey to the Valley city, and Mrs. John Dutro (right) was named chairman of the Brownsville Girl Scout steering committee which was organized during the morning to promote and organize Girl Scouting here until there are sufficient troops to warrant organization of a local council.

Mrs. James Rentfro, Mrs. P. W. Hirst, Mrs. G. Bogel and Miss Frankfield were named to assist Mrs. Dutro on the committee. A meeting for Girl Scout leaders of the Lower Valley was held at the Brownsville Chamber of Commerce at 10:30 a. m. Miss Mulkey has charge of the Oklahoma-New Mexico-Texas region and is stationed at Dallas.

Know Any Limericks? Winner Of 80 Adverting Contests, Middletown Woman Gets \$1400 Airplane As Prize

MIDDLETOWN, Conn.—(AP)—Mrs. Bernice O. Frissell, Middletown librarian to whom winning prizes is all part of the day's work, owns an airplane now.

She got it the same way she got the five radios, vacuum cleaner, washing machine, various other household articles and cash awards she has won—by writing something. In this case, her 80th success, she completed a sentence for an advertising slogan. The

award was announced Friday night on a radio program.

Mrs. Frissell's \$1400 airplane will be delivered Sunday at a Hartford airport and eight free flying lessons go with it.

CLERKS WILL TAKE NOTARY PUBLIC DATA

Secretary Of State To Issue Papers

EDINBURG—Persons interested in becoming notaries public or renewing their appointments as notaries should make applications through the county clerk's office, Hidalgo Clerk Oscar D. Kirkland was informed Saturday by M. O. Flowers, secretary of state, at Austin.

Formerly notaries were named by the governor after the senate had approved the appointments.

In the future, all appointments will be made by the secretary of state. A constitutional amendment providing for this change was passed at the general election earlier this month.

Notary requirements henceforth will be that the applicant be 21 years of age and a resident of the county. All notaries will file their bonds with county clerks of their home counties. Thus if applications are made at the same office, the clerk will forward the names to the secretary of state and he will in turn return the notary commissions through the clerk's office.

This method will be followed in Hidalgo, said Kirkland.

Appointments made before June 1, 1940, will expire November 20, 1940. All appointments to be made June 1, 1941, will expire June 1, 1943.

ANGLIN NAMED SCOUT CHIEF

Harlingen District Elects Officers

EMMETT O. ANGLIN

HARLINGEN—Emmett O. Anglin will serve as District 2 chairman for the Boy Scout organization here, it was announced here Saturday following election of new officers to head the district, which includes Harlingen, La Feria, Santa Rosa and Combes. Anglin will assume his duties on July 1, 1941.

Anglin succeeds Bob Adams, who was named vice chairman for the 1941 scout year. Saturday Anglin announced list of appointive officers, who will serve during the new year as chairmen of their respective committees.

Sam Sautsbury has been appointed as scout commissioner for the district by Arnold Dreyer, Valley scout executive, following recommendation by Ralph Cissne, field executive.

New Appointees

Appointed by Anglin were: Ben Wood, chairman of the organization and extension committee; E. C. Deering, chairman of leadership training committee; John England, camping and activities; Dr. D. C. Rousseau, health and safety; M. F. Drury, advancement; G. E. Osbourne, finance; and George Wright, publicity.

Anglin expressed himself Saturday as having always been enthusiastic about the scout movement, believing it the greatest boys' organization in the country. He added that he believed all members of the district committee could be depended on to carry out the year's program as laid out by the Valley Council and Dreyer, so as to make 1941 the best scout year ever experienced for District 2.

New Troops

New troops are being organized here, and it is hoped troops can be built up and many new scouts added to the local group during the coming year. Biggest job, said Anglin, is to secure competent and willing scoutmasters. He stated he believed almost any civic organization will be glad to sponsor a troop if enough competent leaders can be found.

Anyone interested in scouts is always welcome, Anglin said, along with their suggestions and help. The scout movement, he said, should be considered everybody's organization.

Tenth Annual Presentation Of Noted 'Messiah' Slated Here December 1

Outstanding Singers From Over State To Appear

HARLINGEN—The tenth presentation of Handel's masterpiece, "The Messiah," will be made by the augmented First Methodist church choir Sunday, December 1, to inaugurate the Christmas season.

This oratorio is said to be in the repertoire of every outstanding musical organization in the world and the Cincinnati Conservatory boasts that it has presented it over a hundred times and always to crowded houses.

Outstanding soloists from Kingsville, Dallas and the Valley have been obtained and the music loving public is invited to attend.

The program will begin promptly at 7:45 p. m., preceded by a time honored procession at which time the choir will use a carol as a processional hymn.

CHAMBER SETS MEMBER DRIVE

Mission To Sponsor Xmas Lighting

MISSION—New members will be sought for the Mission Chamber of Commerce during the first week of December, according to plans mapped Thursday night when directors of the body met at the chamber office. D. W. Cott, vice president, was in charge.

Three divisions will be outlined for contestants in an outdoor lighting contest planned for the Christmas season. Contestants, who must register with the chamber office in order to be eligible for prizes, may enter in commercial, residential or rural divisions, according to the location. In each division, \$15 cash awards will be given, divided into \$7.50, \$5 and \$2.50 for the first three places, respectively. Deadline for the registration date and dates which the lighting effects must be kept illuminated will be announced later.

A model to represent the chamber of commerce in the Westlaco Fiesta Grande style show was authorized by the directors.

A change in the meeting date was voted, setting the second and fourth Mondays as the dates.

ORD REFUSES MISSION JOB

Chamber Manager's Post Still Open

MISSION—Paul Ord, Mineral Wells chamber of commerce manager, will not come to Mission to serve as executive of the Mission chamber, he notified R. N. Smith, president of the Mission unit Saturday. Directors of the Mineral Wells chamber unit refused to release Ord from his contract now in effect, he reported, but gave him a new contract at an increase in salary. He has been elected to the Mission post and was to report December 1 for his new duties.

Former Mission newspaper man and accredited as the "father" of the Texas Citrus Fiesta idea, Ord has been manager of the Mineral Wells chamber for the past two years. The salary raise given him this week is the second since his original contract was made.

US Announces Seven Civil Service Jobs

HARLINGEN—Seven positions with the United States Civil Service, for which competitive examinations will be held, were announced here this week by Frank Lee, secretary for the local board of examiners.

Inspectors of miscellaneous supplies, salaries for which range from \$1800 to \$2000 a year, are badly needed; others include fingerprint classifier, \$1620 a year; five grades of physicists, \$2600 to \$5600 a year. Full information may be obtained at any first or second class post-office.

RAF Repeats Raids On Germany's Ports

LONDON—(AP)—Royal Air Force squadrons Friday night made large scale raids on military objectives at Kiel and Hamburg, other dockyards in Germany, and the ports of Ostend and Calais, the Air Ministry announced. Many explosions and fires, it said, were caused in docks and railway areas.

Sermons Announced For Sunday Service At Baptist Church

HARLINGEN—Rev. E. Douglas Carver, pastor of the First Baptist church here, will speak on "Girding For The Future" at the Sunday morning services.

Musical will include Pleyel's "Hymn," Hamblen's "Consolation," and the anthem by the choir, "How Love to Thee" with Mrs. Lois Chaudoin as soloist. Postlude will be Galbraith's "Allegro Pomposo."

Reverend Carver will talk on "The Value God Places On A Man," at the evening service. Foster Tebbe at the organ will play "Andantino," by Diggie; "Meditation," by Gillette, and the anthem will be "O Love That Will Not Let Me Go," by Peace.

Teacher Executive Committee To Meet

FORT WORTH—(AP)—A special meeting of the executive committee of the Texas State Teachers Association will be held here Wednesday at 10 a. m. in advance of the association's convention that will start on Thursday. B. B. Cobb, association executive secretary, announced.

Jarrin' John Paces Cadets To 19th Win

Bob Brumley Stars For Birds

By FELIX R. MCKNIGHT

COLLEGE STATION, TEX. (AP)—Methodically, almost casually, the Texas Aggies poured ruthless power and a fabulous passing game into Rice Institute Saturday for a 25-0 victory that took them to the very brink of a second successive unbeaten season.

Never, in their classic string of 19 victories, had the Cadets struck with such viciousness as Saturday—tumbling through once-beaten Rice for 406 yards by ground air.

Once again it was John Kimbrough, the massive All-America fullback, in the bellwether role. The grinning 222-pounder prosecuted, and closed, his All-America case for 1940 by shredding Rice's stout line for 108 yards on 18 carries for an average six-yard gain.

He butted, he dived, he jolted and simply overpowered the second ranking line of the Southwest Conference.

Henderson Shines

But Kimbrough shared the glory with a gangling sophomore end, Bill Henderson, who threw the 30,000 crowd into a panic with eight consecutive catches for a total of 117 yards.

Only once was Rice in this ball game. Deep in the fourth period, second and third stringers dotting the Aggie line, Rice put on a drive featuring Bob Brumley, a magnificent back that surged to the Aggie 14. But there it stopped. Prior to that the Aggie 42 was their best effort.

Line smashing by Brumley and Ted Weems gave Rice a stout start, but the Cadet line held everything until the start of the second period—and a murderous attack.

Kimbrough blew off the fuse with 17 yards on two smacks that carried to his 43. Then he made good on a gamble that led to three quick touchdowns in the next 12 minutes.

On the Aggie 45, fourth down and a yard to go, he simply dived for three yards and the first down. Marland Jeffery bulletted a 34-yard pass to Henderson on the Rice 20. Kimbrough chipped in five and then Jeffery pitched to Jim Sterling for a touchdown. Marion Pugh kicked the point.

Moser Scores

Derace Moser entered the game and brought a touchdown. He fielded Weems' quick kick for a 14 yard return to the Aggie 44. Pugh found the wild-legged Henderson down on the Rice 39 and then threw to Moser, deep in the flat, who made a beautiful run to the Rice five. On the next play Moser fell in behind Jim Thompson's blocking and swept left end for the score. Pugh missed his point.

Wild Bill Conabers' 20-yard punt return to the Aggie 45 started the third counter.

Butting with his head, using his elbow for a shield, Kimbrough shook Rice's secondary with 24-yard bolt, took a lateral from Pugh for eight more, rattled five off left tackle and then lateraled to Thompson for five more.

Out of this smashing running game that had drawn Rice's secondary arose Pugh to drill a touchdown pass to that man Henderson in the end zone. Pugh missed this kick.

Three times denied a score on drives that carried to the Rice 11, 13 and five, the Aggies cracked right back and scored at the end of the third period on Pugh's 20 and 17 yard heaves to Sterling and Henderson and Kimbrough's blast for five yards and the score. Pugh again missed the kick.

Hawkeyes Upset Notre Dame 7-0

SOUTH BEND, Ind.—(AP)—Mighty Notre Dame fell from the ranks of the nation's undefeated and untied teams Saturday, bowing to the amazing Iowa Hawkeyes, who performed brilliantly when the breaks came their way to score a 7 to 0 victory before 50,000 shivering spectators.

The hopes of the Fighting Irish for their first perfect season in a decade foundered on their own mistakes and the inspired play of the Iowans, who had lost four in a row.

Iowa, using only 15 men in the entire game, staved off every Irish thrust until the final period when their opportunity came.

The luckless Irish were starting from their own 20 when on the first play, little Steve Bagarius fumbled and Ken Pettit recovered on the Notre Dame 24. Big Bill Green roared through the Irish for 22 yards in two plays. Bill Gallagher advanced at center and then Green smashed over right guard for the touchdown. Gallagher placekicked the point.

Baylor's Bears Post 20-6 Win Over Hurricane

Jack Wilson Paces Bruin Attack

By J. V. KRUEGER

DALLAS.—(AP)—Tough Southern Methodist, alert as a deer in the hunting season, punched out a 28-6 victory Saturday over a groggy University of Arkansas steam closing out one of its saddest seasons of Southwest Conference football.

Southern Methodist scored in the first, second and third periods. The Bears came to life when desperate passing netted the second of their four first downs. One of those was handed to them by a penalty.

The Mustangs rushed through and swept back to the enemy 35. Then Ray Mallott rushed a pass to the goal line 71 yards away. He got there in a breeze. Joe Pasqua kicked over another, and final point.

Whatever defense the Razorbacks put up was contributed mainly by big Jim Lawton, fullback.

Their defeat Saturday was Arkansas' fifth in conference play against one victory.

Nebraska Noses Out Panthers On Pittsburgh Grid

Placekick Is Saver For Huskers

By WHITNEY MARTIN

PITTSBURGH.—(AP)—The Pitt jinx which the Nebraska Cornhuskers buried a year ago nearly heaved its way through the cold sod of the stadium here Saturday, but couldn't quite make it and the Huskers left the snow-framed gridiron with a 9 to 7 decision, their sixth since they were defeated by Minnesota in the season's opener.

Twenty-two thousand fans forgot the cold in the last half-minute as John Stahl, Panther end, dropped back to the Nebraska 13-yard line after a great Pitt drive had wilted on the five, and tried a placekick which would have given the Panthers a 10-9 victory. He missed.

Pitt played the highly favored Nebraska to a standstill through most of the game.

The Huskers went to the front on the first play of the second period when Harry Hopp rammed over from the one to climax a 65-yard march. Francis' placekick was low.

The Panthers struck in the same period. A long pass by Jack Steller crumpled off Roy Petsch's finger tips into the hands of Jack Goodridge on the Nebraska eight.

On the second play Bob Thurbon sliced off his left tackle for six yards and a touchdown. Mike Seckla's placekick was good.

Steers Outscore Frogs In Thrill - Packed Tilt

By HAROLD V. RATLIFF

FORT WORTH.—(AP)—Pete Layden arose to full stature as gridiron hero here Saturday to send the University of Texas to a riotous 21-14 victory over Texas Christian University and push the Horned Frogs out of the Southwest Conference race.

Jack Crain, Texas' flying cowboy, and Kyle Gillespie, TCU's toy bulldog, hobbled in and out of the game on injured knees to share the glory but it was Layden's deadly passing, terrific running and mighty punting that broke the heart of the Horned Frogs.

A Homecoming Day crowd of 15,000 turned out for the game. Layden chunked a pass to little Johnny Gill in the early minutes of the fourth period that gained 38 yards and the touchdown that won the game.

Layden hung up the first score on a 15-yard dash around left end in the second quarter. Crain had intercepted Gillespie's pass and ran it back to the Texas 42 to start the Longhorn parade.

Crain added the point.

Texas Christian tied the score in three minutes. Gillespie romped from the TCU 4 to the Texas 30 on the kick-off. Then he passed to Phil Roach for 15 yards. Logan Ware picked up seven. Gillespie faked a pass and rushed to the Texas one foot line. Frank Krings waded over. Roach kicked the point.

Both teams counted again in the fading minutes of the third period. Texas took the ball on its 14. Layden romped around right end for 22. Doss and Layden got six in two line tries, then Crain bounced through the line and, seeing he was to be downed, flipped the ball to Kutner, who ran 50 yards for the touchdown.

The Frogs didn't waste time tying the count. Taking the kick-off of their 31, they stormed to a touchdown with Gillespie's 31-yard pitch to Jack Odle being the payoff. Paul Smith kicked the extra point.

Then Texas sewed up the game in the first four minutes of the last quarter.

After the Longhorns gained the ball on their 44, Crain tipped tackle for four and Kutner took Layden's pass for a first down on the TCU 40. Layden picked up two at tackle, then came the touchdown pass to Gill.

Gillespie carried the ball 14 times for 99 yards to lead the individual ground gainers and pitched 27 passes, eight of them completed for 98.

Layden ran with the ball 22 times for 67 yards and threw five passes, two of them for 50 yards.

Penn 48; Army 0

PHILADELPHIA.—(AP)—This is to report that the Army's defenses against aerial attack on the football field are still "on order" and that the University of Pennsylvania came back to early season form Saturday to give the Cadets a 48 to 0 whitewash—the worst an Army team ever experienced.

Before 47,000 spectators in the wind-swept stands of Franklin Field, Penn humiliated Army as it had Maryland, Yale and Princeton. The only time Army even came near scoring, a referee's decision deprived it of a touchdown. In the closing minutes of the first period, Ted Lutzykowski ploughed over the Penn goal line but Referee H. O. Dayhoff penalized Army 15 yards for using an illegal shift.

Holy Cross Gains Tie With Temple

WORCESTER, Mass.—(AP)—Holy Cross' often-beaten Crusaders rallied to gain a 6-6 tie with a favored Temple University eleven in a football battle waged through a driving wind and snow squal Saturday.

The Owls drove 61 yards to their touchdown early in the second period. Fullback Jim Yeager plunging from the one-yard line on fourth down.

Holy Cross roared 47 yards on two sensational plays for its touchdown early in the final chapter.

A gambling fourth down pass, Johnny Bezemes to Walter Roberts, swept the Crusaders from midfield to the 35. After two plunges by Joe Osmanski had brought six yards, Fullback Johnny Guigas burst through Temple's trapped guards and zig-zagged 29 yards for the touchdown.

Boston College Noses Out Georgetown 19-18

Hoyas Lose First Game In 3 Years

Smart Playing Wins For Eagles

By BILL BONI

BOSTON—(P)—A grand Boston College team equipped with fight, speed and inspiration fought its way into the front ranks of the nation's football teams Saturday by removing Georgetown from the ranks of the undefeated, 19 to 18, in a frantic struggle before 40,000 frenzied customers at Fenway Park.

Content to win their first seven games with a minimum of plays and formations, the unbeaten Eagles let the cat out of the bag and their trick plays with it this raw afternoon as they played wide-open and smart football on offense and determined football on defense.

Leading 19 to 16 with 65 seconds left, Boston was backed down deep in its own territory with fourth down coming on and 18 yards to go from its own 9. Deciding to trust to its defense to keep Georgetown at bay for those 65 seconds, the Eagles dropped Charley O'Rourke back into the end zone, ostensibly for a punt.

O'Rourke, not risking a blocked kick, scurried back and forth in his end zone until finally he was downed, as he had meant to be. That safety brought Georgetown up to within a point of Boston, but Boston's faith in its defense proved to be founded on fact as the clock ran out with the desperate Hoyas getting nowhere.

This Georgetown went down to defeat the first time in three seasons and 21 games, and B. C. came through its eighth straight this year without either defeat or tie. Saturday night, Eagle supporters were looking ahead to anti-climatic victories over Auburn and Holy Cross in the last two games and then an invitation to the New Orleans Sugar Bowl.

Hit squarely on the button by two breaks that helped Georgetown to a 10-0 lead in the first five minutes of play, Coach Frank Leahy's Eagles came back to stage two glittering scoring parades for a 13-10 lead at half time. Then, when Georgetown went 65 yards from the third-quarter kickoff to lead again by 16-13, the Eagles again had what it took to put on a 67-yard retaliatory drive of their own that brought them the payoff score.

COLONIALS BEAT KANSAS
WASHINGTON—(P)—George Washington's Colonials awakened in the final period Saturday to push over a touchdown on a stubborn Kansas eleven and win 6 to 0.

The Colonials, with the period bid and with Tom Grady getting up yardage, drove to the Kansas 20. On the next play, Walt Federa charged around his right end for the score.

Moves To Harlingen

After nine years of successfully managing the Mercedes golf course, Walden Haynes, look over the same post at the Harlingen municipal course last Friday, succeeding Claud Liston who accepted a similar position at the Brownsville Country Club. Haynes, well-known in Valley golf circles and a popular pro and player, expects to inaugurate several new features at the Harlingen course as well as continue the tournaments that are held annually. He has expressed himself as well-pleased with the excellent condition of both the greens and fairways and invites all Valley golfers to come out and meet him in his new surroundings. (Staff Photo.)

Oklahoma Sooners Trim Missouri Tigers 7 To 0

By AUSTIN BEALMEAR

NORMAN, Okla.—(P)—Oklahoma's Sooners erased the defending champion Missouri Tigers from the Big Six title picture with a 7 to 0 shutout Saturday, covering Paul Christman all the way and uncovering a new star of their own in sophomore Huel Hamm.

With Jack Jacobs nursing an injury an injury that kept him on

the bench except momentarily, Hamm played all but two minutes and sparked the Sooners through their touchdown drive—a 72-yard third quarter march that ended with fullback Johnny Martin crashing over from one yard out.

After Oklahoma tallied, the Blond Bomber opened up with everything at his command, finding his receivers easily around midfield. But every time the Tigers sniffed their goal, the Sooners blanketed Christman's mates so well he didn't have a chance.

Martin's superb kicking kept the Tigers so far back in their own territory that Christman was working under a handicap most of the time. The Sooners started their goalward march the first time they got the ball after the second half kickoff. Missouri punted, after taking the kickoff and finding the Sooner line too tough, and Hamm returned 14 to his 28. Then he rammed 16 on the next play, and alternated with Martin on power plays, tossing only one pass, a 15-yard flip to Lyle Smith. At the 15-yard flip to Lyle Smith, Hamm bucked through for three and Martin finished the task, pushing his point total for the season to 48 in the conference scoring lead.

The victory clinched second place for the Sooners and left them with a mathematical chance to tie for the title if Nebraska should lose either of its two remaining games or win the crown if Nebraska should lose them both. It was the last conference game for Oklahoma which finished with four league wins in five attempts.

HARDIN-SIMMONS
Downs Cardinals
WASHINGTON—(P)—Using a brilliant air attack, Hardin-Simmons College of Texas kept its untied and undefeated ranking Saturday by defeating a game Catholic University football team 27 to 19.

The Texans took an early lead scoring their first touchdown near the end of the first quarter when Moon Mullins, Hardin-Simmons workhorse, crashed over goal from the one-yard line after a 45-yard pass from Owen Goodnight to Parker put the visitors in scoring position. Murray Evans' placement added the extra point.

The Texans scored two more touchdowns in the second quarter, one on a pass from Russell to Burrows for 50 yards and other on a forward from Russell to Parker from the Catholic 18-yard line. Evans place-kicked for the extra point after Parker's score. The Cardinals threw a scare into the Texans in the third quarter when they scored 19 points, all on ground plays.

In the period, with Purdue flooding the air with passes, Bill Baumgartner, end, knocked the ball into the air out of the hands of Frank Fijala, reserve Purdue back. Jim Lushine, tackle, grabbed it on the Purdue 15 and skirted over for the score. Bartlett placekicked the extra point to send Minnesota into a 33 to 6 lead.

Bagged His Buck Early

To R. M. Correa of Harlingen goes the honor of bringing in one of the first deer of the Rio Grande Valley's 1946 season. The seven-point buck, shown above with Correa, was killed about 8 a. m. Saturday east of Lyford and was brought down with 30-30 Winchester at about 150 feet. (Staff Photo.)

Texas Tech Ewls Over Wake Forest's Deacons

LUBBOCK—(P)—Texas Tech's Red Raiders remained among the nation's undefeated grid machines with a 12-7 victory over the big, fast Deacons of Wake Forest here Saturday.

A homecoming crowd of 10,000 watched the Raiders attempt all Deacon scoring attempts after the first quarter and come from behind in the third to take their seventh game of the year.

Tom Douglass, junior end who replaced injured Charles Dvoracek, ran away with backfield honors with a running attack that split Wake Forest for long gains.

Wake Forest threatened almost continuously with quarterback J. V. Pruitt's passes.

The Deacons were kept under control on the ground by a rushing, smashing Tech forward line led by Clarence Tillery, lanky junior end.

Wake Forest struck in the first period after recovering a punt fumbled by Tech's C. L. Storrs on the Raider 25. Tony Gallovich broke through to the 16. Then Pruitt circled the Tech left end for the touchdown. Gallovich boot the extra point.

Midway in the second period, Douglass, Red Amoneit and Don Austin advanced the ball 47 yards to the 41 from where Douglass sprinted through the Wake Forest secondary for a touchdown.

McKnight's try for point was wide. Douglass piloted the Raiders to the winning touchdown in the third with long runs, climaxed by a 15 yard sprint to the Wake Forest 3. There Roger Smith lobbed a pass over the goal line to end Bing Bingham for the touchdown. Smith's pass to Bingham failed for the extra point.

SOONER OR LATER EVERY POWER FARMING OUTFIT WILL BE DESIGNED FOR

TRU-DRAFT

Today it's front page news

McAllen Implement Co.

McAllen, Texas

The front page news for power farmers is Tru-draft. It's the newly discovered, correct principle for drawing farm implements with power. With Tru-draft the implements work just as they were designed to work, without any interference from the tractor. They run smooth and free at an even depth. They do better work and thus do it cheaper.

Tru-draft is news today—sooner or later it will be the established rule of power farming.

Stanford Thumps Beavers 28-14 In Coast Game

Move Close To Rose Bowl Bid

By RUSSELL NEWLAND

PALO ALTO, Calif.—(P)—Stanford's invincible Indians nailed their football battle flag on the ramparts of the Rose Bowl Saturday with a thumping 28 to 14 victory over Oregon State's Beavers.

The team that Clark Shaughnessy coached from the Coast Conference cellar to undisputed leadership in one season, assured itself of nothing less than a tie for the title. One game remains to be played against California.

Stanford can do no worse than an even finish with Washington, and inasmuch as the Indians have vanquished Washington 20-10, there was not much more left than the shouting.

The assumption was that the balloting of ten conference members, who vote on the Western representative for the Rose Bowl, would be a mere formality.

The score was tied, 7-7 as the Indians came out for the third period. Within a period of nine minutes Shaughnessy's gridiron magicians had crashed over with three touchdowns and a margin that made most of the 35,000 fans rooting for their relax in relief.

The Indians smashed 50 yards to break the deadlock; pounded 33 yards after recovering a fumble then hit the turf on a 61-yard thrust after an intercepted pass.

Oregon State came back in the last quarter to capitalize on a Stanford fumble and move 19 yards for a touchdown. For a short time thereafter, the Northerners were still in the running. They passed and smashed 70 yards to Stanford's 11-yard marker, then lost the oval on an intercepted pass.

Stanford scored on the first series of plays after receiving the kickoff. The 71-yard advance took three and one-half minutes. Oregon State retaliated with a march of its own to travel 58 yards and score 11 minutes after the game had opened. It tied the count and they finished the half even up, 7-7.

Another 'First

McALLEN—Lee Hart was the first McAllen hunter to bag a deer this season.

He brought down an 8-pointer in the Monte Cristo area about 8:30 a.m. Saturday, first day of the season, and came back into McAllen at 11 a.m.

Hart received a sheepskin-lined gun case from the Borderland Hardware Company, which annually awards a prize for the first buck.
